Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2022-2023 education process for Churchill High School. The AER addresses the complex reporting information required by federal law and state laws. The school's report contains information about student assessment, accountability and teacher quality. If you have any questions about the AER, please contact Kristen Quesada, Principal of Churchill High School, for assistance.

The AER is available for you to review electronically by visiting the following web site [Churchill Website](#) or you may review a copy by contacting Churchill High School office.

For the 2023-2024 school year, schools were identified based on previous years' performance using definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that had at least one underperforming student subgroup in 2022-2023. An Additional Targeted Support (ATS) school is one that had a student subgroup performing at the same level as the lowest 5% of all schools in the state in 2021-2022. A Comprehensive Support and Improvement (CSI) school is one whose performance was in the lowest 5% of all schools in the state or had a graduation rate at or below 67% in 2021-2022. Some schools are not identified with any of those labels. In these cases, no label is given. Our school has not been given one of these labels.

The AER has two major sections to it that are required by state law. The information contained in the first section was compiled by district staff. It presents relevant information about our district, our academic programs, school improvement efforts, two years of results on district developed assessments and nationally norm referenced assessments. It also includes the district's parent involvement policy and specialized programs.

The second section of the report contains information provided by the Michigan Department of Education and is required to be presented in MDE format

At Churchill High School we have several key challenges we are facing as it pertains to our State test scores. The challenges are to improve our subgroup test scores and bring the students in those groups to the levels they need to be so they are meeting the State proficiency targets. The three largest target groups for Churchill High School are the bottom 30%, students with disabilities, and African American students. We are instituting or continuing the following initiatives to help address the scoring gap between our proficient students and the bottom 30%, our students with disabilities, and our African American students.

We are working to address these issues in the following ways:

- Continuing to refine Churchill's school improvement plan to meet the needs of all Churchill students.
- Continuing Algebra Lab, supported by diagnostic testing, to help freshmen who need to increase math skills.
- Utilizing i-Ready to improve reading levels for students in Freshman Transition.
- Continuing the liaison model for supporting special education resource room students.
- Continuing to run classes for struggling learners such as Academic Prep and Academic Success Strategies.
- Expanding our before- and after-school programs to include a math lab during lunch hour, more peer tutoring, and staff interaction with students in classrooms and computer labs.

These initiatives are intended to accelerate the student achievement of subgroups, including the bottom 30%, students with disabilities, and black and African American students that are not meeting our school's proficiency targets.

State law requires that we also report additional information as found on the following pages.

Our collaborative efforts positively impact our school's success and student achievement.

Sincerely,

Kristen Quesada
Churchill Principal

ASSIGNING PUPILS TO THE SCHOOL

All students are assigned to Churchill High School based upon attendance within the geographic boundaries of the school as well as participation in magnet programs.

SCHOOL IMPROVEMENT

School improvement is a process by which stakeholders in a school work cooperatively to improve student achievement. An analysis of student achievement data led Churchill High School Staff to focus our improvement efforts on the fundamental areas of reading, writing, mathematics, and science. We have developed action plans using proven interventions and are annually documenting our progress toward the achievement of these goals.

Currently, the staff at Churchill High School is focused on improving student achievement in the target areas of reading, writing, mathematics, and technology. Churchill High School's academic goals during 2022-2025 are as follows.

Reading/Writing:

The percent of students proficient on SAT EBRW will increase by 3% each year for the next three years on the PSAT 9-10 and SAT.

The percent of Economically Disadvantaged students proficient on SAT EBRW will increase by 3% each year for the next three years.

Math:

The percent of students proficient on SAT math will increase by 3% each year for the next three years on the PSAT 9-10 and SAT.

The percent of Economically Disadvantaged students proficient on SAT Math will increase by 3% each year for the next three years. All staff and students will utilize new technology.

All staff and students will take an active role in a Multi-Tiered System of Support, referred to as “Mascot Time”. This serves as a Tier I Intervention for academic support and social-emotional learning.

Each curricular area at Churchill High School has developed an individualized School Improvement Action Plan outlining how teachers will assist students in meeting the reading, writing, and mathematics goals in ways relevant to each particular subject area. Progress in the goal areas will be measured through a variety of local, state and national standardized assessments.

Our goals for the 2021-22 school year are:

1. All students will read, comprehend, and draw inferences from the text; students will be able to explain their understanding of the text verbally, written or through other performance task.
2. All students will effectively quote from the text using facts and details to write informative and opinion pieces.
3. All students will solve real world math problems within all mathematical operations.
4. All students will experience a positive, safe and welcoming environment where both students and adults respect and value one another.
5. All students will demonstrate proficiency in effectively integrating knowledge and skills across multiple disciplines.

SPECIALIZED SCHOOLS OR PROGRAMS

In addition to the regular 9-12 program, our high school students may be enrolled in the Career Intern Program; CTE courses at the Livonia Career Technical Center; Mathematics, Science and Computer (MSC) program at Churchill; Creative and Performing Arts (CAPA) program at Churchill; Global Education program at Stevenson; the special education, pre-vocational and vocational education program for students with disabilities at Franklin and Churchill; and our post high school program Western Wayne Skill Center at Garfield Community School and the Livonia Transition Program (LTP) at Schoolcraft College. Other special education programs for high school students are available in western Wayne County for our students with disabilities

based upon their individual needs. Specific information about these programs is available on the district Web site at www.livoniapublicschools.org.

CORE CURRICULUM

The core curriculum at Churchill High School provides learning experiences in reading, writing, speaking, listening, spelling, handwriting, mathematics, social studies, science, technology, health, physical education, art, instrumental music, vocal music, library/research skills and enrichment activities. The core curriculum is based on the Common Core State Standards for Mathematics and English Language Arts.

The goal of education is to provide all learners with a solid foundation of skills, knowledge, and understandings that are necessary for their continual growth and success as students within the school setting and as adults in society. As a result of sound K-12 education based on well-defined educational outcomes, a Livonia Public School graduate will:

- Respect self, others, and the environment.
- Communicate effectively.
- Know how to learn and work productively.
- Acquire and process information.
- Use critical and creative thinking to make decisions and solve problems.
- Work and participate independently and cooperatively.

Acquire a core of understanding and competencies within the content areas.

A copy of the core curriculum may be obtained from the district's Academic Services Department.

STUDENT ACHIEVEMENT ON STATE AND NATIONAL ASSESSMENTS

STATE ASSESSMENTS

The PSAT 8/9, 10 and SAT are part of the College Board's "SAT Suite of Assessments" and is offered to eighth through eleventh grades. The tests measure the same skills and knowledge in ways that make sense for different grade levels. The tests keep pace with student progress, matching the scope and difficulty of work in the classroom. All students take PSAT 8/9, 10 and SAT as a part of the State of Michigan's assessment system (MME).

PARENT TEACHER CONFERENCES

One of the most important factors of a student’s success in school is the involvement of parents or guardians in the educational process. Churchill High School has a high degree of parental involvement. Parenting activities this year are: Fall Open House, monthly PTSA meetings; Meet the Team Nights; an MSC Open House, and a 9th Grade Preview Night. This year we also held parent-teacher conferences twice- once in the fall and once in the spring, which was very successful again.

During the 2021-2022 fall parent/teacher conferences, 24.2% of our parents (324 parents) attended fall conferences.

During the 2022-2023 fall parent/teacher conferences, 31% of our parents (386 parents) attended fall conferences.

PARENT INVOLVEMENT

The district's Parent Involvement Plan is available on the district's website, which is linked to each school's website.

BOARD POLICY

IDD

**INSTRUCTIONAL PROGRAM
PARENT INVOLVEMENT**

**JUNE 20, 2011
Reviewed 5/2014**

The Board strongly encourages and welcomes the involvement of parent(s)/guardian(s) in all of the District's educational programs. It is recognized and appreciated that parents/guardians are the "first teachers" of their children, and that their interest and involvement in the education of their child should not diminish once their child enters the schools of the District. Accordingly, the Board directs, by the adoption of this policy, that the administration shall design a program/plan that will encourage parent(s)/guardian(s) how to become more involved in their child's educational programs.

Pursuant to state law, the Superintendent shall provide a copy of the District's Parental Involvement plan to all parents.

DATA FROM THE MICHIGAN DEPARTMENT OF EDUCATION

These reports contain the following information:

Student Assessment Data

Includes the following four assessments: M-STEP (Michigan Student Test of Educational Progress), College Board PSAT, MI-Access (Alternate Assessment), and College Board SAT. This section of the report presents assessment information for English language arts and mathematics for grades 3 to 8 and 11, and MI-Access science for grades 4, 7 and 11, compared to state averages for all students as well as subgroups of students.

Accountability – Detail Data and Status

The accountability portion of the AER includes assessment proficiency and participation rates, graduation or attendance rates, as well as accountability index values showing school performance on a 0-100 scale.

Teacher Qualification Data

- Identifies the number and percentage of inexperienced teachers, principals, and other school leaders. Reports teachers who are teaching with emergency or provisional credentials.
- Includes teachers who are not teaching in the subject or field for which they are certified.

NAEP Data (National Assessment of Educational Progress)

- Provides state results of the national assessment in mathematics and reading every other year in grades 4 and 8

Civil Rights Data

- Provides information on school quality, climate and safety.
