

# PROPOSED SCHOOL FACT SHEET

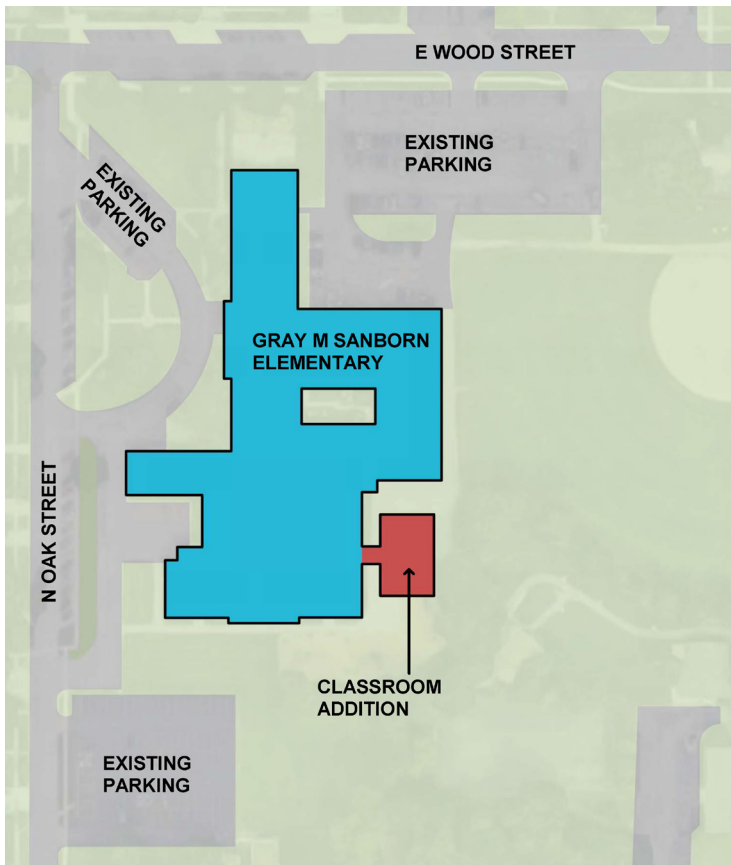

## GRAY M. SANBORN ELEMENTARY SCHOOL

### Improvements

- Improve accessibility
- Install LED lighting
- Update certain flooring, ceilings, cabinets & furniture
- Update plumbing
- Replace aging roofing
- Add security cameras
- Improve parking lot
- Repair sidewalks & masonry
- Improve playground
- Add 4 classrooms
- Add/reconfigure space for full-day kindergarten
- Improve gym lighting/flooring

### Concept Plan

#### Gray M. Sanborn Elementary School Renovations & Addition

### District Facility & Site Improvements

Improvements to District 15 school buildings include updated mechanical systems, library upgrades, improvements to existing classrooms, new instructional spaces, and more.

#### Updated Mechanicals & Infrastructure

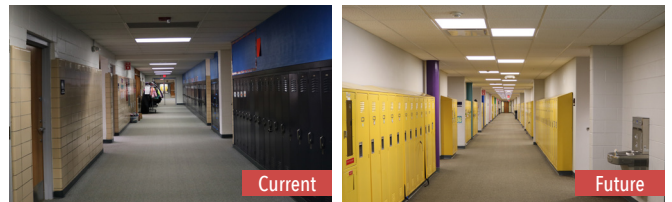

Roofing, plumbing, HVAC systems, and related upgrades will be addressed districtwide.

#### New Flooring, Ceilings & Related Improvements

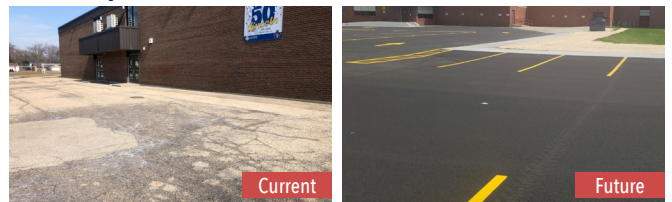

Learning space improvements include new flooring, ceilings, cabinets, furniture, and lockers.

#### Energy Efficiency Upgrades

New LED lighting and other energy efficiency upgrades.

#### Site Improvements

Site improvements include parking, masonry, concrete and asphalt repairs, updated playgrounds, and traffic flow upgrades to improve safety.

### Feeder Pattern

The plan calls for all students attending Gray M. Sanborn Elementary School and Lincoln Elementary School to feed into Walter R. Sundling Middle School and then on to Palatine High School instead of splitting up to multiple schools.
