Guidance for Teams

Template

Any part of the plan can be collapsed or expanded by clicking on the triangle next to the blue headings. You can also move through the sections of the plan by accessing the Navigation Pane in Microsoft Word.

Commitments

Prior to working on this document, school teams should be sure to complete the following activities:

- **Envision:** Explore its vision, values, and aspirations
- **Analyze:** Review and analyze internal and external data, including survey data, and reflect on systems and structures
- **Listen:** Conducting student interviews

Following those activities, school teams should complete the SCEP Planning Document to make connections between the activities above and consider potential next steps to prioritize in the upcoming year as the team considers **“What should we prioritize to support our students and work toward the school we wish to be?”**

The team should identify 2 to 4 Commitments for the 2023-24 school year. For each Commitment, the team will identify strategies that will advance these Commitments and benchmarks to determine if the school is on track with its implementation. **School teams will need to ensure that at least one commitment is aligned to teaching and learning.**

Success Criteria and Benchmark Targets

After school teams identify their Commitments, they should consider success criteria and benchmarks that will help them determine if they are making sufficient progress toward their Commitment throughout the year. Each Commitment will have at least one end-of-the-year goal, a mid-year benchmark, strategies that will allow the school to reach those goals and benchmarks, early progress milestones, and spring survey targets.

The plan template is designed with the intention that the school teams will return to their plan throughout the year and make updates when necessary. As part of the Success Criteria for each Commitment, there is a section for the team to update during the year and input the data they ended up seeing next to the target they originally identified. Teams should keep this section blank when writing the plan and anticipate bringing the team back together throughout the upcoming year to gauge the success of the plan.

Strategies

In conjunction with identifying benchmarks, teams should consider strategies that will allow the school to reach these benchmarks and advance that commitment.

COMMITMENT I

Our Commitment

<p>What is one Commitment we will promote for 2023-24?</p>	<p>We commit to implementing Vertical Professional Learning Communities (PLC) to ensure that grade bands are implementing a systematic culturally relevant literacy curriculum that enhances student learning and increases student growth. This implementation will meet the needs of all subgroups.</p>
<p>Why are we making this Commitment?</p> <p><i>Things to potentially take into consideration when crafting this response:</i></p> <ul style="list-style-type: none"> • <i>How does this Commitment fit into what we envision for the school?</i> • <i>How does this Commitment relate to what we heard when listening to others?</i> • <i>How does this Commitment connect to what we observed through analysis?</i> 	<p>According to the EOY (End of Year) iReady Assessment, 42% of students at Graham School are performing On-Grade Level or Above Grade Level in ELA (English Language Arts). 58% of students are performing Below or Well-Below Grade Level in ELA. This data addresses why Vertical PLC's need to be implemented to ensure a systematic literacy curriculum is being used to address the needs of struggling students.</p> <p>Direct communication with families by classroom teachers and service providers will continue to occur regularly to ensure families are aware of their child's academic status.</p> <p>Based on the 2018-2019 DTSDE Review, teachers will continue to provide direct instruction to students and check for understanding throughout the lesson to ensure student success.</p> <p><i>"How Learning Happens?"</i> informs us that students must see themselves reflected in their learning. Students are aware of their abilities and must be provided rigorous instruction with choices of differentiated learning experiences planned to address their individual learning needs.</p>

COMMITMENT 2

Our Commitment

<p>What is one Commitment we will promote for 2023-24?</p>	<p>We commit to continuing to decrease the amount of chronic absenteeism to meet State and Federal Guidelines.</p>
<p>Why are we making this Commitment? <i>Things to potentially take into consideration when crafting this response:</i></p> <ul style="list-style-type: none"> • <i>How does this Commitment fit into what we envision for the school?</i> • <i>How does this Commitment relate to what we heard when listening to others?</i> • <i>How does this Commitment connect to what we observed through analysis?</i> 	<p>It is critical that students are in school consistently to ensure their academic success. Chronic absenteeism has a proven negative impact on academic achievement and social skills.</p> <p>Although we continue to experience COVID absenteeism, students are assimilating back into the structure and culture of expectations of the educational environment.</p> <p>The “<i>How Learning Happens</i>” document influenced this commitment as it is essential that “<i>Every child feels safe, respected, supported, and a true sense of belonging.</i>” We believe this will increase daily attendance. Students need to be present and feel comfortable in their environment to learn; we strive to have lifelong learners at Graham.</p> <p>Administration and faculty will continue to aim for a safe, warm, and engaging school climate to promote attendance. This aligns with the vision that students are Responsible, Respectful and Ready to Learn, Today Tomorrow and in the Future.</p>

Evidence-Based Intervention

All CSI and TSI schools must implement at least one evidence-based intervention as part of its SCEP. The intervention identified must meet the criteria of a Tier 1, Tier 2, or Tier 3 evidence-based intervention under ESSA (Every Student Succeeds Act). More information can be found at:

<http://www.nysed.gov/accountability/evidence-based-interventions>

Schools may choose **one of three options** for identifying their evidence-based intervention:

Option 1: Selecting a strategy from the **State-Supported Evidence Based Strategies** located at:

<http://www.nysed.gov/accountability/state-supported-evidence-based-strategies>

Option 2: Selecting an evidence-based intervention **identified in one of three clearinghouses:** What Works Clearinghouse, Social Programs That Work, or Blueprints for Healthy Youth Development

Option 3: Reviewing research to identify its own evidence-based intervention that meets the criteria for ESSA evidence-based intervention Tier 1, Tier 2, or Tier 3 found at:

<http://www.nysed.gov/accountability/evidence-based-interventions>

Directions: Place an "X" in the box next to the path the school has chosen for identifying its evidence-based intervention and follow the corresponding directions for that path.

State-Supported Evidence Based Strategy

If "X" is marked above, provide responses to the prompts below to identify the strategy and the Commitment(s) it will support:

Evidence-Based Intervention Strategy Identified	
We envision that this Evidence-Based Intervention will support the following Commitment(s)	
How does this evidence-based intervention connect to what the team learned when exploring the Envision/Analyze/Listen process?	

Clearinghouse-Identified

If “X” is marked above, provide responses to the prompts below to identify the strategy, the Commitment(s) it will support, the Clearinghouse that supports this as an evidence-based intervention, and the rating that Clearinghouse gave that intervention:

Evidence-Based Intervention Strategy Identified	
We envision that this Evidence-Based Intervention will support the following Commitment(s)	
How does this evidence-based intervention connect to what the team learned when exploring the Envision/Analyze/Listen process?	

Clearinghouse used and corresponding rating

- What Works Clearinghouse**
 - Rating: Meets WWC Standards Without Reservations
 - Rating: Meets WWC Standards with Reservations
- Social Programs That Work**

School-Identified

If “X” is marked above, complete the prompts below to identify the strategy, the Commitment(s) it will support, and the research that supports this as an evidence-based intervention.

Our Team's Process

Background

NYSED requires that the SCEP is developed in consultation with parents and school staff, and in accordance with §100.11 of Commissioner's Regulations. All schools are expected to follow the guidelines outlined in the document "Assembling Your Improvement Planning Team" found at:

<https://www.nysed.gov/sites/default/files/programs/accountability/assembling-your-improvement-planning-team.pdf>. This section outlines how we worked together to develop our plan.

Team Members

Use the space below to identify the members of the SCEP team and their role (e.g., teacher, assistant principal, parent).

Our Team's Process

Our Team's Steps

Our plan is the result of collaborating to complete several distinct steps:

1. **Envision:** Exploring the Vision, Values and Aspirations for the school
2. **Analyze:** Analyzing Data
3. **Analyze:** Analyzing Survey Data
4. **Analyze:** Completing and Discussing the Tenet 1 Inventory
5. **Listen:** Interviewing Students
6. **Putting it all Together:** Completing the SCEP Planning Document
7. **Writing the Plan**

Meeting Dates

We completed the steps above across multiple meetings. Below is a list of dates we met as a team and what occurred during those meetings.

Meeting Date	Envision: Exploring the Vision, Values and Aspirations for the school	Analyze: Internal and External Data	Analyze: Survey Data	Analyze: Completing and Discussing the Tenet 1 Inventory	Listen: Interviewing Students	Putting it all Together: Completing the SCEP Planning Document	Writing the Plan

Learning As a Team

Directions

After completing the previous sections, the team should complete the reflective prompt below.

Student Interviews

Describe how the Student Interview process informed the team's plan

15 students were interviewed face to face and 73 students were surveyed online. The student interviews gave the SCEP Team insight into their needs both academically and socio-emotionally.

Academically students liked learning a variety of mnemonics (tricks as they called them), they felt these helped them with both reading and math skills. They were different students after the pandemic, recognizing some good changes and some bad. They also felt some teachers were easily frustrated. Teachers need SEL as well. Students were happy that they could go on trips, and have special events, and hope to have more.

This allowed the team to create appropriate opportunities/intervention strategies to meet the academic and social/emotional needs of our students.

Next Steps

Next Steps

1. **Sharing the Plan:**
 - a. **Schools in the CSI model:** As you develop your plan, please feel free to share the plan with your NYSED liaison for input when it would be helpful. When the SCEP team is satisfied with the plan, please indicate to your liaison that the school is ready to share its full plan for approval. Plans should be shared by July 15, 2023.
 - b. **Schools in the ATSI model and TSI model:** When your plan is ready for review, please share the plan with your District, which will approve your plan. Plans will need to be approved before the first day of the 2023-24 school year.
 - c. **All Schools:** Ensure that the district (Superintendent or designee) and local Board of Education have approved the plan and that the plan is posted on the district website.
2. **Implementing the Plan** (for all schools):
 - a. Ensure that the plan is implemented no later than the first day of school.
 - b. Monitor implementation closely and adjust as needed.
 - c. Ensure that there is professional development provided to support the strategic efforts described within this plan.
 - d. Work with the district in developing the 1003 Title I School Improvement Grant application designed to support the implementation of the activities identified in the school and district plan.
