TARGETED IMPROVEMENT PLAN:

With COVID, many colleges and universitiesdid not require the TSIA, SAT, or ACT so not as many students participated in these college readiness assessments that factor in CCMR. Starting in the 2020-21 school year, all campuses are now offereing TSIA, SAT, and ACT testing on campus. Campuses are enrolling more students in College Preparatory English and Math who don't meet the minimum TSIA score. Students who succesfully pass the College Preparatory English and Math along with the exams at the end are considered CCMR and are exempt from the TSI at the participating college/university. In additon, any students who are accelerated testers (took Algebra I in middle school) are required to take the SAT or ACT to graduate from an Orenda Charter School campus.
