Fund Performance Update March 31, 2022

Comments by Mellon, Investment Manager

As expected, the Fed raised the target rate by 25 basis points to a range of 0.25-0.50% at the March 16th FOMC meeting. It was the first hike since 2018. The more surprising information from the meeting was that the dot plot rose dramatically, indicating six more rate hikes in 2022, which would be a hike at every remaining meeting this year. In the weeks following the meeting, comments from Fed members continued to be more hawkish. At the end of March, the Fed funds futures market was pricing in approximately an 80% chance that the hike in May would be 50 instead of 25 basis points. Inflation continued to soar, led by rising fuel prices. Payrolls rose by 431,000 in March, but the surprise was in the 418,000 gain in the labor force. The labor force is now just 174,000 below its pre-pandemic level. The yield curve flattened in March as the 2s to 10s part of the curve became inverted. The yield on the two-year note rose the most, increasing by 90 basis points to 2.34%.

**IOLA INDEPENDENT SCHOOL DISTRICT
IOLA, TEXAS**

MEMORANDUM

TO: Iola ISD Board of Trustees
FROM: Jeff Dyer, Superintendent
DATE: April 25, 2022
SUBJECT: Consideration of the annual Instructional Material Allotment and TEKS Certification for the 2022-2023 (Item 6)

The Instruction Material Allotment changes the way textbooks and other instructional materials are paid for. Each district is allocated funds to purchase instructional material and textbooks. Prior to purchasing textbooks and instructional material for the 2022-2023 school year, the superintendent and the board of trustees must certify the district has met certain rules (see attached certification). Mrs. Harris has certified to me that we have met the criteria.

It is recommended that the Board of Trustees to approve Instructional Material Allotment and TEKS Certification for the 2022-2023.

Respectfully submitted,

Jeff Dyer
Superintendent

Annual Instructional Materials Allotment and TEKS Certification, 2022-2023

Date: April 25, 2022

Contact: Lindsey Harris, High School Counselor/IMA Coordinator

Background:

School Districts are required to certify annually to the State Board of Education and the commissioner that, for each subject in the required curriculum other than physical education, students have access to instructional materials that cover all the Texas Essential Knowledge and Skills (TEKS). State policy requires annual submission of the Instructional Materials Allotment and TEKS Certification so that funding can be accessed. Prior to submission of the Instructional Materials Allotment and TEKS Certification, the information must be presented to the Board of Trustees. The funding for the 2022-2023 school year will be utilized to purchase instructional materials for K-12 as needed. Any remaining funds can be used for additional instructional materials including technology. The process has moved to an online submission so there is not the usual form to sign. Instead we must submit the information on the following pages which describes our current adopted materials, supplemental materials and the implementation of it in the classroom.

There is a textbook adoption under Proclamation 2022, these books would go into the classroom in school year 2022-2023 for the following area:

Health Education K-8 and Health I

Physical Education K-8, Lifetime Fitness & Wellness, Lifetime Recreation & Outdoor (Teacher Materials only)

We would be adopting and purchasing these materials after May 2022 so that they will be accessible in the classrooms by August of 2022.

Recommendations:

Please approve the 22-23 IMA and TEKS Certification as it appears on the next page.

Board President's Signature: _____

This document can be downloaded as a PDF to be brought to the board meeting. Once this survey is submitted by clicking "Next" at the bottom of this page, an Approval link with a response summary will be sent to the Superintendent email address provided in the survey.

Below is a summary of your responses

2022–2023 Allotment & TEKS Certification Form

In accordance with TEC 31.04, school districts and charter schools are required to certify annually to the State Board of Education and the commissioner that, for each subject in the required curriculum other than physical education, students have access to instructional materials that cover all the Texas Essential Knowledge and Skills (TEKS). Districts and charters will be unable to order 2022–23 instructional materials through EMAT until the certification has been received by the Texas Education Agency (TEA).

Complete the form below, indicating the instructional materials the district has adopted or plans to adopt for the 2022–23 school year for each grade level and core subject or core course.

Form Instructions:

The certification must be ratified by the LEA's board of trustees or governing body in an open, public-noticed meeting. The recommended steps are included below:

1. Gather information – Start by downloading a sample copy of the online survey to assist with collecting the information needed to complete the form. This can be found on the Instructional Materials and Implementation website. The form asks LEAs to indicate the instructional materials the LEA has adopted or plans to adopt for the 2022–23 school year for each grade level and core subject or core course, and some additional questions about instructional materials and local adoption procedures.

2. Complete online form for approval - The superintendent may identify a district representative to complete this survey. This may be the instructional materials coordinator or another district representative. *Note: the form will not be considered finalized until the superintendent submits final approval.*

- At the end of the survey, click *Generate Response Summary* to download and print

- a PDF version of the completed form which will be needed to complete step 3.
- After the PDF is generated, click *Next* to submit the draft of the survey. This will automatically send a copy of the survey to the superintendent's email address provided in the survey, with instructions for submitting final approval (step 4 below).

3. Obtain local board approval - The LEA may take the PDF version of the completed form to the board meeting to obtain approval. *Note: board signatures are not required to be uploaded or submitted, so LEAs should plan to maintain documentation at the local level.*

4. Superintendent to submit approved version - After the district representative completes the form, the superintendent will get an email requesting approval of the completed form. Using a link in the email, the superintendent may go into the form and make any changes to the draft based on the local board meeting. Once the form is completed accurately, the superintendent may select *Approve* on the last page of the survey to officially submit the LEA's response to TEA.

If you have any questions or concerns, please submit a [Help Desk Ticket](#) on the Instructional Materials and Implementation website.

Phonics Informational Questions

House Bill (HB) 3, 86th Texas Legislature, 2019, requires all Texas school districts provide phonics curriculum that uses systematic, direct instruction in kindergarten through third grade to ensure all students obtain necessary early-literacy skills. The commissioner of education is in the process of developing a recommended list of phonics programs in accordance with House Bill 3, 86th Texas Legislature, 2019, to ensure all students obtain necessary early literacy skills and that districts have access to phonics materials that include systematic direct instruction and integrated reading instruments. Phonics programs will undergo the Texas Resource Review process to determine inclusion on the commissioner's recommended list in accordance with 19 Texas Administrative Code §74.2001.

This section of the form is not evaluative and data will be used to help inform TEA on what additional resources or services are needed to support LEAs in providing students direct, systematic phonics instruction.

The Children's Internet Protection Act

The **Children's Internet Protection Act** (CIPA) was enacted by Congress in 2000 to address concerns about children's access to obscene or harmful content over the Internet. (You may find more information on the [FCC website](#).)

It is the intent of the Legislature that the State Board of Education ensure that any instructional materials and technology purchased using funds disbursed from the State Instructional Materials and Technology Fund meet the requirements for certification under 47 U.S.C. Sections 254(h)(5)(B) and (C) to the extent the certification is applicable to those materials. (See S.B. No. 1, General Appropriations Act, Eighty-seventh Legislature)

Does your district or charter have a filter or a monitor in place to ensure that students accessing digital instructional materials do not have access to obscene or harmful content?

**IOLA INDEPENDENT SCHOOL DISTRICT
IOLA, TEXAS**

MEMORANDUM

TO: Iola ISD Board of Trustees

FROM: Jeff Dyer, Superintendent

DATE: April 25, 2022

SUBJECT: Consideration of the employment of school auditor for the 21-22 school year
(Item 7)

We would like to employ Axley & Rode, LLP, CPA for the 2021-2022 school year audit. Enclosed is a copy of the letter of engagement. Axley & Rode, LLP, CPA does an excellent service for our district. The estimated fee for these services are \$17,000.00. This is an increase of \$2000.00

It is recommended that the Board of Trustees approve the employment of Axley & Rode, LLP, CPA to provide audit services for the year ending August 31, 2022.

Respectfully submitted,

Jeff Dyer
Superintendent

April 18, 2022

Mr. Jeff Dyer, Superintendent
Iola Independent School District
Iola, Texas

Dear Mr. Dyer:

We are pleased to confirm our understanding of the services we are to provide Iola Independent School District for the year ending August 31, 2022.

Audit Scope and Objectives

We will audit the financial statements of the governmental activities, each major fund, the fiduciary funds, and the aggregate remaining fund information and the disclosures, which collectively comprise the basic financial statements of the Iola Independent School District as of and for the year ended August 31, 2022. Accounting standards generally accepted in the United States of America (GAAP) provide for certain required supplementary information (RSI), such as management's discussion and analysis (MD&A), to supplement Iola Independent School District's basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. As part of our engagement, we will apply certain limited procedures to Iola Independent School District's RSI in accordance with auditing standards generally accepted in the United States of America (GAAS). These limited procedures will consist of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We will not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance. The following RSI is required by generally accepted accounting principles and will be subjected to certain limited procedures, but will not be audited:

Management Discussion and Analysis (MD&A)
Budgetary Schedules for General and Major Funds
Pension Schedules

We have also been engaged to report on supplementary information other than RSI that accompanies Iola Independent School District's financial statements. We will subject the following supplementary information to the auditing procedures applied in our audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America, and we will provide an opinion on it in relation to the financial statements as a whole:

Combining Schedules
Other Budgetary Schedules

In connection with our audit of the basic financial statements, we will read the following other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If based on the work performed, we conclude that any uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Schedule of Delinquent Taxes
Other Schedules Required by Texas Education Agency

The objective of our audit are to obtain reasonable assurance as to whether the financial statements as a whole are free from material misstatement, whether due to fraud or error; issue an auditor's report that includes our opinion about whether your financial statements are fairly presented, in all material respects, in conformity with GAAP; and report on the fairness of the supplementary information referred to in the second paragraph when considered in relation to the financial statements as a whole. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Governmental Auditing Standards* will always detect a material misstatement when it exists. Misstatements, including omissions, can arise from fraud or error and are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement of a reasonable user made based on the financial statements.

The objective also includes reporting on internal control related to the financial statements and compliance with the provisions of applicable laws, regulations, contracts, and award agreements, noncompliance with which could have a material effect on the financial statements in accordance with *Governmental Auditing Standards*.

Auditor's Responsibilities for the Audit of the Financial Statements

We will conduct our audit in accordance with GAAS and the standards for financial audits contained in *Government Audit Standards*, issued by the Comptroller General of the United States, and will include tests of your accounting records of Iola Independent School District and other procedures we consider necessary to enable us to express such opinions. As part of the audit in accordance with GAAS and *Government Auditing Standards*, we exercise professional judgement and maintain professional skepticism throughout the audit.

We will evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management. We will also evaluate the overall presentation of the financial statements, including the disclosures, and determine whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation. We will plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or government regulations that are attributable to the District or to acts by management or employees acting on behalf of the District. Because the determination of waste and abuse is subjective, *Government Auditing Standards* do not expect auditors to perform specific procedures to detect waste or abuse in financial audits nor do they expect auditors to provide reasonable assurance of detecting waste or abuse.

Because of the inherent limitations of an audit, combined with the inherent limitations of internal control, and because we will not perform a detailed examination of all transactions, there is an unavoidable risk that some material misstatements or noncompliance may exist and not be detected by us, even though the audit is properly planned and performed in accordance with U.S. generally accepted auditing standards and *Government Auditing Standards*. In addition, an audit is not designed to detect immaterial misstatements or violations of laws or governmental regulations that do not have a direct and material effect on the financial statements. However, we will inform the appropriate level of management of any material errors, any fraudulent financial reporting, or misappropriation of assets that come to our attention. We will also inform the appropriate level of management of any violations of laws or governmental regulations that come to our attention, unless clearly inconsequential. Our responsibility as auditors is limited to the period covered by our audit and does not extend to any later periods for which we are not engaged as auditors.

In connection with this engagement, we may communicate with you or others via email transmission. As emails can be intercepted and read, disclosed, or otherwise used or communicated by an unintended third party, or may not be delivered to each of the parties to whom they are directed and only such parties, we cannot guarantee or warrant that emails from us will be properly delivered and read only by the addressee. Therefore, we specifically disclaim and waive any liability or responsibility whatsoever for interception or unintentional disclosure of emails transmitted by us in connection with performance of this engagement. In that regard, you agree that we shall have no liability for any loss or damage to any person or entity resulting from the use of email transmissions, including any consequential, incidental, direct, indirect, or special damages, such as loss of revenues or anticipated profits, or disclosure or communication of confidential or proprietary information.

We will also conclude, based on audit evidence obtained, whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period.

Our procedures will include tests of documentary evidence supporting the transactions recorded in the accounts, and may include tests of physical existence of inventories, and direct confirmation of receivables and certain other assets and liabilities by correspondence with selected individuals, funding sources, creditors, and financial institutions. We will request written representations from your attorneys as part of the engagement, and they may bill you for responding to this inquiry.

We have identified the following significant risk(s) of material misstatement as part of the audit planning: Management Override of Controls.

Audit Procedures - Internal Control

We will obtain an understanding of the school district and its environment, including internal control relevant to the audit, sufficient to identify and assess the risks of material misstatement of the financial statements, whether due to error or fraud, and to design and perform audit procedures responsive to those risk and obtain evidence that is sufficient and appropriate to provide a basis for our opinions. Tests of controls may be performed to test the effectiveness of certain controls that we consider relevant to preventing and detecting errors and fraud that are material to the financial statements and to preventing and detecting misstatements resulting from illegal acts and other noncompliance matters that have a direct and material effect on the financial statements. Our tests, if performed, will be less in scope than would be necessary to render an opinion on internal control and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to *Government Auditing Standards*. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentation, or the override of internal control. An audit is not designed to provide assurance on internal control or to identify significant deficiencies or material weaknesses. Accordingly, we will express no such opinion. However, during the audit, we will communicate to management and those charged with governance internal control related matters that are required to be communicated under AICPA professional standards or *Government Auditing Standards*.

Audit Procedures - Compliance

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we will perform tests of Iola Independent School District's compliance with provisions of applicable laws, regulations, contracts, and agreements, including grant agreements. However, the objective of those procedures will not be to provide an opinion on overall compliance and we will not express such an opinion in our report on compliance issued pursuant to *Government Auditing Standards*.

Our audit will also include the performance of certain audit procedures for the purpose of reviewing the accuracy of fiscal information provided by the District through Public Education Information Management System (PEIMS), as required by Section 44.008(b) of the Texas Education Code.

Other Services

We will also assist in preparing the financial statements and related notes of Iola Independent School District in conformity with U.S. generally accepted accounting principles based on information provided by you. We will also assist in preparing reconciliations of the property tax rolls, preparation of the depreciation schedules, and submission of federal and state financial and compliance reports based on information provided by you. These nonaudit services do not constitute an audit under *Government Auditing Standards* and such services will not be conducted in accordance with *Government Auditing Standards*. We will perform the services in accordance with applicable professional standards. The other services are limited to the financial statement services previously defined. We, in our professional judgement, reserve the right to refuse to perform any procedure or take any action that could be construed as assuming management responsibilities.

Responsibilities of Management for the Financial Statements

Our audit will be conducted on the basis that you acknowledge and understand your responsibility for designing, implementing, establishing, and maintaining effective internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error, including evaluating and monitoring ongoing activities to help ensure that appropriate goals and objectives are met; following laws and regulations; ensuring that management and financial information is reliable and properly reported. Management is also responsible for implementing systems designed to achieve compliance with applicable laws, regulations, contracts, and grant agreements. You are also responsible for the selection and application of accounting principles; for the preparation and fair presentation of the financial statements and all accompanying information in conformity with U.S. generally accepted accounting principles; and for compliance with applicable laws and regulations (including federal statutes), rules and the provisions of contracts and grant agreements.

Management is responsible for making drafts of the financial statements, all financial records and related information available to us and for the accuracy and completeness of that information (including information from outside of the general and subsidiary ledgers). You are also responsible for providing us with (1) access to all information of which you are aware that is relevant to the preparation and fair presentation of the financial statements, such as records, documentation, identification of all related-party relationships and transactions, and other matters; (2) additional information that we may request for the purpose of the audit, and (3) unrestricted access to persons within the school district from whom we determine it necessary to obtain audit evidence.

At the conclusion of the audit, we will require certain written representations from you about your responsibilities for the financial statements; compliance with laws, regulations, contracts and grant agreements; and other responsibilities required by GAAS and *Government Auditing Standards*.

Your responsibilities include adjusting the financial statements to correct material misstatements and confirming to us in the management representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements of each opinion unit taken as a whole.

You are responsible for the design and implementation of programs and controls to prevent and detect fraud, and for informing us about all known or suspected fraud affecting the school district involving (1) management, (2) employees who have significant roles in internal control, and (3) others where the fraud could have a material effect on the financial statements. Your responsibilities include informing us of your knowledge of any allegations of fraud or suspected fraud affecting the school district received in communications from employees, former employees, grantors, regulators, or others. In addition, you are responsible for identifying and ensuring that the school district complies with applicable laws, regulations, contracts, agreements, and grants and for taking timely and appropriate steps to remedy fraud and noncompliance with provisions of laws, regulations, contracts, and grant agreements that we report.

With regard to including the auditor's report in an exempt offering document, you agree that the aforementioned auditor's report, or reference to Axley & Rode, LLP., will not be included in any such offering document without our prior permission or consent. Any agreement to perform work in connection with an exempt offering document, including an agreement to provide permission or consent, will be a separate agreement.

You are also responsible for the preparation of the other supplementary information, which we have been engaged to report on, in conformity with U.S. generally accepted accounting principles. You agree to include our report on the supplementary information in any document that contains and indicates that we have reported on the supplementary information. You also agree to include the audited financial statements with any presentation of the supplementary information that includes our report thereon OR make the audited financial statements readily available to users of the supplementary information no later than the date the supplementary information is issued with our report thereon. Your responsibilities include acknowledging to us in the written representation letter that (1) you are responsible for presentation of the supplementary information in accordance with GAAP; (2) you believe the supplementary information, including its form and content, is fairly presented in accordance with GAAP; (3) the methods of measurement or presentation have not changed from those used in the prior period (or, if they have changed, the reasons for such changes); and (4) you have disclosed to us any significant assumptions or interpretations underlying the measurement or presentation of the supplementary information.

With regard to publishing the financial statements on your website, you understand that websites are a means of distributing information and, therefore, we are not required to read the information contained in those sites or to consider the consistency of other information on the website with the original document.

Management is responsible for establishing and maintaining a process for tracking the status of audit findings and recommendations. Management is also responsible for identifying and providing report copies of previous financial audits, attestation engagements, performance audits, or other studies related to the objectives discussed in the Audit Scope and Objectives section of this letter. This responsibility includes relaying to us corrective actions taken to address significant findings and recommendations resulting from those audits, attestation engagements, performance audits, or studies. You are also responsible for providing management's views on our current findings, conclusions, and recommendations, as well as your planned corrective actions, for the report, and for the timing and format for providing that information.

You agree to assume all management responsibilities relating to the financial statements, related notes, and any other nonaudit services we provide. You will be required to acknowledge in the management representation letter our assistance with preparation of the financial statements and related notes and that you have reviewed and approved the financial statements and related notes prior to their issuance and have accepted responsibility for them. Further, you agree to oversee the nonaudit services by designating an individual, preferably from senior management, with suitable skill, knowledge, or experience; evaluate the adequacy and results of those services; and accept responsibility for them.

Engagement Administration, Fees and Other

In the interest of facilitating our services, we may send data over the internet or utilize cloud-based storage. Confidential electronic data may be transmitted or stored using these methods. We may use third party service providers to store or transmit this data. In using these data communications and storage methods, we use reasonable efforts to keep such communications and electronic data secure. You recognize that data breaches can occur even with all reasonable security measures being employed by us or our third party vendors. You consent to our use of these applications and submission of confidential client information to third party service providers.

We will schedule the engagement based in part on deadlines, working conditions, and the availability of your key personnel. We will plan the engagement based on the assumption that your personnel will cooperate and provide assistance by performing tasks such as preparing requested schedules, retrieving supporting documents, and preparing confirmations. We will not undertake any accounting services (including but not limited to reconciliation of accounts and preparation of requested schedules) beyond the items included in this letter without obtaining approval through a written change order or additional engagement letter for such work.

We understand that your employees will assist in preparation of schedules, locate any documents and analyses of accounts, is to be approximately the same as that which you have planned to provide in the past. Timely completion of this work will facilitate the conclusion of our audit.

At the conclusion of the engagement, we will complete the appropriate sections of the Data Collection Form that summarizes our audit findings. It is management's responsibility to electronically submit the reporting package (including financial statements, schedule of expenditures of federal awards, summary schedule of prior audit findings, auditor's reports, and corrective action plan) along with the Data Collection Form to the federal audit clearinghouse. We will coordinate with you the electronic submission and certification. The Data Collection Form and reporting package must be submitted with the earlier of 30 calendar days after receipt of the auditor's report or nine months after the end of the audit period.

The District will be responsible for ensuring that the audit report is received by the Texas Education Agency within 150 days of the close of the fiscal year. The District is further responsible for ensuring that other appropriate governmental agencies receive copies of the audit report according to instructions in the *Texas Education Agency Financial Accountability System Resource Guide*. We will coordinate with you the electronic submission and certification.

We will provide copies of our reports to the school district; however, management is responsible for distribution of the reports and the financial statements. Unless restricted by law or regulation, or containing privileged and confidential information, copies of our reports are to be made available for public inspection.

With regard to the electronic dissemination of audited financial statements, including financial statements published electronically on your website, you understand that electronic sites are a means to distribute information and, therefore, we are not required to read the information contained in these sites or to consider the consistency of other information in the electronic site with the original document.

The audit documentation for this engagement is the property of Axley & Rode, LLP and constitutes confidential information. However, subject to applicable laws and regulations, audit documentation and appropriate individuals will be made available upon request and in a timely manner to the Texas Education Agency or its designee, a federal agency providing direct or indirect funding, or the U.S. Government Accountability Office for purpose of a quality review of the audit, to resolve audit findings, or to carry out oversight responsibilities. We will notify you of any such request. If requested, access to such audit documentation will be provided under the supervision of Axley & Rode, LLP personnel. Furthermore, upon request, we may provide copies of selected audit documentation to the aforementioned parties. These parties may intend, or decide, to distribute the copies or information contained therein to others, including other government agencies.

We will maintain the working papers for a minimum of five years after the report release date. If we are aware that a federal or state awarding agency, pass-through entity, or auditee is contesting and audit findings, we will contract the party(ies) contesting the audit finding for guidance prior to destroying the audit documentation. These working papers will be available to representatives of the cognizant audit agency (or its designee), other government audit staffs and/or the United States General Accounting Office upon their request and after they have properly notified you of their request to review the working papers.

Assistance to be supplied by your personnel, including preparation of schedules and analyses of accounts, is to be approximately the same as that which you have planned to provide in the past. Timely completion of this work will facilitate the conclusion of our audit.

Molly Abele, CPA is the engagement partner and is responsible for supervising the engagement and signing the reports or authorizing another to sign them.

Our fees are based on the amount of time required at various levels of responsibility, plus actual out-of-pocket expenses (travel, typing, telephone, etc.). We estimate our total fees for this audit will be \$17,000. This fee is based on anticipated cooperation from your personnel and the assumption that unexpected circumstances will not be encountered during the audit. If significant additional time is necessary, we will discuss it with the Superintendent and Administration and arrive at a new fee estimate before we incur the additional costs.

Representatives of the AICPA have performed reviews of our firm's quality control procedures related to the accounting and auditing services provided to our clients. A copy of the 2020 peer review report is attached.

Report on the Firm's System of Quality Control

January 27, 2021

To the owners of Axley & Rode, LLP
and the Peer Review Committee of the Texas Society of Certified Public Accountants

We have reviewed the system of quality control for the accounting and auditing practice of Axley & Rode, LLP in effect for the year ending August 31, 2020. Our peer review was conducted in accordance with the Standards for Performing and Reporting on Peer Reviews established by the Peer Review Board of the American Institute of Certified Public Accountants (Standards).

A summary of the nature, objectives, scope, limitations of, and the procedures performed in a System Review as described in the Standards may be found at www.aicpa.org/prsummary. The summary also includes an explanation of how engagements identified as not performed or reported in conformity with applicable professional standards, if any, are evaluated by a peer reviewer to determine a peer review rating.

Firm's Responsibility

The firm is responsible for designing a system of quality control and complying with it to provide the firm with reasonable assurance of performing and reporting in conformity with applicable professional standards in all material respects. The firm is also responsible for evaluating actions to promptly remediate engagements deemed as not performed or reported in conformity with professional standards, when appropriate, and for remediating weaknesses in its system of quality control, if any.

Peer Reviewer's Responsibility

Our responsibility is to express an opinion on the design of the system of quality control and the firm's compliance therewith based on our review.

Required Selections and Considerations

Engagements selected for review included engagements performed under *Government Auditing Standards*, including compliance audits under the Single Audit Act; audits of employee benefit plans, and an audit performed under FDICIA.

As part of our peer review, we considered reviews by regulatory entities as communicated by the firm, if applicable, in determining the nature and extent of our procedures.

Opinion

In our opinion, the system of quality control for the accounting and auditing practice of Axley & Rode, LLP in effect for the year ended August 31, 2020, has been suitably designed and complied with to provide the firm with reasonable assurance of performing and reporting in conformity with applicable professional standards in all material respects. Firms can receive a rating of *pass*, *pass with deficiency(ies)* or *fail*. Axley & Rode, LLP has received a peer review rating of *pass*.

**RESOLUTION OF THE IOLA INDEPENDENT SCHOOL DISTRICT
BOARD OF TRUSTEES
REGARDING DEPENDABLE, AFFORDABLE, BROADBAND ACCESS**

WHEREAS, the Board of Trustees of Iola Independent School District is empowered by Texas Education Code §11.1515 to provide oversight regarding student academic achievement and strategic leadership for maximizing student performance; and

WHEREAS, the Iola Independent School District is committed to providing the highest quality education to its students in preparation for college, university, trade school, careers, citizenship, and lifelong learning; and,

WHEREAS, during the pandemic, school districts became intimately aware of the fact that not all school districts, schools, homes, and businesses have the same access to reliable internet. Students in rural school districts often incur challenges with remote learning while quarantined or ill; and,

WHEREAS, the Texas Education Agency intends to administer the 2022 STAAR tests through an on-line platform where possible; and through the 86th Legislature's House Bill 3906, seeks to transition to statewide on-line STAAR testing by 2023; and,

WHEREAS, no student should be placed at a disadvantage in academic performance or assessment due solely to geographic residence or because their family cannot afford reliable internet access.

NOW, THEREFORE, BE IT RESOLVED, that the Board of Trustees of Iola Independent School District adopts the recitals above as findings of fact.

BE IT FURTHER RESOLVED that the Iola Independent School District joins the Texas Rural Broadband Coalition.

BE IT FURTHER RESOLVED that, on behalf of students and educators alike, the Iola Independent School District requests that Governor Greg Abbott, Lieutenant Governor Dan Patrick, Speaker of the House Dade Phelan, all members of the 87th Texas Legislature, and the Texas Education Agency act promptly to create a statewide broadband internet service plan to ensure equitable and affordable opportunities for rural students to access fully the benefits and privileges of the Texas public school system without regard to geographic residence. We appreciate that our Governor, Lt. Governor, Speaker, and other legislators have made broadband a priority this session. We will support the initiative to get reliable internet service to rural Texas.

Coach Maiorka,

As per your previous email, I perceive your wish is to resign your probationary contract upon the completion of your contract. If this is the case, I will need a signed resignation. I have provided an example of what this should look like. You may also print this example out and sign and date it, if you so choose.

Again, if you have any questions, please let me know.

Good afternoon, Coach Maiorka,

This communication is to check and see if you have made a decision about your option to resign your probationary contract, effective upon the completion of your probationary contract, or if you wish to wait for the school board to accept my recommendation to non-renew your probationary contract?

Please let me know your decision by Thursday, April 21st at 12:00PM. If you have any questions, please do not hesitate to contact me.

Kindest regards,

Brian Fowler
