

**COLORADO SCHOOL DISTRICT 27J
GOVERNING POLICY OF THE BOARD OF EDUCATION**

Policy 3.D – FINANCIAL CONDITION & ACTIVITIES

Date Adopted/Last Revised: January 27, 2009

Period Monitored: July 1, 2022 – December 31, 2022

With respect to financial condition and activities, the Superintendent will not cause or allow the development of fiscal jeopardy, or a material deviation of actual expenditures from the Board's Goals priorities.

I interpret will not cause nor allow the development of to mean: shall not bring about or permit the occurrence of.

I interpret the condition of fiscal jeopardy to mean: entering an agreement to pay expenses when the source of income to pay for those expenses has not been determined or not having cash available to pay expenses when they are due.

I interpret a material deviation of actual expenditures from the Board's Goals priorities to mean: that when reviewing the actual expenditures of the district, an informed person would not question whether District Goals priorities are being addressed.

Data Reported:

This Expectations of the Board report pertains to the first six (6) months of fiscal year 2023 (July 1 to December 31, 2022). The fiscal year FY 2023 budget was adopted in June 2022 and will be adjusted in January 2023 due to changes in student count and other School Finance Act Formula factor changes.

These budget adjustments will be reported in the 3.D Expectations of the Board report in October 2023. The FY 2023 Adopted Budget ensures adequate funds are available for the TABOR Reserve as required under the provisions of section 20 (5) article X of the state constitution, as well as a Board Contingency Reserve.

Conclusion: I report compliance.

The Superintendent will not:

1. Expend more funds than have been received in the fiscal quarter to date unless the liquidity and long-term reserve requirements below are met.
 - a. The Superintendent will not borrow from reserves (defined as accumulated excess revenues) in an amount greater than can be replenished by certain, otherwise unencumbered revenues within 90 days.

I interpret this to mean:

The District must maintain the 3% TABOR Reserve and the 3% Board Reserve. These funds can be used for temporary cash flow purposes as long as they are replenished within a 90-day period.

Data Reported:

The FY 2023 budget was adopted with the expectation that the TABOR reserve as required under the provisions of section 20 (5) article X of the state constitution and the Board Contingency Reserve be maintained in the General Fund.

The two reserves are fully funded at the required 3%. In the Adopted Budget the District is expected to end FY 2023 with a fund balance in the General Fund of \$10.1 million. This includes \$4.9 million for the TABOR reserve, \$5 million for the Board Designated reserve and \$217K for the Career and Technical Education reserve.

The below schedule of beginning fund balance, revenue received, and expenditures net of transfers paid during the first six (6) months of FY 2023 provides information to support the above interpretation. The General Fund includes inter-fund transfers as well as the allocations of per pupil revenue to district approved charter schools.

The following chart compares revenues vs. expenditures over the course of the fiscal year for the General Fund only. As is illustrated below, the District’s revenue for the General Fund varies according to the cycle of the receipt of property taxes, majority between March and May of each year, and receipt of the annual State Categorical funding.

Conclusion: I report compliance.

- b. The Superintendent will not borrow funds (with the exception of credit cards used for normal business purposes that are paid in full each month)

I interpret this to mean:

The District will not borrow funds through a bond issue, Certificates of Participation (COPs) or capital lease without express approval by the Board of Education. Inter-fund borrowing can take place for cash flow purposes as long as the funds are replenished not later than three months after the beginning of the following budget year.

Data Reported:

The District’s total outstanding debt at December 31, 2022 is \$909.6 million.

Type of Borrowing	FY 2021/2022 Debt Payment (P+I)	Outstanding Balance (P+I)	Year Debt Retires
2019 COPs	392,714	3,927,144	2033

2015 Refunding Bonds	3,637,850	242,249,700	2041
2016A Refunding Bonds	4,257,963	17,155,900	2028
2016B Refunding Bonds	100,819	3,113,848	2028
2017 GO and Refunding Bonds	2,200,000	158,279,000	2043
2021 GO Bond	24,050,450	436,701,650	2047
	\$42,314,546	\$909,571,491	

CRS 22-44-113 does allow internal borrowing from all funds except the bond redemption fund as long as the funds are repaid not later than three months after the beginning of the following budget year. The District combines cash from eight funds in a ColoTrust account to maximize investments. Cash from Pupil Activity, Growth Impact, Bond Redemption, Building and Trust funds are excluded due to the restricted use of each fund. During the first eight months of the fiscal year when property tax collections are minimal, the cash from other funds in the ColoTrust account is available to supplement General Fund obligations if needed. Moneys are repaid in March of the same fiscal year when larger property tax collections are received from the counties of Adams, Weld and Broomfield. Because of the shift of state and local revenue the District has participated in the State Interest Free Loan Program since January 2020 to allow cash flow needs in the months of December to March for operational expenditures. We anticipate to continue this practice going forward due to the assessed valuation and growth of our District. We currently have a resolution to allow for that participation in FY 2023.

Conclusion: I report compliance.

- c. The Superintendent will not allow cash to fall below a safety reserve of 6% of the General Fund.

I interpret this to mean:

The General Fund reserves will not be less than 6% of General Fund expenditures for the previous twelve months.

Data Reported:

In the first six months of FY 2023 the total unaudited expenditures in the General Fund, not including transfers, which are presented in the schedule on page 2 were \$71.7 million. The District's forecasted annual expenditure amount is \$157.3 million, with 6% equating to \$9.4 million. The total reserves planned in the General Fund in the FY 2023 Adopted Budget are \$10.1 million.

The following chart tracks the cash balance during the first six months of the fiscal year for the General Fund only. As is illustrated below, the District's cash balance never falls below the combined restricted reserve balance of \$9.4 million.

Conclusion: I report compliance.

- 2. Use Board-designated long-term reserves/endowment funds.

I interpret this to mean:

The District expends designated funds for allowed purposes only throughout the identified monitoring period.

Data Reported:

The District has spent all funds to date consistent with the FY 2023 Adopted Budget.

Conclusion: I report compliance.

- 3. Conduct inter-fund shifting.

I interpret this to mean:

The District shall not comingle funds that, by strict statutory law, are prohibited from being moved.

Data Reported:

CRS 22-44-112 - Transfer of moneys states that “a Board of Education shall not transfer moneys from one fund to another, except as authorized.” The FY 2023 Adopted Budget includes \$13.2 million from the General Fund to: the Capital Reserve Fund, the Risk Management Fund, Transportation Fund, Print Shop, Detention Center and Pupil Activity Fund.

Conclusion: I report compliance.

- 4. Fail to settle payroll obligations and payables in a timely manner.

I interpret this to mean:

Payroll obligations are all compensation, both salary and benefits, paid to District employees through the District’s payroll system. Payables are all District bills that are not employee compensation which are processed through the District’s check request process or purchasing card. Ninety-five percent of payables should be paid within 90 days.

Data Reported:

Payroll: Human Resources and the Finance Department work together to pay employees on a monthly basis on the last working day of each month. The pay period ends the 12th of each month for payment at the end of that month and internal controls are very strict with segregation of duties between the two departments.

Payroll Year	Average Number of Employees Paid per Month	Gross Payroll Amount	Employee Paid Deductions	Employer Paid Deductions
FY 2023 July - December	2,191	\$56,218,087	\$15,678,472	\$19,341,420
Types of Employee Paid Deductions			Types of Employer Paid Deductions	
Taxes			Taxes

PERA			PERA	
Garnishments			Life Insurance	
Voluntary (Life, 401K, 403b, Dues and HSA)			Health Savings Account	
Credit Union				
125 Dependent Care/Health Care				

Accounts Payable: Checks are issued each Thursday afternoon. Below is a summary of checks issued for the period July 1 to December 31, 2022. The chart lists the total number of checks issued and shows the length of time from the date of the invoice to the date of the check being issued. Within 90 days of invoice date, 97% of all payables were paid.

Number of Checks Issued	Paid within 30 days or less of Invoice Date	Paid within 31 – 60 days of Invoice Date	Paid within 61 – 90 days of Invoice Date	Paid in excess of 90 days of Invoice Date
2,838	2,421	258	99	60
Percentage of checks issued	85%	9%	3%	2%

Conclusion: I report compliance.

5. Allow tax payments or other government ordered payments or filings to be overdue or inaccurately filed.

Data Reported:

Each time payroll is processed mandatory deductions are made along with the accompanying checks or wire transfers to the appropriate vendors. All deductions have been paid in a timely manner.

Mandatory Deduction	How Paid
Federal/Medicare Taxes-IRS	Wire transfer and taxes called in and completion of Form 941 quarterly
Public Employees Retirement Association	Wire transfer of both employees and District contribution
State Taxes	Wire transfer and taxes called in for contribution
Garnishments	Mailed to the appropriate authority after deducted from payroll
If Full-Time Employee Deductions made for Health, Dental, Vision, Life Insurances	Check/Wire issued to appropriate vendor
OMNI (403b), HSA and 401K	Wire transferred and report sent via secured web link

Conclusion: I report compliance.

6. Execute a check or purchase commitment of greater than \$25,000 unless such purchase was explicitly itemized in budget monitoring data previously disclosed to the Board or subsequently disclosed at the next regular meeting of the Board. Splitting orders to avoid this limit is not acceptable.

I interpret this to mean:

The causation of a fiscal encumbrance which has not been disclosed to, or previously approved by the Board of Education either through an appropriations resolution, supplemental budget, or budgeted for this purpose in the annually approved budget.

Data Reported:

There were 135 checks, 24 purchasing card transactions and 7 wires for \$25,000 or greater in the period July 1 to December 31, 2022 totaling over \$18.9 million. All transactions listed were within the District's FY 2023 Board approved appropriations. A summary of transactions \$25,000 or greater is below.

Conclusion: I report compliance.

7. Acquire, encumber, lease or dispose of real property.

I interpret “acquire” to mean: gain possession or control of; to get or obtain

I interpret “encumber” to mean: a claim or liability that is attached to property or some other right and that may lessen its value, such as a lien; any property right that is not an ownership interest

I interpret “lease” to mean: a contract by which a rightful possessor of real property conveys the right to use and occupy the property in exchange for consideration, usually rent

I interpret “dispose” to mean: to transfer control to another; to place, distribute, or arrange, especially in an orderly way; to get rid of

I interpret “real property” to mean: land, including land improvements, structures and appurtenances thereto, excluding movable machinery and equipment

Data Reported:

At the end of FY 2022, as part of the annual audit of the District’s financial statements, we reported \$28.9 million of Construction in Progress (CIP). The CIP balance is a result of bond projects that were in progress in FY 2022. As of December 31, 2022, the District has added \$36.9 million of CIP for bond projects. Of the total \$326.5 million of CIP, \$263.0 million has been completed and capitalized. This is primarily due to the completion of almost all scheduled bond projects for the 2015 and 2017 issuances.

The fixed asset threshold of \$5,000 was approved by the Board in 2004. Items retired or fully depreciated are removed from the list of fixed assets.

The following chart lists the additions of fixed assets at December 31, 2022.

Description	School / Program	Capitalized
2015 Ford F250	Facilities	44,428
2022 Ford F350	Facilities	63,027
2022 Ford F350 Accessories/Tommy Gate	Facilities	11,566

2022 Ford F250	Facilities	54,245
Vision Screener	SPED Dept.	8,579
	Total Additions	\$ 202,403

Conclusion: I report compliance.

- Accept revenues from sources not, in fact and appearance, consistent with the mission and values of the organization.

I interpret "revenues" to mean: fiscal and non-fiscal donated economic resources

I interpret "mission and values of the organization" to mean: the organizational Ends that have been identified by the Board of Education

Data Reported:

The following donations were received in the period July 1 to December 31, 2022. All cash and non-cash donations support the organizational Goals.

Name of Donator	School / Program	Item or Amount	Purpose	Month
City of Commerce City	PVHS	\$ 2,500.00	General Supplies	Aug-22

Total Donations		46,139.84		

Conclusion: I report compliance.

- Fail to aggressively pursue material receivables after a reasonable grace period.

I interpret this to mean:

A timely attempt is made to collect monies owed to the District (including charter schools) that are older than thirty days, or other period of time deemed reasonable within the normal course of business as follows: Major categories of Receivables:

- *Amounts Due from Other Governments – 30 to 90 days following submission of reports or other required information.*
- *Accrued Investment Earnings – 30 to 180 days as defined by Investment Agreement.*

Data Reported:

The following is a chart that shows the type of revenue, the number of invoices issued if applicable, and the percentage of invoices that were collected within 30 days, 31-60 days, 61-90 days, and over 90 days for the period of July 1 to December 31, 2022.

%		42.52%	9.45%	48.03%

Conclusion: I report compliance.

10. Operate without adequate internal controls over receipts and disbursements to avoid unauthorized payments or material dissipation of assets.

I interpret “without adequate internal controls” to mean: not having policies and procedures that are designed to prevent and detect fraud. Inadequate controls may give cause to an external auditor finding that an entity has a “material weakness” which is commonly described as more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected.

I interpret “material dissipation of assets” to mean: non-compliance with Colorado Revised Statute which requires an entity to properly account for the assets and liabilities as ensured through the annual independent audit.

Data Reported:

The Local Government Audit Law (C.R.S 29-1-601 et seq) requires the District to have an annual audit of their financial statements. The law states that the audit must be performed by an independent Certified Public Accountant (CPA) and be in accordance with generally accepted auditing standards. The Annual Comprehensive Financial Report (ACFR) is published to fulfill that requirement, and according to Section 29-1-606, C.R.S., financial statements must be approved, published, and submitted to the state auditor within six months of the close of each fiscal year. The District management assumes full responsibility for the completeness and reliability of the information contained in the ACFR, based upon a comprehensive framework of internal control that it has established for this purpose. The independent CPA publishes a management letter providing information on internal control and providing suggestions for improvement.

The auditors will be presenting their comments and observations of the FY 2022 audit at the January 25, 2023 Board Meeting. Their management letter states that there were no audit findings.

Conclusion: I report non-compliance.

An extension was filed with the State Auditor as additional time was needed for two Charter Schools to complete their annual audit.
