- Update plumbing
- Add security cameras
- Improve parking lot
- Repair sidewalks & masonry
- Improve playground
- Add/reconfigure space for full-day kindergarten
- Add/renovate restrooms
- Update library
- Improve gym lighting/flooring

Concept Plan

Central Road Elementary School Renovations

District Facility & Site Improvements

Improvements to District 15 school buildings include updated mechanical systems, library upgrades, improvements to existing classrooms, new instructional spaces, and more.

Updated Mechanicals & Infrastructure

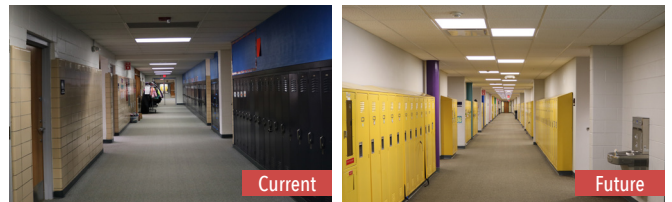

Roofing, plumbing, HVAC systems, and related upgrades will be addressed districtwide.

New Flooring, Ceilings & Related Improvements

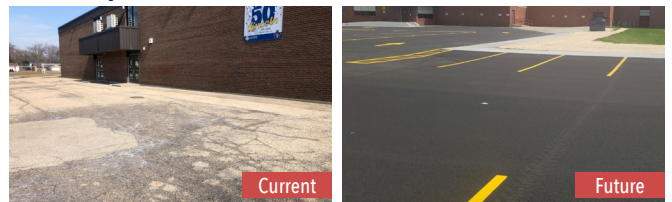

Learning space improvements include new flooring, ceilings, cabinets, furniture, and lockers.

Energy Efficiency Upgrades

New LED lighting and other energy efficiency upgrades.

Site Improvements

Site improvements include parking, masonry, concrete and asphalt repairs, updated playgrounds, and traffic flow upgrades to improve safety.

Feeder Pattern

The plan calls for all students attending Central Road, Hunting Ridge, Pleasant Hill, and Stuart R. Paddock Elementary Schools to feed into Plum Grove Middle School and then on to Fremd High School instead of splitting up to multiple schools.
