Such notice requirements shall not be applicable in event of emergencies or licensing mandates.

Waitlist Notification – we make every effort to provide care to all families in need of our services which are restricted by space and capacity limitations. While we are not able to give any guarantee as to when placement in our program will become available, when they do, we immediately contact families in the order that they are placed on our waitlist. Once we contact a family regarding an opening in the program they will have one business week to accept the available placement(s) or to waive. If the family chooses to waive the available placement, the family can then opt at that time to remain on our waitlist for the next available placement opportunity or be removed from our waitlist entirely. If at any time you wish to remove your child from our waitlist and/or un-enroll them from any placements in the program they may have been offered in addition to being on our waitlist, please contact us immediately via email as we require all change notices be in writing.
