

TSI Workshop – Testing Preparation

Is the TSI holding you back from registering for college courses?

The Tutoring Center is here to help!

The Tutoring Center is hosting **FREE** TSI testing preparation workshops for the Math/Reading/Writing sections of the test, with our full-time tutors providing support. We can assist with test content, test anxiety, study skills, etc. Registration is required to attend, scan the QR code and complete the form. If you have taken the TSI previously, please bring your score report to assist the tutors with the areas that you need to focus on.

You do not need to be a COM student to attend!

What is the TSI?

The TSI Assessment (TSIA) is part of the Texas Success Initiative program designed to help your college or university determine if you are ready for college-level course work in the areas of reading, writing, and mathematics. If you are an incoming college student in Texas, you are required to take the TSI Assessment.*

*There are exemptions from the TSI, please check if you meet any of the requirements for exemption on the Texas Education Agency website.
