Certificate of Medical Exemption

cdphe.colorado.gov/immunization

Colorado law C.R.S. § 25-4-902 requires all students attending any school in the state of Colorado to be vaccinated against certain vaccine-preventable diseases, as established by Colorado Board of Health rule 6 CCR 1009-2, unless an exemption is filed. This law applies to students attending public, private and parochial kindergarten, elementary and secondary schools through 12th grade, colleges or universities, and child care facilities licensed by the Colorado Department of Human Services including child care centers, school-age child care centers, preschools, day camps, resident camps, day treatment centers, family child care homes, foster care homes, and Head Start programs.¹ The Certificate of Medical Exemption must be submitted once unless the student's information or school changes. Students with an immunization exemption on file may be kept out of a child care facility or school during a disease outbreak. The length of time will vary depending on the type of the disease and the circumstances of the outbreak.

Complete all required fields as indicated by an asterisk* below and obtain all required signatures. Incomplete forms will not be accepted. Completing all fields allows for us to process this exemption in a more expedited manner and to contact you should questions arise.
