

College Access Plan (CAP) helps PUSD students and families navigate the college process, supporting them from middle school through college graduation. At CAP, there are **no requirements** for participation, **no barriers** to higher education, and **no limits** to what students can achieve.

CAP serves students at all PUSD high schools and offers **free** drop-in college advising, whether students are interested in attending community college or a four-year college. We also offer two enrolled courses: a College Essay Writing Intensive for seniors in the fall, and a College 101 for Juniors workshop series in the spring.

For more information on CAP's programs at your school, visit our website at <http://collegeaccessplan.org/dropin> or email us at [info@collegeaccessplan.org](mailto:info@collegeaccessplan.org).

Our doors are always open to any student to:

- Explore career pathways and college majors
- Understand their options for life after high school
- Craft a college and/or professional resume
- Identify colleges that match their interests and needs
- Work on college applications
- Write and review personal statements and college essays
- Submit financial aid applications (FAFSA and CA Dream Act)
- Identify and apply to scholarships
- Compare financial aid offers
- Navigate college enrollment
- Apply for pre-college summer programs
- Anything college-related!
