

# PROPOSED SCHOOL FACT SHEET

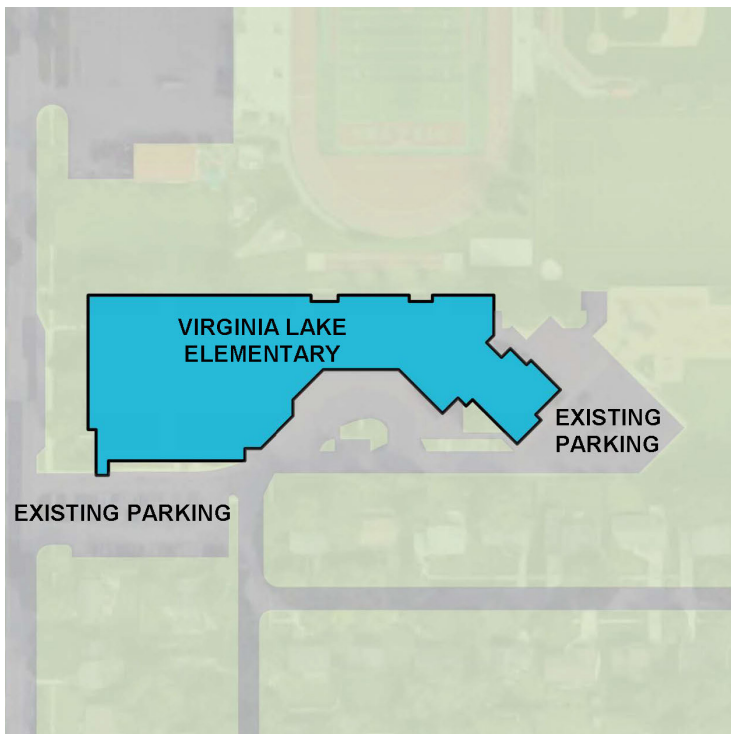

## VIRGINIA LAKE ELEMENTARY SCHOOL

### Improvements

- Improve accessibility
- Install LED lighting
- Update certain flooring, ceilings, cabinets & furniture
- Upgrade HVAC
- Update plumbing
- Replace aging roofing
- Add security cameras
- Improve parking lot/traffic flow
- Repair sidewalks & masonry
- Improve playground
- Add/reconfigure space for full-day kindergarten
- Add/renovate restrooms
- Update library
- Improve gym lighting/flooring

### Concept Plan

#### Virginia Lake Elementary School Renovations

### Feeder Pattern

The plan calls for all students attending Virginia Lake, Jane Addams, and Lake Louise Elementary Schools to feed into the Winston Campus and then on to Palatine High School instead of splitting up to multiple schools.

### District Facility & Site Improvements

Improvements to District 15 school buildings include updated mechanical systems, library upgrades, improvements to existing classrooms, new instructional spaces, and more.

#### Updated Mechanicals & Infrastructure

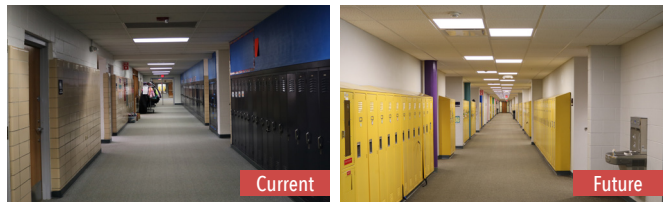

Roofing, plumbing, HVAC systems, and related upgrades will be addressed districtwide.

#### New Flooring, Ceilings & Related Improvements

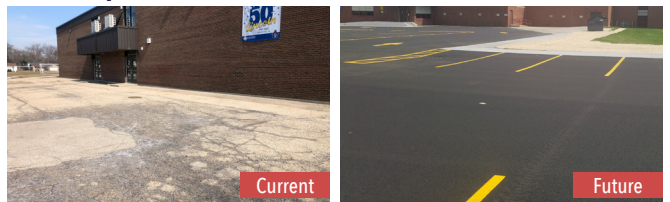

Learning space improvements include new flooring, ceilings, cabinets, furniture, and lockers.

#### Energy Efficiency Upgrades

New LED lighting and other energy efficiency upgrades.

#### Site Improvements

Site improvements include parking, masonry, concrete and asphalt repairs, updated playgrounds, and traffic flow upgrades to improve safety.
