8110	School Building Safety	

The Board of Education recognizes that a safe, secure and healthy school environment is necessary to promote effective learning. The Board is committed to ensuring that all school buildings are properly maintained and preserved to provide a suitable educational setting.

Consistent with the requirements of state law and regulations, the Board will:

1. Appoint a Health and Safety Committee that shall perform the functions listed in Policy 8112, Health and Safety Committee.
2. Review and approve all building condition surveys, and, when required by the State or the Commissioner of Education, visual inspections.
3. Take immediate action to remedy serious conditions in school buildings affecting health and safety and report such conditions to the Commissioner of Education.

The Superintendent of Schools or his designee shall be responsible for the development of procedures for investigating and resolving complaints related to the health and safety issues in the district's buildings consistent with requirements of state law and regulations.
