NORWALK HIGH SCHOOL

About Us

Norwalk High School has been proudly serving the community of Norwalk, California since 1956, the school has developed a rich tradition of academic excellence as well as an outstanding extracurricular program that includes the arts, athletics, and a variety of student organizations and activities. Norwalk High School has strong partnerships with the community that it serves, working closely with both the PTSA and City of Norwalk, surrounding colleges, and universities, to provide resources and support for students and their families.

Our school is known for our amazing pathways. We have a medical academy, a computer science academy, an engineering academy, a visual and performance art academy that we call LA FAME.

Vision for Student Achievement

All students will develop and demonstrate 21st-century skills. They will learn how to utilize technology, acquire knowledge, think critically, communicate clearly, and collaborate effectively. They will develop strong intellectual curiosity, creative expression, and a solid character in a safe environment. When they graduate, students will be college and career ready, and on their way to becoming the leaders of tomorrow's global economy.

Every Student. Future Ready. Our Promise!
