

## **Renting, Borrowing, Lending or Leasing of School Owned Equipment**

The Board of Education believes District-owned equipment is a valuable resource, which may not be loaned out for any reason. School owned equipment and materials are solely intended for educational use and for District operations. It shall be against the policy of Fargo Public Schools to loan, lend or allow use of any equipment or materials for personal or private gain.

Exceptions to this policy are items that may be requested for extracurricular or educational purposes by other public entities, such as neighboring school districts and/or the Fargo Park District. Approval for these types of requests must be made through the office of the Superintendent or their designee.

In times of natural disasters, such as floods, tornados, or other severe weather, permission to use equipment or materials may be granted through the office of the Superintendent or their designee.
