- Improve parking lot
- Repair sidewalks & masonry
- Improve playground
- Add/reconfigure space for full-day kindergarten
- Add/renovate restrooms
- Renovate cafeteria
- Update library
- Improve gym lighting/flooring
- Add 2 classrooms

### Concept Plan

#### Willow Bend Elementary School Renovations & Addition

### District Facility & Site Improvements

Improvements to District 15 school buildings include updated mechanical systems, library upgrades, improvements to existing classrooms, new instructional spaces, and more.

#### Updated Mechanicals & Infrastructure

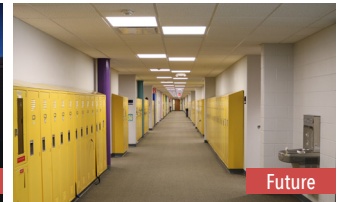

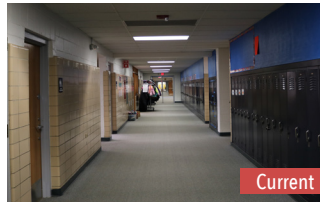

Roofing, plumbing, HVAC systems, and related upgrades will be addressed districtwide.

#### New Flooring, Ceilings & Related Improvements

Learning space improvements include new flooring, ceilings, cabinets, furniture, and lockers.

#### Energy Efficiency Upgrades

New LED lighting and other energy efficiency upgrades.

#### Site Improvements

Site improvements include parking, masonry, concrete and asphalt repairs, updated playgrounds, and traffic flow upgrades to improve safety.

### Feeder Pattern

The plan calls for all students attending Willow Bend Elementary School and Kimball Hill Elementary School to feed into Carl Sandburg Middle School and then on to Rolling Meadows High School instead of splitting up to multiple schools.
