Families, Your Engagement Improves Your Child's Success in School

Getting involved means your child is more likely to improve attendance, graduate, improve and develop their skills, and be prepared for college, career, and life.

LAP Supports Available at Your School:

- ☐ Before & After School Programs
- ☐ Summer Programs
- ☐ Small Group Instruction
- ☐ Graduation Supports

- ☐ Kindergarten Transitions
- ☐ Family Engagement
- ☐ Social Skills Instruction
- ☐ Mentors for Students
- ☐ *(Other)*

- ☐ Behavior, Mental Health, Social Emotional Supports
- ☐ Student to Student Conflict Resolution
- ☐ *(Other)*

School Role

Identify your child's needs

Determine if the student needs LAP services by reviewing data to determine if the student is below grade-level in ELA and/or math using multiple measures.

Select, monitor, and adjust the service(s)

Work together to create a LAP program based on best practices that will meet the needs of the student. Implement academic and nonacademic supports, and monitor the academic progress of the student to make sure the student reaches their goal.

Engage families and the community

Communicate important information and involve families. Design activies families can use to engage their students at home in support of the student's goals. Consider collaborating with community organizations to support student needs.

Family Role

Build the habit of good attendance early

Work with your child and his/her teacher to help your child develop strong attendance. Your enthusiasm is a big boost to success.

Inform yourself

Learn about program services and activities provided at your child's school.

Get involved

Participate in district/school meetings and activities.

Give feedback

It can improve services for your student, and help engage families and the greater community.
