BOND HILL ACADEMY OF MATH AND SCIENCE DISCOVERY

Hello 6th grade scholars and families!!

Ms. McDowell and Ms. Dugan are excited to have students back in our classrooms! We can't wait for you to join us on our learning adventure.

Throughout this school year we will be engaged in many STEM related activities in all the content areas. These different assignments will stretch your students in their intellectual, personal and social developments. In the middle school years, these areas are of great importance as they all tie in together within the learning process.

We would like to stay in constant communication with you, but know that isn't always feasible. Please join the Schoology community (it is like Facebook and you'll get a letter to sign up from the district) and sign up, login to Powerschool (you should get a district letter for this as well), and join our Remind as these are all ways we can communicate. Schoology holds classwork and Powerschool can show grades and behaviors.

If there are any questions regarding the rules and procedures, please do not hesitate to contact myself or Ms. Dugan.

We are always happy to discuss your student and their needs. Please do not hesitate to contact us in regards to assignments, materials, or to discuss your student's activity within our classes. Their first homework assignment is to return the last page of the syllabus stating that you and they have read and reviewed the information and agree to our classroom policies.

We look forward to working with your child this year!

Ms. McDowell
Ms. Dugan
