

Curriculum Clubs

The Fargo Public Schools encourages students to participate in clubs and activities that will enhance their educational experience. The Fargo Public Schools will sponsor curriculum clubs to enhance the education experience of our students.

Curricular Clubs

Each school may establish curricular clubs. Curricular clubs are defined as clubs whose activities meet one (1) or more of the following criteria:

- The subject matter of the club is or will be taught as a primary topic in a regularly offered course;
- The subject matter relates to the District's composite courses of study;
- Participation is required for a particular course; or
- Participation results in academic credit.

Curricular club activities may be conducted on or off school premises under the supervision and guidance of a staff advisor.

Participation curriculum clubs cannot be denied on the basis of a student's race, color, religion, sex, sexual orientation, national origin, age, mental or physical disability, gender expression/identity, genetic information, or status with respect to marriage or public assistance, or status in any group protected by federal, state or local law.

“Non-curriculum student clubs” are defined as clubs whose activities do not meet the criteria listed above for “curricular clubs.”

The Fargo Public Schools allows non-curriculum student clubs to meet on school premises during non-instructional time. These clubs may use the name of the school when it is required or necessary to distinguish it from other such clubs in relation to competitions or other types of events. The use of the school name is not intended to show the club falls under the control, supervision, direction, guidance, or sponsorship of the Fargo Public Schools. Fiscal accounts of non-curriculum clubs are not controlled or accounted for by the District.

The Fargo Public Schools allows non-curriculum student clubs to use District facilities for meetings in accordance with 3510 - Community Use of School Facilities. Such use shall be accordance with Policy 4512 Non-Curriculum Student Clubs.

Principal Determination

Each school will provide an application form for club formation. The school principal will review each request to establish a club. After review, the principal shall designate the club as either “curricular” or “non-curricular”.

Activities regulated by NDHSAA together with intramural activities are not subject to this policy.
