

College of DuPage Engineering Pathways Information

College of DuPage offers a specific Engineering Pathways program that offers guaranteed admission to qualifying students interested in transferring to The Grainger College of Engineering at the University of Illinois at Urbana-Champaign.

Below you will find the direct link to College of DuPage's Pathway Information along with a video tutorial on the Engineering Pathway Fall 2021 Application process.

Fall 2021 applicants:

- Filing Period: December 1 – April 15*
- Early Action: January 15 - Admission notifications will be sent by mid-February
- Regular Decision: April 15 - Admission notifications will be made on a rolling basis

Application for College of DuPage must be completed to receive COD ID number and MyACCESS account information for ALEKS math placement tests.

Please visit and complete the [Engineering Pathways Application](#) on the UIUC website. Application will be live December 2020.
