KINDERGARTEN REGISTRATION

We are here to help you navigate the school onboarding process. Please visit our digital Kindergarten hub www.kasd.org/kindergarten for dates and informational items.

KINDERGARTEN AT KASD

Our Kindergarten program is designed to transition our students into the school environment and provide them with age appropriate experiences that enhance their creativity, curiosity, and collaboration.

The classes in our elementary program are unique, as they provide flexible learning environments, personalized learning, physical activation, and integrated arts programs. We utilize every space on our campus, indoor and outdoor, as learning centers.

A child is eligible for admission to kindergarten if the age of 5 is attained on or prior to September 1st. The following items are needed to apply for enrollment, 1) proof of age, 2) proof of residency, and 3) immunization records.

ONLINE REGISTRATION SERVICE

Annually, our priority registration period runs from March 1 through May 15. Our registration service can be accessed at: www.kasd.org/kindergarten. Additionally, kiosks are available by appointment at our district office. All families who register by May 15 will receive a KASD welcome package and will have an opportunity to tour buildings and meet elementary school personnel.

ANNUAL INFORMATION SESSION

Our elementary principals hold a face-to-face session each year to discuss the Kindergarten experience. Updates and specific dates can be found on March 1 at www.kasd.org/kindergarten.

BUILDING TOURS & OPEN HOUSE

Our elementary principals provide building tours each spring to familiarize all incoming families with our facilities. Overviews of our educational programs and services occur via our spring open house event. Exact dates are published March 1 at www.kasd.org/kindergarten. In addition, meet-the-teacher and back-to-school events occur in August.
