Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2022-2023 education process for Rosedale Elementary School. The AER addresses the complex reporting information required by federal law and state laws. The school's report contains information about student assessment, accountability and teacher quality. If you have any questions about the AER, please contact Paula Kohler, Principal of Rosedale Elementary, for assistance.

The AER is available for you to review electronically by visiting the following web site [Rosedale Website](#) or you may review a copy by contacting Rosedale Elementary School office.

For the 2023-2024 school year, schools were identified based on previous years' performance using definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that had at least one underperforming student subgroup in 2022-2023. An Additional Targeted Support (ATS) school is one that had a student subgroup performing at the same level as the lowest 5% of all schools in the state in 2021-2022. A Comprehensive Support and Improvement (CSI) school is one whose performance was in the lowest 5% of all schools in the state or had a graduation rate at or below 67% in 2021-2022. Some schools are not identified with any of those labels. In these cases, no label is given. Our school has not been given one of these labels.

The AER has two major sections to it that are required by state law. The information contained in the first section was compiled by district staff. It presents relevant information about our district, our academic programs, school improvement efforts, two years of results on district developed assessments and nationally norm referenced assessments. It also includes the district's parent involvement policy and specialized programs.

The second section of the report contains information provided by the Michigan Department of Education and is required to be presented in MDE format. Based on this data, our school has identified underperforming subgroups of students, including economically disadvantaged students and students with disabilities, for whom additional intervention and support is needed in order to increase their proficiency and to close the achievement gap in the targeted areas.

Rosedale has in place is a multi-tiered system of support, including the use of research-based interventions, such as Orton Gillingham instruction, Leveled Literacy Intervention, and iReady Reading Instruction. In addition, ongoing professional development and dialogue focusing on

strategies to support struggling learners takes place regularly. Ongoing analysis of formative assessment to determine the needs of all students, followed by the provision of targeted learning intervention to students in need. These initiatives are intended to accelerate the student achievement levels in meeting both the school's and the state's proficiency targets, thereby closing learning gaps including those of the bottom 30% of our performers. Grade level teams meet regularly for PLC sessions and we conduct schoolwide data dives four times a year for Tier I and Tier II reflection and improvement. These initiatives are intended to accelerate the student achievement of subgroups, including the state's bottom 30%, that are not meeting our school's proficiency targets.

Our collaborative efforts positively impact our school's success and student achievement as evidenced by the steady reduction of students on Individualized Reading Intervention Plans.

Sincerely,  
Paula Kohler,  
Rosedale Principal
