### **EXHIBIT C – SS-ARS PRIVACY AGREEMENT**

This Privacy Policy describes how we at Sandy Hook Promise (“SHPF”), together with our partners Navigate 360, LLC (our “Partner”), collect, use, share and maintain information from you when you use our Say Something mobile app (the “App”) or related website, [www.saysomething.net](http://www.saysomething.net) (the “Site”) and telephone crisis line, 844-5-SAYNOW (the “Phone”). The App, Site and Phone are designed to maximize your privacy, by providing you with a means to anonymously report events or issues of concern to you. Accordingly, we do not require you to provide any personally identifiable information when you use the App, Site or Phone. However, you may provide such information at your discretion.

By using the App, Site and/or the Phone, you consent to the use, disclosure, transfer, and processing of information we collect from you as set forth in this Privacy Policy.

Please note that when you use the App, Site or Phone, you may connect with your school, which, along with SHPF, helps triage and act on the information you provide. Once the information is received by your school, it will no longer be governed by this Privacy Policy. If you wish to know about the data privacy practices of your school, please contact officials directly.

#### **What information do we collect?**

Information You Provide: SHPF and our Partners collect information from you when you provide it through the App, Site and/or Phone. You provide information, for example, when you initially select a school; report and/or update a tip; submit pictures, videos, audio files, or other content; make informational inquiries using topic tabs on the App and website and, update your school location (via the App only).

#### **How do we use this information?**

SHPF and our Partners may use the information we collect for legitimate purposes, such as:

- helping you in an emergency, such as by directing your tips and other communications to operators and responding via secure, anonymous live chat;
- providing you with additional or added products, services, or information as it relates to your submission;
- providing you with information about the App, Site or Phone required notices;
- improving the App, Site or Phone services we provide, such as by using analytics to improve and enhance the performance and ease of use;
- generating and analyzing statistics about your anonymous use of the App, Site and/or the Phone;
- detecting, preventing, and responding to fraud, intellectual property infringement, violations of our Terms of Use, violations of law, or other misuse of the App, Site and/or Phone; and
- to support our business performance and operations (*e.g.*, reports, trends, etc.).

#### **When and to whom do we disclose the information?**

We disclose the information you provide through the App, Site or Phone to the affiliated school you designate on the App, Site or on the Phone.

We also may disclose information we collect from you:

- to public safety officials and other government entities on an emergency basis or when requested by you;
- as required by law, such as to comply with a subpoena or other legal process, or to comply with government reporting obligations;
- when we believe in good faith that disclosure is necessary (a) to protect our rights, the integrity of the App, Site and Phone, the rights of the schools with which we partner, or your safety or the safety of others, or (b) to detect, prevent, or respond to fraud, intellectual property infringement, violations of our Terms and Conditions for the App, Site and Phone, violations of law, or other misuse of the App, Site and/or Phone; and
- to another organization in the event, we were to combine with or be acquired by that organization.

We do not share any personal information with third parties for their marketing purposes.

### **Security of Collected Information**

SHPF and our Partners use reasonable efforts to maintain the security, confidentiality, and integrity of information we collect through the App, Site and Phone. Your account on the App is password-protected, so unless you share your password, only you can access and view the information in the account. You are responsible for maintaining the secrecy of your password and any account information.

### **Information from Children**

Because our site is a serious tool used to help prevent violence and victimization in schools, we do not allow anyone under grade 6 to use our App, Site or Phone. If you believe we have received information from someone under grade 6, please contact us at the email address provided at the end of this Policy.

### **Retention of Information**

We may retain your submitted tip and information regarding your affiliated school for a minimum of 8 years or as long as necessary to fulfill the purposes described in this Privacy Policy, as required by law, or for legitimate business purposes to the extent permitted by applicable law.

### **Stories of Impact & Data Sharing**

SHPF periodically shares SS-ARS “stories of impact” and/or tip data internally, with donors, members of the media, as part of national/regional research projects, and our SS-ARS partners to showcase the impact our program has on student lives and their school and community culture, and to make changes to programs, where necessary. When we share these stories and data, all information specific to gender, location, and any other details that could allow the tipster, victim, or the school to be recognized are scrubbed from story or data, unless otherwise agreed to by Escondido Regional Safety Consortium. Any use of tip data in research is similarly disaggregated and anonymized.

### **IP Disclosure**

SHPF takes the anonymity of our Tipsters very seriously—after all, the promise of anonymity is the foundation of our program and one of the important reasons we have been able to save countless lives. We have an unequivocal commitment to protecting the anonymity of those who *Say Something* to get help for someone who is a potential danger to themselves or others—that is, for Tipsters who report *in good faith*.

As noted above, there are rare cases, however, in which a Tipster may make a false claim or use the system to harass or intimidate others— and in such cases, anonymity of the Tipster is not guaranteed. The Crisis Center Team has access to two pieces of information that can help narrow-down or identify a Tipster:

- IP address (web/mobile tips)
- Caller ID information (hotline tips)

For a district to gain access to either of the above pieces of information, **they must:**

1. Submit a formal request for IP address/Caller ID retention
2. Provide a detailed articulation of surrounding events, investigation efforts/outcomes, a law enforcement case number, and contact information for a law enforcement sponsor
3. Conduct a phone call with Crisis Center Management to discuss the rationale behind the request.

#### **What to Know about IP Addresses:**

- IP addresses are only stored by the P3 system for 72 hours following a tip’s initial submission; once this 72-hour window has closed, the IP address is permanently purged and no longer available.
- IP retention requests must be made within this 72-hour window; when an IP retention request is made, the IP(s) are pulled and securely stored by a member of the Crisis Center Team.
- Retained IP(s) will not be disclosed until proper documentation, including an articulation of events and outcomes (based on the **Disclosure Criteria** listed below), is provided in writing and approved by the Crisis Center Director or designees listed below.
- Disclosure of an IP address is not “breaking anonymity” and does not guarantee you will be able to ID the tipster; an IP address is a single clue in part of a larger investigation.
- IP addresses are unreliable if associated with public internet service (e.g. Starbucks, school Wi-Fi, etc.), if originating from a mobile hotspot, or if concealed by a VPN (virtual private network).
- Typically, internet service providers (e.g., AT&T) will require a subpoena to disclose the subscriber information associated with an IP address, which can be used to narrow the identity of a tipster; this particular area of technical support is not generally available outside of standard M-F business hours; understand that information you seek often does not come quickly or easily. Additionally, any information obtained from an internet service provider pertains to an adult account holder and not a juvenile. This may require additional resources to connect the adult to a potential juvenile in question for this information to be helpful.
- There are no “reverse-lookup” capabilities for IP addresses.

#### **IP Address/Caller ID Disclosure Criteria**

First-person Tips: *Tipster is reporting about themselves or about harm they are planning to commit*

- Imminent threat to life or property
- Tipster refuses to self-identify
- Tipster refuses to provide any details that can be used by district / school personnel or law enforcement to identify the tipster.

Third-person Tips: *Tipster is reporting about someone else or about a threat with which the tipster is not involved*

- Information provided is seemingly legitimate and credible
- Upon a thorough investigation, a reasonable person would conclude that the information was deliberately false and provided with the intent to harm or disrupt (i.e., information was provided in bad faith; considered an “abuse of the system”)
- Results in a significant expenditure of time and/or resources OR in undue harm to an individual(s)

#### **Changes to this Privacy Policy**

We may update this Privacy Policy periodically and without prior notice to you to reflect changes in our information practices. Whenever we update the Policy, we will post new (revised) Privacy Policy within the App or on the Site.

**Contact us**

If you have any questions about this Privacy Policy or our use of your information collected through the App or the Site, please contact us at [anatheasimpkins@sandyhookpromise.org](mailto:anatheasimpkins@sandyhookpromise.org).

**EXHIBIT D SS-ARS Event Types**

**Below is a list of event types that Tipsters can choose from the dropdown when submitting a tip. When a Crisis Counselor receives, vets, and triages a tip, it is categorized as Life Safety or Non-Life Safety based on the criteria below.**

For a tip to be designated by a Crisis Center Crisis Counselor as “Life Safety,” the tip must articulate a **threat of substantial bodily harm or death**. **And** it must have **at least one** of the following characteristics:

- **Actionability:** enough information is available for a welfare check/intervention to immediately take place
- **Timeliness:** reported concern is imminent, in-progress, or just happened
- **Credibility:** information is clear, consistent, convincing, and supported by evidence
- **Probability:** subject has the means, intent, and opportunity to carry out the threat

*Based on their intuition and the totality of the circumstances, Crisis Counselors have the discretion to err on the side of caution and make a Life Safety designation.*

**911 Dispatch Training and P3 Use**

The SS-ARS model is designed to contact and involve local 911 dispatch in life-threatening situations. However, local 911 is not required to attend training or use the P3 system. SHPF will, however, make SS-ARS training available to all local 911 dispatch centers in accordance with the SS-ARS model. It will also make available the SS-ARS web-based tip management system which provides access to:

- View real-time anonymous dialogue between tipsters and SHPF Crisis Counselors
- View any pictures, videos or evidence attached to a tip
- Dialogue with a tipster if necessary
- Access real-time updates to an evolving situation, potentially providing officer safety information

Escondido Regional Safety Consortium and SHPF agree and acknowledge that SHPF will not be held liable for any adverse outcome resulting from a local 911 dispatch’s refusal to participate in training or use the SS-ARS model or web-based tip management system as intended.
