The Board of Education, its officers and employees, will not discriminate in its programs and activities on the basis of legally protected classes, such as, but not limited to race, (including traits historically associated with race, such as hair texture and protective hairstyles like braids, locks and twists), color, national origin, creed, religion, including religious practices, marital status, sex, (including pregnancy, childbirth, or related medical condition), gender identity and expression (i.e., actual or perceived gender-related identity, appearance, behavior, expression, or other gender-related characteristic regardless of sex assigned to that person at birth, including but not limited to the status of being transgender), age, sexual orientation, disability (physical or mental), predisposing genetic characteristic, military work or status, domestic violence victim status, or use of a guide dog, hearing dog, or service dog, as applicable. The district will provide notice of this policy in accordance with federal and state law and regulation.

This policy of non-discrimination includes access by students to educational programs, counseling services for students, course offerings, and student activities, as well as recruitment and appointment of employees and employment pay, benefits, advancement and/or terminations.

Specific protections for students under the Dignity for All Students Act are addressed in policy 0115. Student Bullying and Harassment Prevention and Intervention.

Additionally, to promote the district website's accessibility to staff, students, and members of the community with disabilities, the district will maintain a website that is accessible (or contains accessible alternatives) on perceivability, operability and understandability principles. The district's Director of Technology is responsible for considering the following when developing or updating the district website:

- Adding the text equivalent to every image;
- Posting documents in a text-based format such as HTML or RTF in addition to PDFs;
- Avoiding dictating colors and font settings;
- Including audio descriptions and captions to videos;
- Identifying other barriers to access; and
- Making other considerations when developing the district's website.

The Board of Education, its officers and employees shall not discriminate against students on the basis of actual or perceived race, color, weight, national origin, ethnic group, religion, religious practice, disability, sex; sexual orientation or gender (including gender identity and expression).

A finding that an individual has engaged in conduct in violation of this policy may result in disciplinary action and/or filing of a report with third parties in the manner prescribed by the district code of conduct, the law or applicable contract.

Nothing in this policy will be construed to prohibit a denial of admission into or exclusion from a course of instruction or activity based on a person's gender that would be permissible under the law or to prohibit, as discrimination based on disability, actions that would be permissible under the law.

**Annual Notification:** At the beginning of each school year, the district will publish a notice of the established grievance procedures for resolving complaints of discrimination to parents/guardians, employees, students and the community. The public notice will:

1. inform parents, employees, students and the community that education programs, including but not limited to vocational programs, are offered without regard to actual or perceived race, color, weight, national origin, ethnic group, religion, religious practice, disability, sex; sexual orientation or gender (including gender identity and expression);
2. provide the name, address and telephone number of the person designated to coordinate activities concerning discrimination; and
3. be included in announcements, bulletins, catalogues, and applications made available by the district.
