BOARD OF EDUCATION MISSION STATEMENT

The Board of Education is committed to the School District's overall success and improvement.

The central focus of all meetings and discussions will be on establishing, monitoring, and supporting the District's goals. We will actively engage all segments of our community in this ongoing focus and provide an instructional program to assure that our students meet or exceed the highest and most rigorous standards.

1. Various Board of Education Directors will be attending the candidate forum. This is an opportunity for the community to meet the candidates running for the director district positions on the 27J Schools Board. This forum is being facilitated by members of the Student Advisory Group.

No official Board of Education business will be conducted at this meeting.
