October 17, 2023

To the Citizens of York School District One:

We are pleased to submit to you the Annual Comprehensive Financial Report ("ACFR") of York School District One ("District") for the fiscal year ended June 30, 2023. State law requires that all school districts publish within five months of the close of each fiscal year a complete set of financial statements. This report has been prepared in conformity with generally accepted accounting principles ("GAAP") as set forth by the Governmental Accounting Standards Board ("GASB") and other recognized authoritative sources.

This report consists of management's representations concerning the finances of the District. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the District has established a comprehensive internal control framework that is designed both to protect the District's assets from loss, theft, or misuse, and to compile sufficient reliable information for the preparation of the District's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the District's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects. We also believe that all disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

The District's financial statements have been audited by Greene Finney Cauley LLP. The goal of the independent audit was to provide reasonable assurance that the financial statements of the District for the fiscal year ended June 30, 2023 are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded that there was a reasonable basis for rendering an unmodified opinion that the District's financial statements for the year ended June 30, 2023 are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the District was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. These reports are available in the compliance section of this annual comprehensive financial report.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the financial statements in the form of Management's Discussion & Analysis ("MD&A"). This letter of transmittal is designed to complement MD&A and should be read in conjunction with the MD&A, which can be found immediately following the report of the independent auditor.

REPORTING ENTITY

The District defines its reporting entity by applying the criteria set forth in GASB #14 and GASB #39 to potential component units. Briefly, a component unit is an organization for which the District is financially accountable or other organizations that, because of the nature or significance of their relationship with the District, would cause the District's financial statements to be misleading or incomplete if they were omitted from the reporting entity. These criteria are discussed in more detail in Note 1 to the financial statements.

Using these criteria, management has determined that the District has no component units, nor is it a component unit of any other organization.

GENERAL INFORMATION, LOCAL ECONOMIC CONDITION AND OUTLOOK

The District is one of four K-12 school districts within York County, and is located in the southwestern region of the County. The District encompasses the entire City of York, and several smaller municipalities located on the western border of York County. Geographically, the District is the largest of the four districts and encompasses approximately 40% of the land use in the County, but only makes up approximately 7% of the County's total assessed value, which was \$131,208,552 for tax year 2022.

The District was created in 1954 by the consolidation of seven school districts within the County. The District has approximately 4,807 students in 2022-2023. For the 2023-2024 fiscal year, the district is projecting enrollment to be approximately 5,100. The district currently operates ten schools: Hunter Street Elementary School (4K-4), Jefferson Elementary School (4K-4), Cotton Belt Elementary (4K-4), Hickory Grove Sharon Elementary (4K-6), Harold C Johnson Elementary (4K-4), York Intermediate School (5-6), York Middle School (7-8), York Comprehensive High School (9-12), Floyd D Johnson Technology Center (9-12), and York One Academy – Alternative School (5-12). The District also hosts a Family Resource Center with parenting education resources and a free medical clinic.

The age of active school buildings in the School District range from 1974 to 2012 and can be found in Table 17 of the statistical section of this report. The School District continues to monitor the long-term capital needs and maintenance needs of facilities throughout the District. The District has established and maintains strong collaborative relationships with higher education institutions in the area including Winthrop University, York Technical College and the University of South Carolina at Lancaster for dual credit course offerings and professional development for staff. Additionally, the District partners with local businesses through the Greater York Chamber of Commerce to provide School to Work opportunities for students. Through collaborations with local health and human service agencies to include Keystone Substance Abuse Services, The Early Learning Partnership of York County, York County First Steps, York County All on Board, and Dental Access Carolina, among others, the district is able to provide needed services and support to students.

The District received District-level accreditation through the COGNIA. District accreditation is a national protocol for school districts committed to systemic, systematic, and sustainable improvement. When a district earns accreditation, all schools in the district must meet the COGNIA Accreditation standards for quality school systems, engage in continuous improvement, and demonstrate quality assurance through internal and external review. Accreditation standards a district must demonstrate are:

- Vision and Purpose
- Governance and Leadership
- Teaching and Learning
- Documenting and Using Results
- Resources and Support Systems
- Stakeholder Communications and Relationships
- Commitment to Continuous Improvement

The School Board of Trustees is made up of seven members elected by the qualified electors of the District. Five of the members are elected from a single member district, and two members are elected at large. The Board meets the second Tuesday of each month except for July. The Superintendent is appointed by the Board of Trustees and is responsible to the Board for the operation of all phases of the District's activities.

York County is located in the Piedmont section of South Carolina and is bordered on the north by North Carolina. The county has a land area of 685 square miles and had an estimated population of 298,896 in 2023. This figure represents an approximate 30% increase in population over the 2010 census of 226,073. The District encompasses approximately 316 square miles of the County. The County's per capita income was \$56,566 in 2021. The County's unemployment rate was 3.6% at June 30, 2023, which is higher than 3.3%, at June 30, 2022. The County is served by two major interstates: Interstate 85 and Interstate 77, which provide access to the larger metropolitan area of Charlotte, North Carolina. The City of York is the County seat of York County, and had a population of approximately 8,784 in 2023.

While industrial and manufacturing plants are still a major source of employment for York County residents, a broader, more diversified base of employment also exists in the County, with Duke Energy Corporation, Wells Fargo Home Mortgage, the County of York, Winthrop University, Paramount Parks-Carowinds, and all 4 of the County's school districts being in the list of top 25 employers in the County.

MAJOR INITIATIVES

The following are initiatives the District focused on during the 2022-2023 fiscal year:

Academic Resources:

- The elementary schools operated Girls on the Run programs, providing curriculum that combines character education focused on building self esteem with a physical education component, leading ultimately to participants running 5k events.
- Through a grant to Keystone Substance Abuse Services, the District participated on an advisory board which planned and implemented parent information sessions in each district in the county. The RAP (Raising Awareness for Parents) sessions were held throughout the year and ranged by topics from mental health issues, faces of depression and human trafficking.

- Keystone Substance Abuse Services was awarded a three-year grant though the Duke Endowment to implement a Student Assistance Programs in each York County District. A full-time counselor was placed at the high school where she will conduct assessments, provide counseling, and intervention to referred students. Sixth grade students in the district will participate in Life Skills curriculum, an evidenced based prevention program.
- The District has an Academic Reinforcement Center (ARC) which is a comprehensive approach for students to earn credits that otherwise would have been lost due to poor grades, absenteeism or other factors.
- Through continued collaborative efforts with Affinity Health Care and York County First Steps, the free medical clinic offered within the Parenting Partnerships Family Resource Center offers services of a family nurse practitioner in addition to a pediatrician and nurse. Services were expanded through Affinity's management to also include prevention and treatment for uninsured and underinsured adults in addition to children in the district.
- The District continues to partner with York Technical College to expand our ability to bring dual credit opportunities to our students. York Tech has made it possible for the district to administer the COMPASS college placement test to targeted juniors/seniors. These test scores will be used as the main qualifying criteria for admittance into dual credit courses offered at York Comprehensive High School through York Technical College.
- The District continued with the Middle College program with a joint partnership with York Technical College. The program is a non-traditional high school program designed for juniors and seniors with a high aptitude and potential for college success. The long-term goal of the Middle College is to promote a college going culture by engaging students in relevant learning while providing them an opportunity to graduate. Students participate in the course on the campus of York Technical College.
- The District continued our partnership with York Technical College for an Early College program targeting high achieving 8th grade students. These students have the opportunity to earn a University Studies Certificate over the course of their high school career, the equivalent of 31 hours of college transferrable courses.
- The District is a partner with Winthrop University's NetScope (Network of Sustained, Collaborative, Ongoing Preparation for Educators) grant. Through this partnership, schools in the district who are identified as partner schools or professional development schools participate in extensive based professional development to improve preservice and in-service training.
- In keeping with our district strategic goal to "create quality opportunities for ongoing learning for students and staff in order to promote innovation and flexibility" and several of our district beliefs, we recognized 37 teachers who participated in the job-embedded learning and practice of new instructional skills and processes to implement a student-centered learning environment. Participants receive 1:1 coaching and support during the learning cycle. These participants become learning lab leaders to model student centered learning practices and strategies for others in their school and help others to implement these practices.
- The District offered a summer academic recovery camp for struggling third graders. The camp offered social-emotional literacy curriculum and a high level of classroom engagement.

- Winthrop University Center of Excellence will focus on teacher residences as a viable opportunity to address the teacher shortage. ASPIRE, Addressing Shortages Partnership Internship Residences in Education, seeks to design, study, and disseminate best practices for Internship certification implementation specifically with undergraduate teacher candidates. In partnership with York School District One, Rock Hill School District, and Clover School District, ASPIRE will utilize a case study and improvement science approach to develop an undergraduate Internship Certificate program that addresses teacher recruitment and retention at all pre-baccalaureate levels.
- The District continued its partnership with Atrium Health. Through this partnership a full-time athletic trainer will be hired to work with athletes at York Comprehensive High School
- Through a partnership with York County First Steps, at risk 4-year old's participate in a
 Count Down to Kindergarten summer program prior to entering kindergarten during
 which they receive educational home visits to prepare them with skills which promote
 school readiness.
- Through a partnership with United Way, York Technical College, and York School District One, and with grant funding from the United Way, adults in our community have the opportunity to participate in a Microsoft Office Certification and Customer Service Certificate Program offered in the evenings during spring semester. This past spring, 11 participants earned a Customer Service Certificate and seven completed the Microsoft Office Certification classes.
- The instructional technology team offered professional development designed around the district's strategic change agenda goals and strategies which included student centered learning practices. Sessions were provided face to face, virtual, and selfpaced.
- The South Carolina State Legislature recently authorized school districts to submit a waiver application to the State Board of Education with a plan to implement a system of competency-based education district-wide (K 12). Competency-based education is designed to allow flexibility of various regulations such as seat time, number of required instructional minutes for various contents, and awarding of credit to enable the opportunity to serve students in a more personalized manner by advancing their mastery of concepts and skills without traditional constraints. The district was one of three approved in the state.
- The Board approved a resolution to memorialize their support for an Agricultural Arena within the school district to benefit all York County residents. Currently the youth of York County have no public agricultural arena to participate in 4H or FFA shows/events. The District received a grant in the amount of \$500,000 from the Department of Ag to initiate construction of an arena.

Literacy:

- The District continues to partner with the Early Learning Partnership of York County and York County First Steps and through local fundraising efforts in the Imagination Library with over 400 children ages birth to five years. This program encourages reading by mailing a developmentally appropriate book to each participant's home monthly.
- Schools in the District continued to implement reading programs in order to promote literacy and prevent regressions of reading and comprehension skills.

Technology:

- The District has a Technology Coordinator that provides professional development and training to all employees in the district. In addition, the district has four instructional technology integration specialists to assist with training for staff. The instructional technology staff now issues a digital Designers of Learning Magazine four times a year.
- Jefferson Elementary and York Comprehensive High School received intercom upgrades.
- The District did a complete computer replacement at Cotton Belt Elementary, Harold C Johnson Elementary, and Jefferson Elementary.
- IPads were replaced at Jefferson Elementary, Cotton Belt Elementary, and Special Services.
- Promethean Panels were replaced and added as needed throughout the district.
- The District completed the electronic badge door access project. All employees were issued badges which allows electronic access into buildings.
- The District utilized federal funds to replace chrome books. We are 1:1 in grades 3 -12 and 1:2 in 2nd Grade.

Construction:

- The District continued to enhance safety and security features at all of the district facilities.
- The District replaced the fire alarms at Jefferson Elementary, Cotton Belt Elementary and Hunter Street Elementary.

District-Wide Accomplishments for FY 2022-2023 were as follows:

- The District had ten teachers who were awarded the "Bright Ideas" grant from York Electric Cooperative. The "Bright Ideas" grants were awarded to teachers to fund an innovative program in their classroom.
- The District continued our partnership with Clover School District and York Technical College in offering a Utility Line Worker Program for high school students. When students complete the program their senior year, they will have a certification as a utility line worker. The district hosted a Utility Line Worker Rodeo Student Showcase in the spring. The district received a \$10,000 grant from Duke Energy Foundation to purchase safety harnesses for the program.
- SC DHEC awarded the district \$40,876 to provide stipends to school nurses for retention.
- The District wrote an ARP ESSER Summer Program Subgrant for Rideability which was approved for funding in the amount of \$112,658. This grant will enable district students with disabilities to participate in equestrian summer camp sessions and sessions during intercession periods.
- York Comprehensive High School continued with the Alive at 25 courses. This 4 $\frac{1}{2}$ course focuses on the behaviors, decision-making and risks facing young drivers every time they get behind the wheel.
- The District created safety teams at each school that meet on a quarterly basis.
- During the year, the district conducted random weapon screenings and screenings at athletic events utilizing grant funds received to purchase the weapon detection equipment.

- York Middle School Band Director, Mr. Dylan Sims, who was named to the 2023 Yamaha Music "40 under 40" Excellence in Music Education list! Yamaha launched the "40 Under 40" music education advocacy program in 2021 to celebrate and recognize outstanding music educators who are making a difference by growing and strengthening their music programs.
- The District, along with Chartwells, operated the Summer Feeding Program. The district served sites which included schools, parks, churches and summer camps. The District also promoted literacy by giving donated books to kids at the parks being served.
- The District received continuation funding for the School Resource Officer Grant from the South Carolina Department of Education. The District has an SRO in every school.
- The District was awarded a 4K Community Block Grant from the Education Oversight Committee. This grant funded the registration carnival, summer kindergarten camp, professional development for 4K teachers, assistants and Head Start Staff.
- The school district continued its partnership with the American Red Cross on a safety initiative known as the Pillowcase Project. The project promotes awareness and understanding of natural hazards with students in third through fifth grade. This initiative teaches safety, emotional coping skills, and personal preparedness.
- Through its partnership with York County First Steps, the district houses the tri county Nurse Family Partnership Program. Through this program, at risk, first time expectant mothers are provided home visitation through nurses for up to 2 years. The Nurse Family Partnership doubled the number of families served and has added additional nurses to accommodate the larger caseloads.
- The District continues to work in collaboration with the Second Harvest Food Bank of Metrolina in the "backpack" program for students in our district who need food in their homes over the weekends.
- The District's Assistant Superintendent for Finance and Operations was named the 2022-2023 Outstanding School Business Official by the South Carolina Association of School Business Officials! This award is presented annually by the South Carolina Association of School Business Officials. Award nominees must be an active member of the School Business Officials state organization, have at least three years' experience in education finance, and demonstrate exemplary service to their school district, the profession, their colleagues and their communities.
- The District's Transportation Department successfully implemented Traversa. This is a state-funded, web-based Tyler Technology routing system, live GPS, driving patterns or incidents, state reporting and My Geotab.
- The District received a COPS grant in the amount of \$114,407 to purchase portable pass through metal detectors and to offer professional development for School Resource Officers.
- With the support of generous local sponsors and nearly 300 in attendance, the York Rotary event raised over \$16,000 in proceeds with York School District One as the designated recipient. These funds will support early childhood literacy programming and preparing 4K students to enter Kindergarten ready to learn.
- The after-school dinner program continued to offer meals to student athletes at York Middle School and York Comprehensive High School in conjunction with tutoring and homework assistance as well as elementary, intermediate and middle school sites offering after school programs. This program is coordinated by the district's food service department and funded by the DSS Dinner program.

• The York School District One Education Foundation awarded \$500 teacher grants to each school and an overall \$2,000 to Hickory Grove Sharon Elementary.

FINANCIAL INFORMATION

Budgetary Control

The District's budget process is developed using, as a foundation, the District's Vision Statement, Mission Statement, and Beliefs.

District's Vision Statement

To Learn, Serve, and Give as ONE.

District's Mission Statement

Our mission is to cultivate a service-oriented community of learners who strive for personal growth and excellence as communicators, collaborators, creators, and critical thinkers.

District's Beliefs:

- Learning is a life-long, ever-changing process for students and staff.
- Each child is unique and should have the opportunity to reach his/her full potential.
- A safe, orderly and nurturing environment is essential for learning.
- Education is a collaborative effort between schools and the community.
- Technology is a tool that should be leveraged to enhance the teaching and learning process.
- Teaching and learning should be relevant, individualized, and intentional to equip students for success.

Commitments:

- We will embrace a commitment to continuous learning for students and staff.
- We will partner and collaborate with students, families, and the community to enhance the educational experiences.
- We will foster and maintain a safe learning environment for students and staff.
- We will establish and nurture trusting and caring relationships with students, families, community members, and colleagues.
- We will provide quality learning experiences to meet the individual needs of students.

The District exercises budgetary controls. The objective of these budgetary controls is to ensure compliance with the provisions set forth in the annual appropriations adopted by the Board of Trustees. Beginning in February, the Superintendent, Assistant Superintendent, Director of Technology, Director of Human Resources, and the Maintenance Director visit each location to discuss capital and personnel needs with the building level administrator. With direction from these meetings, and the Superintendent, the Assistant Superintendent prepares a proposed budget to be presented to the Board of Trustees. The Board of Trustees annually adopts and approves the General Fund budget by June 30th. The District maintains the modified accrual system for all governmental funds, and uses encumbrance accounting to accomplish budgetary controls at the function level.

District policies allow funds to be transferred between function and object amounts as long as the total spending does not exceed the approved budget. Board approval is needed for supplemental appropriations that are additions to the budget. Encumbrances are utilized to assist in budgetary control and encumbrances lapse at fiscal year-end. The Board of Trustees is given a budget status report on a monthly basis, and is reviewed by the members of the Board.

Special revenue fund budgets are controlled in conformance with the specific requirements of that fund, and budgets are not legally adopted. Budgets are not adopted for the Capital Projects Fund or the Debt Service Fund. Debt Service expenditures are set in accordance to the bond issue requirements, with revenues needed to pay the debt service requirements levied by the County Auditor.

Subsequent to the adoption of the budget by the Board, the Assistant Superintendent certifies to the County Auditor the amount of millage required to raise sufficient funds to defray the cost of operating the District and to pay the bonded indebtedness incurred by the District. Pursuant to Act No. 449 enacted during the 1975 Session of the General Assembly of the State of South Carolina, the General Assembly provided for the levying of school taxes for the District. Part III, Section 6 of Act No. 449 empowers the Board of the District to levy taxes to provide funds for school operating expenses provided such levy may not be increased more than four mills in any year over that levied for a preceding year without the approval of the qualified electors of the District voting in a referendum. Act No. 744 enacted at the 1990 Session of the General Assembly of South Carolina increased this limitation from four to six mills. Beginning with Fiscal Year 2007-2008, the provisions of Act No. 388 of the 2006 Acts and Joint Resolutions of the General Assembly ("Act 388") limited annual millage increases for operations to growth factors based upon inflation and population growth.

Since 1969, a county-wide millage has been levied for the operation of the four school districts of York County pursuant to Act No. 1663 of the Acts and Joint Resolutions of the General Assembly for the year 1968. Beginning with the 1981-82 school year and continuing through the 1986-87 school year, the proceeds of the county levy were distributed on a per pupil (average daily membership) basis to the four districts within the County. However, pursuant to the provisions of Act No. 292 passed by the General Assembly in 1987, authorization was provided to distribute the receipts from one mill levied under the countywide school levy to the school district with the lowest assessed value. Pursuant to the provisions of Act No. 744 enacted during the 1990 Session of the General Assembly of the State of South Carolina, the countywide levy was raised to thirty-three mills and the authorization to distribute the receipts from one mill to the district with the lower assessed value was continued. After reappraisal of all property in calendar year in 2005, the total of countywide mills was reduced to thirty. The District has the lowest assessed value in the County.

Long Term Financial Planning

The major focus areas for the District are technology, safety and facilities. During the 2021-2022 year, the District continued to spend money for technology needs throughout the district and the bond proceeds on capital needs.

In addition, capital projects are another main area of focus of the district's long-term financial planning component. The issuance of over \$85 million in bonds demonstrates the district's commitment to safe, secure, quality educational facilities.

In addition, the District issued \$6,500,000 in 2019 to continue our commitment to safety and security in our facilities. The District evaluates facilities on an ongoing basis in order to provide additional instructional space prior to the existing space becoming overcrowded.

The unassigned fund balance in the general fund at year end was \$13,707,765. The District feels a positive fund balance is sound financial management. A positive fund balance serves several purposes. The first is to ensure that the instructional process is not interrupted by unforeseen budgetary constraints such as state budget cuts which we have seen over the last couple of years. Secondly, the District is able to reduce short term borrowing by having cash available in the later months of the year. The third purpose is to maintain a positive bond rating.

The fund balance will allow the District not only to maintain its ability to handle any major shortfalls due to the economic decline but also to handle the increase in operating costs.

OTHER INFORMATION

Independent Audit

State statutes require an annual audit by independent certified public accountants. The accounting firm of Greene Finney Cauley LLP, was selected by the District's Board of Trustees to perform the Districts' annual audit for the fiscal year ending June 30, 2023. In addition, the audit was designed to meet the requirements of the Single Audit Act Amendments of 1996 and the provisions of the Uniform Guidance. The auditor's report on the financial statements is included in the Financial Section of this report, and the auditor's report related specifically to the single audit are included in the Compliance Section of this report.

<u>Awards</u>

Our Annual Comprehensive Financial Report for fiscal year ended June 30, 2022 was a recipient of the prestigious awards of excellence, from both the Government Finance Officers Association ("GFOA") with their Certificate of Achievement for Excellence in Financial Reporting, and from the Association of School Business Officials ("ASBO") with their Certificate of Excellence in Financial This is the twentieth consecutive year that the government has achieved these prestigious awards. These two awards are made only to governmental units that publish a annual comprehensive financial report that is easily readable, efficiently organized, and conform to program standards, as well as satisfy generally accepted accounting principles and applicable legal requirements.

These awards are valid for a period of one year only. We believe that our current annual comprehensive financial report continues to meet each program's requirements and we are submitting it to the GFOA and to ASBO to determine its eligibility for another certificate.

Acknowledgements

The completion of this annual comprehensive financial report is attributed to the hard work and professional dedication of the entire Finance Department. Their dedication and efficient services have made the timely preparation of this report possible. I would like to acknowledge the cooperation and assistance of the District's school and departmental administration throughout the year in the efficient management of the District's financial operations.

I would also like to thank our audit firm Greene Finney Cauley LLP for their professional services in auditing the information contained within this document and their invaluable assistance with the compiling and printing of this financial report.

The administration would also like to thank the entire School Board of Trustees for their continued support of excellence in financial reporting and fiscal integrity. Without their help, we would not be able to maintain the exceptional staff needed to assure such a high level of competency.

This report reflects the District's commitment to the citizens of York School District One and the financial community to provide information in conformance with the highest standards of financial accountability.

Respectfully Submitted,

Amy Hagner

INDEPENDENT AUDITOR'S REPORT

The Board of Trustees York School District One York, South Carolina

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities and each major fund of York School District One, South Carolina (the "District"), as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District as of June 30, 2023, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted out audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to the financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

GREENEFINNEYCAULEY.CPA, INFO@GREENEFINNEY.COM

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the budgetary comparison schedule for the General Fund, the pension plan schedules, and the other postemployment benefit plan schedules, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management, and although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The supplementary information, as listed in the table of contents, and the schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information and the schedule of expenditure of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory section and the statistical section but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated October 17, 2023 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the District's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION & ANALYSIS

YEAR ENDED JUNE 30, 2023

INTRODUCTION

This discussion and analysis of York County School District One's (the "District") financial performance provides an overview of the District's financial activities for the fiscal year ended June 30, 2023 ("2023") compared to the fiscal year ended June 30, 2022 ("2022"). The intent of this discussion and analysis is to look at the District's financial performance as a whole; readers should also review the transmittal letter, financial statements, and the notes to the financial statements to enhance their understanding of the District's financial performance.

FINANCIAL HIGHLIGHTS

Key financial highlights for fiscal year 2023 are as follows:

- The liabilities and deferred inflows of resources of the District exceeded its assets and deferred outflows of resources at the close of the most recent fiscal year yielding a net deficit of approximately \$77.6 million. Of this amount, approximately \$97.5 million was the District's unrestricted net deficit, which was caused primarily by the impact of the District's net pension and net other postemployment benefit ("OPEB") liabilities and the related deferred inflows/outflows of approximately \$63.3 million and \$62.6 million, respectively. Without these liabilities, the District would have total positive net position of approximately \$28.4 million.
- The District's total net position increased by approximately \$7.4 million compared to a \$4.1 million increase in the prior year.
- As of the close of the current fiscal year, the District's governmental funds reported combined ending fund balances of approximately \$37.2 million. The District had an increase of approximately \$4.7 million in the current year compared to an increase of approximately \$1.6 million in the prior year. The change compared to the prior year is primarily attributable to the District's revenues exceeding its expenditures.
- At the end of the current fiscal year, total fund balance for the General Fund was approximately \$13.7 million, which is approximately 24% percent of total General Fund expenditures. The entire amount is unassigned.
- The District's total capital assets decreased approximately \$3.6 million during the current fiscal year. The key factor was depreciation expense of approximately \$3.9 million, partially offset by additions of \$0.4 million.
- The District's total long term obligations decreased by approximately \$6.0 million during the current fiscal year which was due to regularly scheduled principal payments.
- During fiscal year 2023, the District's governmental fund type revenues were approximately \$85.8 million compared to approximately \$83.9 million in the prior year. This increase was primarily due to an increase in local taxes, other local sources, and investment earnings of approximately \$3.4 million and an increase in funding from state sources of approximately \$2.3 million, partially offset by a decrease in funding from federal sources of approximately \$3.8 million.
- The District had approximately \$81.1 million in governmental fund expenditures compared to approximately \$83.4 million in the prior year. This decrease is primarily due to a decrease in capital outlay expenditures of approximately \$3.4 million and a decrease in principal and interest payments of approximately \$3.9 million, partially offset by an increase in instruction expenditures of approximately \$1.3 million, and an increase in support expenditures of approximately \$3.8 million.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of a series of financial statements and notes to those statements. The financial statements include two kinds of statements, (the government-wide financial statements and the fund financial statements) that present different views of the District. The government-wide statements are intended to give the reader both an aggregate view of the District's finances and a longer-term view of those finances. The fund financial statements are intended to provide a more detailed look at specific financial activities.

MANAGEMENT'S DISCUSSION & ANALYSIS

YEAR ENDED JUNE 30, 2023

OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)

Reporting the District as a Whole - Government-Wide Financial Statements

The first two statements are *government-wide financial statements* that provide a broad overview of the District's overall financial status, in a manner similar to a private-sector enterprise. These statements report information about the District as a whole.

Statement of Net Position

The Statement of Net Position presents information on all of the District's assets and deferred outflows and liabilities and deferred inflows of resources, with the difference between these items reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating. To assess the District's overall health, other non-financial factors, such as the District's property tax base, the condition and age of school buildings, as well as other physical assets, should be considered.

Statement of Activities

The Statement of Activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, for some items, revenues and expenses are reported in this statement that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the District that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). All of the District's activities are reported in governmental activities in the government-wide financial statements. The District does not report any business-type activities.

The government-wide financial statements can be found as listed in the table of contents of this report.

Reporting the District's Major Funds - Fund Financial Statements

The remaining financial statements are *fund financial statements* that focus on *individual parts* of the District, and not the District as a whole. The fund financial statements report the District's operations in *more detail* than the government-wide statements, and focus on the District's most significant or "major" funds.

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related requirements. All of the funds of the District are categorized as governmental funds.

Governmental Funds

Governmental Funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. All of the District's basic services are included within the governmental funds. The governmental funds generally focus on two things-how cash and other assets can readily be converted to cash flow in and out, and the balances left at year-end that are available for spending.

MANAGEMENT'S DISCUSSION & ANALYSIS

YEAR ENDED JUNE 30, 2023

OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)

Reporting the District's Major Funds - Fund Financial Statements (Continued)

Governmental Funds (Continued)

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. The governmental fund statements provide a more detailed short-term view that helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the district's programs. However the governmental fund statements do not encompass the additional long-term focus as that of the government-wide financial statements, and as a result additional information at the end of the governmental fund statements, in the form of reconciliation, explains the relationship (or differences) between the governmental fund statements and the government-wide statements.

The District maintains six individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the General Fund, Special Revenue Fund, Special Revenue - EIA Fund, Debt Service Fund, Capital Projects Fund, and Special Revenue - Food Service Fund, all of which are considered to be major funds. The governmental fund financial statements can be found as listed in the table of contents of this report.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found as listed in the table of contents of this report.

Other Information

The combining and individual fund financial schedules referred to earlier in connection with governmental funds can be found as listed in the table of contents of this report.

The District adopts an annual appropriated budget only for its General Fund. A budgetary comparison schedule has been provided as required supplementary information for this fund to demonstrate compliance with the budgets. This schedule can be found as listed in the table of contents of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the District, liabilities and deferred inflows of resources exceeded assets and deferred outflows of resources by approximately \$77.6 million at the close of the most recent fiscal year.

MANAGEMENT'S DISCUSSION & ANALYSIS

YEAR ENDED JUNE 30, 2023

GOVERNMENT-WIDE FINANCIAL ANALYSIS (CONTINUED)

Table 1 provides a summary of the District's net position for the current fiscal year 2023, as well as the preceding fiscal year 2022:

Table 1
Net Position - Governmental Activities

	Governmental Activities					
		2023		2022		
Assets						
Current and Other Assets	\$	46,613,283	\$	41,224,377

Restricted		10,536,248		7,303,390		
Unrestricted		(97,477,130)		(100,118,192)		
Total Net Position	\$	(77,595,378)	\$	(85,030,582)		

The District's current and other assets at June 30, 2023 increased by approximately \$5.4 million from the prior year primarily due to an increase in cash of approximately \$7.4 million, partially offset by a decrease in property taxes receivable of approximately \$0.7 million, a decrease in cash and investments held by County Treasurer of approximately \$0.6 million, decrease in due from federal of approximately \$0.6 million, and a decrease in due from state of approximately \$0.2 million. The District's capital assets at June 30, 2023 decreased by approximately \$3.6 million from the prior year due to depreciation expense of approximately \$3.9 million, partially offset by additions of approximately \$0.4 million. The District's total liabilities at June 30, 2023 decreased by approximately \$19.6 million from the prior year primarily due to a decrease in the net OPEB liability and a decrease in long-term liabilities (because of regularly scheduled principal payments), partially offset by an increase in the net pension liability, and an increase in other liabilities.

MANAGEMENT'S DISCUSSION & ANALYSIS

YEAR ENDED JUNE 30, 2023

GOVERNMENT-WIDE FINANCIAL ANALYSIS (CONTINUED)

The District's net position increased by approximately \$7.4 million during the current fiscal year due to current year revenues exceeding current year expenses. Please see discussion following the next table regarding this increase.

Approximately \$9.3 million of the District's net position reflects its net investment in capital assets (i.e., land, buildings, furniture and equipment, infrastructure, etc.) less any related outstanding debt/lease purchase obligations used to acquire those assets. The District uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the District's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt generally must be provided from other sources, since generally the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the District's net position of approximately \$10.5 million represents resources that are subject to external restrictions on how they may be used. The restrictions are for capital projects, debt service, student activities, and food service (\$3.6 million, \$2.6 million, \$0.7 million, and \$3.6 million, respectively). The remaining portion of the District's net position is unrestricted net position (deficit) of approximately (\$97.5) million. Table 2 shows the changes in net position for the current fiscal year 2023 as well as for the preceding fiscal year 2022:

Table 2

MANAGEMENT'S DISCUSSION & ANALYSIS

YEAR ENDED JUNE 30, 2023

GOVERNMENT-WIDE FINANCIAL ANALYSIS (CONTINUED)

Governmental Activities

The District's governmental activities net position increased approximately \$7.4 million in 2023 compared to an increase of approximately \$4.1 million in the prior year. This increase was primarily due to an increase in tax revenues of approximately \$1.4 million due to an increase in millage and assessed values, an increase in other general revenues of approximately \$1.2 million due to increased investment earnings, a decrease in interest and other charges of approximately \$2.0 million, and a decrease in instruction program expenses of \$1.0 million, partially offset by a decrease in operating grants of approximately \$1.5 million, and an increase in support expenses of approximately \$1.0 million.

FUND ANALYSIS

Governmental Funds

The analysis of governmental funds serves the purpose of looking at what resources came into the funds, how they were spent and what is available for future expenditures. Did the government generate enough revenue to pay for current obligations? What is available for spending at the end of the year?

For the year ended June 30, 2023, the District's governmental funds reported a combined fund balance of approximately \$37.2 million as compared to approximately \$32.5 million for the prior year. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. At June 30, 2023, the District's unassigned fund balance for all governmental funds was approximately \$13.7 million which solely represents the General Fund. Approximately \$3.6 million, \$2.6 million, \$0.7 million, and \$3.6 million are restricted for capital projects, debt service, student activities and food service, respectively. Approximately \$13.1 million is assigned for capital projects.

The General Fund is the chief operating fund of the District. At the end of the current fiscal year, total fund balance of the General Fund was approximately \$13.1 million, the entirety of which was unassigned.

The District's General Fund balance increased approximately \$1.6 million from the prior year. This increase was due to revenues coming in approximately \$3.1 million over budget primarily due to an increase in assessed values and millage and an increase in investment earnings, expenditures coming in \$0.8 million under budget and a transfer to the capital projects fund of approximately \$1.6 million offset by a transfer in to the General Fund of approximately \$3.9 million. The fund balance in the General Fund is approximately 24% of 2023 General Fund expenditures.

The District's Special Revenue Fund and Special Revenue – EIA Fund, are used to account for revenues derived from the State of South Carolina and the Federal Government. Special Revenue funds generally do not have fund balances as revenues should be expended, deferred, or returned to the grantor. However, at the end of the fiscal year in the Special Revenue Fund, the District did have a fund balance of approximately \$0.7 million which consists of fund balance restricted for the District's Student Activities. The Special Revenue Fund's fund balance increased less than \$0.1 million. The Special Revenue Fund - EIA does not have a fund balance as revenues should be expended, deferred, or returned to the grantor.

The Debt Service Fund is shown in the accompanying financial statements of the District. This fund is used to account for the accumulation of funds for debt retirement. The District's debt millage rate was 84 mills (same as the prior year). The fund balance in the Debt Service Fund decreased approximately \$0.5 million in 2023. The fund balance for the Debt Service Fund at June 30, 2023 was approximately \$2.6 million which is restricted for debt service payments. Revenues increased over the prior year by approximately \$0.5 million, primarily due to an increase in tax revenues of approximately \$0.4 million. Regularly scheduled debt service payments decreased over the prior year by approximately \$3.9 million due to decreased principal and interest payments.

MANAGEMENT'S DISCUSSION & ANALYSIS

YEAR ENDED JUNE 30, 2023

FUND ANALYSIS (CONTINUED)

The Capital Projects Fund is utilized to account for the District's major capital project expenditures. The District's Capital Projects Fund balance increased by approximately \$3.4 million in 2023 to approximately \$16.7 million at June 30, 2023, as revenues and transfers in of approximately \$5.2 million, which were comprised of proceeds from the issuance of short term debt in the amount of approximately \$3.4 million and a transfer in of approximately \$1.6 million from the General Fund, exceeded expenditures of approximately \$1.9 million.

The Food Service Fund is utilized to account for the District's food service program. The Food Service fund balance increased by approximately \$0.3 million during 2023 to approximately \$3.6 million at June 30, 2023, as revenues of approximately \$3.7 million exceeded expenditures and transfers out of approximately \$3.4 million.

GENERAL FUND BUDGETARY HIGHLIGHTS

The District's budget is prepared according to South Carolina law and is based on accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The only budgeted fund is the General Fund. Budget amendments may occur during the year, but none in FY 2023 that caused the total budget to exceed the original approved General Fund budget. During fiscal year 2023, General Fund revenues came in approximately \$3.1 million higher than budgeted revenues, primarily due to higher tax revenues, because of an increase in assessed values and millage, of approximately \$1.6 million and higher investment earnings of approximately \$1.1 million. Actual expenditures came in approximately \$0.8 million lower than budgeted expenditures primarily due to lower support expenditures of approximately \$0.6 million. The District's transfers in came in approximately \$0.7 million under budget primarily due to transfers from other funds. The District's transfers out came in approximately \$1.6 million over budget primarily due to the District transferring \$1.6 million to the Capital Projects Fund at the end of the year, which was not budgeted.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

At the end of 2023, the District had approximately \$79.5 million in net capital assets. The total decrease in the District's net capital assets was approximately \$3.6 million. While there were capital asset additions of approximately \$0.4 million, depreciation expense was approximately \$3.9 million. Major capital asset events during the current fiscal year included:

- Depreciation expense of approximately \$3.9 million.
- Furniture and equipment capital asset additions of approximately \$0.4 million.

MANAGEMENT'S DISCUSSION & ANALYSIS

YEAR ENDED JUNE 30, 2023

CAPITAL ASSET AND DEBT ADMINISTRATION (CONTINUED)

Table 3 shows fiscal 2023 balances compared to 2022:

Table 3 Capital Assets at June 30, 2023 and June 30, 2022 (Net of Depreciation)

	Government Activities			
		2023		2022
Land and Construction in Progress Buildings, Improvements, and Equipment	\$	3,180,954 76,297,183	\$	3,180,954 79,854,597
Totals	\$	79,478,137	\$	83,035,551

Additional information on the District's capital assets can be found in Note 4 in the Notes to the Financial Statements.

Debt Administration

At fiscal year-end, the District had approximately \$66.3 million in gross bonds outstanding versus approximately \$72.3 million in the prior year, a decrease of approximately \$6.0 million as shown in Table 4. All of the District's debt is backed by the full faith and credit of the District as is typical with general obligation bond ("GOB") indebtedness.

Table 4
Outstanding Gross Debt, at Year End

	Governmental Activities			
	2023		2022	
General Obligation Refunding Bonds, 2016	\$	28,475,000	\$	33,460,000
General Obligation Bonds, 2019		2,190,000		2,720,000
General Obligation Refunding Bond, 2022		35,648,000		36,125,000
Total Gross Debt	\$	66,313,000	\$	72,305,000

Key highlights related to the District's gross debt for fiscal year 2023 are as follows:

• Principal payments of approximately \$6.0 million were made on the various bonds.

Section 15 of Article X of the South Carolina State Constitution allows Districts to incur a legal debt limit not to exceed 8% of the assessed value of all taxable property in the District, unless approved by a majority vote in a referendum authorized by law. At June 30, 2023, the District's assessed property valuation was approximately \$131.2 million. The District had approximately \$2.2 million of bonded debt subject to the 8% limit of approximately \$10.5 million resulting in unused legal debt margin of approximately \$8.3 million.

As noted earlier, other long-term obligations consist of premiums, and accrued compensated absences. More detailed information about the District's debt is presented in Note 9 to the financial statements.

MANAGEMENT'S DISCUSSION & ANALYSIS

YEAR ENDED JUNE 30, 2023

ECONOMIC FACTORS

York School District One is located in the southwestern region of York County. The District encompasses the entire City of York and several smaller municipalities located on the western border of York County. The district has a tax base of \$131,209,000 million in 2023 which is a 3.65% increase from 2022. Recently, the District has seen growth in assessed valuation slow. Total property tax collections have historically been strong, averaging more than 90% collection rate.

FY 2024 BUDGETS

The FY 24 General Fund Budget of approximately \$61.9 million represents a 8.8% increase over FY 23. The main priorities for the FY 23 General Fund Budget were: (1) being able to maintain the same quality of education for our students due to the continuous shortfall in state funding, (2) maintaining manageable class sizes, and (3) have a balanced budget without using the district's unassigned fund balance. The District's goal is to continue to provide the same level of educational programs and to continue to improve academic performance. However, this goal continues to become more challenging with the effects of the passage of Act 388, which eliminated school operating millage on owner-occupied homes and replaced it with a less stable one percent sales tax increase.

Because this is a labor-intensive operation, the largest budgeted expenditure increase pertains to personnel, which makes up approximately 88% of the General Fund budget. A new education funding model was adopted by the SC legislature and was effective for FY 23. The model calculates the funding required for a common set of services for K-12 education in Instruction, Facilities, and District Services based on services that students need and the cost of those services.

- · Cost of a teacher
- · Cost of operating a school building
- · Cost of district services

The Board of Trustees approved a 17.0 mill increase (increased to 222.6 mills from 205.6 mills in the prior year) for the 2023 property tax year for general operations of the District. The Board of Trustees also approved to maintain 84 mills for the 2023 property tax year for the District's scheduled debt service requirements.

RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO THE STATEMENT OF NET POSITION

JUNE 30, 2023

TOTAL FUND BALANCES - GOVERNMENTAL FUNDS	\$ 37,216,229
Amounts reported for the governmental activities in the Statement of Net Position are different because:	
Outstanding property taxes and other revenues which will be collected in the future, but are not available soon enough to pay for the current period's expenditures are therefore unavailable in the funds.	2,771,322
Capital assets used in governmental activities are not financial resources and therefore are not reported as assets in governmental funds. The cost of the assets is \$181,487,831, and the accumulated depreciation is \$102,009,694.	79,478,137
The District's proportionate shares of the net pension liability, deferred outflows of resources, and deferred inflows of resources related to its participation in the State pension plans are not recorded in the governmental funds but are recorded in the Statement of Net Position	(63,280,128)
The District's proportionate share of the net OPEB liability, deferred outflows of resources, and deferred inflows of resources related to its participation in the State OPEB plan are not recorded in the governmental funds but are recorded in the Statement of Net Position	(62,638,851)
Interest is recorded as an expenditure when due and payable in the governmental funds. Interest is recorded in the government-wide statements when it is due. This amount represents the amount of interest due but unpaid at year-end	(690,438)
Long-term liabilities are not due and payable in the current period and therefore are not reported as liabilities in the funds. Long-term liabilities consisted of the following Long-Term Debt Net Premium Compensated Absences (3,819)	*

RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES

YEAR ENDED JUNE 30, 2023

TOTAL NET CHANGE IN FUND BALANCES - GOVERNMENTAL FUNDS	\$ 4,680,015
Amounts reported for governmental activities in the Statement of Activities are different because:	
Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds. They are considered revenues in the Statement of Activities.	(714,924)
Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position.	5,992,000
Interest on long-term debt in the Statement of Activities differs from the amount reported in the governmental funds because interest is recognized as an expenditure in the funds when it is due, and thus requires the use of current financial resources. In the Statement of Activities, however, interest expense is recognized as the interest accrues, regardless of when it is due.	94,779
Bond premiums are recorded in the year they are received in governmental funds, but are amortized over the lives of the bonds in the Statement of Activities.	818,493
Some expenses reported in the Statement of Activities do not require the use of current financial resources and therefore are not reported as expenditures in the governmental funds.	37,048
Changes in the District's proportionate shares of the net pension liability, deferred outflows of resources, and deferred inflows of resources for the current year are not reported in the governmental funds but are reported in the Statement of Activities.	978,537
Changes in the District's proportionate share of the net OPEB liability, deferred outflows of resources, and deferred inflows of resources for the current year are not reported in the governmental funds but are reported in the Statement of Activities.	(893,330)
Governmental funds report capital asset additions as expenditures. However, in the Statement of Activities, the cost of those assets are allocated over their estimated useful lives as depreciation expense. This is the amount by which capital asset additions of \$376,546 were exceeded by depreciation expense of \$3,933,960 during the year.	(3,557,414)
CHANGE IN NET POSITION OF GOVERNMENTAL ACTIVITIES	\$ 7,435,204

The notes to the financial statements are an integral part of this statement. See accompanying independent auditor's report.

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2023

Note 1-Summary of Significant Accounting Policies

A) Reporting Entity

York School District One, South Carolina (the "District"), established in 1954, is controlled by a Board of Trustees (the "Board"), which has oversight responsibility over the public school education activities in the District. The District receives funding from local, state and federal government sources and must comply with the related requirements of these funding source entities. The District is governed by a seven member Board.

The financial statements of the District have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP") as applied to governmental units. The Government Accounting Standards Board ("GASB") is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the District's accounting policies are described below.

As required by GAAP, the financial statements must present the District's financial information with any of its component units. The primary criterion for determining inclusion or exclusion of a legally separate entity (component unit) is financial accountability, which is presumed to exist if the District both appoints a voting majority of the entity's governing body, and either 1) the District is able to impose its will on the entity or, 2) there is a potential for the entity to provide specific financial benefits to, or impose specific financial burdens on the District. If either or both of the foregoing conditions are not met, the entity could still be considered a component unit if it is fiscally dependent on the District and there is a potential that the entity could either provide specific financial benefits to, or to impose specific financial burdens on the District.

In order to be considered fiscally independent, an entity must have the authority to do all of the following: (a) determine its budget without the District having the authority to approve or modify that budget; (b) levy taxes or set rates or charges without approval by the District; and (c) issue bonded debt without approval by the District. An entity has a financial benefit or burden relationship with the District if, for example, any one of the following conditions exists: (a) the District is legally entitled to or can otherwise access the entity's resources, (b) the District is legally obligated or has otherwise assumed the obligation to finance the deficits or, or provide financial support to, the entity, or (c) the District is obligated in some manner for the debt of the entity. Finally, an entity could be a component unit even if it met all the conditions described above if excluding it would cause the District's financial statements to be misleading.

Blended component units, although legally separate entities, are in substance, part of the government's operations and data from these units are combined with data of the primary government in the fund financial statements. Discretely presented component units, on the other hand, are reported in a separate column in the government-wide financial statements to emphasize they are legally separate from the District. Based on the criteria above, the District does not have any component units.

B) Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the non-fiduciary activities of the District (the "Primary Government"). For the most part, the effect of interfund activity (except for interfund services provided and used between functions) has been removed from these statements.

Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely, to a significant extent, on fees and charges for support. The District does not report any business-type activities.

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2023

Note 1-Summary of Significant Accounting Policies (Continued)

B) Government-Wide and Fund Financial Statements (Continued)

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*. The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental function is self-financing or draws from the general revenues of the District.

C) Measurement Focus, Basis of Accounting, and Basis of Presentation

The **government-wide financial statements** are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Under the accrual basis of accounting, revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The government-wide statements are prepared using a different measurement focus from the manner in which governmental fund financial statements are prepared (see further detail below). Governmental fund financial statements therefore, include reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Governmental **fund financial statements** are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government generally considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting.

However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, federal and state grant programs, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash has been received by the government.

Fund financial statements report detailed information about the District. The focus of Governmental Fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Non-major funds are aggregated and presented in a single column. The District does not report any non-major funds at this time.

When both restricted and unrestricted resources are available for use, it is the District's practice to use restricted resources first, then unrestricted resources as they are needed.

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2023

Note 1-Summary of Significant Accounting Policies (Continued)

C) Measurement Focus, Basis of Accounting, and Basis of Presentation (Continued)

The accounts of the government are organized and operated on the basis of funds. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. There are a minimum number of funds maintained to keep the accounts consistent with legal and managerial requirements. The following major funds and fund types are used by the District.

Governmental Fund Types are those through which most governmental functions of the District are financed. The District's expendable financial resources and related assets and liabilities are accounted for through governmental funds. Governmental funds are accounted for using a current financial resources measurement focus and the modified accrual basis of accounting.

The **General Fund**, a **major fund** and a budgeted fund, is the general operating fund of the District and accounts for all revenues and expenditures of the District except those required to be accounted for in another fund. All general tax revenues and other receipts that (a) are not allocated by law or contractual agreement to other funds or (b) that have not been restricted, committed, or assigned to other funds are accounted for in the General Fund. General operating expenditures and the capital improvement costs that are not paid through other funds are paid from the General Fund.

Special Revenue Funds are used to account for and report the proceeds of specific revenue sources (that are expected to continue to comprise a substantial portion of the inflows of the fund) that are restricted or committed to expenditures for specified purposes other than debt service or capital projects. The District has the following major Special Revenue Funds:

- i) The Special Revenue Fund, a major fund and an unbudgeted fund, is used to account for and report financial resources provided by federal, state, and local projects and grants (including pupil/student activity funds) that are restricted, committed or assigned for special education programs.
- ii) The *Education Improvement Act ("EIA") Fund, a major fund* and an unbudgeted fund, is used to account for and report the restricted revenues from the South Carolina Education Improvement Act of 1984 (which is legally required by the state to be accounted for as a specific revenue source) which are restricted for specific programs authorized or mandated by the EIA.
- iii) The Food Service Fund, a major fund and an unbudgeted fund, is used to account for and report activity for the District's food service program.

The **Debt Service Fund, a major fund** and an unbudgeted fund, is used to account for the accumulation of financial resources that are restricted, committed, or assigned for the payment of all long-term debt principal, interest and related costs for the District.

The **Capital Projects Fund, a major fund** and an unbudgeted fund, is used to account for and report financial resources that are restricted, committed, or assigned for expenditures of capital outlay related to site acquisitions, construction, equipment, and renovation of all major capital facilities.

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2023

Note 1-Summary of Significant Accounting Policies (Continued)

D) Budgetary Data

Formal budgetary accounting is employed as a management tool for the District. Each budget is presented on the modified accrual basis of accounting, which is consistent with accounting principles generally accepted in the United State of America. Prior to July 1 of each fiscal year, the York District Board of Trustees legally adopts an operating budget for the General Fund only. The budget is a legal document that establishes total expenditure limits with the same basis of accounting being used to reflect actual revenues and expenditures under accounting principles generally accepted in the United States of America. Budgetary control is established at the departmental level or by projects.

The Director of Finance is authorized to transfer budgeted amounts within and among departments; however, the Board of Trustees must approve any revisions that alter total expenditures. The legal level of control is at the fund level. All appropriations lapse at fiscal year-end. While budgets were transferred between function and object, there were no supplemental appropriations for the fiscal year that changed the total amount of the budget.

E) Encumbrances

Encumbrance accounting is utilized to assist in budgetary control through the use of purchase orders, which are recorded in order to reserve the portion of the applicable appropriation during the year. Encumbrances open at year-end lapse, and are subject to reappropriation in the budget of the subsequent year and are not carried forward.

F) Prepaid Items and Inventories

Prepaid items in the governmental funds are accounted for using the purchase method (expended when paid).

Inventories in the Food Service Fund consist of purchased goods, supplies and United States Department of Agriculture (USDA) commodities, which are stated at values assigned by the USDA. Under the system for accounting for inventories, materials and supplies are carried in an inventory account at cost, using the first-in, first-out method of accounting, and are subsequently charged to expenditures/expenses when consumed.

G) Cash, Cash Equivalents, and Investments

Cash and Cash Equivalents

The District considers all highly liquid investments (including restricted assets) with original maturities of three months or less when purchased and investments in the South Carolina Pooled Investment Fund ("Pool") to be cash equivalents. Securities with an initial maturity of more than three months (from when initially purchased) that are not purchased from the pool are reported as investments.

Investments

The District's investment policy is designed to operate within existing statutes (which are identical for all funds, fund types and component units within the State of South Carolina) that authorize the District to invest in the following:

(a) Obligations of the United States and its agencies, the principal and interest of which is fully guaranteed by the United States.

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2023

Note 1-Summary of Significant Accounting Policies (Continued)

G) Cash, Cash Equivalents, and Investments (Continued)

Investments (Continued)

- (b) Obligations issued by the Federal Financing Bank, Federal Farm Credit Bank, the Bank of Cooperatives, the Federal Intermediate Credit Bank, the Federal Land Banks, the Federal Home Loan Banks, the Federal Home Loan Mortgage Corporation, the Federal National Mortgage Association, the Government National Mortgage Association, the Federal Housing Administration, and the Farmers Home Administration, if, at the time of investment, the obligor has a long-term, unenhanced, unsecured debt rating in one of the top two ratings categories, without regard to a refinement or gradation of rating category by numerical modifier or otherwise, issued by at least two nationally recognized credit rating organizations.
- (c) (i) General obligations of the State of South Carolina or any of its political units; or (ii) revenue obligations of the State of South Carolina or its political units, if at the time of investment, the obligor has a long-term, unenhanced, unsecured debt rating in one of the top two ratings categories, without regard to a refinement or gradation of rating category by numerical modifier or otherwise, issued by at least two nationally recognized credit rating organizations.
- (d) Savings and Loan Associations to the extent that the same are insured by an agency of the federal government.
- (e) Certificates of deposit where the certificates are collaterally secured by securities of the type described in (a) and b) above held by a third party as escrow agent or custodian, of a market value not less than the amount of the certificates of deposit so secured, including interest; provided, however, such collateral shall not be required to the extent the same are insured by an agency of the federal government.
- (f) Repurchase agreements when collateralized by securities as set forth in this section.
- (g) No load open-end or closed-end management type investment companies or investment trusts registered under the Investment Company Act of 1940, as amended, where the investment is made by a bank or trust company or savings and loan association or other financial institution when acting as trustee or agent for a bond or other debt issue of that local government unit, political subdivision, or county treasurer if the particular portfolio of the investment company or investment trust in which the investment is made (i) is limited to obligations described in items (a), (b), (c), and (f) of this subsection, and (ii) has among its objectives the attempt to maintain a constant net asset value of one dollar a share and to that end, value its assets by the amortized cost method. The District's cash investment objectives are preservation of capital, liquidity, and yield. The District reports its cash and investments at fair value which is normally determined by quoted market prices.

The District currently or in the past year has used the following investments:

Cash and Investments held by the County Treasurer which are property taxes collected by the
District's fiscal agent that have not been remitted to the District. The County Treasurer invests
these funds in investments authorized by state statute as outlined above. All interest and other
earnings gained are added back to the fund and are paid out by the County Treasurer to the
respective governments on a periodic basis.

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2023

Note 1-Summary of Significant Accounting Policies (Continued)

G) Cash, Cash Equivalents, and Investments (Continued)

Investments (Continued)

- Local Government Investment Pool ("Pool") investments are invested with the South Carolina State Treasurer's Office, which established the South Carolina Pool pursuant to Section 6-6-10 of the South Carolina Code. The Pool is an investment trust fund, in which public monies in excess of current needs, which are under the custody of any city treasurer or any governing body of a political subdivision of the State, may be deposited. In accordance with GASB Statement No. 31, "Accounting and Financial Reporting for Certain Investments and for External Investment Pools" and GASB Statement #72, "Fair Value Measurement and Application", investments are carried at fair value determined annually based upon (a) quoted market prices for identical or similar investments or (b) observable inputs other than quoted market prices. The total fair value of the Pool is apportioned to the entities with funds invested on an equal basis for each share owned, which are acquired at a cost of \$1.00. Funds may be deposited by Pool participants at any time and may be withdrawn upon 24 hours' notice. Financial statements for the Pool may be obtained by writing the office of State Treasurer, Local Government Investment Pool, P.O. Box 11778, Columbia, SC 29211-1960.
- Treasury bills are negotiable debt obligations issued by the U.S. government and backed by its
 full faith and credit, having a maturity of one year or less and are exempt from state and local
 taxes.

H) Interfund Receivables and Payables

Transactions between funds that are representative of reimbursement arrangements outstanding at the end of the fiscal year are referred to as "due to/from other funds."

On fund financial statements, receivables and payables resulting from short-term interfund loans are classified as "interfund receivables/payables." These amounts are eliminated in the governmental activities column of the Statement of Net Position. All trade and property taxes receivable are shown net of an allowance for uncollectibles.

I) Compensated Absences

District employees are granted vacation and sick leave in varying amounts. Upon termination of employment, an employee is reimbursed for accumulated vacation days not to exceed 20 days. Unused sick leave is not reimbursed and therefore is not reported in the financial statements.

The District reports compensated absences in accordance with the provisions of GASB Statement No. 16, "Accounting for Compensated Absences." The entire compensated absence liability and expense is reported on the government-wide financial statements. Governmental funds will only recognize compensated absences liability if they have matured, for example, as a result of employee resignations or retirements.

J) Fund Balance

GASB #54 establishes fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in the governmental funds. The District classifies governmental fund balances as follows:

Nonspendable – includes amounts that inherently cannot be spent either because it is not in spendable form (i.e. prepaids, inventories, etc.) or because of legal or contractual requirements (i.e. principal on an endowment, etc.).

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2023

Note 1-Summary of Significant Accounting Policies (Continued)

J) Fund Balance (Continued)

Restricted – includes amounts that are constrained by specific purposes which are externally imposed by (a) other governments through laws and regulations, (b) grantors or contributions through agreements, (c) creditors through debt covenants or other contracts, or (d) imposed by law through constitutional provisions or enabling legislation.

Committed – includes amounts that are constrained for specific purposes that are internally imposed by the government through formal action made by the highest level of decision-making authority (The Board) before the end of the reporting period. Those committed amounts cannot be used for any other purpose unless the government removes or changes the specified use by taking the same type of action it employed to previously commit those amounts. Committed amounts for the District consist of amounts approved by a majority vote, through an ordinance, of the Board Members in subsequent requests made throughout the year.

Assigned – includes amounts that are intended to be used for specific purposes that are neither considered restricted or committed and that such assignments are made before the report issuance date. The Board adopted a policy that grants the Superintendent and the Finance Director the right to make assignments of fund balance for the District. The District has approximately \$13,059,000 in fund balance for the Capital Projects Fund that is classified as Assigned, as it represents funds transferred from the General Fund to the Capital Projects Fund in the current and prior years for future construction and other capital outlay expenditures.

Unassigned – includes amounts that do not qualify to be accounted for and reported in any of the other fund balance categories. This classification represents the amount of fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the General Fund. The General Fund should be the only fund that reports a positive unassigned fund balance amount. In other governmental funds, if expenditures incurred for specific purposes exceeded the amounts of restricted, committed, or assigned to those purposes, it may be necessary to report a negative unassigned fund balance.

The District generally uses restricted amounts to be spent first when both restricted and unrestricted (committed, assigned, and unassigned) fund balance is available unless there are legal documents, contracts, or agreements that prohibit doing such. Additionally, the District generally would first use committed, then assigned, and lastly unassigned amounts of unrestricted fund balance when expenditures are made.

The District's fund balance policy is for the General Fund unassigned fund balance to be a minimum of 17% of current year General Fund operating expenditures.

K) Net Position

Net position represents the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources in the Statement of Net Position. Net position is classified as net investment in capital assets; restricted; and unrestricted. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Outstanding debt which has not been spent is included in the same net position component as the unspent proceeds. Net position is reported as restricted when there are limitations imposed on their use either through enabling legislation or through external restrictions imposed by creditors, grantors, contributors, or laws or regulations of other governments.

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2023

Note 1-Summary of Significant Accounting Policies (Continued)

L) Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America as applicable to governmental units requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenue, expenditures or expenses during the reporting period. Actual results could differ from those estimates.

M) Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements.

N) Fair Value

The fair value measurement and disclosure framework provides for a three-tier fair value hierarchy that gives highest priority to quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the District can access at the measurement date.

Level 2 – Inputs to the valuation methodology, other than quoted prices included in Level 1 that are observable for an asset or liability either directly or indirectly and include:

Quoted prices for similar assets and liabilities in active markets.

Quoted prices for identical or similar assets or liabilities in inactive markets.

Inputs other than quoted market prices that are observable for the asset or liability.

Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Inputs to the valuation methodology that are unobservable for an asset or liability and include: Fair value is often based on developed models in which there are few, if any, observable inputs.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

The valuation methodologies described above may produce a fair value calculation that may not be indicative of future net realizable values or reflective of future fair values. The District believes that the valuation methods used are appropriate and consistent with GAAP. The use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no significant changes from the prior year in the methodologies used to measure fair value.

O) Accrued Liabilities and Long-Term Obligations

In general, payables and accrued liabilities that will be paid from governmental funds are reported on the governmental fund financial statements regardless of whether they will be liquidated with current resources. However, claims and judgments, compensated absences, contractually required pension contributions and special termination benefits that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they will be paid with current, expendable, available financial resources.

49

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2023

Note 1-Summary of Significant Accounting Policies (Continued)

O) Accrued Liabilities and Long-Term Obligations (Continued)

In general, payments made within sixty days after year-end are considered to have been made with current available financial resources. Bonds and other long-term obligations that will be paid from governmental funds are not recognized as a liability in the fund financial statements until due.

In the government-wide financial statements long-term debt and other long-term obligations are reported as liabilities on the Statement of Net Position. Bond premiums and discounts (if any) are deferred and amortized over the life of the bonds using the straight-line method that approximates the effective interest method. Bonds payable are reported net of the applicable bond premiums or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

P) Deferred Outflows/Inflows of Resources

In addition to assets, the Statement of Net Position and the Balance Sheet will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The District currently has two types of deferred outflows of resources: (1) The District reports deferred pension charges in its Statement(s) of Net Position in connection with its participation in the South Carolina Retirement System and the South Carolina Police Officers Retirement System. (2) The District reports deferred OPEB charges in in its Statement(s) of Net Position in connection with its participation in the South Carolina Retiree Health Insurance Trust Fund. The deferred pension and OPEB charges are either (a) recognized in the subsequent period as a reduction of the net pension/OPEB liability (which includes contributions made after the measurement date) or (b) amortized in a systematic and rational method as pension/OPEB expense in future periods in accordance with GAAP.

In addition to liabilities, the Statement of Net Position and the Balance Sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The District currently has three types of deferred inflows of resources: (1) The District reports unavailable revenue for property taxes only in the governmental funds Balance Sheet; it is deferred and recognized as an inflow of resources (revenues) in the period the amounts become available. (2) The District also reports deferred pension credits in its Statement(s) of Net Position in connection with its participation in the South Carolina Retirement System and South Carolina Police Officers Retirement System. (3) The District reports deferred OPEB credits in its Statement(s) of Net Position in connection with its participation in the South Carolina Retiree Health Insurance Trust Fund. The deferred pension and OPEB credits are amortized in a systematic and rational method and recognized as a reduction of pension/OPEB expense in future periods in accordance with GAAP.

Q) Capital Assets

General capital assets are reported in the governmental activities column of the government-wide Statement of Net Position, but are not reported in the fund financial statements.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated capital assets are recorded at estimated acquisition value (as estimated by the District) at the date of donation.

50

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2023

Note 1-Summary of Significant Accounting Policies (Continued)

Q) Capital Assets (Continued)

The District maintains a capitalization threshold as follows:

Asset Category	Capitalization Limits
Land/non-depreciable land improvements (produce permanent benefits,	
i.e. filling and excavation costs)	All land will be capitalized
Depreciable land improvements (deteriorate with the use or passage of	
time, i.e. fencing, landscaping, lighting, paving)	\$100,000
Buildings, Building Improvements (must add square footage to asset and	
extend the useful life)	\$100,000
Intangible Assets	\$100,000
Equipment	\$5,000

The District's infrastructure assets have been reported with the buildings and improvements. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized. The District does not maintain ownership of any public domain ("infrastructure") general capital assets.

All reported capital assets except land and construction in progress are depreciated. Construction projects begin being depreciated once they are completed and placed in service, at which time the complete costs of the project are transferred to the appropriate capital asset category.

Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

Asset Category	Useful Life Range
Land (not depreciated)	not applicable
Land improvements	20–50 years
Buildings and improvements	10–50 years
Furniture and equipment	3–12 years
Vehicles	3–10 years
Construction in progress (not depreciated)	not applicable

R) Pensions and Other Employment Benefits

In government-wide financial statements, pensions and other postemployment benefits ("OPEB") are required to be recognized and disclosed using the accrual basis of accounting (see Note 10 and Note 11 and the required supplementary information immediately following the notes to the financial statements for more information), regardless of the amounts recognized as pension and OPEB expenditures on the modified accrual basis of accounting. The District recognizes net pension and net OPEB liabilities (assets) for each plan for which it participates, which represents the excess of the total pension and OPEB liabilities over the fiduciary net position of the qualified plan, or the District's proportionate share thereof in the case of a cost-sharing multiple-employer plan, measured as of the District's fiscal year-end. Changes in the net pension and OPEB liabilities during the period are recorded as pension and OPEB expenses, or as deferred outflows or inflows of resources depending on the nature of the change, in the period incurred. Those changes in net pension and OPEB liabilities that are recorded as deferred outflows or inflows of resources that arise from changes in actuarial assumptions or other inputs and differences between expected or actual experience are amortized over the weighted average remaining service life of all participants in the respective qualified plan and recorded as a component of pension and OPEB expense beginning with the period in which they are incurred.

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2023

Note 1-Summary of Significant Accounting Policies (Continued)

R) Pensions and Other Employment Benefits (Continued)

Any projected earnings on qualified pension and OPEB plan investments are recognized as a component of pension and OPEB expense. Differences between projected and actual investment earnings are reported as deferred outflows or inflows of resources and amortized as a component of pension and OPEB expense on a closed basis over a five-year period beginning with the period in which the difference occurred.

Note 2-Deposits and Investments

Deposits

<u>Custodial Credit Risk for Deposits:</u> Custodial credit risk for deposits is the risk that, in the event of a bank failure, the District's deposits might not be recovered. The District does not have a deposit policy for custodial credit risk but follows the investment policy statutes of the State of South Carolina. As of June 30, 2023, none of the District's bank balances of approximately \$4,572,000 (book balance of approximately \$2,213,000) were exposed to custodial credit risk.

Investments

As of June 30, 2023, the District had the following investments:

Investment Type	Credit Rating ^	Fair Value Level (1)	Fair Value	Weighted Average Maturity
State Local Government Investment Pool	NR	N/A	\$ 28,457,167	< 1 Year
Cash and Investments Held by County Treasurer	NR	N/A	10,077,036	< 1 Year
Total			\$ 38,534,203	

[^] If available, credit ratings are for Standard & Poor's, Moody's Investors Services, and Fitch Ratings.

<u>Interest Rate Risk:</u> The District does not have a formal policy limiting investment maturities that would help manage its exposure to fair value losses from increasing interest rates.

<u>Custodial Credit Risk for Investments:</u> Custodial credit risk for investments is the risk that, in the event of a bank failure, the government will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The District does not have an investment policy for custodial credit risk but follows the investment policy statutes of the State of South Carolina. As of June 30, 2023, none of the District's investments was exposed to custodial credit risk.

<u>Concentration of Credit Risk for Investments</u>: The District places no limit on the amount the District may invest in any one issuer. Investments issued by or explicitly guaranteed by the U.S. Government and investments in mutual funds, external investment pools and other pooled investments are exempt from concentration of credit risk disclosures.

<u>Credit Risk for Investments</u>: Credit risk for investments is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The District does not have an investment policy for credit risk but follows the investment policy statutes of the State of South Carolina.

⁽¹⁾ See Note 1(N) for definition of fair value hierarchy.

NR - Not rated.

N/A - Not applicable.

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2023

Note 3-Property Taxes

Real Property taxes are levied on October 1 on the assessed valuations of property located in York County as of the preceding January 1, and are due and payable at that time. All unpaid taxes levied October 1 become delinquent January 15 of the following year, and property taxes attach as an enforceable lien if not paid by March 16 of the following year. Penalties are added to taxes depending on the date paid as follows:

January 16-February 1 3% of tax February 2-March 16 10% of tax

March 17 and thereafter 15 % of tax plus collection costs

Motor vehicle taxes are levied on the first day of the month in which the motor vehicle license expires and is due by the end of the month. Property taxes are billed and collected by York County. Property tax revenue is recognized when collected and deposited to the District's account by the County Treasurer's Office. Real property taxes collected within 60 days after fiscal year end are also recognized as revenue for the year. Assessed values for real estate are established annually by the York County Tax Assessor at 4% of market value for legal residence and 6% of market value for rental and other real property.

For the year ended June 30, 2023, millage was set at 205.6 mills (199.6 mills in the prior year) to cover the District's general operating services and uses. The millage was set at 84.0 mills (no change from the prior year) to cover the District's scheduled debt service requirements.

In addition, the District receives a prorated share, based on pupil attendance, of the County-wide 30 mill levy for school operations that is divided between the four Districts within the County, and an additional County-wide special 1 mill levy for school operations for the District having the lowest assessed valuation in the County, which is York School District One.

The records of the York County Treasurer's Office reported uncollected delinquent property taxes at June 30, 2023 of approximately \$2,050,000 for the General Fund (net of allowance for uncollectible portion of approximately \$85,000) and approximately \$813,000 for the Debt Service Fund (net of allowance for uncollectible portion of approximately \$34,000).

Of these amounts, approximately \$1,994,000 and \$777,000, respectively, have been recorded as unavailable property taxes because they were not collected within sixty days after the year end and are not considered susceptible to accrual. Allowances for uncollectibles were not necessary for the other receivable accounts.

Included in property taxes receivable are approximately \$55,000 in the General Fund, and approximately \$36,000 in the Debt Service Fund that have been recognized as revenue at June 30, 2023 because they were collected within sixty days after year end and are considered measurable and available.

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2023

Note 4-Capital Assets

Capital asset activity for the District for the year ended June 30, 2023, was as follows:

	Beginning			Ending
Governmental Activities:	Balance	Increases	Decreases	Balance
Capital Assets, Not Being Depreciated:				
Land	\$ 3,180,954	-	-	\$ 3,180,954
Total Capital Assets, Not Being Depreciated	3,180,954			3,180,954
Capital Assets, Being Depreciated:				
Buildings and Improvements	169,522,203	-	-	169,522,203
Furniture and Equipment	6,770,323	376,546	274,676	6,872,193
Improvements Other than Buildings	1,912,481	-	-	1,912,481
Total Capital Assets Being Depreciated	178,205,007	376,546	274,676	178,306,877
Less: Accumulated Depreciation for:				
Buildings and Improvements	91,303,416	3,561,272	-	94,864,688
Furniture and Equipment	5,143,661	369,581	274,676	5,238,566
Improvements Other than Buildings	1,903,333	3,107	-	1,906,440
Total Accumulated Depreciation	98,350,410	3,933,960	274,676	102,009,694
Total Capital Assets, Being Depreciated, Net	79,854,597	(3,557,414)		76,297,183
Total Governmental Activities Capital Assets, Net	\$ 83,035,551	(3,557,414)		\$ 79,478,137

Capital asset additions and depreciation expense were charged to functions/programs of the primary government as follows:

	Capital Asset Additions		Depreciation Expense	
Governmental Activities:				
Instruction	\$	234,629	\$	2,582,575
Support Services		141,917		1,351,385
Total - Governmental Activities	\$	376,546	\$	3,933,960

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2023

Note 5-Interfund Receivables and Payables

Interfund receivables and payables at June 30, 2023 (all of which are expected to be repaid within one year), are summarized in accordance to generally accepted accounting principles as disclosure requirements, as follows:

	Receivables			Payables
Governmental Funds:	unds:			
General Fund	\$	1,890,478	\$	15,539,569
Special Revenue Fund	-			1,716,112
Special Revenue - EIA Fund	1,249,557			-
Debt Service Fund	-			174,366
Capital Projects Fund		11,324,006		-
Special Revenue - Food Service Fund		2,966,006		-
Totals	\$	17,430,047	\$	17,430,047

All cash activities are recorded in the General Fund, and as a result, receivable and payables exist at year end that are either due to or due from the General Fund in the other funds. The balances are primarily the result of Special Revenue payments not received from the State Department of Education until after the fiscal year ended, fringe amounts paid by the General Fund for the Food Service Fund, taxes receivable for Debt Service Fund, and building project costs.

Note 6-Transfers In and (Out)

Transfers from (to) other funds for the year ended June 30, 2023 consisted of the following:

	1	Γransfers	•	Transfers
		ln		Out
Governmental Funds:				_
General Fund	\$	3,934,726	\$	1,632,894
Special Revenue Fund		32,894		697,060
Special Revenue - EIA Fund		-		3,101,805
Debt Service Fund		-		3,407,662
Capital Projects Fund		5,007,662		-
Special Revenue - Food Service Fund		-		135,861
Totals	\$	8,975,282	\$	8,975,282

Transfers typically include funding allowed for indirect costs, required matches, supplemental funding, state cuts, and discretionary transfers between funds. In addition, the General Fund transferred approximately \$1,600,000 to the Capital Projects Fund to fund construction cost associated with school construction and technology needs.

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2023

Note 7-Accounts Payable and Accrued Expenses

The significant components of accounts payable and accrued expenses on the government-wide statement of net position at June 30, 2023, consisted of the following:

Governmental Activities:

Accounts Payable	\$ 572,323
Accrued Salaries, Fringe, and Benefits	3,175,783
Accrued Expenses	112,352
Due to State Department of Education	48,922
Total Accounts Payable and Accrued Expenses - Governmental Activities	\$ 3,909,380

Note 8-Short-Term Obligations

In September 2022, the District issued a \$3,400,000 general obligation bond ("General Obligation Bond, 2022") at a rate of 4% for capital needs. The District repaid the General Obligation Bond, 2022 for approximately \$3,460,000 (including interest) in March of 2023.

Following is a summary of the changes in the District's short-term obligations for the year ended June 30, 2023:

	Вес	ginning				Ending
	Balance		Balance Additions		Balance	
Short-Term Obligation						
General Obligation Bond, 2022	\$	-	3,400,000	3,400,000	\$	-
Total Governmental Activities	\$	-	3,400,000	3,400,000	\$	-

Note 9-Long-Term Obligations

Long-term obligations consist of general obligation bonds (including bond premiums) and the liability for compensated absences. Principal and interest payments on the District's bonded debt are secured solely by ad valorem property taxes. Payments for the general obligation bonds are funded and recorded in the Debt Service Fund. Resources from the General Fund have been used to fund the compensated absence liability.

The uses of the proceeds of the general obligation bonds ("GOB") issued by the District and outstanding at year end are as follows:

- In January 2016, the District issued its Series 2016A General Obligation Advanced Refunding Bonds in the amount of \$45,380,000 (par value), receiving a premium of approximately \$9,890,000, to provide funds to advance refund a portion of the outstanding Series 2009A GOB in the amount of \$49,385,000.
- In April 2019, the District issued its Series 2019 General Obligation Bonds in the amount of \$6,500,000 for technology and capital improvements.
- In February 2022, the District issued its Series 2022 General Obligation Refunding Bonds in the amount of \$37,047,000 (par value), to refund the outstanding Series 2015 GOB in the amount of \$32,405,000.

The District does not anticipate positive arbitrage on any of its indebtedness as of June 30, 2023.

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2023

Note 9-Long-Term Obligations (Continued)

Details of the District's outstanding debt at June 30, 2023 are comprised of the following issues:

Long-Term Obligations	Original Issue Amount		Date of Issue	Date of Maturity	Interest Rate	(Outstanding Balance
Gross Debt:							
Publically Traded:							
General Obligation Refunding Bonds, 2016	\$	45,380,000	1/27/2016	3/1/2028	3.0-5.0%	\$	28,475,000
General Obligation Bonds, 2019		6,500,000	4/17/2019	3/1/2026	5.0%		2,190,000
General Obligation Refunding Bonds, 2022		37,047,000	2/10/2022	3/1/2032	1.8%		35,648,000
Total Gross Debt	\$	88,927,000				\$	66,313,000

The following table represents debt service requirements on all outstanding bond obligations through maturity for the governmental activities of the District as of June 30, 2023:

Year Ended	Publically Traded Bonds			
June 30,	Principal	Interest		Total
2024	\$ 6,466,000	2,071,314	\$	8,537,314
2025	6,964,000	1,763,566		8,727,566
2026	7,268,000	1,431,174		8,699,174
2027	6,782,000	1,083,870		7,865,870
2028	7,037,000	761,154		7,798,154
2029-2032	31,796,000	1,443,654		33,239,654
Totals	\$ 66,313,000	8,554,732	\$	74,867,732

Section 15 of Article X of the South Carolina State Constitution allows Districts to incur a legal debt limit not to exceed 8% of the assessed value of all taxable property in the District, unless approved by a majority vote in a referendum authorized by law. At June 30, 2023, the District's assessed property valuation was approximately \$131,209,000. The District had approximately \$2,190,000 of bonded debt subject to the 8% limit of approximately \$10,497,000, resulting in unused legal debt margin of approximately \$8,307,000.

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2023

Note 9-Long-Term Obligations (Continued)

A summary of changes in long-term obligations for the year ended June 30, 2023 is as follows:

	Beginning			Ending	Due Within	
	Balance	Additions	Reductions	Balance	One Year	
Gross Debt:						
GORB, 2016 - Publically Traded	\$ 33,460,000	-	4,985,000	28,475,000	\$ 5,395,000	
GOB, 2019 - Publically Traded	2,720,000	-	530,000	2,190,000	585,000	
GORB, 2022 - Publically Traded	36,125,000	-	477,000	35,648,000	486,000	
Total Gross Debt	72,305,000	-	5,992,000	66,313,000	6,466,000	
Plus Premiums:						
Premium on GORB Series 2016	4,638,126	-	818,493	3,819,633	-	
Total Net Debt	76,943,126	-	6,810,493	70,132,633	6,466,000	
Compensated Absences	356,064	269,313	306,361	319,016	219,000	
Total Governmental Activities	\$ 77,299,190	269,313	7,116,854	70,451,649	\$ 6,685,000	

In February 2022, the District issued \$37,047,000 (par value) in General Obligation Refunding Bonds, 2022, incurring bond issuance costs of approximately \$140,000. The new bonds provided resources to advance refund \$32,405,000 of the outstanding balance on the GORB, 2015. The District placed approximately \$35,992,000 in an irrevocable trust for the purpose of generating resources for all future debt service payments related to these bonds. Accordingly, the advance refunding of the GORB, 2015 is considered to be defeased. The reacquisition price exceeded the net carrying value of the old debt by an insignificant amount and therefore will not be amortized over the life of the old debt. The refunding was entered into to take advantage of the lower interest rates, resulting in a reduction of total debt service payments of approximately \$2,549,000 and resulted in an economic gain of approximately \$2,372,000. As of June 30, 2023, the amount of defeased debt still outstanding was \$32,405,000. It is anticipated that the GORB, 2015 will be redeemed upon its call date in March 2025.

Note 10-Retirement Plan

A) Retirement Plan

The District participates in the State of South Carolina's retirement plans. The South Carolina Public Employee Benefit Authority ("PEBA"), created July 1, 2012, is the state agency responsible for the administration and management of the retirement systems and benefit programs of the state of South Carolina, including the State Optional Retirement Program and the S.C. Deferred Compensation Program, as well as the state's employee insurance programs. As such, PEBA is responsible for administering the South Carolina Retirement Systems' ("Systems") five defined benefit pension plans. PEBA has an 11-member Board of Directors ("PEBA Board"), appointed by the Governor and General Assembly leadership, which serves as custodian, co-trustee and co-fiduciary of the Systems and the assets of the retirement trust funds. The Retirement System Investment Commission (Commission as the governing body, RSIC as the agency), created by the General Assembly in 2005, has exclusive authority to invest and manage the retirement trust funds' assets. The Commission, an eight-member board, serves as co-trustee and co-fiduciary for the assets of the retirement trust funds. By law, the State Fiscal Accountability Authority ("SFAA"), which consists of five elected officials, also reviews certain PEBA Board decisions regarding the actuary of the Systems.

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2023

Note 10-Retirement Plan (Continued)

A) Retirement Plan (Continued)

For purposes of measuring the net pension liability, deferred outflows and inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Systems and additions to/deductions from the Systems fiduciary net position have been determined on the accrual basis of accounting as they are reported by the Systems in accordance with GAAP. For this purpose, revenues are recognized when earned and expenses are recognized when incurred. Benefit and refund expenses are recognized when due and payable in accordance with the terms of the plan. Investments are reported at fair value.

The PEBA issues an Annual Comprehensive Financial Report ("ACFR") containing financial statements and required supplementary information for the System' Pension Trust Funds. The ACFR is publicly available through the PEBA's website at www.peba.sc.gov, or a copy may be obtained by submitting a request to PEBA, 202 Arbor Lake Drive, Columbia, SC 29223. The PEBA is considered a division of the primary government of the state of South Carolina and therefore, retirement trust fund financial information is also included in the ACFR of the state.

Plan Description

The South Carolina Retirement System ("SCRS"), a cost–sharing multiple-employer defined benefit pension plan, was established effective July 1, 1945, pursuant to the provisions of Section 9-1-20 of the South Carolina Code of Laws for the purpose of providing retirement and other benefits for teachers and employees of the state and its political subdivisions. SCRS covers employees of state agencies, public school districts and participating charter schools, public higher education institutions, other participating local subdivisions of government and first-term individuals elected to the South Carolina General Assembly.

The State Optional Retirement Program ("State ORP") is a defined contribution plan that is offered as an alternative to the SCRS to newly hired state, public higher education institution and public school district employees, as well as first-term individuals elected to the South Carolina General Assembly. State ORP participants direct the investment of their funds into an account administered by one of four third party service providers. The PEBA assumes no liability for State ORP benefits. Rather, the benefits are the liability of the four third party service providers. For this reason, State ORP assets are not part of the retirement systems' trust funds for financial statement purposes.

Plan Membership

Membership requirements are prescribed in Title 9 of the South Carolina Code of Laws. A brief summary of the requirements under each system is presented below.

SCRS – Generally, all employees of covered employers are required to participate in and contribute
to the system as a condition of employment. This plan covers general employees and teachers and
first-term individuals elected to the South Carolina General Assembly. An employee member of the
system with an effective date of membership prior to July 1, 2012, is a Class Two member. An
employee member of the system with an effective date of membership on or after July 1, 2012, is a
Class Three member.

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2023

Note 10-Retirement Plan (Continued)

A) Retirement Plan (Continued)

Plan Membership (Continued)

• State ORP – As an alternative to membership in the SCRS, newly hired state, public higher education institution and public school district employees, as well as first-term individuals elected to the South Carolina General Assembly have the option to participate in the State ORP. Contributions to the State ORP are at the same rates as the SCRS. A direct remittance is required from the employers to the member's account with the ORP service provider for the employee contribution and a portion of the employer contribution (5 percent). A direct remittance is also required to the SCRS for the remaining portion of the employer contribution and an incidental death benefit contribution, if applicable, which is retained by the SCRS.

Plan Benefits

Benefit terms are prescribed in Title 9 of the South Carolina Code of Laws. PEBA does not have the authority to establish or amend benefit terms without a legislative change in the code of laws. Key elements of the benefit calculation include the benefit multiplier, years of service, and average final compensation/current annual salary. A brief summary of benefit terms for each system is presented below.

• SCRS – A Class Two member who has separated from service with at least five or more years of earned service is eligible for a monthly pension at age 65 or with 28 years credited service regardless of age. A member may elect early retirement with reduced pension benefits payable at age 55 with 25 years of service credit. A Class Three member who has separated from service with at least eight or more years of earned service is eligible for a monthly pension upon satisfying the Rule of 90 requirement that the total of the member's age and the member's creditable service equals at least 90 years. Both Class Two and Class Three members are eligible to receive a reduced deferred annuity at age 60 if they satisfy the five- or eight-year earned service requirement, respectively. An incidental death benefit is also available to beneficiaries of active and retired members of employers who participate in the death benefit program.

The annual retirement allowance of eligible retirees or their surviving annuitants is increased by the lesser of one percent or five hundred dollars every July 1. Only those annuitants in receipt of a benefit on July 1 of the preceding year are eligible to receive the increase. Members who retire under the early retirement provisions at age 55 with 25 years of service are not eligible for the benefit adjustment until the second July 1 after reaching age 60 or the second July 1 after the date they would have had 28 years of service credit had they not retired.

Plan Contributions

Actuarial valuations are performed annually by an external consulting actuary to ensure applicable contribution rates satisfy the funding parameters specified in Title 9 of the South Carolina Code of Laws. Under these provisions, SCRS ("Plan") contribution requirements must be sufficient to maintain an amortization period for the financing of the unfunded actuarial accrued liability ("UAAL") over a period that does not exceed the number of years scheduled in state statute. The Retirement Funding and Administration Act of 2017 increased, but also established a ceiling for SCRS employee contribution rates. Effective July 1, 2017, employee rates were increased to a capped rate of 9.00 percent for SCRS.

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2023

Note 10-Retirement Plan (Continued)

A) Retirement Plan (Continued)

Plan Contributions (Continued)

The legislation also increased employer contribution rates beginning July 1, 2017 for SCRS by two percentage points and further scheduled employer contribution rates to increase by a minimum of one percentage point each year in accordance with state statute. The General Assembly postponed the one percent increase in the SCRS employer contribution rate that was scheduled to go into effect beginning July 1, 2020. In accordance with the legislative funding schedule, employer contribution rates will continue to increase by 1 percentage point each year until reaching 18.56 percent for SCRS but may be increased further, if the scheduled contributions are not sufficient to meet the funding periods set for the applicable year. The PEBA Board shall increase the employer contribution rates as necessary to meet the amortization period set in statute.

Pension reform legislation modified the statute such that the employer contribution rate for SCRS to be further increased, not to exceed one-half of one percent in any one year if necessary, in order to improve the funding of the plans. The statute set rates intended to reduce the unfunded liability of SCRS to the maximum amortization period of 20 years from 30 years over a ten-year schedule, as determined by the annual actuarial valuations of the Plans. Finally, under the revised statute, the contribution rate for SCRS may not be decreased until the Plans are at least 85 percent funded.

As noted earlier, both employees and the District are required to contribute to the Plans at rates established and as amended by the PEBA. The District's contributions are actuarially determined but are communicated to and paid by the District as a percentage of the employees' annual eligible compensation. Required employer and employee contribution rates for the past year are as follows:

	SCRS and State
	ORP Rates
	2023
Employer Contribution Rate: ^	
Retirement*	17.41%
Incidental Death Benefit	0.15%
Accidental Death Contributions	0.00%
	17.56%
Employee Contribution Rate ^	9.00%

Code of Laws.

The actual and required contributions to the SCRS and ORP were approximately \$6,292,000 and \$381,000, respectively, for the year ended June 30, 2023 and include the nonemployer contributions noted below.

^{*} Of the rate for the State ORP Plan, 5% of earnable compensation must be remitted by the employer directly to the ORP vendor to be allocated to the member's account with the remainder of the employer contribution remitted to the SCRS.

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2023

Note 10-Retirement Plan (Continued)

A) Retirement Plan (Continued)

Nonemployer Contributions

In an effort to help offset a portion of the burden of the increased contribution requirement for employers, the State General Assembly ("State") funded 1 percent of the SCRS contribution increase for the year ended June 30, 2023. The State's budget appropriated these funds directly to the PEBA for the South Carolina Retirement System Trust Fund. The amount of funds appropriated by the State (nonemployer contributing entity) for the year ended June 30, 2023 was approximately \$304,000 for the SCRS. These contributions (onbehalf benefits) from the State were recognized as intergovernmental revenues and pension expenditures in the District's governmental fund financial statements.

Actuarial Assumptions and Methods

Actuarial valuations of the plan involve estimates of the reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and future salary increases. Amounts determined regarding the net pension liability are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. South Carolina state statute requires that an actuarial experience study be completed at least once in each five-year period. An experience report on the Systems was most recently issued for the period ending June 30, 2019.

The June 30, 2022 total pension liability ("TPL"), net pension liability ("NPL"), and sensitivity information shown in this report were determined by the consulting actuary, Gabriel, Roeder, Smith and Company, and are based on an actuarial valuation performed as of July 1, 2021. The TPL was rolled-forward from the valuation date to the Plans' fiscal year end, June 30, 2022, using generally accepted actuarial principles. There was no legislation enacted during the 2022 legislative session that had a material change in the benefit provisions for any of the systems.

The following table provides a summary of the actuarial assumptions and methods used to calculate the TPL as of June 30, 2022 (measurement date) for the SCRS.

SCRS

Actuarial Cost Method Actuarial Assumptions: Investment Rate of Return* Projected Salary Increases* Benefit Adjustments

7.00%

Entry Age Normal

3.0% to 11.0% (varies by service) Lesser of 1% or \$500 annually

The post-retiree mortality assumption is dependent upon the member's job category and gender. The base mortality assumptions, the 2020 Public Retirees of South Carolina Mortality table ("2020 PRSC"), were developed using the Systems' mortality experience. These base rates are adjusted for future improvement in mortality using 80% of Scale UMP projected from the year 2020.

^{*} Includes inflation at 2.25%.

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2023

Note 10-Retirement Plan (Continued)

Public Safety and Firefighters	2020 PRSC Males multiplied by 127%	2020 PRSC Females multiplied by 107%

Long-Term Expected Rate of Return

The long-term expected rate of return on pension plan investments is based upon 20-year capital market assumptions. The long-term expected rate of returns represent assumptions developed using an arithmetic building block approach primarily based on consensus expectations and market based inputs. Expected returns are net of investment fees.

The expected returns, along with the expected inflation rate, form the basis for the target asset allocation adopted at the beginning of the 2022 fiscal year. The long-term expected rate of return is produced by weighting the expected future real rates of return by the target allocation percentage and adding expected inflation and is summarized in the following table. For actuarial purposes, the 7.00 percent assumed annual investment rate of return used in the calculation of the TPL includes a 4.75 percent real rate of return and a 2.25 percent inflation component.

Allocation/Exposure	Policy Target	Expected Arithmetic Real Rate of Return	Long-Term Expected Portfolio Real Rate of Return		
Public Equity	46.0%	6.79%	3.12%		
Bonds	26.0%	-0.35%	-0.09%		
Private Equity	9.0%	8.75%	0.79%

Total Expected Real Rate of Return	100.0%	_	4.79%		
Inflation for Actuarial Purposes		=	2.25%		
Total Expected Nominal Return			7.04%		

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2023

Note 10-Retirement Plan (Continued)

A) Retirement Plan (Continued)

Pension Liabilities, Pension Expense, and Deferred Outflows/Inflows of Resources Related to Pensions

The NPL is calculated separately for each System and represents that particular System's TPL determined in accordance with GASB No. 67 less that System's fiduciary net position. NPL totals, as of the June 30, 2022 measurement date, for the SCRS, are presented in the following table:

							Plan Fiduciary Net Position as a	
_	System	_ Tota	al Pension Liability	Plan Fiduciary Net Position	Emp	oloyers' Net Pension Liability (Asset)	Percentage of the Total Pension Liability	
	SCRS	\$	56,454,779,872	32,212,626,932	\$	24,242,152,940	57.1%	

The TPL is calculated by the Systems' actuary, and each Plan fiduciary net position is reported in the Systems' financial statements. The NPL is disclosed in accordance with the requirements of GASB No. 67 in the Systems' notes to the financial statements and required supplementary information. Liability calculations performed by the Systems' actuary for the purpose of satisfying the requirements of GASB Nos. 67 and 68 are not applicable for other purposes, such as determining the Plan's funding requirements.

At June 30, 2023, the District reported a liability of approximately \$71,839,000 for its proportionate share of the NPL for the SCRS. The NPL was measured as of June 30, 2022, and the TPL for the Plan used to calculate the NPL was determined based on the most recent actuarial valuation report of July 1, 2021 that was projected forward to the measurement date. The District's proportion of the NPL were based on a projection of the District's long-term share of contributions to the Plan relative to the projected contributions of all participating South Carolina state and local governmental employers, actuarially determined. At the June 30, 2022 measurement date, the District's SCRS proportion was 0.296338 percent, which was a decrease of 0.000983 from its proportion measured as of June 30, 2021.

For the year ended June 30, 2023, the District recognized pension expense of approximately \$5,758,000 for the SCRS. At June 30, 2023, the District reported deferred outflows of resources (deferred pension charges) and deferred inflows of resources (deferred pension credits) related to pensions from the following sources:

Description	Deferred Outflows of Resources		Deferred Inflows of Resources	
SCRS				
Differences Between Expected and Actual Experience	\$	624,144	\$	313,070
Change in Assumptions		2,304,034		-
Net Difference Between Projected and Actual Earnings on Pension Plan Investments Changes in Proportion and Differences Between the Employer's		110,789		-
Contributions and Proportionate Share of Contributions		125		536,174
Employer Contributions Subsequent to the Measurement Date		6,368,670		-
Total SCRS	\$	9,407,762	\$	849,244

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2023

Note 10-Retirement Plan (Continued)

A) Retirement Plan (Continued)

Pension Liabilities, Pension Expense, and Deferred Outflows/Inflows of Resources Related to Pensions (Continued)

Approximately \$6,369,000 that were reported as deferred outflows of resources related to the District's contributions subsequent to the measurement date to the SCRS will be recognized as a reduction of the NPL in the year ended June 30, 2024. Other amounts reported as deferred outflows of resources (deferred pension charges) and deferred inflows of resources (deferred pension credits) related to the SCRS will increase (decrease) pension expense as follows:

Year Ended	
June 30,	SCRS
2024	\$ 1,316,341
2025	745,814
2026	(1,745,813)
2027	1,873,506
Total	\$ 2,189,848

Discount Rate

The discount rate used to measure the TPL was 7.00 percent. The projection of cash flows used to determine the discount rate assumed that contributions from participating employers in the SCRS will be made based on the actuarially determined rates based on provisions in the South Carolina Code of Laws. Based on those assumptions, each System's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the TPL.

Sensitivity Analysis

The following table presents the sensitivity of the District's proportionate share of the NPL of the Plan to changes in the discount rate, calculated using the discount rate of 7.00 percent, as well as what it would be if it were calculated using a discount rate that is 1% point lower (6.00 percent) or 1% point higher (8.00 percent) than the current rate:

System	1	% Decrease (6.00%)	Current Discount Rate (7.00%)	1% Increase (8.00%)
District's proportionate share of the net pension liability of the SCRS	\$	92,106,007	71,838,646	\$ 54,988,967

Plans Fiduciary Net Position

Detailed information regarding the fiduciary net position of the Plan administered by the PEBA is available in the separately issued ACFR containing financial statements and required supplementary information for the SCRS. The ACFR is publicly available through the PEBA's website at www.peba.sc.gov, or a copy may be obtained by submitting a request to PEBA, 202 Arbor Lake Drive, Columbia, SC 29223.

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2023

Note 11-Other Postemployment Benefit Plans

The PEBA is the state agency responsible for the administration and management of the state's employee insurance programs, other postemployment benefits trusts, and retirement systems. The laws of the State and the policies and procedures specified by the State for State agencies are applicable to all activities of the PEBA. By law, the SFAA also reviews certain PEBA Board decisions in administering the State Health Plan and other postemployment benefits ("OPEB"). See Note 10 for more details on the PEBA and the SFAA.

For purposes of measuring the net OPEB liability ("NOL"), deferred outflows and inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the OPEB Trusts, and additions to and deductions from the OPEB Trusts fiduciary net position have been determined on the same basis as they were reported by the OPEB Trusts. For this purpose, revenues are recognized when earned and expenses are recognized when incurred. Therefore, benefit and administrative expenses are recognized when due and payable. Investments are reported at fair value.

The PEBA – Insurance Benefits issues audited financial statements and required supplementary information for the OPEB trust funds. This information is publicly available through the PEBA – Insurance Benefits' link on the PEBA's website at www.peba.sc.gov or a copy may be obtained by submitting a request to the PEBA – Insurance Benefits, 202 Arbor Lake Drive, Columbia, SC 29223. The PEBA is considered a division of the primary government of the state of South Carolina and therefore, OPEB trust fund financial information is also included in the Annual Comprehensive Financial Report of the state.

Plan Descriptions

The Other Postemployment Benefits Trust Funds ("OPEB Trusts" or "OPEB Plans"), collectively refers to the South Carolina Retiree Health Insurance Trust Fund ("SCRHITF") and the South Carolina Long-Term Disability Insurance Trust Fund ("SCLTDITF"), were established by the State of South Carolina as Act 195, which became effective on May 2008. The SCRHITF was created to fund and account for the employer costs of the State's retiree health and dental plans. The SCLTDITF was created to fund and account for the employer costs of the State's Basic Long-Term Disability ("BLTD") Income Benefit Plan.

In accordance with Act 195, the OPEB Trusts are administered by the PEBA – Insurance Benefits and the State Treasurer is the custodian of the funds held in trust. The PEBA Board has been designated as the Trustee.

The OPEB Trusts are cost-sharing multiple-employer defined benefit OPEB plans. Article 5 of the State Code of Laws defines the two plans and authorizes the Trustee to at any time adjust the plans, including its benefits and contributions, as necessary to insure the fiscal stability of the plans. In accordance with the South Carolina Code of Laws and the annual Appropriations Act, the State provides postemployment health and dental and long-term disability benefits to retired State and school district employees and their covered dependents.

Plan Benefits

The SCRHITF is a healthcare plan that covers retired employees of the State of South Carolina, including all agencies, and public school districts. The SCRHITF provides health and dental insurance benefits to eligible retirees. Generally, retirees are eligible for the health and dental benefits if they have established at least ten years of retirement service credit. For new hires beginning employment May 2, 2008 and after, retirees are eligible for benefits if they have established 25 years of service for 100% employer funding and 15-24 years of service for 50% employer funding.

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2023

Note 11-Other Postemployment Benefit Plans (Continued)

Plan Benefits (Continued)

The SCLTDITF is a long-term disability plan that covers employees of the State of South Carolina, including all agencies and public school districts and all participating local governmental entities. The SCLTDITF provides disability payments to eligible employees that have been approved for disability. Since the employer contribution/premium paid and the proportionate share of the NOL and related deferred outflows and inflows of resources related to the SCLTDITF are not material to the District, no SCLTDITF OPEB amounts have been recorded in these financial statements and only limited note disclosures have been provided related to these benefits.

Plan Contributions and Funding Policies

Section 1-11-710 of the South Carolina Code of Laws of 1976, as amended, requires the postemployment and long-term disability benefits to be funded through nonemployer and employer contributions for active employees and retirees to the PEBA – Insurance Benefits. Nonemployer contributions may consist of an annual appropriation by the General Assembly and the statutorily required transfer from PEBA – Insurance Benefits reserves.

The SCRHITF is funded through participating employers that are mandated by State statute to contribute at a rate assessed each year by the Department of Administration Executive Budget Office on active employee covered payroll. The covered payroll surcharge for the year ended June 30, 2022 was 6.25 percent. The South Carolina Retirement System collects the monthly covered payroll surcharge for all participating employers and remits it directly to the SCRHITF. Other sources of funding for the SCRHITF also include implicit subsidy, or age-related subsidy inherent in the healthcare premiums structure. The implicit subsidy represents a portion of the health care expenditures paid on behalf of the employer's active employees. For purposes of GASB Statement No. 75, this expenditure on behalf of the active employee is reclassified as a retiree health care expenditure so that the employer's contributions towards the plan reflect the underlying age-adjusted, retiree benefit costs. Nonemployer contributions consist of an annual appropriation by the General Assembly and the statutorily required transfer from PEBA – Insurance Benefits reserves. However, due to the COVID-19 pandemic and the impact it has had on the PEBA – Insurance Benefits reserves, the General Assembly has indefinitely suspended the statutorily required transfer until further notice. It is also funded through investment income.

The covered payroll surcharge rate for the year ended June 30, 2023 was 6.25% and was calculated on earnable compensation as defined in Title 9 of the South Carolina Code of Laws. The actual and required contributions to the SCRHITF were approximately \$2,429,000 for the year ended June 30, 2023.

The State (via state appropriations) and the PEBA – Insurance Benefits (via state statute to transfer amounts above 140% of incurred but not reported claims) contributed to the SCRHITF on behalf of the District approximately \$9,000 for the year ended June 30, 2022 (measurement period). The contributions from these nonemployer contributing entities were not significant for the year ended June 30, 2023 and thus were not recognized. When significant, these amounts are recognized as state revenues and intergovernmental expenditures in the District's governmental fund financial statements.

In accordance with part (b) of paragraph 69 of GASB Statement No. 75, participating employers should recognize revenue in an amount equal to the employer's proportionate share of the change in the collective NOL arising from contributions to the OPEB plan during the measurement period from nonemployer contributing entities for purposes other than the separate financing of specific liabilities to the OPEB plan. Therefore, employers should classify this revenue in the same manner as it classifies grants from other entities.

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2023

Note 11-Other Postemployment Benefit Plans (Continued)

Actuarial Assumptions and Methods

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Actuarially determined amounts are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The Schedule of the District's Proportionate Share of the Net OPEB Liability and the Schedule of the District's Contributions, presented as required supplementary information following the notes to the financial statements, present multi-year trend information about the District's NOL, funded status of the OPEB Plan, and the District's contributions to the OPEB Plan.

Projections of benefits for financial reporting purposes are based on the substantive plans (as understood by the employer and plan participants) and include the types of benefits provided at the time the valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

The total OPEB liability ("TOL"), NOL, and sensitivity information were determined by the consulting actuary and are based on the June 30, 2021 actuarial valuation. The TOL was rolled-forward from the valuation date to the OPEB plan's fiscal year ended June 30, 2022 using generally accepted actuarial principles.

The following table provides a summary of the actuarial assumptions and methods used in the latest valuation for the SCRHITF:

Valuation Date: June 30, 2021
Actuarial Cost Method: Entry Age Normal

Actuarial Assumptions:

Inflation: 2.25%

Investment Rate of Return: 2.75%, net of plan investment expense (including inflation)

Single Discount Rate: 3.69% as of June 30, 2022

Demographic Assumptions: Based on the experience study performed for the South Carolina Retirement

Systems for the five-year period ending June 30, 2019

Mortality: Mortality Tables are used with multipliers based on plan experience; the

rates are projected on a fully generational basis by using 80% of the ultimate rates of Scale MP-2019 to account for future mortality

improvements.

Health Care Trend Rate: Initial trend starting at 6.00% and gradually decreasing to an ultimate trend

rate of 4.00% over a period of 15 years

Participation Assumption: 79% for retirees who are eligible for funded premiums

59% for retirees who are eligible for partial funded premiums 20% for retirees who are eligible for non-funded premiums

Notes: The single discount changed from 1.92% as of June 30, 2021 to 3.69% as

of June 30, 2022.

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2023

Note 11-Other Postemployment Benefit Plans (Continued)

Long-Term Expected Rate of Return

The long-term expected rate of returns represents assumptions developed using an arithmetic building block approach primarily based on consensus expectations and market based inputs. The expected returns, along with the expected inflation rate, form the basis for the target asset allocation adopted at the beginning of the 2018 fiscal year. The long-term expected rate of return is produced by weighting the expected future real rates of return by the target allocation percentage and adding expected inflation. This information is summarized in the following table:

			Allocation-Weighted
		Long-Term	Long-Term
	Target Asset	Expected Arithmetic	Expected Real Rate
Asset Class	Allocation	Real Rate of Return	of Return
US Domestic Fixed Income	80.0%	0.95%	0.76%
Cash equivalents	20.0%	0.35%	0.07%
Total	100.0%	_	0.83%
Expected Inflation		_	2.25%
Total Return			3.08%
Investment Return Assumption			2.75%

Single Discount Rate

The Single Discount Rate of 3.69% was used to measure the total OPEB liability for the SCRHITF. The accounting policy for this plan is to set the Single Discount Rate equal to the prevailing municipal bond rate. Due to the SCRHITF's investment and funding policies, the difference between a blended discount rate and the municipal bond rate would be less than several basis points (several hundredths of one percent).

OPEB Liabilities, OPEB Expense, and Deferred Outflows/Inflows of Resources Related to OPEB

The NOL is calculated separately for each system and represents that particular system's TOL determined in accordance with GASB No. 74 less its fiduciary net position. NOL totals, as of the June 30, 2022 measurement date for the SCRHITF, are presented in the following table:

System	To	tal OPEB Liability	OPEB Plan Fiduciary Net Position	N	et OPEB Liability (Asset)	OPEB Plan Fiduciary Net Position as a Percentage of the Total OPEB Liability
SCRHITF	\$	16,835,502,593	1,623,661,403	\$	15,211,841,190	9.64%

The TOL is calculated by PEBA's actuary, and the fiduciary net position is reported in the PEBA's financial statements. The NOL is disclosed in accordance with the requirements of GASB No. 74 in the PEBA's notes to the financial statements and required supplementary information. Liability calculations performed by the PEBA's actuary for the purpose of satisfying the requirements of GASB Nos. 74 and 75 are not applicable for other purposes, such as determining the OPEB Plans' funding requirements.

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2023

Note 11-Other Postemployment Benefit Plans (Continued)

OPEB Liabilities, OPEB Expense, and Deferred Outflows/Inflows of Resources Related to OPEB (Continued)

At June 30, 2023, the District reported a liability of approximately \$55,307,000 for its proportionate share of the NOL for the SCRHITF. The NOL was measured as of June 30, 2022, and the TOL for the SCRHITF used to calculate the NOL was determined based on the most recent actuarial valuation report of June 30, 2021 that was projected forward to the measurement date. The District's proportion of the NOL was based on a projection of the District's long-term share of contributions to the SCRHITF relative to the projected contributions of all participating South Carolina state and local governmental employers, actuarially determined. At the June 30, 2022 measurement date, the District's proportion was 0.363580 percent, which was a decrease of 0.005850 from its proportion measured as of June 30, 2021.

For the year ended June 30, 2023, the District recognized OPEB expense of approximately \$3,124,000 for the SCRHITF. At June 30, 2023, the District reported deferred outflows of resources (deferred OPEB charges) and deferred inflows of resources (deferred OPEB credits) related to OPEBs from the following sources:

Description	Deferred Outflows of Resources	 ferred Inflows f Resources
Differences Between Expected and Actual Experience	\$ 1,187,102	\$ 4,863,059
Change in Assumptions	12,470,351	17,778,266
Net Difference Between Projected and Actual Earnings on OPEB Plan Investments Changes in Proportion and Differences Between the Employer's	434,876	-
Contributions and Proportionate Share of Contributions	133,671	1,345,200
Employer Contributions Subsequent to the Measurement Date	2,428,886	-
Total	\$ 16,654,886	\$ 23,986,525

Approximately \$2,429,000 that was reported as deferred outflows of resources related to the District's contributions subsequent to the measurement date to the SCRHITF, will be recognized as a reduction of the NOL in the year ended June 30, 2024. Other amounts reported as deferred outflows of resources (deferred OPEB charges) and deferred inflows of resources (deferred OPEB credits) related to the SCRHITF will increase (decrease) OPEB expense as follows:

Year Ended June 30,	ease (Decrease) PEB Expense
2024	\$ (1,460,700)
2025	(879,002)
2026	(712,380)
2027	(1,057,827)
2028	(2,409,810)
2029	(3,240,806)
Total	\$ (9,760,525)

OPEB Liabilities, OPEB Expense, and Deferred Outflows/Inflows of Resources Related to OPEB (Continued)

The following table presents the sensitivity of the District's NOL for the SCRHITF to changes in the discount rate, calculated using the discount rate of 3.69%, as well as what it would be if it were calculated using a discount rate that is 1% point lower (2.69%) or 1% point higher (4.69%) than the current rate:

	19	% Decrease	Current Discount Rate	1% Increase
		(2.69%)	(3.69%)	(4.69%)
Net OPEB Liability	\$	65,388,082	55,307,212	\$ 47,205,862

Sensitivity of the Net OPEB Liability to Changes in the Healthcare Cost Trend Rate

The following table presents the sensitivity of the District's NOL to changes in the healthcare cost trend rate, calculated using the healthcare cost trend rate of 6.00% decreasing to 4.00%, as well as what it would be if it were calculated using a healthcare cost trend rate that is 1% point lower (5.00% decreasing to 3.00%) or 1% point higher (7.00% decreasing to 5.00%) than the current rate:

			Current Healthcare		
	1%	Decrease	Cost Trend Rate	1	% Increase
	`	% decreasing	(6.00% decreasing	`	0% decreasing
	t	o 3.00%)	to 4.00%)		to 5.00%)
Net OPEB Liability	\$	45,484,776	55,307,212	\$	66,775,441

OPEB Plans' Fiduciary Net Position

Detailed information regarding the fiduciary net position of the OPEB Plans administered by the PEBA is available in the separately issued financial statements and required supplementary information for the South Carolina Public Employee Benefit Authority, Insurance Benefits and Other Post Employment Benefits Trust Funds. This information is publicly available through the Insurance Benefits' link on the PEBA's website at www.peba.sc.gov or a copy may be obtained by submitting a request to the PEBA – Insurance Benefits, 202 Arbor Lake Drive, Columbia, SC 29223.

Note 12-Risk Management

The District is exposed to various risks of loss related to torts, theft of damage to, and destruction of assets, errors or omissions, injuries to employees, and natural disasters. The District has property and casualty insurance with Surry Insurance and workers compensation insurance with Arthur J. Gallagher & Co. Risk Management Services, Inc. Through Surry Insurance, the District maintains general liability protection of \$1 million per occurrence, property coverage up to \$220 million per occurrence, \$5 million earthquake, \$5 million flood zone and \$1 million newly acquired buildings, automobile coverage to \$1 million per occurrence, school board legal liability of \$1 million per occurrence and activity bus accidents coverage to \$60,000 per occurrence.

The District pays annual premiums for its workers' compensation and property liability insurance coverage based upon the total payroll of the school district for each plan year. The annual premiums paid for the fiscal year ended June 30, 2023, totaled approximately \$379,000 for workers' compensation and \$324,000 for property coverage. The District maintains workers' compensation benefits coverage up to statutory limits through Encova Insurance. There have been no significant reductions in insurance coverage as compared to the previous year. Insurance settlements did not exceed insurance coverage for the years ended June 30, 2023, 2022, and 2021.

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2023

Note 12-Risk Management (Continued)

The District also participates in the State Health Plan through the South Carolina State Budget and Control Board Office of Insurance Services, a self-insured medical plan trust administered by the State Board. Through the Plan, permanent full-time employees are eligible to receive health benefits up to a \$1 million lifetime limit. In addition, employees have the option of receiving health care benefits through health maintenance organizations and insurance carriers.

Note 13-Tax Abatements

District's Tax Abatements

The District does not have any of its own tax abatement agreements.

York County Tax Abatements

The following table details which entities in the District have received tax abatements in the year ended June 30, 2023, as well as the District's portion of the County-wide taxes that have been abated as of this date:

Entity	Tax	es Abated
Anderson Crane & Bridge Technology	\$	7,152
Anderson Hydra Platforms Inc		14,747
Elkem Silicones USA Corp.		304,699
Fomas Inc.		53,726
Lap Tech Industries Inc.		24,743

York School District One York, South Carolina

Annual Comprehensive Financial Report Special Revenue Funds

Special Revenue Funds are used to account for and report the proceeds of specific revenue sources (that are expected to continue to comprise a substantial portion of the inflows of the fund) that are restricted or committed to expenditures for specified purposes other than debt service or capital projects. The District has the following major Special Revenue Funds:

- i) The **Special Revenue Fund, a major fund** and an unbudgeted fund, is used to account for and report financial resources provided by federal, state, and local projects and grants (including pupil/student activity funds) that are restricted, committed or assigned for special education programs.
- ii) The *Education Improvement Act ("EIA") Fund, a major fund* and an unbudgeted fund, is used to account for and report the restricted revenues from the South Carolina Education Improvement Act of 1984 (which is legally required by the state to be accounted for as a specific revenue source) which are restricted for specific programs authorized or mandated by the EIA.

STATISTICAL SECTION

YEAR ENDED JUNE 30, 2023

This section of the York School District One's (the "District") annual comprehensive financial report presents detailed trend and other information as a context for understanding what the information in the financial statements, notes to the financial statements, required supplementary information and other supplementary information says about the District's overall financial health.

	Page Number
Financial Trends These schedules contain trend information to help the reader understand how the government's financial performance and well-being have changed over time.	125
Revenue Capacity These schedules contain information to help the reader assess the District's most significant local revenue source, the property tax.	131
Debt Capacity These schedules present information to help the reader assess the affordability of the District's current level of outstanding debt and the District's ability to issue additional debt in the future.	135
Demographic and Economic Information These schedules offer demographic and economic indicators to help the reader understand the environment within which the District's financial activities take place.	139
Operating Information These schedules contain service and infrastructure data to help the reader understand how the information in the District's financial report relates to the services the District's provides and the activities it performs.	141

Sources: Unless otherwise noted, the information in these schedules is derived from the annual comprehensive financial reports for the relevant year.

Source: York School District One and York County Government

Note 1: Overlapping rates are those of local and county governments that apply to property owners within the York School District. Not all overlapping rates apply to all of the York School District property owners (i.e., the rates for special districts apply only to the proportion of the York School District's property owners whose property is located within the geographic boundaries of the special district).

2. The Unincorporated tax rates for York County are levied on all property for taxpayers who do not reside within a municipality.

Governmental Unit		overnmental Activities Debt Outstanding	Estimated Percentage Applicable	Estimated Share of Overlapping Debt
Debt Repaid with Property Taxes: City of York York County Government	\$ \$	2,545,605 11,611,271	100.0% 7.6%	\$ 2,545,605 8,473,174
Subtotal, Overlapping Debt				 11,018,779
York School District One Direct Debt				 70,132,633
Total Direct and Overlapping Debt				\$ 81,151,412

Sources: Assessed value data used to estimate applicable percentages and amount of debt outstanding provided by the applicable County and City.

- Note 1: The percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of the York School District One's taxable assessed value that is within the government's boundaries and dividing it by York County's total taxable assessed value.
 - 2: Overlapping rates are those of local and county governments that apply to property owners within York School District One. Not all overlapping rates apply to all of the York School District One's property owners (i.e., the rates for special districts apply only to the proportion of the York School District One's property owners whose property is located within the geographic boundaries of the special district).

NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

YEAR ENDED JUNE 30, 2023

A - General

The accompanying Schedule of Expenditures of Federal Awards (the "Schedule") presents the activity of all federal award programs of York School District One, York, South Carolina (the "District") for the year ended June 30, 2023. All federal awards received directly from the federal agencies, as well as those passed through other government agencies, are included on the Schedule.

B - Basis of Accounting

The accompanying Schedule is presented using the modified accrual basis of accounting, which is described in the notes to the District's financial statements.

C - Relationship to Financial Statements

Federal award expenditures are reported in the District's financial statements as expenditures in the Special Revenue Funds.

D - Relationship to Federal Financial Reports

Amounts reported in the accompanying Schedule agree with the amounts reported in the related federal financial reports except for timing differences relating to expenditures made subsequent to the filing of the federal financial reports.

E - Indirect Cost Rate

The District has elected not to use the 10% de minimis indirect cost rate allowed under the Uniform Guidance.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

INDEPENDENT AUDITOR'S REPORT

The Board of Trustees York School District One York, South Carolina

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of York School District One, South Carolina (the "District"), as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated October 17, 2023.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

GREENEFINNEYCAULEY.CPA, INFO@GREENEFINNEY.COM

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

INDEPENDENT AUDITOR'S REPORT

The Board of Trustees York School District One York, South Carolina

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited York School District One, South Carolina's (the "District") compliance with the types of compliance requirements identified as subject to audit in the OMB Compliance Supplement that could have a direct and material effect on each of the District's major federal programs for the year ended June 30, 2023. The District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2023.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States (Government Auditing Standards); and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the District's federal programs.

GREENEFINNEYCAULEY.CPA, INFO@GREENEFINNEY.COM

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, Government Auditing Standards, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the District's internal control over compliance relevant to the audit in order to
 design audit procedures that are appropriate in the circumstances and to test and report on internal control
 over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an
 opinion on the effectiveness of the District's internal control over compliance. Accordingly, no such
 opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
