CANVAS Parent Guide

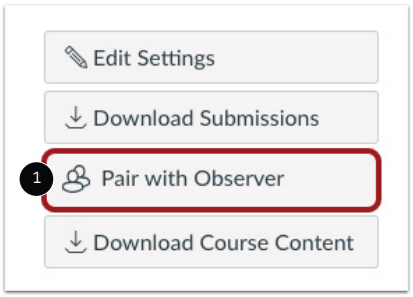

How to Create a Parent Account (Observer)

Step 1: Generate Student Pairing Code

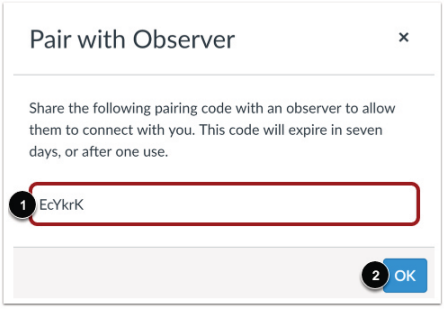

Have your student log into Canvas and click the Account link (1), then click the Settings link (2)

In the top right corner click the Pair with Observer button (1)

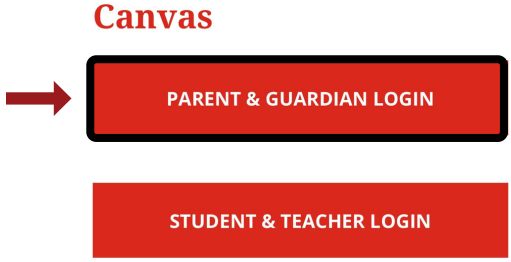

Copy the pairing code (1) This is needed for Step 2

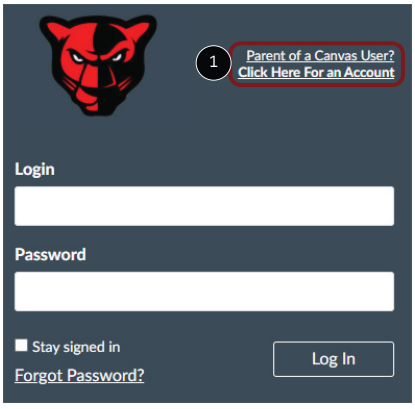

Step 2: Create Observer Account

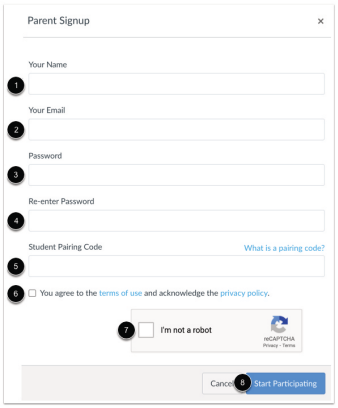

Go to petal.instructure.com and click on Parent & Guardian Login

Click on Parent of a Canvas User? (1) in the top right corner

Enter your information into the spaces provided and click the Start Participating Button (8)

You can begin observing your student in Canvas immediately
