

# KILLINGLY HIGH SCHOOL

## Library Newsletter

[Library website](#)

Winter 2024

Hello and happy 2024! Earlier this year, we had all freshmen English classes come to the library for freshmen orientation. After a tour & presentation, students completed a scavenger hunt and had time to check out books.

Access World News is your go-to source for news & current events. While its reach is comprehensive and wide, it also contains local CT newspapers. To check it out, use the login: khs5954 and the password: bigred.

This past December, we also held a parent paper-arts workshop where we made candleholders out of old paperback books. It was a fun afternoon of crafting in the library! We will be doing another paper-arts workshop in the spring.

Our online catalog is Destiny. You can find all our library materials here.

Coming up:

### **KHS Library Revamp**

The library is currently undergoing a mini-transformation and we will provide all the details in the next issue.
