5205	Eligibility for Extracurricular Activities	

The Board of Education has the authority to establish reasonable standards as prerequisites for eligibility for co-curricular and extracurricular activities. These standards apply to entry qualifications as well as to continued participation in such activities. Advisors/Coaches must disseminate a copy of the expected standards of conduct to all students and parents at the start of each school year, and participating students should be individually informed of the application and scope of such standards.

Eligibility and continued participation in co-curricular and extracurricular activities are a privilege extended to students, as opposed to a right, and the behavioral standards sets forth in the district Code of Conduct (Policy 5300) apply to all students participating in any co-curricular and/or extracurricular activity. All student participants, including athletes, should be informed that they have the obligation to act in a responsible manner because of the leadership roles they play in the school environment and as a result are expected to adhere to a ban on the consumption/use of alcoholic beverages, drugs (other than those appropriately prescribed), and/or tobacco products on or off campus.

Advisors/Coaches must specify minimum school attendance requirements, and the minimum grade point average (GPA) they expect student participants to maintain. All such standards must be reasonable. The relationship between a student's GPA and his/her eligibility must be clearly explained to all student participants.

"Training rules" are generally accepted as a condition of participation in student athletics, and may include attendance at practices, individual training programs, etc. Similar rules of rehearsal attendance and practice may apply to other extracurricular or co-curricular activities such as orchestra, band and

theater. Advisors/Coaches will provide these expectations in writing at the beginning of the school year or season, as appropriate.

Advisors/Coaches will provide these expectations in writing at the beginning of the school year or season, as appropriate.

Although suspension from participation in an extracurricular activity does not require a full hearing pursuant to Section 3214 of the Education law, a student must be given the opportunity to appear informally before the disciplinarian and/or disciplinary committee, and present his/her side of the story as part of a general discussion of the conduct under review.
