1993-1994

I am pleased to add this note for our Papyrus IV and recall the events of the past year of the first semester 1993-94. I appreciate the significant progress of AIS as it is well-established and the work of its faculty is paying dividends in our student achievement as demonstrated by the SAT results and the International Baccalaureate certificates.

Our beloved students have demonstrated once again that they are good representatives of our school and a source of great pride for the AIS family. Please join me in enjoying our yearbook and my thanks to Theresa Coty O'Neil and all who have assisted her.

It is a pleasure to be associated with such an outstanding group of young people as we have here at AIS. The faculty often marvels at how eager the students of AIS are to acquire new knowledge and how serious most everyone is about their studies.

This dedication also applies to the various activities that our students participate in. Of particular mention, of course, is the yearbook staff. Once again they have outdone themselves in producing a quality book.

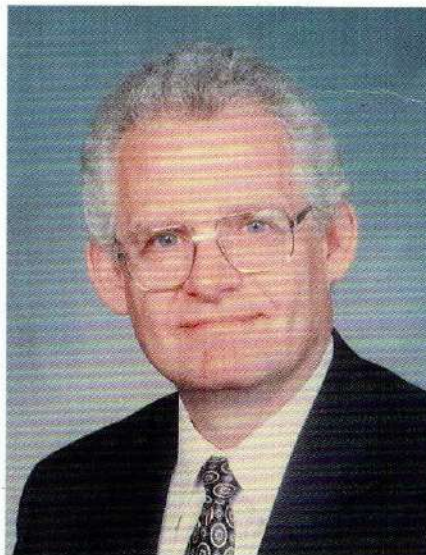

A yearbook, after all, is a photo book of historical record. It is not a book just for the moment, but one that will be looked at and enjoyed many times over in the coming years. Congratulations to the yearbook faculty advisors and student publication staff.

With short notice, A.I.S. came together during the Gulf War crisis in a time of need for all our brothers & sisters. A community developed, and the students here have learned to come together as one family.

The Big One: The Rashdan's, one of the largest extended families at AIS with eight students from KG1 to -Grade 11, share a "family" moment in the library. **STANDING:** L-R: Taher Rashdan (11), Yehia Rashdan (7). **SITTING:** L-R: Mai Rashdan (5), Rarida Rashdan (KG1), Ismail Rashdan (4), Sherif Rashdan (11), Mohamed Rashdan (8), Youssef Rashdan (5).

A Day Full of Kisses: Grade 2's Ahmed El Mula walks his brother, Kg2's Khaled El Mula, to class every morning and gives him a goodbye kiss. He then picks him up at the end of the school day, greeting him with another big, fat, juicy kiss, even if Khaled doesn't always accept it.

Caught Between Bites: Juniors Hussein Samedah and Noha Sakr have lunch together as they have for the past two years.

Christmas Around The World:

The Elementary school grades capped the Christmas season with a pageant featuring songs, plays & poems from each class. The presentation culminated in each student of the entire Fifth Grade wishing Merry Christmas to the audience in a different language-- from Arabic to Turkish.

It's a small World

The Elementary School is gaining a reputation for being an exceptional school where students not only receive the best of instruction, but where they also receive a high element of caring and dedication. It is important to us that students have the appropriate knowledge base, but it is equally important that they know how to apply that knowledge to arrive at solutions to unique and complex problems. Our curriculum includes aspects of whole language instruction for reading, an emphasis on respect for one another, integration of the curriculum and the inclusion of higher order thinking skills.

We feel that our curriculum, implemented by a highly-trained faculty and staff, will help to develop leaders of the next century. We hope they will be informed, respectful, and kind adults, with a global outlook and skills for an effective and happy adulthood. We will be grateful to have played a part in the development of a better future through quality American education.

This Land is Your Land *rewritten by Ms. Sandy's Fourth Grade*

This land is your land
This land is my land
From Cairo, Egypt
To Sharm El Sheik
From the Nile River
To the Sahara Desert,
This land was made for you and me.

As I was walking
That massive desert,
I saw above me
The Giza Pyramids.
I saw below me
The golden sand dunes.
This land was made for you and me.

Trying to Escape Earth: Seeing too many problems facing today's world, Grade 4's Ronny Aped designed his own rocket for the Grade 4 Rocket Launch. To test their rockets, fourth graders put eggs inside. If the egg was unbroken upon landing, it was a safe launch.

Four Heads Are Better Than One: Ranim El Borai, Ronny Aped, Lubna El Gendi and Shahrazad El Sayed, all Grade 4, put their heads together and brainstorm for science.

Time Out: Sixth Grader Mysara Mohamed takes some time to learn more about computers.

How Much Is A Million?: In an effort to understand how much a million really is, Mrs Tarafik's Grade 3 class, with the help of many other Elementary classes, try to make a million paper links on a chain that spans the hallways. Here, Karim Abdel Aziz and Bella Younes put the chain together.

Invention Convention:

Grade 1 through Grade 6 students participated in a schoolwide Invention Convention. Students were required to explain the purpose of their experiment to judges. For all concerned, it was a great success.

Finding Pleasure in Teamwork: *First Graders Sara Tolba and Sayed Al-Ayouty work together while painting their future neighborhood.*

Possibilities

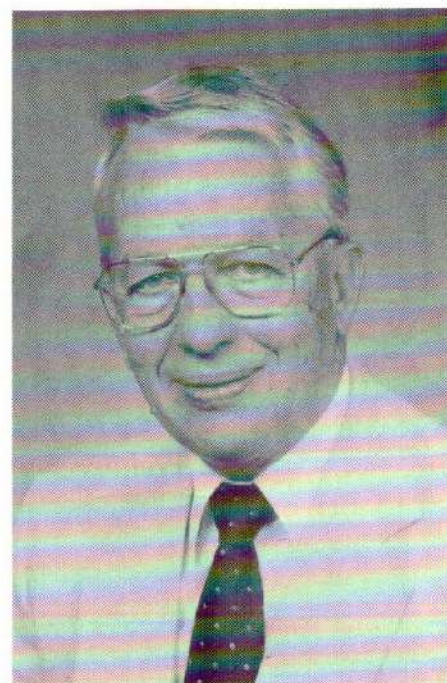

The 1993-1994 school year brought more students to A.I.S. than ever before. More than 300 students were enrolled in grades 7-12 and they came from more than 45 countries. Six more classrooms were added to the fifth floor to provide the needed classroom space. A total of 44 highly qualified teachers provided instruction to secondary school students.

The secondary curriculum increased with the new enrollment numbers. Several new International Baccalaureate courses were offered and the number of students enrolled in I.B. courses increased dramatically. The Student Council, National Honor Society, Model United Nations, and several other student organizations, were quite active and productive. The sport program was developed to involve more students and to expand the schedules.

Looking at the entire program at A.I.S., this was a fabulous fourth year in the history of our school. Where in the world could you find another international school which came this far this fast?

Ready for

In June, over 60 seniors will graduate forming the class of 1994. This will be the fourth class to graduate from this young school. Almost all of the '94 seniors have excellent academic records that will enable them to enter distinguished universities not only in Egypt, but all over the world. However, that is not really what puts the class of '94 in the stage of excellence. What does is the personalities of the individuals graduating this year that have helped create a loving and friendly atmosphere. Even though the senior class will disassemble after June, with the potential they have, one day they are bound to meet as future leaders of this country.

Karim Salah ('94)

The World

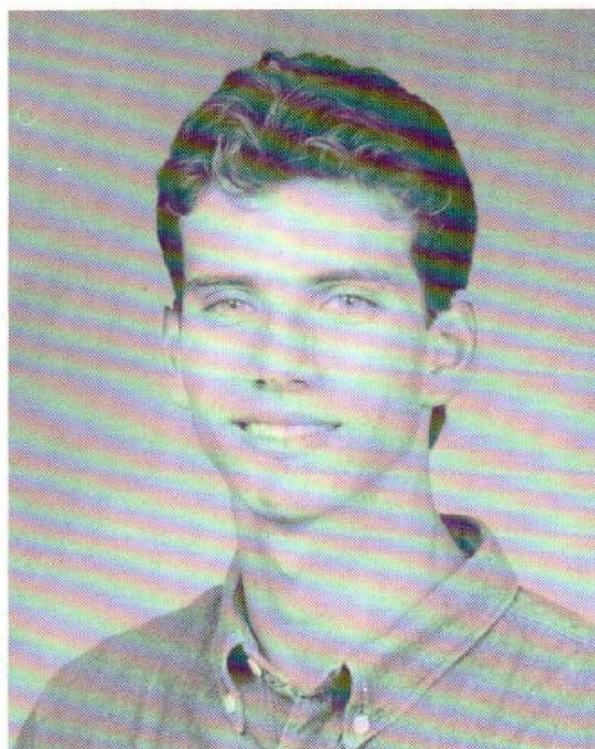

My will is to leave my chatting to Kouky, my professional singing to Mr. Norton, my fluent French to Madame Josee, my research papers to Mrs. Mebed, my laughs to Nessrine, Magda, Rasha and Marianne, my crazy world to Engy, my wonderful duet routines to Saida, my gold medals to Dina Ayeshe, my everlasting friendship to Dina Sherif, my world to Sheila and Mr. Sturm and the new baby, my AUC application to Ms. Foster, my wonderful memories to AIS, my overwhelming love to Laila Lotfy, and my greatest thanks to my wonderful mom, my extraordinary father, and my gorgeous brother, Ramy.

Yasmine Abdel Rehim

I have spent three unforgettable years at AIS with my loyal friends. My parents: Thanks for everything. Saida (Sousou), Reham (Kouky fruity), Hazem, Hanafi, Badawy, and Engy (Battates): you were all good friends. Salah: Keep your smile and don't ever lose it (Monazemeen). Fakhry: You are a faithful friend (Fakhrorty). Adham: you will invent something someday (Adon). Kamhawy: Take care, ya ghashim (whity). Above all, I would like to thank my greatest friend, Rasha: You were always there when I needed you. Special thanks to Ms. Foster and all my teachers. Nadia: I'll miss you, sis. Class of '95: I know you can do it.

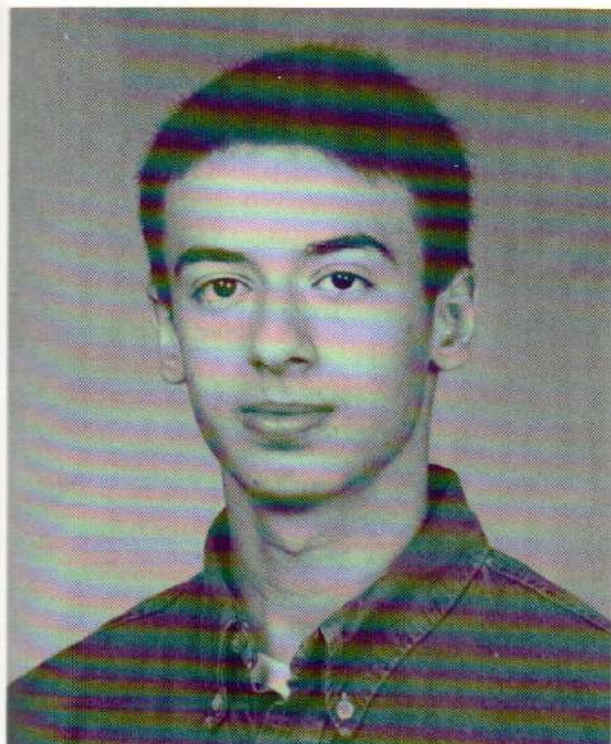

Sherif Abou Taleb

Parents: Love you. AIS: I'll miss you. Seeha Abzelahoro: Give you my zingar pass, and award for best sleeper in public. Abu Taleb: Prize to Mr. Mofty, you're great. Joja, Rasha, Noha: Greatest boy sniffer prize. Saida: banana prize for miss wise. Adham, Tasso, Kamhawy, Ali, Fakhry, Haithem, Toufic, Marei: you'll always have been in my heart. Chad, Safwat, Sadek, Shafie, Karim: If the Bulls knew you existed, they'd quit. Hazim, Hanafi, Badawi: award for infinite knowledge. Magda, Yasmin, Dina, Sam, Amir, Binky, Beblawy, and Marianne: greatest friends award. Rere: Radio prize for chatting. Nuni, Mohamed: you can do it. Good luck Seniors'95.

Reham Allam

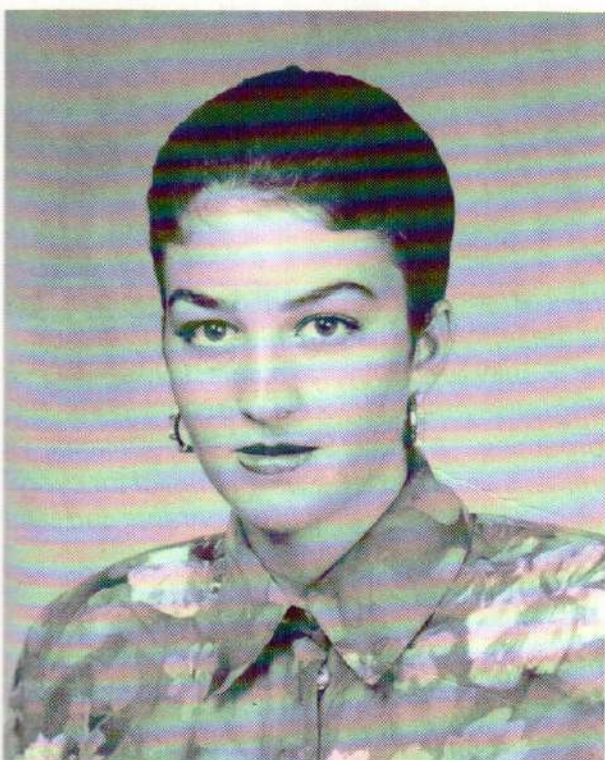

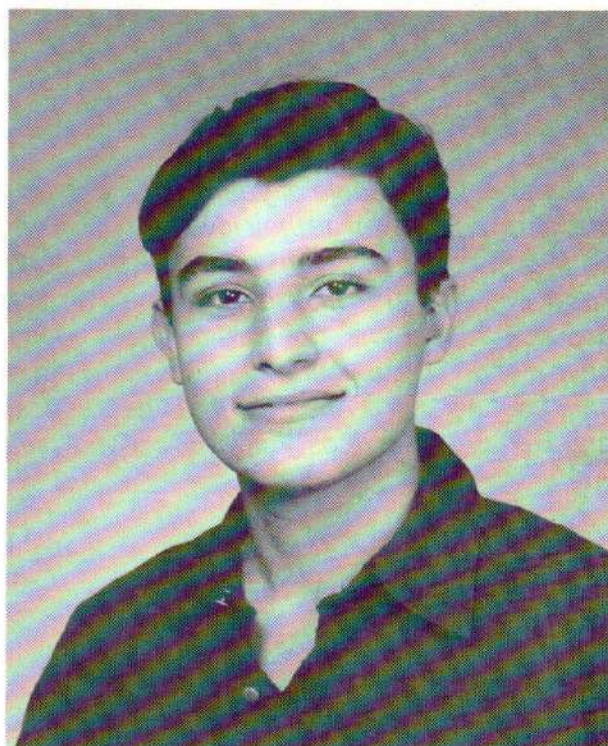

First and most importantly, I'm outta here! Second, my male shauvenism goes to my successor Emad I. and his apprentice Noha S., love ya both. Al, don't worry, you'll make it outta here, good luck "girl". I'll miss you. Gotta send a shout out to Kurt, Eddie, and Chris (Grunge Rules). Hani, I love your attitude, keep it up, I won't forget you. To my fellow seniors, Reem L., Soukieh, Tamer I., ali the Serifs, etc., Thanks guys, you're the greatest. And ofcourse my friends for life in Langley, Virginia, I love you all (especially Meg), thanks for all the memories, I'll never forget you.

Marawan "MARV" Amr

To my family, especially my father, thank you very much for your support. Senior Class: I hope that all your dreams will come true. I'll miss you so much. I'd like to thank Ms. Foster for helping me make it, and also Mrs. Sheila, the teacher I'll never forget; and of course, her baby. Bakry, I still bet that you can't get an A+ in Mr. Martell's class! Don't forget our great palace in Manial. Mahmoud H.: I'll miss our great times. Noha Moallem: Always be the boss. Nariman and Abir: Good luck next year. "Au revoir" AIS.

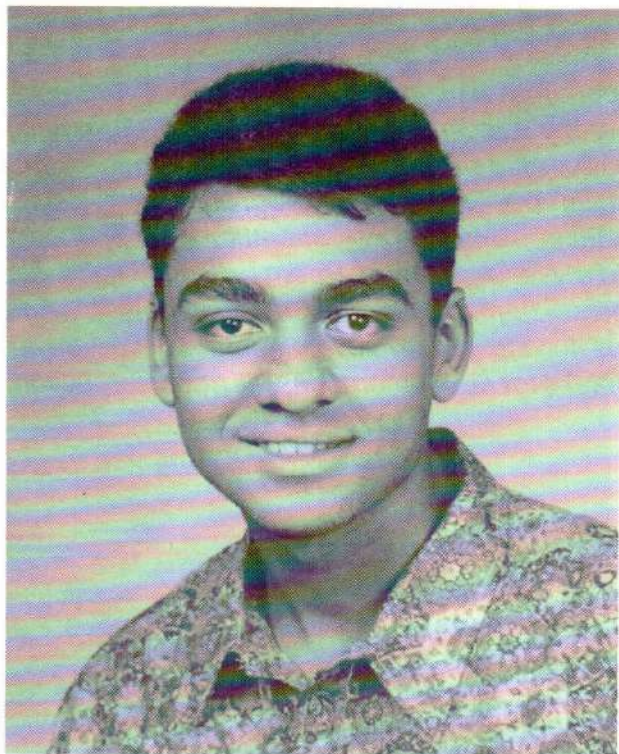

Toufic Araman

Thanks to my family, my teachers, especially Mr. Martell, Mrs. Sheila, and Mr. Pierre, and to all the people who helped me to fulfill my goals. I also would like to leave this quote for all the AIS students: "Success is a journey, not a destination."

Yasmine Armanious

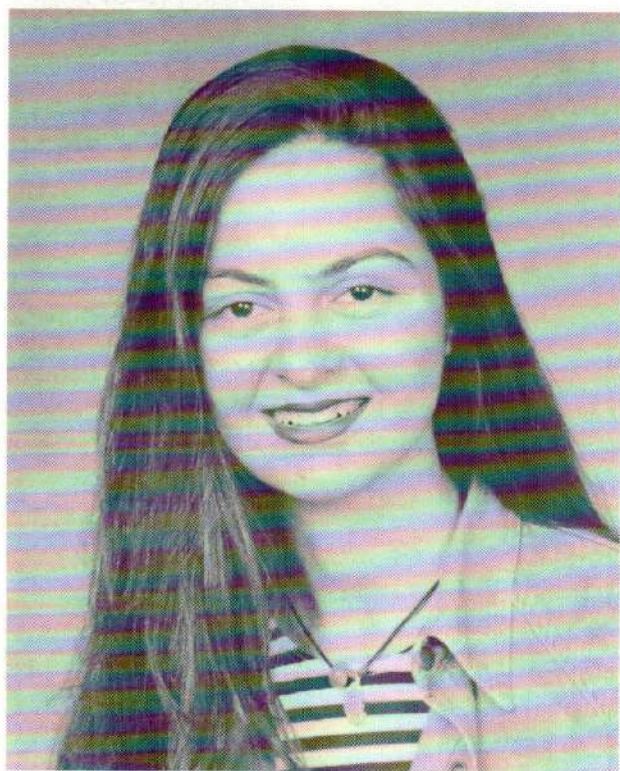

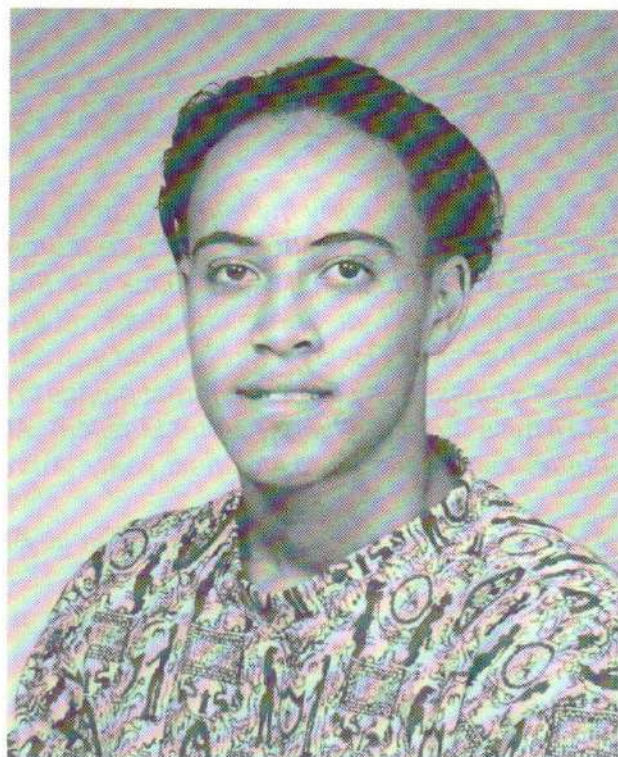

It's not nice to leave AIS after three profitable and enjoyable years, but I'm real happy for finishing this stage of my life. I'd like to thank all my friends with whom I had great times. Special thanks to my parents who made this possible for me. Mr. Pierre: Thanks for making sense out of physics. To the class of '94: Best of luck. Goodbye AIS.

Haitham Auf

*It's been a long couple of years here, but I'm glad they're over. I thank my parents for all their love and support. To my great friend, Binky, who always wanted what I did, but found it hard to get (if you know what I mean). Mo, seriously missing it. Muns, no words can describe you, I mean **no** words. Kisso, I don't know what I would have done without you, or with you, for that matter. Don't forget, cats are good, too. And to all my other friends, you know who you are. Oh yeah. I almost forgot my friend Iguana-eating refugee, Amir. See ya' all!!!!!!*

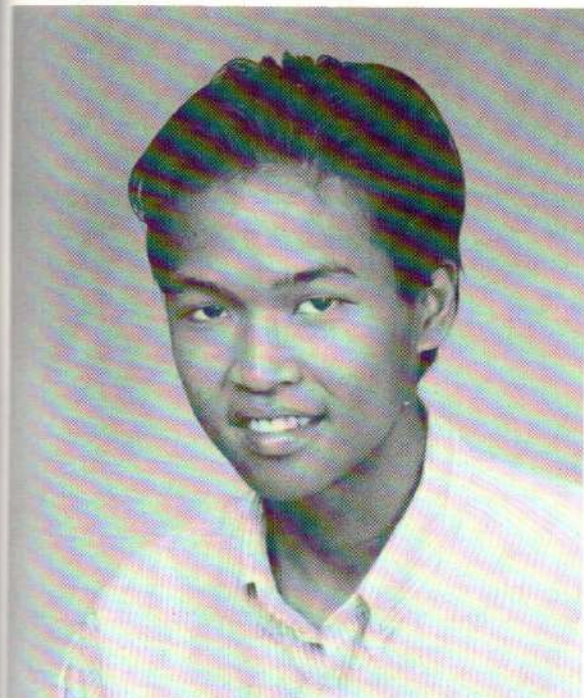

Hussam Awad

After surviving 170 days of pain, I'm finally out! Shoushette (Sherif Marei), don't think it's the end; I'll be back. Shahira and Masry, the fashion show is yours. Kouky and Engy, take care. Nisso, Saida, Laila: thanks for being always there. Zeina, good luck in UK. Yasmine, keep on dreaming. Munsy, Sadek, Shafie, Rania, I'll miss you guys. Yasmine, shisha-est #1. Sheila, thanks for everything; see you soon with Dina. A big thanks to my parents and Dina H. Finally shalom to Demerdash and all AISians.

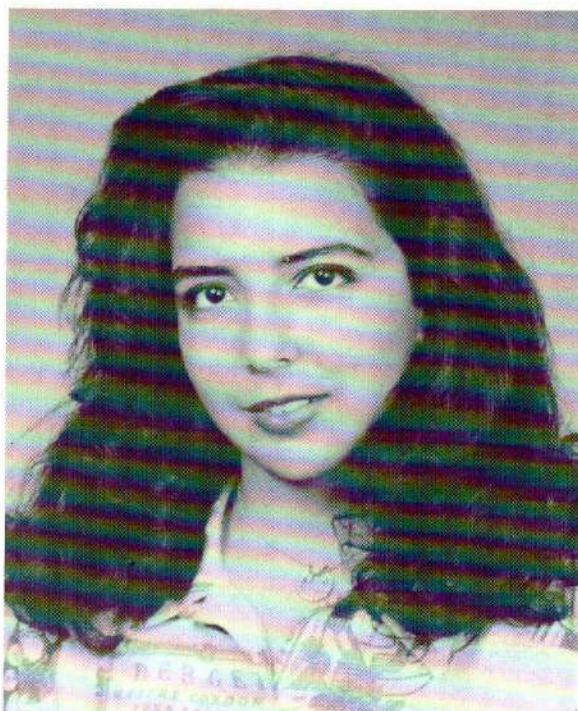

Dina Ayesch

First, I would like to thank my family for trusting me and taking me seriously. If it wasn't for them, I would've probably turned out like Sam. Next, I want to thank all my friends who have made AIS bearable. Without you guys, my life would've been terrible. Even though I will miss you guys, I guess it is time to say goodbye. Next, a special thanks to Sylvia, Magda, and Nancy. The memories we share will always stay with me. And to my posse, Sam, Mo, KiSoo, and Binky, hope to see all of you next year in University.

Amir Azman

I waited for this year for a long time, but when it finally arrived, I wished that time could stop forever for it has been a wonderful year. To Nessrine N.: Thanks for always being there for me; you're one in a million. To Nessrine Y. and Yara and Zeina: you're great friends. To my sister: I leave you all my happy memories. To my teachers, especially Sheila: big thanks to all. To the class of '94: have a great future. All my love and gratitude go to my parents for their love and support.

Magda Badreldin

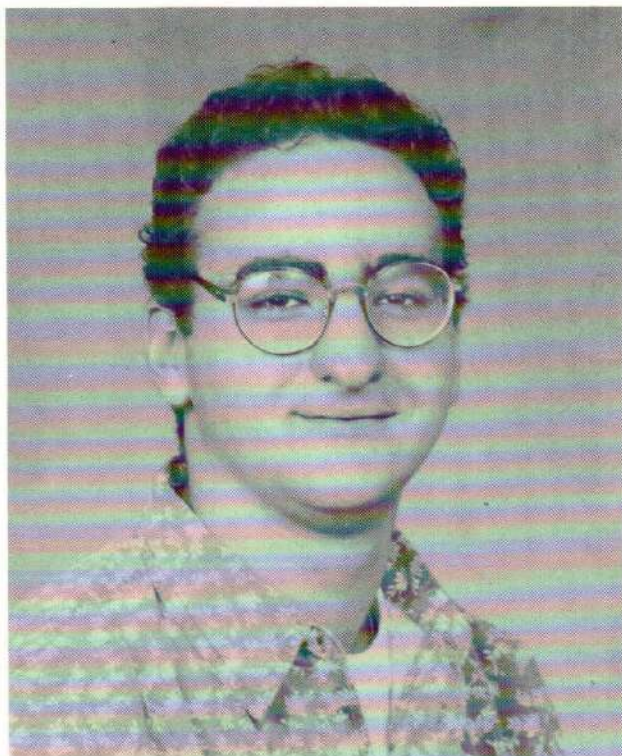

"If we get to see tomorrow, I hope it's worth all the wait. It's so hard to say good-bye to yesterday. And I'll take with me the memories to be my sunshine after the rain. It's so hard to say good-bye to yesterday."
Boyz II Men

Family: I love you. Mom and Dad: Thanks a million. School: Ciao! "Increase the peace," Boyz in the Hood. Friends: Remember that I care a lot. AIS: Get rid of the blue walls.

Jasmin Beblawi

Well, it is time to leave AIS and go somewhere else. Throughout my three years at AIS, I gained very important things—things most everyone won't understand. People who have shared these feelings with me are Hisham, Samer, Asser, Shandawele, and Tamer. Samer, I am truly sorry to leave you in this vice alone, but we will never part. My advice to you is to arm yourself with our philosophies in order to survive your class. Hesham and Asser, we will be suffering together next year. Shandawely, stop trying new medicines, and Tamer, calm down. I can also never forget my great family for their support. SHALOM AIS.

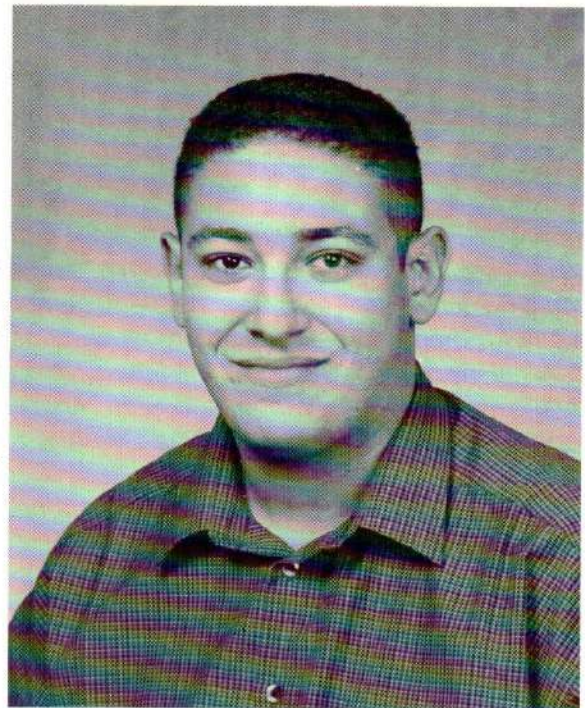

Mohamed Demerdash

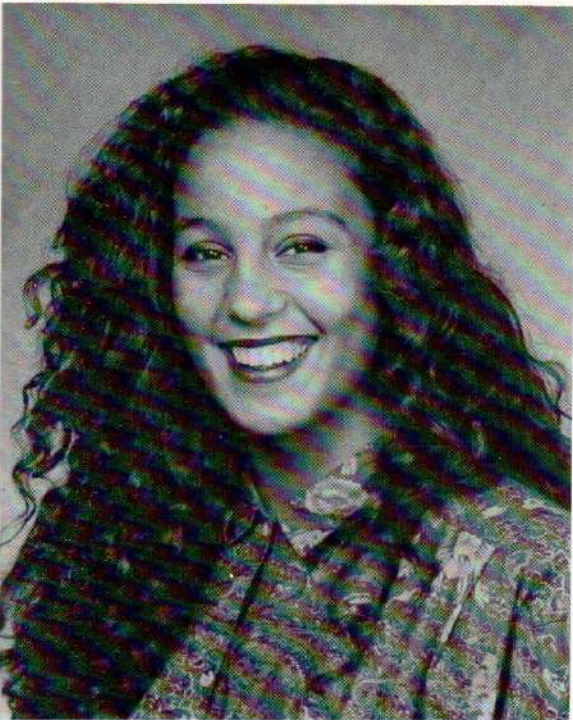

Graduation is finally here! Engy and Kouky: my bananas. Samassem and Zossa: my ballerinas (I am proud of you). Wheaty: my support (a true friend). Adon: my partner. Thank God, I've overcome this long, demanding trip of education, I hope that it doesn't have an elongation. It doesn't matter what you take. It's just like baking a cake. If you want a delicious taste, then why are you waiting for your fate? Just go on and work for it before you fail and sit. A million thanx to my parents, who supported me with lots of caresses. Friendship isn't a word, but it's a sword. With it, one should ruin his enemy, and have a gratifying graduation ceremony. Good Luck, Juniors. Au Revoir, Seniors. Auf Wedersehen, AIS.

Aly El Garraya

A reminiscence of a quotation of Omar Khayyam:

"Since life passes, whether sweet or bitter, since the soul must pass the lips, whether in Nishopur or in Balksh. Drink wine, for after you and I are gone many a moon will pass from old to new, from new to old.

And " Une fois, t'en souviens -tu? Nous avons vu dix ou douze garçon se rassembler autour de l'un d'eux qui leur avait dit: Nous allons faire une énormité. Et c'est bien là ce à quoi nous aspirons, toi et moi: que le peuple se rassemble et se mette en marche en criant: Nous allons faire une énormité."

That was an unreachable dream. But with the help of our great Coach Sturm, it became true. I also don't know what to do for the greatest Nancy Foster; for all the help she gave me, "thanks." To the 1995 seniors, "You can do it." I wish you good luck. To Madame Josee : Bonne chance pour les autres.

In a society where ordinary people rule, the jury finds the following people guilty as charged: Sadek, Shafie: holding the greatest locker parties. Sandro: having average ball skills. Senior Iftar

The Senior Iftar, sponsored by the seniors and the Arabic Department, was a good chance for the faculty & students to celebrate Ramadan and understand a little more about Islam. The Arabic Department showed the documentary "Islam In America" to a hungry audience, who later enjoyed many wonderful home-cooked dishes.

Facial Expressions Slowly Return: Above & Below: After taking their first few bites, color returns to the teacher's faces.

Entertainment: After the feast, seniors watch "Teenage Mutant Ninja Turtles" for a few laughs.

A Pleasurable Reward: Bahy Soliman is caught between bites, careful to enjoy each swallow.

Senior Breakfast

A Vitamin C Boost: Anna pours Toufic his daily required dose, as other seniors help themselves to the food.

Chow Down: Ki Soo, Sherif & Mohamad pile up their plates for a chow fest.

A Little Nostalgia: Seniors pause to remember last year's seniors and to think about their own upcoming graduation as they watch last year's AIS graduation on video.

Seniors enjoyed an early morning get-together in the fall to begin celebrating and discussing their last year of high school.

Time To Digest: Seniors relax & visit after a filling meal.

The Fashion Show, which took place on Friday April 15, was sponsored by the Senior Class. Organizers were seniors Dina Ayesh & Mohamed Fakhry. Training the inexperienced models was not an easy task--it took over three months--but the hard work paid off and the show was successful. Many stores were glad to have our students model their clothes. Thanks to all those who made the show a memorable event. Hopefully, it will become an A.I.S. tradition.

Positive change is something many people desire. In the beginning of the 1993-94 school year, I decided that I wanted to do just that. I requested Dr. Webb to allow us to hold elections, including campaigning, for the senior officers. Running for Senior Class President & being elected has allowed me to exert my energy in a different form. I, along with the other officers, set up sub-committees to help us accomplish our various goals. We held several fundraisers, such as dances, movies & food sales, which helped us raise a good sum of money. Sheila & Mr. Sturm, senior sponsors, were another driving force behind our success. Looking back, I'm glad I was able to serve my fellow seniors to the best of my ability and I hope that in the future, the seniors will come together as a team for the benefit of the group.

Last Words...

Being one of the first students of I.B. at our school makes me feel rather special. Thanks to all who made these two years so memorable--I will never forget those sleepless nights, tons of papers & deadlines. Thank you to all who helped me to survive! Best of luck to the future generations of students testing the limits of their brains in I.B.

Anna Konieczna

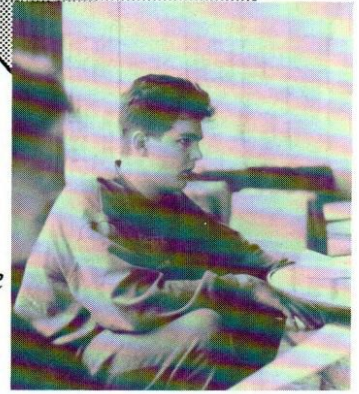

It would be very hard for me to say how much I loved doing I.B. and how the last two years have been the best of my life. The last two years, in fact, have been the most stressful and definitely the longest ever. Yet they have also been the most constructive & I am glad for the people I've met, whether they were my peers, teachers or faculty members. I would like to use this space to ask a question that has been nagging me for over a year & a half: "These bags under my eyes, will they ever go away?"

Tarek Khalil

I.B.....International Baccala...I still can't spell this! Two years of the diploma course are more than enough! All the people who come after us will be "led on the path," but we...we had a tough time. I'd like to say "Thank You" to all the good teachers & loads of love to all the I.B. students.

Eniko Marton

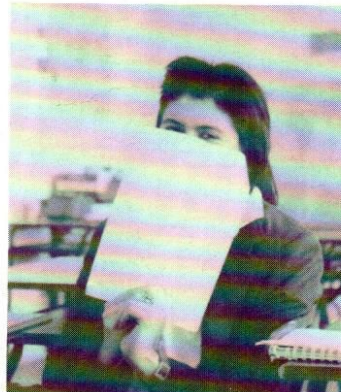

The past two years of my life have been the toughest ones so far. Yet I am extremely glad to have taken I.B., as it taught me things I'll never forget:

* "Never waste time thinking about how to do an I.B. assignment; instead think of some way to get out of it."

* "Time is definitely not on your side (it's your worse nightmare)."

I would like to thank all those teachers who have helped me to somehow survive I.B.. and also all my peers who helped me "hang in there."

This year's MUN class was a small group of seniors & juniors, who except for one or two students, had no previous experience in debating, writing resolutions, and keeping up with the news. As the weeks passed, we learned more in depth about the U.N. and it's structure, how it works and what it does. The MUN class participated in three major conferences throughout the year, one at CAC, one at The Hague (Holland), the other at AIS. It was at these conferences that we learned the basics of international politics & diplomacy, where we learned about the careful, step-by-step process of negotiating. We learned how difficult it really is to reach agreements on almost any global issue that we face today. This year's most important conference was the THIMUN at The Hague in which over 200 schools all over the world participated representing different countries. AIS had the privilege of representing EGYPT in all aspects. With an atmosphere similar to the real U.N., we were able to represent Egypt with the determination and competitiveness that was common amongst all delegates present. We hope the MUN program will continue with as much success as it has had in the past. -- Sharif Mansour

Honest & Powerful: Short and intriguing speeches had to be made by the delegates. Hani Sabra, Mohamad Safwat & Tarek Eweiss take control.

A 'team' of leading scholars and hard workers -- that's what makes up the Boys' & Girls' Athletic Association. As a group, we have learned that hard work & determination pays off. Last year, we held AIS' first annual Athletic Banquet. Even though it was hard to convince people of its most pleasurable moments, that day is apparently one of the most memorable days in AIS' history. We have successfully accomplished other activities, such as Seasonal Candies & a Lip Sync Competition. This year has been even more successful as we have been able to give plaques for Athletes Of The Year, as well as one for the school. We are grateful to have been able to accomplish all this, and are thankful for Heather Green's aid, which we would not have been able to do anything without.
