\*\*\* Apparent Low Bidder is McCann Construction Enterprises Inc pending document review.

\*\*\* We have observed that certain vendors did not submit a complete lump sum price for Line 1 in Bonfire, opting instead to delineate installation costs across various categories per line 2 and 3. Upon reflection, we acknowledge the potential for confusion that this approach may have caused. Subsequently, all vendors have been apprised of this matter, and a shared understanding has been reached regarding the methodology employed to determine the lowest bid.
