JULY 2009

CONGRATULATIONS CLASS OF 2009!

Carrie Lergner - Valedictorian

Class of 2009

We did it!

Mary Doran - Salutatorian

Message from the Superintendent . . .

Just because everything is different doesn't mean that everything has changed.

--Irene Peter

*Maria Ehresman
Superintendent of Schools*

As we say good-bye to the Class of 2009 and get ready to welcome the Class of 2022, it is a good time to reflect on what has changed and what still remains the same. The class that is leaving us will enter a world that is much different than the one their parents entered. This year has left an indelible mark on our country. The economic conditions this group will face as adults are something that has not been seen since the Great Depression. As this class struggles to find their place in the work force, they will have additional challenges beyond the obvious economic ones. They will change their professions at least three times before they leave the work force. The Class of 2009 will have professions and jobs that we have not even heard of. They will probably not have the option of Social Security in retirement. Although there are many changes, the basics remain the same. They will have the same needs and wants that their parents and grandparents had--a family, a job that they enjoy and financial security. They also have a desire to make the world a better place. They may look different as they walk, text and twitter, but the generation before them did the same things, but in a non-electronic form. We passed notes and spent endless hours on the phone, they use their phones to text messages; thereby still spending endless hours on the phone. Much has changed but much does remain the same.

When we look forward to welcoming the Class of 2022, it is hard to even imagine what they will face. As an educational institution, we have the responsibility to prepare them for their future. It is a future that in some ways will look different than those of the generations before. But many of the basics they need are the same as those we learned. That is said best by our district mission.

Our mission is to provide a learning community that inspires character, service, knowledge and wisdom.

I look forward to working with all of you to fulfill that mission.

**WILLIAMSON CENTRAL SCHOOL DISTRICT
UNIVERSAL PRE-KINDERGARTEN PROGRAM
FREE TO DISTRICT RESIDENTS
OPENINGS AVAILABLE**

Children that turn four years old on or before
December 1, 2009 are eligible for this program

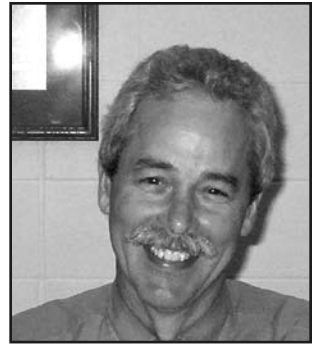

Morning and Afternoon Sessions
Transportation available for all sessions
Call the District Office at 589-9661 for more information

Message from the BOE President...

**“Anyone who stops learning is old, whether at 20 or 80.
Anyone who keeps learning stays young.”**

--Henry Ford

Another academic year has come full circle. Congratulations to the Class of 2009. You, your family and friends should be proud of your accomplishments. The road has not always been easy. The future may be uncertain but the resiliency and optimism that was present at graduation will serve you well as you make your way in the world. Well done.

Michael Collins
Board of Education President

This year we faced many challenges. The fiscal realities of state budget cuts combined with a lagging economy forced the district to make tough decisions. I want to thank the entire school district for their professionalism and dedication in the face of daunting circumstances. I would also like to take this opportunity to formally thank the community for supporting the school budget this year. We sincerely appreciate all of the input and insight that was provided to the board during the year. It's important for us to hear your concerns. Together we have weathered a difficult time.

It hasn't been all "doom and gloom." Our students have excelled academically. Our athletes have shown that Williamson is competitive at every level of play. Our community has worked together to provide a safe and nurturing environment that fosters citizenship and a solid foundation for our students. As the summer unfolds, take some time to walk around the different school buildings. The results of the district's capital improvement projects are evident everywhere you go. The high school track is a great place to walk. Take advantage of the resources available to you and your families. It's nice to stop for a moment and look around at the beautiful place we call home.

Even though school may be out for the summer, school work continues. Teachers and administrators are engaged in planning, and training to prepare for next fall. The school board continues to meet and will conduct strategy sessions as we look to the future. I would like to extend special thanks to Ms. Karen Fitzgerald-Williams for serving on the board of education. We appreciated your contributions and thoughtful counsel on the many issues we faced together.

Finally I want to remind everyone that learning doesn't stop just because the school year ends. Make it a point to learn something new every day. It could be as simple as a new word. The important thing to remember is to keep open to learning. Exercise your brain. It keeps you young. On behalf of the school board, thank you for all your support this year.

Have a great summer,
Michael L. Collins, President
WCS Board of Education

Middle School News . . .

We have finished a successful year at the Middle School. Students and staff both worked very hard toward accomplishing the goal of high academic achievement. The student's physical, social and academic growth was evident at all four grade levels.

The 8th graders have worked in their preparation for the High School. The challenge that lies ahead is inviting and will be supported by The Link Crew again this year. The Link Crew is a group comprised of upper classmen facilitating various activities for the incoming freshmen in support of their successful transition.

We welcome the new 5th graders to the Middle School. The transition has already begun with Big Buddy Day that took place June 8th, a team building exercise with next year's 6th graders. The 5th grade teachers and the entire faculty will welcome the students and make them feel part of the Middle School family.

There were awards ceremonies at each grade level on the last day of school. Awards at the different grade levels included: Perfect Attendance; Presidential Physical Fitness; Merit, Honor and High Honor Roll Ribbons; American Legion; President's Education; Art; Skills Competition; Principal's Choice; Physical Education; and various individual awards given by teachers highlighting student academic achievement and outstanding effort.

The end of the school year is a good time to reflect on accomplishments, lessons learned and to look forward to what the future might bring. We appreciate the continued support of the families. The faculty at the Middle School is committed to providing educational opportunities for the children of Williamson; together let us continue to celebrate achievement.

*John E. Fulmer
Middle School Principal*

7th Grade End of Year Award Ceremony

High School News . . .

The 2008-2009 school year came to an official close at Williamson High School with the Class of 2009 Commencement Exercises on Saturday, June 27, 2009. Eighty-five (85) students earned high school diplomas and left the sun-filled courtyard to embark on the next phase of their life's journey. Ninety-three percent (93%) of the students earned Regents Diplomas with fifty-nine percent (59%) of those having an Advanced Designation. The members of the Class of 2009 will head off in a variety of directions this summer and then again in the fall. They will head off to college, join the workforce, and serve our country in the military. Regardless, the Class of 2009 walked out of the courtyard into an infinite landscape of opportunities. I wish the Class of 2009 well and the best of luck in all their future endeavors. I hope they remember this chapter of their lives including relationships with fellow students and with staff members from Williamson. I hope they remember the things learned about academics, about life, and remember to always...

Douglas Lauf
High School Principal

Take time to think and make progress every day!

Elementary School News. . .

Spotlight on Project 2017

The Project 2017 Committee planned and held a variety of exciting activities this spring to promote the Project 2017 Scholarship Fund. The aim of Project 2017 is to encourage our students who will graduate in 2017 and in the years to follow to successfully complete one college level course during their high school career as well as complete the requirements for an Advanced Regents diploma. By meeting these scholarship requirements the community will ensure that each graduate will have a financial start to fulfilling their future career aspirations by awarding them a scholarship towards their first year of post-graduate training.

*Anne Ressler
Elementary School Principal*

Each of the planned activities allows us to spotlight our students, entertain our audience or provide the community with an opportunity to hear a guest speaker. The monies raised from the Project 2017 activities are then deposited into the Rochester Area Community Foundation and will gather interest until the first of the scholarships are awarded in 2017.

As part of the guest speaker series, Williamson graduate and 1994 Olympic Gold Medalist Diann Roffe shared her experiences as a Winter Olympian. Ms. Roffe's speech inspired all who listened to set distinct goals for themselves and to work diligently to see the goal become a reality.

Mr. Don Alhart, Channel 13 anchor, was the Master of Ceremonies at the "Are You Smarter than a Williamson Elementary School 4th Grader" lively competition as our students and teachers answered questions from our 1st through 4th grade curriculum. Mr. Alhart entertained the audience with his easy manner and sense of humor while Mr. Andy Wahl/Enrichment teacher was behind the scenes planning this engaging scholarship event.

Project 2017 was also a part of our community's annual Apple Blossom festivities. This year a Project 2017 float designed by Mr. Todd LaBarr was entered into the parade to promote this worthy cause and highlight the many career aspirations of those students who could benefit from the scholarship fund.

In order to reach our scholarship goal, the Project 2017 Committee will continue to plan activities that will inform, entertain and spotlight the wonderful children of our community. Please look for future events and help support this investment in the children of Williamson.
