Annual Instructional Materials Allotment and TEKS Certification, 2023-2024

Date: May 22, 2023

Contact: Kristin Sajewski, IMA Coordinator

Background:

School Districts are required to certify annually to the State Board of Education and the commissioner that, for each subject in the required curriculum other than physical education, students have access to instructional materials that cover all the Texas Essential Knowledge and Skills (TEKS). State policy requires annual submission of the Instructional Materials Allotment and TEKS Certification so that funding can be accessed. The funding for the 2023-2024 school year will be utilized to purchase instructional materials for K-12 as needed. Any remaining funds can be used for additional instructional materials including technology.

Recommendations:

Please approve the 23-24 IMA and TEKS Certification as it appears below.
