

Technology Board Report

February 2024

Tech Lead Teachers

- Angie Smith (HS)
- Mendy Brewington (MS)
- Carrie Christy (ES)

HBS Techs

- Ben Nienhueser
 - Managed Services Engineer 1
- Theron Cole
 - IT Support Specialist 1

Digital Citizenship Day

Common Sense Education

(Digital Citizenship and Internet Etiquette)

*All students K-12 participate in classroom activities based around these skills

"Take responsibility — it's where your powers live." Will Craig

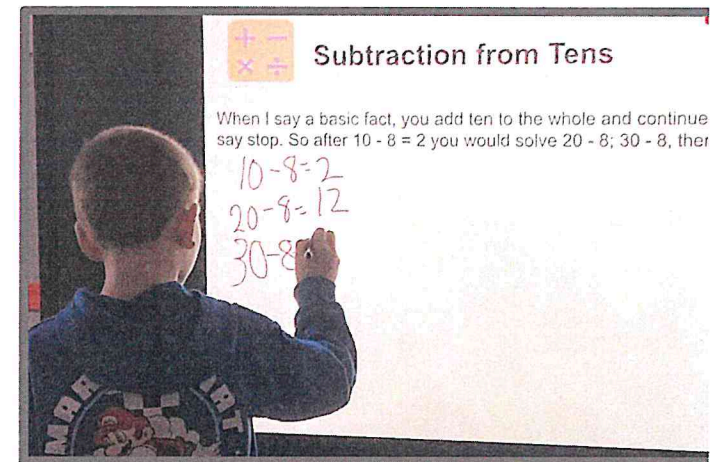

Cleartouch Panels

"My ClearTouch is essential to our daily learning environment. With having a student teacher, it has allowed her to connect to online content directly. It also helps having two work surfaces (ClearTouch and Whiteboard) for interaction with students and the lesson. During math, students will use the ClearTouch to show their thinking which is more motivational than writing with a dry erase marker.

The sound and picture quality is outstanding. If given the option of using my MacBook via screen mirroring, or using the ClearTouch, I will choose the ClearTouch every time. Having the ClearTouch on a stand with wheels has also been helpful. I can position it for a whole class activity, or turn it to use in a small group.

The greatest advantage is the ability to integrate various learning styles in one experience. Being able to differentiate lessons to meet the needs of all learners and to see collaboration between learners has enhanced lessons.

The ClearTouch has been a great addition to our classroom."

Professional Development

- Technology EdCamps
 - Using Screen Casting
 - Brainpop in the Classroom
 - Edulastic for EOC/ MAP Prep
 - Creating and Using Hyperdocs
 - Instructional Tech Tools Q&A
 - Using Your Cleartouch Panel
- District Google Classroom
- New Teacher Training and Back to School
- Monthly Virtual PD by Tech Lead Teachers

Taking Flight Technology Program

* 159 students (grades 6-12) participating in insurance program

Work Orders

- Average Number of tickets per day: 12 tickets
- Average time to repair and return a device: 1.76 days
- Average time to reconcile tickets: 7.2 hours
 - Average time to reconcile high priority tickets: 4.1 hours
 - Average time to reconcile medium priority tickets: 6.8 hours
 - Average time to reconcile low priority tickets: 10.7 hours

“What we really need in IT
is someone who has super powers.”

- **Grow “TECHsperts” program**
- **Continue PD on Cleartouch Panels**
- **Replacement of Projectors with Panels**
- **Individualized Cybersecurity PD**
