| Digital Art & Design Major | Health Science Major |
| Engineering Major | |

What is an IGP??

An Individual Graduation Plan is like a roadmap to the future. If you stay on course, you will reach your destination - Graduation - with all the courses, skills and experience you need to take your education/career to the next level.

Why is an IGP Important?

- It will assist the student and parent in exploring high school options
 - It will explore academic possibilities, including appropriate post-secondary goals.
 - It will assist students in ensuring on-time graduation.
 - It will allow time to review academic progress and available test scores.
-

What to Expect.....

1. Review General Graduation Requirements
2. Coursework Review Discussion
3. Opportunities related to the student's future goals.

***These plans are flexible and can change based on a student's aspirations, abilities and interests.*
