Southside Elementary School Pre-K

"Providing an Early Start to a Bright Future"

Southside Elementary School Pre-Kindergarten Program offers a quality education to all at-risk 4 year old students, who are 4 years of age by September 30th of the current year. The program is developed and designed to ensure that these students are academically and socially prepared to start Kindergarten. Southside realizes the importance of preparing 4 year olds for their Kindergarten experience and; therefore, endeavors to provide students with certified teachers, an enriched curriculum, and an environment conducive to learning. It is our mission to ensure that all students learn and develop to his/her fullest potentials.

Southside has employed 3 certified dedicated teachers & 3 Highly Qualified Paraprofessionals: These teachers and paraprofessionals possess the certification and experience needed to provide students with the quality of education necessary to be successful in their Kindergarten year.

The Pre-K Program provides a rich curriculum and an environment that is conducive to learning. *Eureka Math* is the Math Curriculum that was chosen for the 2015-2016 school year, and the Reading Curriculum is *Core Knowledge*. In addition, the teachers are following the *Teaching Strategies Gold 36 Objectives for Learning and Development* with fidelity to ensure students are receiving instruction that focuses on technology, science, and the arts as well as Math and Literacy.

The program is free to all East Carroll Parish 4 year olds and provides transportation to all students who qualify under the state regulations regarding transportation. Free breakfast, lunch, and snacks are provided for all participants and the school day is from 8:00 a.m. to 3:10 p.m. There are 60 available seats.

Southside invites all parents to afford us the opportunity to provide their children with the quality education he/she deserves to become Kindergarten ready.
