- Improve gym lighting/flooring

Concept Plan

Walter R. Sundling Middle School Renovations & Addition

District Facility & Site Improvements

Improvements to District 15 school buildings include updated mechanical systems, library upgrades, improvements to existing classrooms, new instructional spaces, and more.

Updated Mechanicals & Infrastructure

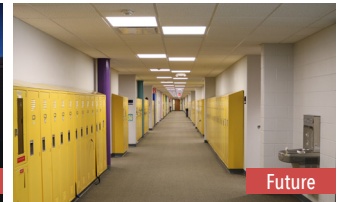

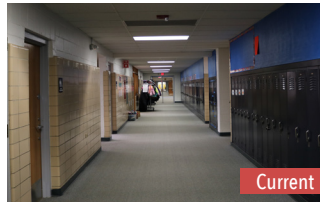

Roofing, plumbing, HVAC systems, and related upgrades will be addressed districtwide.

New Flooring, Ceilings & Related Improvements

Learning space improvements include new flooring, ceilings, cabinets, furniture, and lockers.

Energy Efficiency Upgrades

New LED lighting and other energy efficiency upgrades.

Site Improvements

Site improvements include parking, masonry, concrete and asphalt repairs, updated playgrounds, and traffic flow upgrades to improve safety.

Feeder Pattern

The plan calls for all students attending Lincoln Elementary School and Gray M. Sanborn Elementary School to feed into Walter R. Sundling Middle School and then on to Palatine High School instead of splitting up to multiple schools.
