#### CALL TO ORDER

President Gabe Galbraith called the meeting to order at 5:30 p.m. and led the Pledge of Allegiance with approximately 68 online and in-person staff and guests in attendance.

### RECOGNITION

### School Board Recognition Month

Superintendent Dr. Traci Pierce read Governor Inslee's proclamation naming January School Board Recognition Month. Dr. Pierce expressed her appreciation for the Board by handing out a certificate from the Washington State School Directors' Association and a gift of gratitude from the Kennewick School District.

### Fall Sports and Activities

Assistant Superintendent of K-12 Education Matt Scott introduced Kyle Cowan, Kamiakin High School Athletic Director. Mr. Cowan shared the school's many successes: conference champions in four fall sports, academic state champions in volleyball and cross country, and second place at state for the math club. Mr. Cowan introduced Matt Rexus, the Cross-Country Coach. Mr. Rexus shared that the team was the state academic champions for the first time in school history and placed second at state.

COMMUNICATIONS FROM PARENTS, STAFF, AND RESIDENTS

Genevie Parker commented on math honor classes and how they prepared her for college.

Tamara Parker requested the reinstatement of honor classes in middle school and noted confusion on the wording of advanced and accelerated math classes.

Blaine Meek spoke about having honor math classes reinstated in middle school.

#### COMMUNICATIONS FOLLOW UP

Superintendent Dr. Pierce reported that at the January 10 Board retreat the Board discussed adding a communications follow-up to the Board agenda to follow up on correspondence received since the last Board meeting. Dr. Pierce followed up on the concerns regarding honors math in middle schools, cell phone use and Policy 3308, and a reported rumor being shared on social media.

### SUPERINTENDENT/BOARD MEMBER REPORT

Superintendent Dr. Pierce shared that she attended the Ridge View ribbon cutting and recognized all the staff involved and the community for their support in passing the bond. She thanked everyone who gave input by taking the survey or attending one of the focus groups regarding the deputy successor superintendent position. She shared that the search firm is developing the job description and plans to have it ready to be posted in February. Dr. Pierce reported that a scheduling issue with the Delta High School graduation and the Three Rivers Convention Center has been resolved, with the Delta High School graduation being moved to the HAPO Center in Pasco with the same graduation date of June 6.

Student Representative to the Board, Mallory Dupaquier, reported that there may have been some confusion regarding her comments at a previous Board meeting surrounding the computer application credit. Mallory clarified that she supports having a computer competency requirement.

Board Member Mike Connors reported attending the ribbon cutting at Ridge View Elementary. He also shared that he observed Ms. Woods's class at Eastgate Elementary School as she taught the Second Step program. Mr. Connors also stated that he went to Olympia to support student Ashwin Joshi as he presented to the Education Committee in the House of Representatives in support of HB 1915.

Board Member Josh Miller reported that the Kamiakin High School robotics program placed first at their district meet and will attend state for the first time. Dr. Miller shared that he spoke with parents and students in preparation for the February Board discussion on school counselors as he is trying to understand the process counselors use to prepare our students for graduation and post-graduation plans.

Board Member Brittany Gledhill reported attending the SEWASA Annual Board Workshop. She shared that she also observed Ms. Woods's class at Eastgate Elementary School to see the curriculum being taught through Second Step and talked with the safety officer at the school. Ms. Gledhill stated that she met with Jeremy Fox, principal at Horse Heaven Hills Middle School, who answered many questions and gave her a tour of the school.

Board Member Micah Valentine reported attending the interview with Bill Jordan regarding the new deputy successor superintendent position and had a chance to speak with parents and teachers regarding the Second Step program.

President Gabe Galbraith reported attending the Ridge View ribbon cutting. He also shared that he observed a class at Eastgate Elementary School where a Second Step lesson was being taught. In addition, he stated that he met with the principals at Amon Creek and Cottonwood Elementary Schools and met with Bill Jordan regarding the deputy successor superintendent position.

### REPORTS AND DISCUSSIONS

### Delta High School

Dr. Pierce introduced Delta High School Principal K.C. Bennion, who presented an annual update on the school, which is a partnership among the Kennewick, Richland, and Pasco school districts. Ms. Bennion reported that the school has an enrollment of 413 students, including 141 students from Kennewick.

### **Nutrition Services**

Christine Benson, Sodexo Nutrition Services Director, provided an annual report which included information on meal count comparisons, summer school, and the Community Eligibility Provision (CEP) program, and the upcoming Kennewick Future Chef competition. She also presented feedback from the student survey, and shared revenue and expense information for the last five years.

### Staff Safety

Mollie Lutz presented an annual safety report focusing on Safe Schools training, Labor & Industries (L&I) claims, and "time loss."

### **Boundary Update**

Assistant Superintendent of K-12 Education Matt Scott presented a recap on the recent boundary adjustment and shared an update on communications, implementation plans, enrollment projections, and next steps.

## HB 1915 Making Financial Education Instruction a Graduation Prerequisite and a Required Component of Public Education

School Board members discussed House Bill 1915, Making Financial Education Instruction a Graduation Prerequisite, and a Required Component of Public Education. Following Board discussion, Dr. Pierce agreed to draft a resolution supporting financial literacy for the Board to review at the next Board meeting.

### **UNFINISHED BUSINESS**

None

Minutes January 24, 2024 Page 5

President Galbraith announced a five-minute break at 7:42 p.m. The Board reconvened at 7:49 p.m.

### **NEW BUSINESS**

### Instructional Materials Committee Recommendation: Second Step

Assistant Superintendent of Teaching and Learning Alyssa St. Hilaire shared background information and an overview of Second Step materials for K-8, together with the Instructional Materials Committee review process and recommendation. Following Board discussion, the Board asked for access to the digital program so that they could personally review the material prior to making a decision at a future Board meeting.

Re: Out of Endorsement Teacher Plans (2023-24)

OSPI requires that school districts keep support plans on file for teachers who may be teaching one or more classes outside of their endorsement area(s). WAC 181-82-110 states that these plans must be approved by the school board. This memo serves as the approval request to the School Board for the current "Out of Endorsement" plans that have been developed between the teachers and their principals. The Human Resources Department has also signed off and approved all plans. (See page 2)

RECOMMENDATION: Approve the Out of Endorsement Plans of Support developed by the KSD via principals and teachers. (See page 2)

### About the ERDC

### Who are we?

ERDC works with data contributing agencies and the education research community to fulfill data requests, create dashboards, and conduct research to better understand the education systems in the state.

The legislature assigned specific requirements for ERDC in its originating legislation, RCW 43.41.400. This includes:

- Identify critical research and policy questions
- Analyze education and workforce data
- Collaborate with LEAP and the education and fiscal committees of the legislature to compile /analyze data
- Identify necessary K-12 data collection improvements.
- Monitor/evaluate the education data collection systems
- Track enrollment and outcomes through Public Centralized Higher Education Enrollment System (PCHEES)

## **Metric: First Year Enrollment**

### **Definition**

First year enrollment is defined as having an enrollment record at a postsecondary institution at some point in academic year following graduation, which is defined as the summer term immediately following graduation through spring term of the next calendar year. If a student enrolled at a 2-year and a 4-year institution in the year, they are categorized as a 4-year enrollee.

### **Metric: First Year Enrollment**

Enrollment by Institution Type

### **Definitions**

- 2-Year / Community Technical College (CTC) includes all Washington and out-of-state private and publicly funded 2- year institutions.
- 4-year includes all Washington and out-of-state (OOS) private and publicly funded 4- year institutions.
- **Not Enrolled** means that an enrollment record was not found in any of the data sources. Students that enroll in apprenticeship programs administered by the WA State Dept of Labor & Industries are not included in this group. They are not reported separately, however, because they account for less than 0.5% of high school graduates and rarely exceed the redaction threshold.

## **Metric: Postsecondary Completion**

### **Definitions**

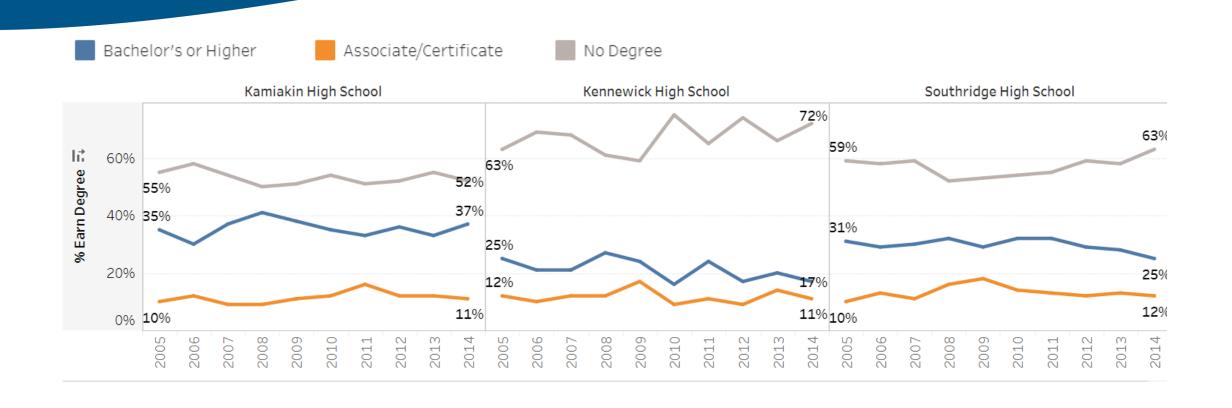

- Post-secondary completion is defined as having earned a degree or certificate at a postsecondary institution or completion of an apprenticeship program at some point in the eight academic years following high school graduation. If a student earns more than one degree or certificate during the eight year period, the highest degree level attained is reported.
- Apprenticeship includes completions in apprenticeship programs administered by the WA State Department of Labor and Industries. Apprenticeship completion is only reported at the state level because there are not adequate numbers of apprenticeship program completers to meet redaction criteria at the school and district level. Certificates include any completion of a certificate program at a 2- year institution.
- **Associate degrees** include completions of all types of associate's degrees (Direct Transfer Agreement, Transfer Degree, Applied Sciences, etc.) In this metric, if a student earns a bachelor's degree after completing an associate degree, they are only counted in the Bachelor's degree category.
- Bachelor's degrees include completions of a 4-year degree. This category also contains Applied Baccalaureate Degrees
  offered at some 2 Year / CTCs.
- **Graduate degrees** include any post baccalaureate degree (Masters, Professional Doctoral Degrees (JD, MD), Academic Doctoral Degrees (PhD)).

## **Metric: Earnings**

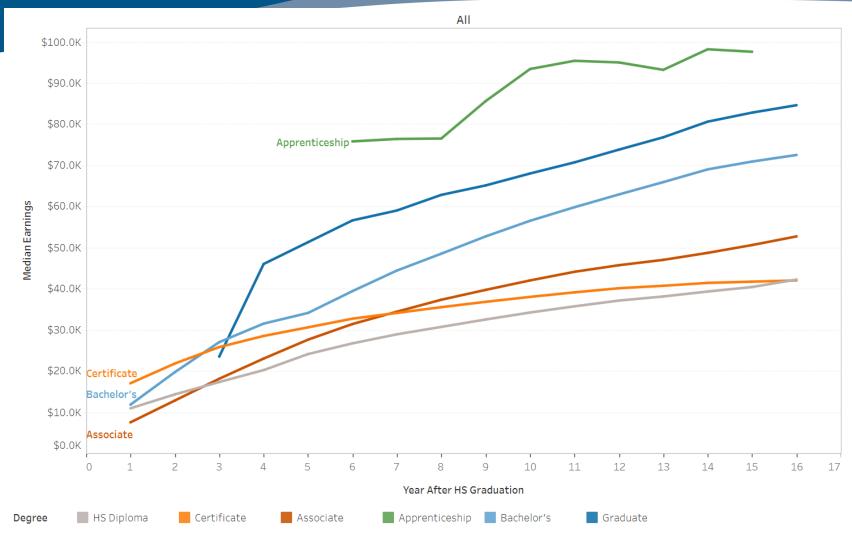

### **Definitions**

- The Washington State Employment Security Department provided Unemployment Insurance (UI) wage records for individuals employed in Washington. We display earnings measures for all cohort members who are employed in Washington, have wage records (federal employees, independent contractors, and others do not have UI wage records), and are NOT enrolled in a post-secondary institution during the calendar year.
- Earnings are displayed for years after high school graduation. Earnings data is available through 2021. Instead of reporting earnings by calendar year, we report earnings by years after graduation. This is done to maximize the number of schools, districts, and award levels that we can display: "1 year after graduation" contains sixteen years of inflation-adjusted earnings data (2006-2021). The matrix below shows the graduation year across the columns, the earnings years along the rows, and the "Year(s) after Graduation" in the cells.

## **Funding Large Capital Projects**

- Generally, projects costing >\$250K are be funded out of the Capital Fund.
- If the General Fund is in good financial position, projects with costs <\$500K are evaluated and possibly funded from the General Fund.
  - The district was allocated \$58.7M of ESSER funding. This funding allowed for projects to be funded out of the General Fund over the past few years, although the projects were not funded directly with ESSER.
- Property purchases are funded out of the Capital Fund, unless a program has specific funding in General Fund to use.
- The budget outlook for the next few years means limited use of General Fund for capital projects.

## **Capital Fund**

- Funding comes from voter-approved bond proceeds, state construction assistance program (SCAP) funding, investment interest earnings, and any funding transferred in from the General Fund.
  - Voters approved a Capital Technology Levy to fund instructional technology (student devices and other curriculum technology related to instruction).
  - Annual funds collected from the Technology Levy for years 2024, 2025, 2026 are \$4.5M, \$4.75M, and \$5.0M respectively. These funds are deposited in the Capital Fund.
- SCAP funds are state "matching" funds allocated to projects eligible for state construction/modernization. Generally, 50% - 60% of a school project is matched if the state formula shows the district needs additional square footage based on enrollment.
  - The state SCAP formula indicates the district is not eligible for SCAP funding for K-8 construction of additional square footage.

## **Capital Projects 2023-24 & 2024-25**

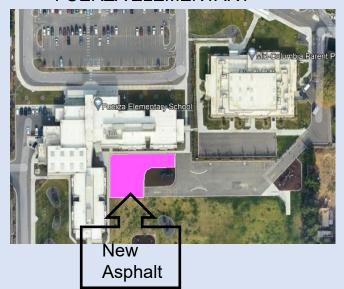

Project	Description	Estimated Cost		
School Site Infrastructure	Development around district properties (Reata school sites & Ridgeline Drive adjacent to D-Hills) – district to pay share of infrastructure costs (roads & utilities).	Earmark \$2.0M - \$3.0M for these costs. Unsure when projects will be completed/district to be billed.		
Paving/Sealcoating/Crack Fill	Phase I – Summer 2024 Kamiakin Bus Loop-sub base/asphalt failing. Kamiakin Parking Lot Off Gym across from tennis courts— Sealcoat Southridge Parking Lots – Overlay/Sealcoat Fuerza Playground – Replace grass area with asphalt play area.  Phase II – Summer 2025 – Evaluating Projects from above not completed Horse Heaven Hills Parking Lot – Off 36th Ave Lampson Parking Lot	Last spring Kamiakin projects were bid out, cost \$400K, bid rejected as only one bid. District is losing ground on parking lot upkeep. Increase project scope. Cost could be \$1.0M - \$1.5M.		
Playground	Eastgate – Fall surface replacement & play structure	Started 2023 – to finish 2024 \$180K		
IT Server Room Cooling	System erratic during summer months.	Phased in project over two years – spring 2024 and 2024-25: \$300K

### **District Funding Measures**

#### Education/Programs & Operations (EP&O) and Technology Levies

- The current Technology Levy & EP&O Levy expire in 2026.
- Renewal of these levies are proposed for a February 2026 ballot measure.
- The 2023 EP&O levy was significantly reduced to garner more voter support, given the 2022 levy failures.
- Significant increases to levy amounts are needed in future proposal to voters.

#### **Bond**

- The last Bond was in 2019. Funded projects are complete.
- For K 8, the district does not currently qualify for SCAP funding for adding additional square footage.
  - If school is 90,000 square feet and plans to make it 110,000 square feet, there would be no SCAP funding to offset the cost of the additional 20,000 square feet to be added.
- In summer 2023, the Facility Executive Committee walked through buildings becoming eligible for SCAP funding within next 10 years.
  - (Highlands/Washington/Hawthorne/Vista/Park/Horse Heaven Hills/Edison).
- We are in the process of the annual update of the 10-Year Capital Plan
  - Facility Executive Committee Meets: February/April
  - Present Plan to Board Spring 2024

## **Board Member Questions**

- When does KSD's enrollment threshold get to where we are eligible for SCAP funding again?
- Do vacant properties like Fruitland count as part of the district's square footage?
- Do we have projections from the City on population growth and timeline?
- What would be the process to move Phoenix HS to the Legacy campus? Does this fall under the capital fund balance?
- Are we able to utilize the fund balance to support projects? I thought we talked about it as a board previously that we would discuss how to utilize the money in the balance.

## What is Inclusion?

## **Least Restrictive Environment (LRE)**

LRE is the measure of the percent of a school day a student with a disability spends in general educations settings with non-disabled peers.

#### There are 3 Main IEP LRE Categories:

**LRE 1:** Placed in general education for 80–100% of the school day

**LRE 2:** Placed in general education for 40–79% of the school day

**LRE 3:** Placed in general education for 0–39% of the school day

Tier II:

**Inclusion Autism &** Behavior

Tier III: Life Skills and Autism

## **Highlights:**

- Currently in the State of WA 65.1% LRE 1 (+1.7 % increase).
- Currently in KSD 51.6% LRE 1 (+2% increase).
- Our Key Performance Indicator: Increasing LRE 1 by > 3% each year, over the next four years.

## **Efforts to Improve the KSD Inclusion Rate**

- Four learning sessions for building leadership focused on LRE and inclusionary practices.
  - School Improvement Plan (SIP) goals focused on building LRE data
  - Special Education Administrator data dashboard to track and monitor LRE improvements by building.
- Ongoing, monthly meetings with building principal to identify building needs and build capacity to develop inclusionary practices.
- Ongoing, monthly special education teacher job-alike meetings with time focused on developing inclusionary practices.
- Inclusionary Practices Teacher Cohort
- Teacher Book Study: Shift to Student Led
- Participation in the Preschool Inclusion Champions Grant

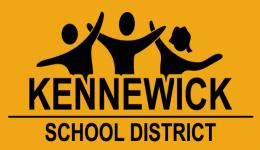

## Safety and Behavioral Supports

## **Assessing & Responding to Safety Concerns:**

- Data collection, analysis and intervention
- Establishing debrief protocols following, isolation/restraint and other safety incidents.
- Targeted, building/program specific CPI and de-escalation training for staff.

## **Behavior Supports:**

- Candy Mountain Academy is a program option on our continuum of services.
- The intervention team continues to support students and programs, district wide.
- Middle School Behavior Teacher was hired and is currently supporting students in all 5 middle schools.
- Ongoing consultation from regional practitioners

# Parent Engagement All families are key partners

## SPECIAL EDUCATION PARENT ADVISORY COMMITTEE (SEPAC)

#### WHO WE ARE

Representatives from the district, across age and ability levels, that focus on the needs of all students with special needs and are committed to improving special education services in KSD.

#### WHAT WE DO

SEPAC is an advisory committee that meets throughout the school year with district special education administration to:

- Facilitate communication between parents and community members
- Identify common goals and needs to increase parent participation and understanding of special education services
- Provide feedback on district polices and initiatives

Join Us

### Recent Membership/Participation:

- 5-8 Families representing students from preschool to high school.
- Always seeking new participants

### Topics/Connections to our Work:

- Feedback on communication and presentations
- Website Input
- Program Names
- General Feedback identifying strengths and opportunities for growth

## **Board Member Questions**

- · Certified Staff for Tier III is twice that of Tier II. Do we have twice the number of Tier III students, or is this due to state mandated ratios?
- To what is the steady increase of special education students attributed? Could we have information on the special education students over the years? What percentage are Tier I, Tier II, Tier III?
- Any idea for the increase in special education students? Is this just a result of more 504's and IEP's?
- · Are there any schools that do not host a Tier II or Tier III Special Education program? How is it decided which schools will host which programs?
- Thank you for the slide detailing staffing requirements for each program. Is this strictly teachers, or do these numbers also include Paraeducators?

#### **Presentation Outline**

- Healthy Youth Survey Definition and Information
- Healthy Youth Survey Purpose and Goals
- School and District Participation and Use of Data
- Board Questions and Discussion

### What is the Healthy Youth Survey?

- A collaborative effort of the Office of Supt. of Public Instruction,
   Department of Health, the Health Care Authority Division of
   Behavioral Health and Recovery, and the Liquor and Cannabis Board.
- It provides survey results about the health of adolescents in Washington.
- This information is used by a variety of agencies to guide policy and programs that serve youth.
- The Healthy Youth Survey is given every two years.

Source: askhys.net

# What are the stated goals of the Healthy Youth Survey?

- To deliver crucial information about the prevalence of major adolescent health risk behaviors to parents, the public, school officials, public health professionals, human service agencies and policymakers.
- To identify trends and patterns in adolescent health and risky behaviors, supporting the examination and evaluation of many different prevention, safety, and health promotion initiatives.
- To guide policy formation and improve program needs assessments of state agencies, local health jurisdictions, county prevention programs, community mobilization coalitions, and community public health and safety networks that serve youth.
- The survey also produces an analytic dataset for use by approved researchers and provides data to various community stakeholders for use in federal, state, local, or private agency grant applications.

### How is the survey administered?

- Schools register for the survey.
- Schools must notify parents and students and provide opt out information prior to receiving the survey link for students.
- Students not taking the survey must be provided an alternative activity.
- Schools designate a day and particular class period to conduct the survey in the fall.
- Survey is proctored with instructions by a staff member but taken electronically.
- Survey takes about 50 minutes to complete.
- Results are released to schools in February or March.

# What questions are students being asked?

- Questions include items about demographics, unintentional and intentional injuries; physical activity and dietary behaviors; alcohol, tobacco and other drug use; and related risk and protective factors.
- Grade 8, 10 and 12 surveys include questions about sexual behavior and abuse. Districts can submit an exemption request not to ask these questions.
- We requested and received exemption for the fall 2023 survey.
- Surveys are available for preview at askhys.net

### How are survey results used?

#### Kennewick School District:

- Some schools use the information to augment information from our annual district student survey.
- o Some schools report the survey results are not used for anything.
- o The district looks at the results and shares them with partner agencies.

#### State and County Agencies:

- o Provides information for policy and program development.
- o Provides information to guide resource allocation.
- Allows for trend analysis.
- o Provides data sets to aid in research.

# Why does the district participate in the survey?

- The survey has been conducted across the state since 2002.
- Our district has historically administered the survey.
- Districts are encouraged to participate.
- The survey is a biennial event.
- Student participation is voluntary and anonymous. Students may also decline to answer questions that are included in the survey.

### **Board Member Questions**

- What does our district specifically do with this data?Which partner agencies do we sharing the data with?
- Did we notify parents and give them an opt out?
- Are schools required to register for the survey?
  Healthy Youth Survey website indicates that small districts take the survey in 7th and 9th, in addition to 6, 8, 10, why is that?
- KSD administers the test every year to 6, 8, 10, 12 grade students? So, students take it every 2 years, but districts administer it every year?
- Are we given any money to take this survey from the state?
- What questions can we opt out of and what ones can we not? If I remember correctly there are some questionable ones that we can't opt out of.
- How are we going to ensure that this information is provided to parents and that schools are not telling students they have to take this survey? How do make sure that teachers aren't making it a grade to take?

Resolution No. 3 2023 - 2024

#### **RESOLUTION NO. 3, 2023-2024** Financial Literacy Instruction

WHEREAS, HB 1915 proposes making financial education instruction a graduation prerequisite and a required component of public education, amending RCW 29A.300.468; adding a new section to chapter 28A.230 RCW; and creating a new section; and

WHEREAS, the Kennewick School District Board of Directors recognizes that acquiring and applying a basic knowledge of personal finance is critical in ensuring that students are prepared for success in post-secondary education, work, and life; and

WHEREAS, the Kennewick School District Learner Profile specifically sites knowledge and application of financial literacy skills as a necessary requisite to students reaching their highest potential and graduating well prepared for success in post-secondary education, work, and life – the mission of the Kennewick School District; and

WHEREAS, Kennewick School District students have taken proactive measures to learn financial literacy skills through formation of and participation in school-based financial literacy clubs and have actively advocated for financial literacy learning at the state legislature; and

WHEREAS, Kennewick School District is presently conducting a review and will make a recommendation to the Board of Directors regarding implementation of a financial literacy graduation requirement for students beginning with the Class of 2029;

**NOW, THEREFORE BE IT RESOLVED,** that the Kennewick School District Board of Directors fully supports financial literacy learning and instruction in its school and will fully support any laws enacted requiring financial literacy as a graduation prerequisite for students in our state.

Adopted and approved this 13th day of February 2024.
