What happens on retreat? The word “retreat” means to “step back”. Your retreat will give you a chance to step back from school, jobs, and your regular schedule. Retreat will be a time for you to take a look at who you are in relation to God and the people in your life--and in what direction your life is going. Many people have found that retreat can be a good time to think about important decisions like: “What do I want to do after high school?” Or even, “What is God calling me to do – NOW.” Retreat is also a chance to get to know your classmates better, to get beyond the masks we often wear. Most of all, the time can provide some opportunity to discover how God is acting through the people and events of your life. You can expect small group discussions, large group sessions, mass with a Jesuit priest, music/video presentations, quiet time and some free time.
