

**REQUEST TO EXCUSE STUDENT FROM SEXUAL HEALTH
PREVENTION EDUCATION**

I have attended the school district's presentation of the sexual health education program for my child's (or legal ward's) grade level.

I object to the participation of my child (or legal ward) in the sexual health education program, and request that he/she be excused from participation in the _____ grade presentation.

I understand that the AIDS epidemic presents a serious threat to the general population, particularly to youth, and have been given resources to present to my son/daughter at home.
