BOARD POLICY

SAMPLE

Earthquake Emergency Procedure System

Instruction

Since earthquakes occur without warning, students shall be taught methods of protecting themselves.

The superintendent or designee shall establish an emergency procedure system to be followed in case of earthquakes. This system shall include, but not be limited to, the following:

- 1. A school building disaster plan, ready for implementation at any time, for maintaining the safety and care of students and staff. This plan shall outline roles, responsibilities and procedures for students and staff.
- A DUCK, COVER AND HOLD ON procedure, whereby each student and staff member takes cover under a table or desk, drops to the knees, takes hold of the desk, and faces away from the window.
- 3. Protective measures to be taken before, during and after an earthquake.
- 4. A training program to ensure that all students and all certificated and classified staff are aware of, and properly skilled in, the earthquake emergency procedure system. (Education Code 35297)

DUCK, COVER AND HOLD ON procedures shall be practiced at least once each school quarter in elementary schools and at least once each semester in secondary schools. (Education Code 35297)

ADMINISTRATIVE REGULATION

SAMPLE

Earthquake Emergency Procedure System

Instruction

Earthquake While Indoors at School

When an earthquake occurs, the following actions shall be taken inside the school building and in individual classrooms:

CODE: AR 6114.3(a)

- The teacher or other person in authority shall implement the DUCK, COVER AND HOLD ON action. Each student shall:
 - (a) Get under equipment (desk, table, etc.) where available. Otherwise get next to an inside wall or under an inside doorway.
 - (b) Drop to knees with back to the windows and knees together.
 - (c) Hold on to the desk.
 - (d) Bury face in arms, protecting the head. Close the eyes tightly.
 - (e) Stay there until the procedure or emergency is over or until subsequent instructions are given. Such instructions will depend upon circumstances and the extent of damage to the buildings.
- 2. As soon as possible, teachers shall move the students away from windows and out from under heavy suspended light fixtures.
- 3. Teachers shall implement action to LEAVE THE BUILDING when the earthquake is over. Teachers shall ensure that students do not run.

Earthquake While on School Grounds

When an earthquake occurs, the following actions shall be taken if teachers and students are on school playgrounds:

- 1. The teacher or other person in authority shall direct the students to WALK away from buildings, trees, poles, or exposed wires.
- 2. The teacher shall implement the DUCK, COVER AND HOLD ON action. Teachers and students shall cover as much skin surface as possible, close eyes, and cover ears.

Earthquake Emergency Procedure System (continued) Code: 6114.3(a)

3. Teachers and students shall stay in the open until the earthquake is over, or until further directions are given.

Subsequent Emergency Procedures

- 1. Teachers shall see that students avoid touching electrical wires that may have fallen.
- 2. Teachers or students shall not turn on/off any light switch and/or light any fires after the earthquake until the area is declared safe.
- 3. Teachers shall render first aid if necessary.
- 4. Teachers shall take roll of their classes.
- 5. The principal shall see that guards are posted at a safe distance from all building entrances to see that no one reenters for any reason until the buildings are declared safe. Guards may be custodians, teachers, or students.
- 6. The principal shall direct a custodian to shut off all pilot lights on water heaters or furnaces, as well as stoves in homemaking classrooms.
- 7. The principal shall request assistance as needed, through appropriate channels, from the county or city Civil Defense Office or fire and police departments.
- 8. The principal shall notify utility companies of any break or suspected break in lines which may present an additional hazard. If damage has occurred, the custodian shall shut off all utilities at the main valve.
- 9. The principal shall, if possible, contact the district office for further instructions.
- 10. The principal shall determine the advisability of closing the school, with the advice of the City Building Inspector, Fire Department, etc.
- 11. Following the quake, the principal and custodian shall inspect all buildings for safety in accordance with inspection procedures below.
- 12. If the building is safe for use, the principal or designee shall clear debris in order to resume educational activities as soon as possible.
- 13. Until such time as the buildings are safe for use, the principal shall provide educational facilities outside so that the educational program may be continued with as little interruption as possible.

Earthquake Emergency Procedure System (continued) Code: 6114.3(a)

General Procedures

- 1. The safest place to be is in the open. Stay there.
- 2. Move away from buildings, trees, and exposed wires. DO NOT RUN!
- 3. After the earthquake, if you are on your way to school, continue to school.
- 4. After the earthquake, if you are on your way home, continue home.

Inspections After Earthquake

1. <u>The school custodian</u> shall make a thorough inspection immediately after a severe earthquake shutting off all utilities to the buildings.

Check points: Large cracks affecting buildings

Earth slippage affecting buildings

Water leaks Gas Leaks

Electrical breakage's

- 2. The building principal shall inspect the facility. If the principal believes the school is damaged sufficiently to be a hazard, he/she shall notify the superintendent or designee and request assistance to check for structural failure and equipment adequacy. Until this is done, the building shall not be occupied.
- 3. <u>A City and/or County Building Inspector</u> shall be responsible for determining if the structure is safe for occupancy. The superintendent or designee shall expedite reconstruction and replacement of equipment.

Earthquake While on the Bus

When students are on the school bus and an earthquake occurs, the following actions shall be taken:

- The bus driver shall pull to the side of the road away from any buildings, poles, wires, overhead structures or bridges, if possible, and issue the DROP, COVER AND HOLD ON action.
- 2. The driver shall set the brakes and turn off the ignition.

Earthquake Emergency Procedure System (continued) Code: 6114.3(a)

- 3. The bus driver shall wait until the earthquake is over before proceeding on the route.
- 4. If the bus driver continues on, he/she shall watch for hazards created by earthquakes, such as fallen electrical wires, cracked roads, or fallen poles.
- 5. The bus driver shall contact the director of transportation for instructions.

SAMPLE

Emergencies and Disaster Preparedness Plan

Instruction

All district staff and students must be prepared to respond quickly and responsibly to emergencies, disasters, and events which threaten to result in a disaster.

The superintendent or designee shall develop and maintain a disaster preparedness plan which details provisions for handling all foreseeable emergencies and disasters. This plan shall be reviewed and updated at least annually.

Principals shall augment the district plan with working plans and procedures specific to each school building. All students and employees shall receive instruction regarding these plans.

The superintendent or designee shall consult with city and/or county agencies so that district and site plans may provide the best possible way of handling each situation and also provide for emergency communications systems between these agencies and each school district.

District and site plans shall address at least the following situations:

- 1. Fire
- 2. Enemy attack
- 3. Bomb threat
- 4. Natural disasters, i.e., floods, torrential rains, earthquakes.
- 5. Man-made disasters, i.e., airplane crashes, chemical accidents.
- 6. Attack or disturbance by criminal or unstable individuals or groups

(cf. 5142 - Student Safety)

Emergencies and Disaster Preparedness Plan (cont'd) Code: 6114(a)

The Superintendent or designee may provide a plan which allows bus seating capacity limits to be exceeded when a disaster or hazard requires students to be moved immediately to ensure their safety. (Education Code 39834)

The Board may grant the use of school buildings, grounds and equipment to public agencies, including the American Red Cross, for mass care and welfare shelters during disasters or other emergencies affecting the public health and welfare. The Board shall cooperate with such agencies in furnishing and maintaining whatever services it deems necessary to meet the community's needs. (Education Code 40041.5)

Disaster simulation exercises shall be held annually at each school site and shall demonstrate how safety procedures may be applied to various types of emergencies.

The Board encourages all employees to become proficient in first aid and cardiopulmonary resuscitation. Each principal shall ascertain that at least one staff member at each school holds a valid certificate in these areas. The Superintendent or designee shall provide for CPR inservice training to be offered at least once a year for district staff.

Emergencies and Disaster Preparedness Plan

Instruction

The district disaster preparedness plan shall be available to staff, students and the public in the office of the Superintendent and in the office of each principal. Individual building disaster plans shall be provided to each teacher and shall be available for public inspection at the principal's office. The principal shall make certain that students and staff are familiar with the plan and shall conduct preparedness drills in accordance with state requirements to ensure effective behavior in the event of an actual emergency or disaster.

The Superintendent or designee shall appoint a committee each year to review the disaster preparedness plan and recommend changes and/or improvements.

1. Principal

The principal or designee shall assume overall direction of disaster procedures. Each principal shall prepare written disaster plans for his/her school and present a copy to the Superintendent or designee.

The principal shall:

- a. Direct evacuation of buildings, using fire signals and procedures as required for fire, threatened explosion, or following cessation of earthquake tremors, and using alternate systems in case of power failure.
- b. Arrange for transfer of students when their safety is threatened by floods or approaching fires.
- c. Issue orders to teachers if children are to assemble in preselected safer areas within the school.
- d. Schedule required fire drills and keep appropriate records.
- e. Use discretionary judgment in emergencies which do not permit execution of prearranged plans.
- f. Inform the Superintendent or designee of all emergency actions taken as soon as possible.
- g. Post directions for fire drills and civil defense drills in classrooms, multipurpose rooms, etc.

CODE: AR 6114(a)

Emergencies and Disaster Preparedness Plan (cont'd) Code: 6114(a)

2. Teachers

Teachers shall be responsible for supervision of students in their charge. Teachers shall:

- a. Direct evacuation of students in their charge to inside or outside assembly areas in accordance with signals, warning written notification, or intercom orders.
- b. Give the DUCK, COVER AND HOLD ON command during an earthquake or in a surprise attack.
- c. Take roll when the class is relocated in an outside or inside assembly area or at another location.
- d. Report missing students to the principal or designee.
- e. Send students in need of first aid to the school nurse or person trained in first aid.

3. Custodian

Custodians are responsible for the use of emergency equipment, the handling of supplies and the use of available utilities. Custodians shall:

- a. Control main shutoff valves for gas, water and electricity and ascertain that no hazard results from broken gas, water mains or fallen electrical lines.
- b. Survey and report damage to the principal.
- c. Direct rescue operations as required.
- d. Direct fire-fighting efforts until regular fire fighting personnel take over.
- e. Disburse supplies and equipment as needed.
- f. Conserve usable water supplies.

4. School Secretary

School secretary shall:

- a. Report a fire or disaster to the appropriate authorities.
- b. Assist the principal as needed.
- c. Provide for the safety of essential school records and documents.

Emergencies and Disaster Preparedness Plan (cont'd) Code: 6114(a)

4. Secretarial Staff

Secretarial staff shall:

- a. Operate telephones.
- b. Monitor radio emergency broadcasts.
- c. Assist the school nurse as needed.
- d. Act as messengers and carriers when so directed.

5. School Nurse

School nurses shall:

- a. Administer first aid.
- b. Supervise the administration of first aid.
- c. Organize first aid and medical supplies.

6. Cafeteria Manager

Cafeteria manager shall:

a. Direct the use and preparation of the cafeteria stock and water supply whenever the feeding of students becomes necessary during a disaster.

7. Bus Driver

Bus driver(s) shall:

- a. Supervise students if a disaster occurs while they are in bus.
- b. Issue the DUCK, COVER AND HOLD ON command if an earthquake or surprise attack occurs while students are in the bus.
- c. Transfer students to a new location when directed by the principal.
- d. Assist the custodian in damage control.

ADMINISTRATIVE REGULATION

SAMPLE

Fire Drills and Fires

Instruction

The principal of each school shall hold fire drills at least once a month in all elementary and middle schools and at least twice each school year in all high schools. (Code of Regulations, Title 5, 550)

CODE: AR 6114.1(a)

- 1. All students, teachers, and other employees shall be required to leave the school building in an orderly and rapid manner. Teachers shall ascertain that no student remains in the building.
- 2. Teachers shall be prepared to select alternate exits and direct their classes to these exits in the event the designated escape route is blocked.
- 3. A record shall be kept in the principal's office of each fire drill conducted. A copy of the record shall also be filed in the office of the Superintendent or designee.

In the event that fire is discovered in any part of the school, the fire department shall be called immediately after the signal is given to evacuate the building.

Principals and teachers shall recognize that it is essential in any emergency to prevent panic by giving students clear direction and supervision.

In case of an actual fire emergency, the following actions will be taken:

- 1. Sound fire signals.
- 2. Call fire departments and police.
- 3. Students and adults evacuate the building to outside assembly areas.
- 4. In outside assembly areas, teachers shall take roll, report missing students, and provide assistance to injured students.
- 5. If the fire is serious, students shall be taken to an alternate location for protective custody until parents/guardians can pick them up or until they can be safely transported to their homes.

Code: 6114.1(a)

Civil Defense and Disaster Preparedness Plans.

Title 5, Division 1, Chapter 2, Subchapter 3, Section 560

560. Civil Defense and Disaster Preparedness Plans.

The governing board shall:

(a) Adopt a written policy guideline for use by schools of the district in formulating individual civil defense and disaster preparedness plans.

The policy guideline shall meet the criteria established in that part of the *Civil Defense and Disaster Planning Guide for School Officials entitled "Essential Characteristics of the School Planning Guide:*, published by the State Department of Education, and shall be subject to approval by the county superintendent of schools. The policy guideline shall be reviewed at least annually and revised as needed. Plans and revisions may be subject to review and approval by the State Department of Education.

- (b) Require the principal of each school in the district to formulate and submit to the district superintendent for approval a civil defense and disaster preparedness plan for that school. Each school plan shall satisfy the governing Board's policy guideline, coordinate with the appropriate local government plan, be reviewed at least annually and be kept current.
- (c) Require each school to test its plan (other than fire drills) or each portion thereof on a rotating basis at least two times during the school year and keep a record of such tests. The record shall be maintained in a manner determined by the governing board, and available to the Department of Education upon request.

Earthquake Emergency Procedures

Title 2, Division 3, Part 21, Chapter 2, Article 10.5, Sections 35295-35297

§ 35295. Legislative Findings and Declarations

The Legislature finds and declares the following:

- (a) Because of the generally acknowledged fact that California will experience moderate to severe earthquakes in the foreseeable future, increased efforts to reduce earthquake hazards should be encouraged and supported.
- (b) In order to minimize loss of life and disruption, it is necessary for all public or private elementary schools and high schools to develop school disaster plans and specifically an earthquake emergency procedure system so that students and staff will act instinctively and correctly when an earthquake disaster strikes.
- (c) It is therefore the intent of the Legislature in enacting this article to authorize the establishment of earthquake emergency procedure systems in kindergarten and grades 1 through 12 in all the public or private schools in California. (Added by Stats. 1984, c. 1659 § 1.)

§ 35296. Establishment of Systems

The governing board of each school district and the county superintendent of schools of each county shall establish an earthquake emergency procedure system in every public school building under its jurisdiction having an occupant capacity of 50 or more pupils or more than one classroom. The governing board of each private school shall establish an earthquake emergency procedure system in every private school building under its jurisdiction having an occupant capacity of 50 or more pupils or more than one classroom. Governing boards and county superintendents may work with the Office of Emergency Services and the Seismic Safety Commission to develop and establish the earthquake emergency procedure systems. (Added by Stats. 1984, c. 1659, § 1. Amended by Stats. 1990, c. 1263 (A.B. 2875), § 9.)

§ 35297. Components of System

The earthquake emergency procedure system shall include, but not be limited to, all of the following:

(a) A school building disaster plan, ready for implementation at any time, for maintaining the safety and care of students and staffs.

- (b) A DUCK, COVER AND HOLD ON procedure. As used in this article, DUCK, COVER AND HOLD ON procedure" means an activity whereby each student and staff member takes cover under a table or desk, dropping to his or her knees, with the head protected by the arms, and the back to the windows. A DUCK, COVER AND HOLD ON procedure practice shall be held at least once each school quarter in elementary schools and at least once a semester in secondary schools.
- (c) Protective measures to be taken before, during, and following an earthquake.
- (d) A program to ensure that the students and that both the certificated and classified staff are aware of, and properly trained in, the earthquake emergency procedure system. (Added by Stats. 1984, c. 1659, § 1. Amended by Stats. 1988, c. 448 § 1.)

School Safety Plans

Title 1, Division 1, Part 19, Chapter 2.5, Article 5, Sections 32280-32286

§ 32280 Legislative Intent

It is the intent of the Legislature that all California public schools, in kindergarten, and grades 1 to 12, inclusive, operated by school districts, in cooperation with local law enforcement agencies, community leaders, parents, pupils, teachers, administrators, and other persons who may be interested in the prevention of campus crime and violence, develop a comprehensive school safety plan that addresses the safety concerns identified through a systematic planning process. For the purposes of this section, law enforcement agencies include local police departments, county sheriffs' offices, school district police or security departments, probation departments, and district attorneys' offices. For purposes of this section, a "safety plan" means a plan to develop strategies aimed at the prevention of, and education about, potential incidents involving crime and violence on the school campus. (Added by Stats. 1989, c. 1253, § 1.)

§ 32281 School Safety Plan Development

- (a) Each school district and county office of education is responsible for the overall development of all comprehensive school safety plans for its schools operating kindergarten or any of grades 1 to 12, inclusive.
- (b) Except as provided in subdivision (d) with regard to a small school district, the school site council established pursuant to Section 52012 or 52852 shall write and develop a comprehensive school safety plan relevant to the needs and resources of that particular school. The school site council may delegate this responsibility to a school safety planning committee.

§ 32282 School Safety Plans

- (a) The comprehensive school safety plan shall include, but not be limited to, both of the following:
 - (1) Assessing the current status of school crime committed on school campuses and at school-related functions.
 - (2) Identifying appropriate strategies and programs that will provide or maintain a high level of school safety and address the school's procedures for complying with existing laws related to school safety.

§ 32286 Annual Review

- (a) Each school shall adopt its comprehensive school safety plan by March 1, 2000, and shall review and update its plan by March 1, every year thereafter. A new school campus that begins offering classes to pupils after March 1, 2001, shall adopt a comprehensive school safety plan within one year of initiating operation, and shall review and update its plan by March 1, every year thereafter.
- (b) Commencing in July 2000, and every July thereafter, each school shall report on the status of its school safety plan, including a description of its key elements in the annual school accountability report card prepared pursuant to Sections 33126 and35256.

Use of School Facilities

§ 40041.5 Mass Care and Welfare Shelters

Notwithstanding Section 40043, the governing board of any school district shall grant the use of school buildings, grounds, and equipment to public agencies, including the American Red Cross, for mass care and welfare shelters during disasters or other emergencies affecting the public health and welfare. The governing board shall cooperate with these agencies in furnishing and maintaining such services as the governing board may deem necessary to meet the needs of the community. (Added by Stats. 1984, c. 1659, § 3.)

§ 40042. Management, Direction and Control; Rules and Regulations

The management, direction, and control of school facilities under this article is vested in the governing board of the school district which shall promulgate all rules and regulations necessary to provide, at a minimum, for the following:

- (1) Aid, assistance, and encouragement to any of the activities authorized in Sections 40041 and 40041.5.
- (2) Preservation of order in school facilities and on school grounds, and protection of school facilities and school grounds, including, if the governing board deems necessary, appointment of a person who shall have charge of the school facilities and grounds for purposes of their preservation and protection.
- (3) That the use of school facilities or grounds is not inconsistent with the use of the school facilities or grounds for school purposes or interferes with the regular conduct of schoolwork. (Added by Stats. 1982, c. 1502, p. 5829, § 5. Amended by Stats. 1984, c. 1659, § 4.)

(Former § 40042 was repealed by Stats. 1982, c. 1502, p. 5828, § 4.)

Title 15, Chapter 1.1, § 627

§ 627.2 School Visitors

No outsider shall enter or remain on school grounds during school hours without having registered with the principal or designee, except to proceed expeditiously to the office of the principal or designee for the purpose of registering. If signs posted in accordance with Section 627.6 restrict the entrance or route that outsiders may use to reach the office of the principal or designee, an outsider shall comply with such signs.

§ 627.6 Signage

At each entrance to the school grounds of every public school at which this chapter is in force, signs shall be posted specifying the hours during which registration is required pursuant to Section 627.2, stating where the office of the principal or designee is located and what route to take to that office, and setting forth the applicable requirements of Section 627.2 and the penalties for violation of this chapter.

Agreement for Facility Use between County of Marin and School District	B-5

American Red Cross Shelter Agreement

The American National Red Cross ("Red Cross"), a not-for-profit corporation chartered by the United States Congress, provides services to individuals, families and communities when disaster strikes. The disaster relief activities of the Red Cross are made possible by the American public, as the organization is supported by private donations and facility owners who permit their buildings to be used as a temporary refuge for disaster victims. This agreement is between the Red Cross and a facility owner ("Owner") so the Red Cross can use the facility as an emergency shelter during a disaster.

Terms and Conditions

- 1. <u>Use of Facility</u>: Upon request and if feasible, the Owner will permit the Red Cross to use the Facility on a temporary basis as an emergency public shelter.
- 2. <u>Shelter Management</u>: The Red Cross will have primary responsibility for the operation of the shelter and will designate a Red Cross official, the Shelter Manager, to manage the sheltering activities. The Owner will designate a Facility Coordinator to coordinate with the Shelter Manager regarding the use of the Facility by the Red Cross.
- 3. <u>Condition of Facility</u>: The Facility Coordinator and Shelter Manager (or designee) will jointly conduct a pre-occupancy survey of the Facility before it is turned over to the Red Cross. They will use the first page of the <u>Facility/Shelter Opening/Closing Form</u> to record any existing damage or conditions. The Facility Coordinator will identify and secure all equipment that the Red Cross should not use while sheltering in the Facility. The Red Cross will exercise reasonable care while using the Facility as a shelter and will make no modifications to the Facility without the express written approval of the Owner.
- 4. <u>Food Services</u>: Upon request by the Red Cross, and if such resources exist and are available, the Owner will make the food service resources of the Facility, including food, supplies, equipment and food service workers, available to feed the shelter occupants. The Facility Coordinator will designate a Food Service Manager to coordinate the provision of meals at the direction of and in cooperation with the Shelter Manager. The Food Service Manager will establish a feeding schedule, determine food service inventory and needs, and supervise meal planning and preparation. The Food Service Manager and Shelter Manager will jointly conduct a pre-occupancy inventory of the food and food service supplies in the Facility before it is turned over to the Red Cross.
- 5. <u>Custodial Services</u>: Upon request by the Red Cross and if such resources exist and are available, the Owner will make its custodial resources, including supplies and custodial workers, available to provide cleaning and sanitation services at the shelter. The Facility Coordinator will designate a Facility Custodian to coordinate the provision of cleaning and sanitation services at the direction of and in cooperation with the Shelter Manager.
- 6. <u>Security</u>: In coordination with the Facility Coordinator; the Shelter Manager, as he or she deems necessary and appropriate, will coordinate with law enforcement regarding any public safety issues at the Shelter.
- 7. <u>Signage and Publicity</u>: The Red Cross may post signs identifying the shelter as a Red Cross shelter in locations approved by the Facility Coordinator and will remove such signs when the shelter is closed. The Owner will not issue press releases or other publicity concerning the shelter without the express written consent of the Shelter Manager. The Owner will refer all media questions about the shelter to the Shelter Manager.
- 8. <u>Closing the Shelter</u>: The Red Cross will notify the Owner or Facility Coordinator of the closing date for the shelter. Before the Red Cross vacates the Facility, the Shelter Manager and Facility Coordinator will jointly conduct a post-occupancy survey, using the second page of the Shelter/Facility Opening/Closing Form to record any damage or conditions. The Shelter Manager and Facility Coordinator or Food Service Manager will conduct a post-occupancy inventory of the food and supplies used during the shelter operation.
- 9. Reimbursement: The Red Cross will reimburse the Owner for the following:
 - a. Damage to the Facility or other property of Owner, reasonable wear and tear excepted, resulting from the operations of the Red Cross. Reimbursement for facility damage will be based on replacement at actual cash value. The Red Cross will select from among bids from at least three reputable contractors. The Red Cross is not responsible for storm damage or other damage caused by the disaster.

- b. Reasonable costs associated with custodial and food service personnel which would not have been incurred but for the Red Cross's use of the Facility for sheltering. The Red Cross will reimburse at per-hour, straight-time rate for wages actually incurred but will not reimburse for (i) overtime or (ii) costs of salaried staff.
- c. Reasonable, actual, out-of-pocket operational costs, including the costs of the utilities indicated below, to the extent that such costs would not have been incurred but for the Red Cross's use of the Premises (both parties must initial all utilities to be reimbursed by the Red Cross):

	Owner initials	Red Cross initials
Water		
Gas		
Electricity		
Waste Disposal		

The Owner will submit any request for reimbursement to the Red Cross within 60 days after the shelter closes. Any request for reimbursement for food, supplies or operational costs must be accompanied by supporting invoices. Any request for reimbursement for personnel costs must be accompanied by a list of the personnel with the dates and hours worked at the shelter.

- 10. <u>Insurance</u>: The Red Cross shall carry insurance coverage in the amounts of at least \$1,000,000 per occurrence for Commercial General Liability and Automobile Liability. The Red Cross shall also carry Workers' Compensation coverage with statutory limits for the jurisdiction within which the facility is located and \$1,000,000 in Employers' Liability.
- 11. <u>Indemnification</u>: The Red Cross shall defend, hold harmless, and indemnify Owner against any legal liability, including reasonable attorney fees, in respect to bodily injury, death and property damage arising from the negligence of the Red Cross during the use of the Premises.
- 12. <u>Term</u>: The term of this agreement begins on the date of the last signature below and ends 30 days after written notice by either party.

Agreement for Facility Use between the County of Marin

and the	SCHOOL DISTRICT	
Note: This is a sample.	Please contact the County of Marin f	or the actual agreement.
This agreement is made and hereinafter referred to as "Dis	entered into between thestrict", and the County of Marin, herein	School District, after referred to as "County".

Recitals

The American Red Cross Bay Area Chapter has an existing agreement with the District which provides the framework for a collaborative effort to provide emergency shelter for disaster-displaced members of the community.

COUNTY has a responsibility to assure medical care for those injured by the disaster and provide mass chemoprophylaxis/vaccinations to the population, if needed. COUNTY has entered into agreements with Red Cross as well as public and private entities throughout the County to accomplish this end.

COUNTY desires, when deemed necessary, to establish Field Treatment Sites (FTS), mass chemoprophylaxis/vaccination sites, or shelters for medically fragile, hereinafter referred to as "treatment sites", at District schools to provide medical care to persons injured and/or displaced by the disaster or in need of mass chemoprophylaxis/vaccinations.

Now, therefore, it is mutually agreed between parties as follows:

- 1. District agrees that, after meeting its emergency responsibilities to its students and staff, it will permit, to the extent of its ability and upon request of COUNTY, as specified in this agreement, use of District facilities identified in Addendum A, on a temporary basis, for a treatment site.
- 2. COUNTY and District agree to cooperate in the selection of the facilities that will be listed in Addendum A, which will be separate from facilities utilized by the American Red Cross, although both may be active at the facility at the same time.
- 3. District and COUNTY agree to provide, and to update periodically, facility point-of-contact and activation authorization information as detailed in Addendum B.
- 4. District agrees that it will, prior to releasing facility to COUNTY for use, evaluate the facility and secure valuable property not required for COUNTY activities, to the extent reasonably possible.
- 5. COUNTY agrees that it will exercise reasonable care in the conduct of its activities in such facilities and will, when provided with documented inventory and cost information, replace or reimburse the District for any foods, supplies, or damage to facilities or equipment arising from the conduct of County activities.

- 6. Upon termination of use as a treatment site, COUNTY agrees to leave the premises in their original condition.
- 7. A representative of COUNTY will meet with the designated District representative periodically to evaluate the necessity for the continuation of operations and to resolve any other operational concerns.
- 8. Should the District request that a treatment site be relocated before the end of operations, COUNTY agrees to relocate within 48 hours of the District's request to do so.
- 9. It is understood that it is the responsibility of COUNTY to establish, staff, maintain, and dismantle the operations of the treatment site.
- 10. Notwithstanding any other agreements between them, each party to this Agreement shall indemnify and hold harmless the other party (together with the other party's officers, employees and agents) from and against any and all liability, loss, expense, including reasonable attorney's fees, and/or claims for injury or damages arising out of the performance of this Agreement but only in proportion to and to the extent such liability, loss, expense, attorney's fees or claims for injury or damages are caused by or result from the negligent or intentional acts of omissions of the indemnifying party, its officers, employees or agents.
- 11. Either party may discontinue this agreement in writing at any time unless the facility is currently being used as a treatment site.

In witness thereof, the parties have caused this Agreement to be executed, said Agreement to become effective and operational upon the fixing of the last signature hereto.

SCHOOL ADMINISTRATOR'S EMERGENCY PLANNING CHECKLIST - 1

YES	NO	In process	<u>PREPAREDNESS</u>
			Are you and your staff aware that, under Government Code 3100, you are Disaster Service Workers? Do you and they understand what this entails?
			Does your school have a disaster plan and is it updated regularly?
			Have you identified a team of leaders in your school community who will assist in your emergency planning efforts?
			Are you, your teachers and your staff aware of what roles and responsibilities they have under the plan?
			Does your plan incorporate the principles of SEMS (Standardized Emergency Management System) and NIMS (National Incident Management System) as required?
			Is your staff trained to perform the responsibilities under SEMS/NIMS?
			Have you had drills and exercises that involve the performance of SEMS/NIMS duties?
			Have you conducted an inventory of the kinds of skills or needs of your staff?
			Have you trained your staff in CPR, basic FIrst Aid, SERT (School Emergency Response Team), damage assessment and search and rescue?
			Does your staff know the location and have maps of the facility showing the main gas, electricity and water shut-off valves?
			Have you made a list and map of the locations of first aid and emergency supplies and made sure the items are restocked on a regular basis?
			Does your site have sufficient supplies (water, food, blankets) to handle emergency situations that may last up to three days?
			Is everyone aware of primary evacuation routes and alternate routes? Do your drills include using alternative routes?
			Have bookshelves, file cabinets, free-standing bookcases, aquariums, etc. been bolted to the wall or arranged to support each other?

SCHOOL ADMINISTRATOR'S EMERGENCY PLANNING CHECKLIST - 2

YES	Z O	n process	MITIGATION
			Have heavy items been removed from the tops of bookshelves and cabinets?
			Have windows in classrooms and other campus buildings been equipped with safety glass or covered with protective film?
			Are partitions, suspended ceilings, overhead lights and air ducts secured to the structure of the building?
			Are televisions mounted and secured properly in classrooms?
			Have you evaluated exits in classrooms, multipurpose rooms and offices to ensure they will remain clear for evacuation routes in an emergency?
			Have inventories been made of hazardous materials throughout your schools and facilities?
			Are hazardous materials identified, separated and stored properly?
			Is there an earthquake preparedness program in your plan?
			Are there any programs established between the district, agencies and community groups that discuss the school district's policies regarding student release and retention and the development of family preparedness plans?
			How and where are you storing vital data, plans and records? Do you have duplicate copies of important documents stored in an off-site location?
			EMERGENCY RESPONSE
			Does your district have a policy requiring the use of SEMS/NIMS?
			Has your administration clearly communicated OES policy and performance expectation to all staff?
			Has your district incorporated the principles of SEMS/NIMS in its plan, emergency response procedures and training materials?
			Are the school site plans coordinated with the district's plan?
			Has your staff been trained in SEMS/NIMS and do they understand the basic principles as required?

SCHOOL ADMINISTRATOR'S EMERGENCY PLANNING CHECKLIST - 3

YES	NO	In process	EMERGENCY RESPONSE (continued)
			Has your staff been trained in how to perform any functions to which they may be assigned during a declared disaster?
			Does your school district have an arrangement with structural engineers who will report to the campus directly after a disaster to evaluate the facilities?
			Do you have arrangements in place with local vendors to provide services, fuel for generators, and materials to support recovery efforts?
			Have you identified an evacuation site? Is there an alternate location if your original site is not useable?
			Have you determined how to transport students to an alternate location if necessary?
			Do you know if your school has been designated as a potential mass care shelter? Do you have a Memorandum of Understanding with public health agencies or with the American Red Cross?
			Do you know what to do with seriously injured students?
			Does your school have clearly established student tracking procedures?
			Have you developed emergency sanitation procedures?
			Have you determined who will serve as the Public Information Officer to provide information to the media after a disaster, and is that person properly trained in accordance with SEMS/NIMS?
			Have you identified personnel who can translate information to non-English speaking parents or guardians?
			Has a central Emergency Operations Center (EOC), "command post" or other central planning area been identified?
			Has the EOC been equipped with maps of the campus, facilities and hazards in the area, a student roster for the current year, first aid supplies and other tools necessary to manage the emergency response after a disaster?
			Does your campus have an internal communication system such as walkie talkies, bullhorn and/or public address system?

SCHOOL ADMINISTRATOR'S EMERGENCY PLANNING CHECKLIST - 4

			RECOVERY
YES	N O	In process	The following items are usually district-level responsibilities. An individual campus site might want to check with its district to determine the procedures that will be followed or develop a campus plan.
			Have you Identified record keeping requirements and sources of financial aid for disaster relief?
			Is someone designated to determine if buildings are safe after an event?
			Do you have an established absentee policy for staff and students after a disaster?
			Do you have an established agreement with mental health professionals to provide counseling to students and their families after the disaster?
			Are there established alternative teaching methods for students unable to return immediately to classes: correspondence classes, tele-teaching, group tutoring, on-line teaching, etc?
			Is there a plan for conducting classes if some of the school facilities are damaged – half-day sessions, alternative sites, portable classrooms?
			Are you familiar with the procedures involved, and forms used in claiming disaster assistance from the state and federal governments? Work with your local or state

30. Other (describe)			

SCHOOL INTERIOR	YES	NO	RECOMMENDATIONS
School has a central alarm system.			
2. The entrance is visible from the main office.			
3. The entrance for visitors is clearly marked and			
designated.			
4. Multiple entries to the building are controlled and			
supervised.			
5. Administrative staff maintains a highly visible profile.			
6. Visitors are required to sign-in			
7. Visitors are issued I.D. badges or passes			
8. Proper identification is required of vendors, repairmen			
9. All staff (full-time, part-time and bus drivers) are issued			
an ID card that is worn in a visible manner			
10. The following areas are properly lighted:			
a. Hallways			
b. Bathrooms			
c. Stairwells			
11. Hallways and bathrooms are supervised by staff.			
12. Bathroom walls are free of graffiti.			
13. Doors accessing internal courtyards are securely locked from the inside.			
14. Exit signs are clearly visible and pointing in the correct			
direction.			
15. Computers are plugged into protected circuit breakers;			
plugs are not daisy-chained.			
16. Access to electrical panels is restricted.			
17. Mechanical rooms and other hazardous areas are kept			
locked using key-only access locking system.			
18. School files and records are maintained in locked,			
vandal-proof, fireproof containers or vaults.			
19. School maintains a record of all maintenance on doors,			
windows, lockers and other areas of the site.			
20. Students are restricted from entering vacant			
classrooms alone.			
21. Friends, relatives and non-custodial parents are			
required to have written permission to pick up a student			
from school.			
22. Students are required to have written permission to			
leave school during school hours.			

23. There are written regulations regarding access and		
control of school personnel using the building after		
hours.		
24. Faculty members are required to lock classrooms upon		
leaving.		
25. A person is designated to perform the following security		
checks at the end of the day:		
All classrooms are locked.		
b. All restrooms are empty.		
c. All locker rooms are empty.		
d. All exterior entrances are locked.		
e. All night lights are working.		
f. The alarm system is set.		
27. The telephone numbers of the principal and/or other		
assigned contact people are provided to the local police		
department and fire department in the event of a		
suspicious or emergency situation		
28. Law enforcement personnel monitor school grounds		
after school hours.		
29. All school equipment is permanently marked with an		
identification number.		
30. An up-to-date inventory is maintained for all		
expendable school supplies.		
31. School storage is available for valuable items:		
a. During school hours		
b. After school		
32. The school has a policy for handling cash received.		
33. The school has regular maintenance and/or testing of		
the security alarm system at least annually.		
34. Classrooms are numbered.		
35. Classroom locks can be operational from the inside.		
36. The public address system works properly.		
a. It can be accessed from several areas at school.		
b. It can be heard and understood outside.		
37. Convex mirrors are used to see around hallway		
corners.		
38. Communication means used during emergencies

EMERGENCY OPERATIONS CENTER: District Office

At the school district level, the superintendent or designee assumes management responsibility as the EOC Director and activates others as needed. District office personnel transition from their daily jobs to assigned emergency functions. The EOC is flexible in size and scope. Depending upon the magnitude of the emergency, the EOC can expand or contract as needed. Each section chief is responsible for any unit that is not assigned, and the EOC Director is responsible for any section that is not assigned.

National Incident Management System (NIMS)
The first name in the box represents the primary responsible person;

; the second name denotes the backup.

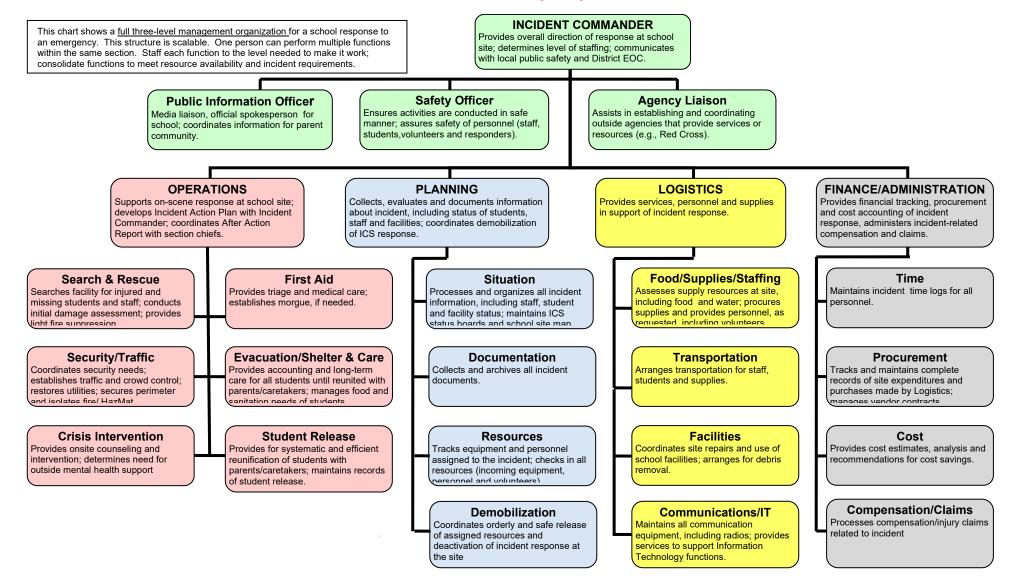

INCIDENT COMMAND SYSTEM: School Site

At the school level, the school principal or designee assumes management responsibility as the Incident Commander and activates others as needed. School personnel transition from their daily jobs to assigned emergency functions. The ICS is flexible in size and scope, depending upon the magnitude of the emergency. For a small incident, the principal may perform all roles of the ICS structure. The Incident Commander is responsible for any section that is not assigned. Each section chief is responsible for any unit that is not assigned.

T:41a	Dala Baananaihilitu
Title	Role, Responsibility
MANAGEMENT: Incident Commander	Responsible for development of school's plan and overall management of emergency situation; establishes/manages Command Post; activates ICS; determine strategies to implement protocols and adapt as needed.
Safety/Security	Monitors safety conditions of an emergency situation and develops measures for ensuring the safety of building occupants (students, staff, volunteers, responders).
Public Information Media Liaison	Spokesperson for the incident; prepares media releases; establishes "media center" near Command Post; coordinates information with Incident Commander for parent community.
Liaison to Outside Agencies	Develops working knowledge of local/regional agencies; serves as the on- scene contact for outside agencies assigned to an incident; assists in accessing services when the need arises.
OPERATIONS: Search and Rescue	Searches facility for injured and missing students and staff; conducts initial damage assessment; provides light fire suppression.
Security/Traffic	Coordinates security needs; establishes traffic and crowd control; restores utilities; secures perimeter and isolates fire/HazMat.
First Aid	Provides triage and medical care with staff trained in first aid and CPR; oversees care given to the injured; distributes medical supplies (latex gloves, bandages, etc.); establishes morgue, if needed.
Evacuation/ Shelter and Care	Provides accounting and long-term care for all students until reunited with parents/caretakers; manages food and sanitation needs of students.
Student Release	Provides for systematic and efficient reunification of students with parents/caretakers; maintains records of student release.
Crisis Intervention	Provides onside counseling and intervention; determines need for outside mental health support; accesses local/regional providers for ongoing crisis counseling for students, staff, parents, as needed.
PLANNING: Situation Analysis Documentation Resources Demobilization	Evaluates incident information and maintains ICS status boards; collects and archives all incident documents; tracks equipment and personnel assigned to the incident; checks in all resources (incoming equipment, personnel and volunteers; coordinates safe and orderly release of assigned resources and deactivation of incident response at the school site.
LOGISTICS: Food/Supplies/Staffing/ Transportation	Coordinates access to and distribution of food, water and supplies; provides personnel as requested, including volunteers; arranges transportation for staff, students and equipment.
Facilities Communications/IT	Coordinates site repairs and use of school facilities; arranges for debris removal; maintains all communication equipment, including radios; provides services to support Information Technology functions.
FINANCE/ADMINISTRATION: Procurement, Cost Accounting Timekeeping, Claims and Compensation	Maintains incident time logs for all personnel; tracks and maintains records of site expenditures and purchases for incident; manages vendor contracts. Processes compensation/injury claims related to incident.

SCHOOL STAFF SKILLS SURVEY School Year _____ As part of the development of the School Emergency Management Plan, and in accordance with district policy, please complete the following survey and return it to the school office. The information provided will be used to update our Emergency Management Plan in order to be fully prepared for an emergency situation on campus. NAME: _____ DATE _____ HOME PHONE: EMAIL I. Emergency Response: Please 3 any of the following areas in which you have expertise or training: ☐ Search and Rescue ☐ First Aid □ Counseling/Mental Health ☐ Hazardous Materials☐ Media Relations ☐ CPR ☐ Firefighting ■ Emergency Medical ■ Incident Debriefing Please explain or clarify items checked II. Special Considerations: Please check and list special skills or resources you feel would be an asset in an emergency situation. Explain items checked: ☐ Multilingual, list language(s) ______ Experience with disabilities ☐ Ham radio or CB radio experience ■ Knowledge of community resources ■ Other knowledge or skills ■ Other knowledge or skills ☐ Check if you have a cell phone that could be used in an emergency ☐ Check if you have a 2-way radio that could be used in an emergency

III. Disaster Service Workers

California Government Code Section 3100 specifies that public employees are declared to be Disaster Service Workers subject to such disaster service activities as may be assigned to them by their superiors or by law. As such, school employees are considered Disaster Service Workers, responsible for the students during and after the emergency. If a disaster occurs during school hours, you may be required to remain at school for 72 hours or longer.

LOCAL RESOURCES

School Year _____

Experience has shown that local and even regional manufacturers and suppliers are very effective in providing services after an event. However, pre-event planning should be undertaken between the school district and the local emergency services agency to anticipate key issues that will need quick solutions if an event occurs. This includes determining what spaces will be available and how many people can be accommodated, signing a pre-contract, agreement or Memorandum of Understanding, looking at strategies for continued operation in the event some spaces are occupied by refugees, and the possible provision of food and sanitary supplies by the district.

When to Miss School

If your child says she doesn't feel well, ask yourself, 'If she were healthy, would I want her near someone with these symptoms?" Robert Hoekelman, M.D., contributing editor of *The Merck Manual of Medical Information- Home Edition*, offers these guidelines to help you decide when to keep your child at home. If symptoms persist after 24 hours or worsen, call your pediatrician.

SYMPTOM	Koon your shild home if:
STMPTOM	Keep your child home if:
FEVER	He/she has a morning temperature of 100
	degrees Fahrenheit or higher, or her
	temperature is below 100 but she is achy, pale or tired.
STOMACH ACHE	He/she has had two or more episodes of
	vomiting or diarrhea, or has had one in the
	past 24 hours and feels tired or ill.
SNEEZING OR RUNNY NOSE	He/she is sneezing a lot, and his/her nose
	won't stop running.
SORE THROAT	He/she has tender, swollen glands and a
	fever of 100 or higher.
COUGH	He/she coughs frequently, coughs up
	phlegm, or the cough sounds like a bark
	or is accompanied by a sore throat or
	wheezing.
EAR ACHE	His/her pain is constant or severe—a sign
	of otitis media.
RASH	The rash blisters, develops pus, or is
	uncomfortable, which signals chicken pox
	or impetigo.

Sick children seldom, if ever, gain anything by attending school. They are much better off at home where they are most likely to get the necessary care for recovery and early return to school. Keeping ill children at home also protects other children, their family, and the school staff from infection.

A child must be kept home at least 24 hours after a fever and 24 hours after starting antibiotics.

For children who need take medication at school, send an authorization form signed by a parent and the health care provider with the medication.

School Nurse	Phone Number

Parent Information Letter - Student Health

	ear	Pa	rer	ıts:
ᅟ	Cai	ıu		ILO.

We are concerned for the health and welfare of our students and we want to maintain a healthy school environment for your children.

From experience we have learned that sick children seldom, if ever, gain anything by attending school. They are much better off at home where they are most likely to get the necessary care they need to recover. Keeping ill children at home also protects other children, their family and school staff.

Your child may be contagious if you observe the following symptoms:

DIARRHEA NAUSEA OR VOMITING
SKIN RASH EAR INFECTIONS/EARACHES
SORE THROAT EYE DRAINAGE/PAIN
ELEVATED TEMPERATURE PAIN/BODY ACHES
GENERAL FATIGUE OR LISTLESSNESS

Your child should be kept at home. If these signs persist, contact your physician.

Keep your child home at least 24 hours after a fever and 24 hours after starting antibiotics. Reminder: If your child needs to take medication at school, you are required to send an authorization form signed by you and your health care provider with the medication.

Prompt care and isolation of a sick child will minimize the total time school days lost by your child and/or other children. Regular attendance at school is necessary for your child to receive full benefit from school.

If your child is kept at home, please notify the school that your child will be absent and the reason for the absence.

	School Nurse	Phone Number
Officerery,		
Sincerely,		

Please call your school nurse if you have questions.

Sample Parent Information Letter – Incident Update

Dear Parents,

As you may or may not be aware, our school (or district) has recently experienced (**specify event**, **whether death**, **fire**, **etc**.) which has deeply affected us. Let me briefly review the facts (**give brief description of incident and known facts**).

We have implemented our school's Emergency Management Plan to respond to the situation and to help our students and their families. Students and staff will react in different ways to emergencies of this nature, so it will be important to have support available to assist students in need. Counselors are available in the school setting to assist students as they express their feelings related to (the specific event). We have included a reference sheet to help you recognize possible reactions you may observe in your child. If you feel your child is in need of special assistance or is having a great deal of difficulty coping with (the loss, disaster, etc.), please do not hesitate to call.

While it is important to deal with grief, loss, anger and fear reactions, we believe it is essential to resume as normal a routine as possible regarding school activities. The following modifications in our school's regular schedule will be in effect during (specify dates), and after that time all regular schedules and routines will resume. (Specify needed information such as memorial services, possible changes in classroom locations, alterations school operating hours, etc.).

Thank you for your support of our school system as we work together to cope with (specify event). Please observe your child closely over the next several days and weeks to watch for signs of distress which may indicate a need for additional support and guidance. Please feel free to call if you have any concerns or questions regarding your child, or steps being taken by the school to address this (*loss, tragedy, etc.*).

Sincerely,

Principal (Phone)

Sample Parent Information Letter – Death of a Student or Staff Member

(Date)	
Dear Parent/Guardian:	
or student), who died on (da all students and staff. A spe	the death of our (<i>teacher or student</i>), (<i>name of teacher</i> ate). We are concerned about the safety and well-being of ecially trained team of professionals is in our school to offer I who need or request such help.
or she may feel shocked, sad feelings are normal after suc eat more than usual. He or s and may experience unpleas occupied, argumentative, less Headaches and/or stomach	es in your child's behavior as a result of this tragedy. He d, angry, confused, afraid, worried or numb. Any of these h an incident. Your child might not feel like eating, or may she may also sleep considerably more or less than usual sant dreams or nightmares. Your child may seem press cooperative or communicative, or simply different. aches are other common responses to tragic incidents, uble completing school assignments or preparing for
parent/guardian and/or truste	th your child about what has happened. Talking with a ed adult is very helpful for children as they try to cope with n their lives. <i>(Reference any handout that you may</i>
to talk with a counselor, plea Services Department] will be	s not feeling better within the next few weeks, or if you wish se feel free to call us so that we can help. The [Student glad to answer any questions or provide support and call (name of Counselor/Intervention Advisor) at
(Insert information on fune Sincerely,	eral arrangements, if known)

MEMORANDUM

In the event of an emergency, we are committed to the safe evacuation of our entire school community. As part of our disability evacuation planning, we request that all starprovide us with information concerning special evacuation needs.	ff
We are concerned with any problems you anticipate having in an evacuation, such as hearing or sight impairments, that would make it difficult to perceive emergency alarms. We recognize that your particular needs may require elaboration. You may be able to use the stairs, but only with difficulty, or you may be able to see, but not in low light.	
Please provide specific details so that we can clearly understand and appropriately respond to your needs.	
If you determine that you have any emergency evacuation issues, or if you have any questions, contact at

SCHOOL EMERGENCY SUPPLIES

These are suggested basic supplies, separated into functions as part of an emergency plan.

There is no definitive supplies list. Information provided is the recommended minimum type and quantities. Schools should review and adjust the lists for their individual needs.

CLASSROOM BACKPACK - Approximately 20 to 30 students

Hang on red hook at shoulder height in each classroom near the marked exit

POPUL	ATION	ID/AS	SESSN	/ENT

	✓ ACQUIRED
current class attendance rooster	
clipboard (with roster attached)	
population assessment cards:	
green laminated page marked "ALL CLEAR"	
red laminated page marked "NEED HELP"	
pre-printed name tags or adhesive sheet labels with student names	
Emergency Response Actions Flipchart	
Student Release Model Guide	

FIRST AID KIT (Immediate)

ITEM	QUANTITY	✓ ACQUIRED
Emergency First Aid instructions		
adhesive tape	1 roll	
antiseptic pads	20	
bandaids	1 box	
cold packs (instant)	4	
duct tape	1 roll	
gauze, 3"	4 rolls	
pre-moistened towelettes	20	
scissors		
sterile gauze pads, 4x4"	20 packages	
Telfa pads	1 box	
tweezers		
nitrile or non- latex gloves	4 pair	

EMERGENCY SUPPLIES

cyalume light sticks	20	
flashlight w/ batteries taped to outside		
orange vest marked with title		
sunblock		
mylar blankets	4	
tissues	4 packages	
trash bags	2	
whistle		

Loose items stored in Ziploc bag labeled with two-year expiration date:

black marking pen	Post It packages
□ black pen	☐ red pen
□ notepad 5x7"	yellow highlighter
pencil	☐ Ziploc bag

CLASSROOM LOCKDOWN KIT - Approximately 20 to 30 students)

Store in bucket with a lid that can be transformed into a portable toilet

ITEM	QUANTITY	✓ ACQUIRED
AM radio with batteries		
duct tape	1 large roll	
food energy bars	30 bars	
moist towelettes - 100	100	
mylar blanket, large		
portable toilet		
portable toilet liner	2	
toilet disinfectant	2 packs	
toilet paper	4 rolls	
water packets, 4 oz	30	
whistle		
plastic tarp (opaque) as curtain		

STUDENT RELEASE FILE BOX

Store in Front Office and evacuate file box with staff

ITEM	QUANTITY	✓ ACQUIRED
Student Emergency Contact Cards		
Student Attendance Roster		
Master Roster of students and staff	2	
blank Student Request forms (to be filled out by		
authorized adult for pick up)		
vests marked with staff titles	4	
hard hats marked with staff titles	4	
dividers for Student Contact Cards		
dividers for Student Request forms		
duct tape	1 roll	
clipboards, 8.5x11"	4	
clipboards, 5x7" for parent use	12	
file box marked STUDENT RELEASE		
sign marked "STUDENT RELEASE"		
sign marked "STUDENT REQUEST"		
labels, blue and orange - ¾" round		
masking tape		
stapler and box of staples		

Optional, as needed:

portable tables	2	
chairs	2 to 4	

Loose items stored in Ziploc bag labeled with two-year expiration date:

binder clips	Post It packages
black marking pens	red pens
black pens	rubber bands
notepads	yellow highlighter pen
paper clips	pencils

INCIDENT COMMAND CENTER (ICC) BOX

Store in Principal's office OR in Front Office with Student Release file box

ITEM	QUANTITY	✓ ACQUIRED
bullhorn		
butcher paper (for signage needs)	1 roll	
	2	
Communication Plan to District Office, MCOE,		
local Mutual Aid and phone tree		
current staff roster		
current student roster		
envelopes, 9x12"	1 dozen	
file folders	1 dozen	
fire alarm turn-off procedures		
hard hats (for authorized volunteers	5	
Incident Commander hard hat with title		
list of students with special needs		
master keys		
•	1 dozen	
	2	
portable table	1	
Pubic Information Plan		
Rubbermaid box (marked ICC)		
School Emergency Plan and Staff Release Plan		
School site Emergency Plan map (i.e.: traffic		
closures, emergency vehicle lane, medical area,		
evacuation routes, student release set up,		
morgue)		
School Site Map with detailed floor plan, leads		
for water, gas, electricity, alarm and sprinkler		
systems		
SEMS Checklist		
Sign: "INCIDENT COMMAND CENTER"		
Student Release Plan		
tape, clear, duct and masking	3 rolls of each	
vests (for authorized volunteers	10	
Walkie-talkies, charged (quantity depends on		
campus size and logistics		

L	Loose items stored in Ziploc bag labeled with two-year expiration date:					
		binder clips		pencils (presharpened)		
		black marking pens		Post It packages		
		black pens		red pens		
		colored markers		rubber bands		
		paper clips	П	vellow highlighter pens

RECOMMENDED GENERIC MEDICATIONS

This is a list recommended by the Marin School Nurses Organization for districts to use as a guideline for treating conditions requiring First Aid intervention. Districts at their discretion may wish to provide additional medications for general treatment.

California's "Good Samaritan Act" covers persons who in their best judgment assist individuals needing medical attention in an emergency/disaster situation until Professional Staff are available.

CONDITION	MEDICATION
Allergic Reaction	☐ Epi-pen (prescription only) for severe
	allergic response
	☐ Benadryl (oral) 25 mg.
Asthma/Wheezing/Breathing Difficulty	
Bites	☐ Calamine Lotion
Burns	☐ Burn Sheets – sterile disposable
Cuts (small), Scratches and Scrapes	☐ Clean with tap water or clean water
	1% Povidine
	☐ Polysporin/Neosporin ointment (opt.)
	Apply Steri-strips
Cough	☐ Hard candy/Jolly Ranchers
Diarrhea	□ Pepto-Bismol for small general
	gastrointestinal upset
	☐ Gatoraide
	☐ Pedialyte
Eye Irritation	☐ Eye Irrigating Solution (5 6 oz, bottles
Fainting	☐ Aromatic Spirits of Ammonia
Fever	☐ Acetaminophen/Tylenol Child & Adult Tablets
Fractures, Dislocations, Sprains, Strains	☐ Ibuprofen/Motrin (muscle) Child & Adult Tablets
Itching, Rashes, Stings	☐ Ice/Benadryl/Calamine Lotion
Pain	☐ May give Tylenol or Motrin. Alternating
	these may help with pain control for
	severe pain
Wound Irrigation	☐ 5-gallon water dedicated to clean
	wounds
	☐ 35 cc. Syringe for irrigation

LIGHT SEARCH & RESCUE SUPPLIES - Supply for two teams

Store in Front Office or in school disaster supply trailer

ITEM	QUANTITY	✓ ACQUIRED
garbage cans (sturdy) on rollers w/ tight lids	2	
(marked SEARCH & RESCUE)		
axes (with protective covers)	2	
backpacks	2	
black marker pens	4	
bolt cutters	2	
caution tape	4 rolls	
chalk	2 boxes	
crowbars	2	
cyalume light sticks (30 minutes)	20	
duct tape	4 rolls	
face masks	10	
fire extinguishers	2	
goggles	4	
hack saws	2	
headlamps w/ extra batteries	4	
hard hats marked with title for ID	4	
keys to all rooms		
leather gloves	4 pair	
nylon rope (50 ft)	2	
orange vests marked with title	4	
pliers, channel lock	2	
rain ponchos	4	
saw		
school site map		
screw drivers, assorted	2 sets	
shovels	2	
sledge hammers	2	
tarps	2	
utility knives	4	
walkie-talkies	4	
water packs	20	
whistles	4	
whisk broom		
wrenches, adjustable crescent	2	
wrenches, adjustable pipe	2	

FIRST AID/ TRAUMA SUPPLY KITS (2)

ITEM	QUANTITY	✓ ACQUIRED
Emergency First Aid instructions		
bandaids	1 box	
cold packs (instant)	4	
duct tape	1 roll	
eyedrops	1 bottle	
facemasks		
gauze, 3"	4 rolls	
nitrile or non-latex gloves	4 pair	

BUILDING SAFETY/DAMAGE ASSESSMENT SUPPLIES

Store in school disaster supply trailer OR custodial room in steel garbage can with a tight lid

ITEM	QUANTITY	✓ ACQUIRED	
20A-10BC fire extinguishers	3		
	ngs with floor pla	n and leads for	
water, gas, electricity, cable, telephone, alarm & sprinkler systems			
axe (with protective cover)			
batteries AA , D)	24 each

TRAFFIC/CROWD CONTROL

Store in school emergency cache trailer

□ caution tape	☐ signboard (blank)
directional signs	☐ signboard pens
☐ duct tape	☐ traffic cones
hard hats marked with title	□ walkie-talkies
□ notepads, 5x7"	white board white
orange vests marked with title	
Site map (enlarged) with key areas hig	hlighted (First Aid Station, Student Request
and Release gates)	
Site map handouts, highlighted with wa	alking area to Student Request gate

SCHOOL BUS/AUTOMOBILE EMERGENCY SUPPLIES

Store in school disaster supply trailer OR custodial room

ITEM	QUANTITY	✓ ACQUIRED
20A-10BC fire extinguisher		
3600 calorie food rations	3	
AM portable radio		
Aqua blox, purified drinking water pkgs	30	
batteries for flashlight/radio	4	
body fluid clean-up kit mask, sterile wipes, fluid		
absorbent, cleanser, towels		
CB radio		
cell phone		
cyalume lightsticks	30	
disposable camera		
emergency reflectors	3 or more	
flashlight with batteries taped outside		
orange vest		
sanitation supplies		
mylar blankets	6	
tissues	6 small pkg	
trash bag for waste		

FIRST AID (immediate) KIT- accessible, moisture-proof and plainly marked

ITEM	QUANTITY	✓ ACQUIRED
Emergency First Aid instructions		
3" gauze	4 rolls	
bandages/gauze pads: 1", 3", 4"		
bandaids	1 box	
cold packs (instant)	4	
duct tape	1 roll	
eye dressing packs (cotton eye pads, adhesive eye pads)	3 sets	
scissors		
sterile wipes	20	
triangular bandage,	40"	
tweezers		
nitrile or nitrile non- latex gloves	4 pair	

SCHOOL SHELTER SUPPLIES - For approximately 100 students

Stored in school disaster supply trailer

ADMINISTRATION/COMMAND CENTER

ITEM	QUANTITY	✓ ACQUIRED
batteries, size AA, C, D		
bullhorn		
colored paper		
envelopes 9x12"	20	
file folders and labels	1 box	
flashlight with batteries attached outside		
notepads, 5x7"	3

SANITATION SUPPLIES

antibacterial soap (waterless)
clothes pins
directional signs to toilets
duct tape
moist towelettes
non-antibacterial wipes
paper towels
portable toilet liners
portable toilets
signs marked "BOYS" and "GIRLS"
tarps to screen toilets
toilet disinfectant
whisk brooms

MISCELLANEOUS

ant traps
books
chairs
clothing (from Lost and Found) – all laundered
flashlights or headlamps with batteries taped to outside
fire extinguisher - 3A:40BC
flip charts
games
light (battery-operated) for ceiling – 2
maximum/minimum thermometer
mylar blankets (1/person)
pillows with disposable pillow covers
portable generator
portable tables
rain ponchos
solar flashlights
solar radio
toothbrushes
trash bags
triage tent
water hose

FOOD SUPPLIES for preparation, distribution and clean-up

ITEM	QUANTITY	✓ ACQUIRED
aluminum foil	2 rolls	
buckets for washing dishes	3	
can opener		
cutting board		
dining canopy		
dishwashing soap		
knives		
large serving bowls		
non-antibacterial wipes		
paper cups		
paper napkins		
paper plates		
paper towels		
plastic spoons, knives and forks	6 pkg each	
potholders	4	
quart size storage bags		
rubber gloves	8	
serving ladle	2	
serving spoons	6	
sponges	4	
tongs	2	
water purification tablets		
waterproof matches	2 boxes	
Ziploc storage bags (quart)	1 box	

FOOD/DRINKS

Water

Store one gallon per person per day. Before purchasing water, consider age of students and how water will be distributed. For individual consumption and immediate use, store water pouches, Aqua Blox or small bottles with five-year shelf life. Store 7-gallon containers (purified and replaced annually) for cooking, cleaning and hygiene use).

Food

Select foods that require no refrigeration, preparation or cooking and little or no water. Preferable foods have a long shelf life and are compact, lightweight, not salty, and easy to store and carry. Recommended foods include:

food bars (e.g., Datrex, Mayday) with five-year shelf life
(3 per person/day) – avoid tropical oils, which may exacerbate allergies
jerky
applesauce
powdered hot chocolate
sugar/sweetener/powdered cream
instant coffee, tea bags, powdered Tang
raisins
ready-to-eat canned meats, fruits, and vegetables – bulky and heavy
canned juice, milk, and soup (if powdered, store extra water).
high-energy foods - granola bars, trail mix
glucose tablets to treat low blood sugar
dried foods - nutritious but contain salt, which promotes thirst
freeze-dried foods - tasty and lightweight, need water for reconstitution
instant meals - cups of noodles or soup but need water for reconstitution & salty
snack-sized canned goods with pull-top or twist-open lids
prepackaged beverages in sealed foil packets and foil-lined boxes

SHELF LIFE OF FOODS FOR STORAGE - A SAMPLING

Source: FEMA Emergency Food Supplies - http://www.fema.gov/library/emfdwtr.shtm Use within six months:

- powdered milk (boxed)
- dried fruit (in airtight container)
- dry, crisp crackers (in airtight container)

Use within one year:

- canned condensed meat and soups
- · canned fruits, fruit juices and vegetables
- ready-to-eat cereals and uncooked instant cereals (in metal containers)
- peanut butter (note: this may exacerbate allergies in some individuals)
- jell

May be stored indefinitely (in airtight containers and proper conditions):

- bouillon
- dry pasta
- instant coffee, tea, powdered cocoa
- non-carbonated soft drinks
- salt
- vegetable oils
- Vitamin C
- white rice

APPENDIX H GLOSSARY

CONTENTS	PAGES
Emergency Actions	H-2
Acronyms	H-3
Glossary	H-4

EMERGENCY ACTIONS

ALL CLEAR	Signifies the end of the ACTION that was initiated.
DIRECTED TRANSPORTATION	Students and staff will be loaded into school buses, cars and any other available means of transportation, and moved to an area of lesser danger.
DUCK, COVER AND HOLD ON	Used during earthquakes or other imminent danger to the building or immediate surroundings. Students and staff should immediately drop to the floor, get under a desk, chair or table and hold on. Desks should be arranged so that they do not face windows.
EVACUATION/LEAVE BUILDING	The orderly movement of students and staff along prescribed routes from inside school buildings to another area, when conditions outside are safer than inside.
LOCKDOWN (also called SECURE ROOM)	Lockdown is used when there is an immediate or imminent threat to the occupants of a school building. The concept of lockdown involves a "no one in, no one out" scenario. Teachers and other staff members should immediately lock doors of the rooms they are in and have students lie on the floor. Close any shades or blinds if it appears safe to do so. Teachers and students remain on the floor until a staff member they recognize assures them that the situation has been resolved and it is safe to unlock doors.
REVERSE EVACUATION	Students and staff move immediately into designated areas in the building when the conditions inside are safer than outside.
SHELTER IN PLACE	When conditions outside the building are unsafe, staff and students remain in the rooms or move to the hallway or the other side of the building. Commonly used during external chemical release and hazardous materials spills, shelter in place may involve sealing windows and doors and shutting down air conditioning systems to prevent exposure to outdoor airborne contaminants.
STAND-BY	If outside, teachers are to return students to their classrooms. If inside, teachers will keep students in classrooms pending further instructions. Stand-by must be followed by another ACTION or return to normal school.
TAKE COVER	Move to and take refuge in the best-shielded areas within the school buildings.

From the NIMS Incident Command System Forms Glossary: ICS 010-1 Source: http://www.nimsonline.com/download_center/#ics

AGENCY	A division of government with a specific function, or a non-
	governmental organization (e.g., private contractor, business, etc.) that offers a particular kind of assistance. In ICS, agencies are defined as jurisdictional (having statutory responsibility for incident mitigation) or assisting and/or providing resources and/or assistance).
CACHE	A pre-determined complement of tools, equipment, and/or supplies stored in a designated location, available for incident use.
COMMAND	The act of directing and/or controlling resources by virtue of explicit legal, agency, or delegated authority. May also refer to the Incident Commander.
COMMAND POST	(See Incident Command Post)
COMMAND STAFF	Consists of the Information Officer, Safety Officer, and Liaison Officer. They report directly to the Incident Commander and may have an assistant(s), as needed.
COMMUNICATIONS UNIT	An organizational unit in the Logistics Section responsible for providing communication services at an incident. A Communications Unit may also be a facility (e.g., trailer or mobile van) used to provide the major part of an Incident Communications Center.
COST UNIT	Functional unit within the Finance/Administration Section responsible for tracking costs, analyzing cost data, making cost estimates, and recommending cost-saving measures.
DIRECTOR	The ICS title for individuals responsible for supervision of a branch.
DISPATCH	The implementation of a command decision to move resources from one place to another.
DELAYED TREATMENT	Second priority in patient treatment. These people require aid, but injuries are less severe.
DOCUMENTATION UNIT	Functional unit within the Planning Section responsible for collecting, recording and safeguarding all documents relevant to the incident.
EMERGENCY OPERATIONS CENTER (EOC)	A pre-designated facility established by a district and/or operational area to coordinate the overall response and support to an emergency.
EMERGENCY OPERATIONS PLAN	The plan that each jurisdiction maintains and implements for responding to hazards and threats.
EMERGENCY TRAFFIC	A term used to clear designated channels used at an incident to make way for important radio traffic for a firefighter emergency situation or an immediate change in tactical operations.

EMT I (Emergency Medical Technician I	An individual trained in Basic Life Support according to the standards prescribed by the Health and Safety Code and who has a valid, current EMT-I certificate in the State of California issued pursuant to the Health and Safety Code.
EMT-D	An Emergency Medical Technician-I with training and certification in defibrillation.
EMT-II	An individual with additional training in limited Advanced Life Support according to the standards prescribed by the Health and Safety Code and who has a current and valid certificate issued pursuant to the Health and Safety Code.
EVACUATION	The removal of potentially endangered persons from an area threatened by a hazardous incident. Entry into the evacuation area should not require special protective equipment.
EXCLUSION ZONE	The innermost of the three zones of a hazardous materials site, where contamination does or could occur. Special protection is required for all personnel while in this zone.
EXPANDED MEDICAL EMERGENCY	Any medical emergency that exceeds normal first response capabilities.
FACILITIES UNIT	Functional unit within the Support Branch of the Logistics Section that provides fixed facilities for the incident. These facilities may include the Incident Base, feeding areas, sleeping areas, and sanitary facilities.
FINANCE/ ADMINISTRATION SECTION	The section responsible for all incident costs and financial considerations. Includes timekeeping, expense tracking, procurement, compensation and claims.
FIRST RESPONDERS	Personnel who have responsibility to initially respond to emergencies such as firefighters, law enforcement, lifeguards, forestry, EMS, ambulance, and other public service personnel.
FULL-SCALE EXERCISE	Evaluates the operational capability of emergency response management systems in an interactive manner. Includes the mobilization of emergency personnel and resources required to demonstrate coordination and response capability. Tests total response capability as close to a real emergency as possible.
FUNCTION	Refers to the five major activities in ICS, i.e., Management, Operations, Planning, Logistics, and Finance/Administration. The term function is also used when describing the activity involved, e.g., the planning function.
FUNCTIONAL EXERCISE	A fully simulated, interactive exercise that tests one or more functions in a time-sensitive, realistic simulation. Focuses on policies, procedures, roles and responsibilities.
HAZARDOUS MATERIAL	Any material that is explosive, flammable, poisonous, corrosive, reactive, or radioactive, or any combination, and requires special care in handling because of the hazards it poses to public health, safety, and/or the environment.
· · · · · · · · · · · · · · · · · · ·	

IMMEDIATE TREATMENT	A patient who requires rapid assessment and medical intervention for survival.
INCIDENT	An occurrence, either human caused or by natural phenomena, that requires action by emergency service personnel to prevent or minimize loss of life or damage to property and/or natural resources
INCIDENT ACTION PLAN	Contains objectives reflecting the overall incident strategy, specific tactical actions and supporting information for the next operational period. The Plan may have a number of forms as attachments (e.g., Traffic Plan, Student Release Plan, Communications Plan, site map.
INCIDENT COMMAND POST (ICP)	The location where the primary command functions are deployed.
INCIDENT COMMAND SYSTEM (ICS)	A standardized on-scene emergency management concept specifically designed to allow its users to adopt an integrated organizational structure equal to the complexity and demands of single or multiple incidents without being hindered by jurisdictional boundaries.
INCIDENT COMMANDER	The individual responsible for the management of all incident operations at the incident site.
INCIDENT MANAGEMENT TEAM	The Incident Commander, appropriate Command and General Staff personnel assigned to an incident.
INCIDENT OBJECTIVES	Statements of guidance and direction necessary for the selection of appropriate strategies and the tactical direction of resources. Incident objectives are based on realistic expectations of what can be accomplished when all allocated resources have been effectively deployed. Incident objectives must be achievable and measurable, yet flexible enough to allow for strategic and tactical alternatives.
INITIAL RESPONSE	Resources initially committed to an incident.
JURISDICTION	The range or sphere of authority. Public agencies have jurisdiction at an incident related to their legal responsibilities and authority for incident mitigation. Jurisdictional authority at an incident can be political or geographical (e.g., city, county, state, or federal boundary lines) or functional (e.g., police department, health department, etc.).
JURISDICTIONAL AGENCY	The agency having jurisdiction and responsibility for a specific geographical area, or a mandated function.
LIAISON OFFICER	A member of the Command Staff responsible for coordinating with representatives from cooperating and assisting agencies.
LOGISTICS SECTION	Responsible for providing facilities, services, and materials for the incident.
MAJOR MEDICAL EMERGENCY	Any emergency that would require the access of local mutual aid resources.
MESSAGE CENTER	Part of the Incident Communications Center and co-located or placed adjacent to it. It receives, records, and routes information about resources reporting to the incident, resource status, and administrative and tactical traffic.

MITIGATION	Any action employed to contain, reduce or eliminate the harmful effects of a hazard.
MOBILIZATION	The process and procedures used by all organizations federal, state, and local for activating, assembling, and transporting all resources that have been requested to respond to or support an incident.
MULTIJURISDICTION INCIDENT	An incident requiring action from multiple agencies that have a statutory responsibility for incident mitigation
MUTUAL AID AGREEMENT	Written agreement between agencies and/or jurisdictions in which they agree to assist one another upon request, by furnishing personnel and equipment.
OPERATIONAL PERIOD	The period of time scheduled for execution of a given set of operational actions as specified in the Incident Action Plan. Operational Periods can be of various lengths, although not over 24 hours.
OPERATIONS COORDINATION CENTER (OCC)	Primary facility where multi-agency coordination of operations occurs. It houses the staff and equipment necessary to perform the multi-agency emergency functions.
PERSONAL PROTECTIVE EQUIPMENT (PPE)	The equipment and clothing required to shield or to isolate personnel from the chemical, physical, and biologic hazards that may be encountered at a hazardous materials incident.
PLANNING SECTION	Responsible for the collection, evaluation, and dissemination of tactical information related to the incident, and for the preparation and documentation of Incident Action Plans. The Section also maintains information on the current and forecasted situation, and on the status of resources assigned to the incident.
PROCUREMENT	Functional unit within the Finance/Administration Section responsible for financial matters involving vendor contracts.
PUBLIC INFORMATION OFFICER	A member of the Command Staff responsible for interfacing with the public and media or with other agencies requiring information directly from the incident. There is only one Public Information Officer per incident.
REFUGE AREA	An area identified within the Exclusion Zone, if needed, for the assemblage of contaminated individuals in order to reduce the risk of further contamination or injury. The Refuge Area may provide for gross decontamination and triage.
RESOURCES	Personnel and equipment available, or potentially available, for assignment to incidents. Resources are described by kind and type, e.g., ground, water, air, etc., and may be used in tactical support or overhead capacities at an incident.
RESOURCES UNIT	Functional unit within the Planning Section responsible for recording the status of resources committed to the incident. The Unit also evaluates resources currently committed to the incident, the impact that additional responding resources will have on the incident, and anticipated resource needs.

SAFETY OFFICER	A member of the Command Staff responsible for monitoring and assessing safety hazards or unsafe situations, and for developing measures for ensuring personnel safety. The Safety Officer may have assistants.
STANDARDIZED EMERGENCY MANAGEMENT SYSTEM (SEMS)	A system utilizing ICS principles including the five elements of Management, Operations, Planning, Logistics, and Finance/Administration. SEMS is used in California at five levels: Field Response, Local Government, Operational Areas, Regions, and State.
STAGING AREA	Locations set up at an incident where resources can be placed while awaiting a tactical assignment. Staging Areas are managed by the Operations Section.
START - S.T.A.R.T.	Acronym for Simple Triage And Rapid Transport. This is the initial triage system that has been adopted for use by the California Fire Chief's Association.
SUPPLY UNIT	Functional unit within the Support Branch of the Logistics Section responsible for ordering equipment and supplies required for incident operations.
TABLETOP EXERCISE	Simulates an emergency situation in an informal, stress-free environment. Designed to elicit discussion as participants examine and resolve problems based on existing emergency management plans.
TRIAGE	The screening and classification of sick, wounded, or injured persons to determine priority needs in order to ensure the efficient use of medical personnel, equipment and facilities.
TRIAGE TAG	A tag used by triage personnel to identify and document the patient's medical condition.
UNIFIED COMMAND	A unified team effort in the ICS that allows all agencies with responsibility for the incident, either geographical or functional, to manage an incident by establishing a common set of incident objectives and strategies. This is accomplished without losing or abdicating agency authority, responsibility, or accountability.
