RE: 2022-23 Local Control and Accountability Plan Approval

Dear Superintendent Burroughs,

Thank you for leading the work in your district to update the Local Control and Accountability Plan (LCAP) for the 2022-2023 school year. Your commitment to working collaboratively with the San Diego County Office of Education staff has been greatly appreciated.

As you know, the county superintendent of schools is required to review and approve the district's LCAP and the annual update to an existing LCAP prior to the approval of the district's adopted budget pursuant to Education Code Section 52070. Our office has completed its review of your district's LCAP. Based on this review, it has been determined that:

- The budget includes sufficient expenditures to implement the actions included in the plan.
- The plan adheres to the expenditure requirements for funds apportioned on the number and concentration of unduplicated pupils.
- The plan adheres to the template adopted by the State Board of Education.
- The plan includes the required calculations to determine whether there is a carryover requirement and, if applicable, a description of the planned uses of the carryover funds.

Therefore, the San Diego County Superintendent of Schools has approved your district's 2022-23 LCAP. A PDF copy of your approved plan will be posted on the SDCOE website and should be posted on your district's website as well.

Sincerely,

Paul Gothold, Ed.D.
County Superintendent of Schools
