LOSD Land Acknowledgement

We, the Lake Oswego School District community, acknowledge that our schools occupy the ancestral and traditional Lands of the Kalapuya, Clackamas, and Clowewalla Peoples who are now part of the Confederated Tribes of the Grand Ronde.

Our community regrets the painful history of genocide, imposed assimilation and forced removal of Indigenous Peoples from this territory, and recognizes that injustices visited upon them have yet to be properly rectified.

We honor the many diverse Indigenous Peoples still connected to this land on which we gather to educate our children. We honor them by sharing their stories, both told and untold, in our schools and classrooms.

We thank those who were, and continue to be, stewards of these Lands and strive to follow their example by learning how to be collaborative caretakers of the resources that these lands offer to future generations.

Our community invites you to join us in acknowledging these communities, their traditions both past and present, as we seek to create equitable outcomes and to build a culture of inclusive belonging for all students, staff and community.

Mission & Vision

Mission-

Our mission is to foster an inclusive and well-rounded community of critical thinkers who are prepared for citizenship, college, career, and life-long learning.

Vision-

We must inspire young adults to contribute and grow within a safe, supportive, learning environment that promotes the development of 21st Century skills, so that they will be prepared to thrive in a rapidly changing global society.

History & Tradition

The doors of Lake Oswego High School were first opened in 1951. Since then it has grown from a six-year school to a three-year school and, in 1971, to a four-year school. The co-curricular, academic, and fine arts programs help to present a balanced curriculum to meet the needs of all students.

In its over seventy-year history, Lake Oswego High School has received many honors for scholarship, leadership, and athletics on the local, state, and national level.

From its location and name, Lake Oswego High School adopted a nautical theme. The nickname is "Lakers." The colors are navy blue and white. The anchor is the school symbol and suggests steadfast purpose. The mascot is a seaman dressed in raingear, named "Pilot Joe." Continuing to carry out the theme are the names of the school's publications: Lake Views, (newspaper), Laker Log (yearbook), Daily Log (bulletin), Reflections (literary yearbook), and this Pilot (handbook).

Knowing the story behind the school and its customs may help modern Lakers take an informed part in developing new traditions and in strengthening the best of the old. The result of such participation can only be a better school.

Lake Oswego High School Mascot "Pilot Joe"

Black oilskins, black foul-weather boots, and a sou'wester rubber hat almost covering his bearded face—this deep-water seaman is Pilot Joe, the Laker mascot who appears at sport events with SPIRIT sometimes printed on his visor. Pilot Joe symbolizes the indomitable spirit of the seaman who, ready for the roughest weather, continues to sail on course with a determined heart.

The Coat of Arms

The students of Lake Oswego High School have officially adopted the Coat of Arms shown above, a gift from the Class of 1965. The Crown Company did the extensive research necessary in its development. Members of the Student Cabinet made the final decision on design. We feel this truly embodies the Spirit of the Lakers and represents the School's close ties with our community. It will be used on all formal and official letters and publications of Lake Oswego High School.

- The Anchor represents the Spirit and Loyalty of the Student Body.
- The ship, designed by Peter Kerr as a family emblem, represents the generous and humble spirit in which he donated the land on which the school stands.
- Each Spoke of the Pilot's Wheel represents a part of the well-balanced program available to the students.
- The reversed wavy pall symbolizes Lake Oswego and its importance to the community.
- The Chimney represents the importance of the early mining and cement industry.
- The Three Corners of the shield symbolize the close cooperative spirit of the school, parents and community.

Alma Mater and Fight Song

Alma Mater

(Tune: "Annie Lisle")

In the land of tall green fir trees In the great Northwest
Stands a school at Lake Oswego Ranked among the best.
Lake High standards will not fail Her name we'll hold upright.
Always we'll be loyal to her Hail the Navy and White!

Fight Song

Up, Lakers! Onward, Lakers! Forward the victory makers
Fighting for the colors of our school Fight! Fight! Fight!
Up, Lakers! Onward, Lakers!
Sail bravely through the breakers.
Hail! Hail! Lake Oswego, on to victory

Student Rights & Responsibilities

Educational Philosophy

We believe in the dignity and worth of each individual. We believe in the free interchange of ideas. We believe in the democratic process. We believe that self-discipline, essential to the preservation of our democratic way of life, is a major educational goal of our schools.

In light of these beliefs, we expect the individual to pursue the opportunities and responsibilities offered. We also strive further to continue building a constantly improving instructional program.

Freedom Of Expression

Students have the right of freedom of expression guaranteed by the First and Fourteenth Amendments, but they must accept responsibility for their expressions and they shall not interfere with the freedom of expression of others. Using obscenities, threats of harm, or other expressions that might result in the disruption or interference of the educational program or school activities are prohibited. Materials sponsored, funded, printed, or published by the school are part of the school program and shall be subject to review and approval by school authorities. Students are encouraged to have materials that are not school-produced reviewed by school administrators, who may designate the time and place of distribution. Failure to comply with the rules and regulations concerning freedom of expression may result in disciplinary action, including expulsion.

Student Freedom Of Assembly

Secondary school facilities shall be available to all lawfully enrolled secondary school students of the District for meetings. All meetings shall have prior approval of school authorities. Students will not be denied access to school facilities due to the religious, political, or social content of their group or its message, and meetings shall be open to all students without regard to sex, race, religion, or national origin. School authorities may monitor meetings.

Equal Educational Opportunity

Equal educational opportunity and treatment shall be provided to all students. No student enrolled in the District shall on the basis of race, color, religion, sex, sexual orientation, gender identification, national origin, marital status, age, or disability be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any educational program or activity provided or authorized by the District. Questions or concerns regarding equal education opportunities should be directed to the Title IX Coordinator, also known as the Executive Director of Secondary Programs, at 503-534-2000.

Transgender And Gender Nonconforming Students

The District believes that all students deserve to be physically and psychologically safe at all times and is responsible for developing appropriate administrative regulations, procedures or guidelines for implementation of this policy in order to create a safe and inclusive environment for every student; to promote physical and psychological safety of students who exhibit gender nonconforming behavior; and to affirm the right of every student to equal educational opportunity and respectful treatment in their gender of identification and expression.

School Responsibility

School personnel shall be responsible for proper and adequate management of the student body. They shall consider it their duty to advise or discipline students in accordance with school policies and regulations at any time it becomes necessary.

Student Responsibility

It is the responsibility of the students to:

1. Apply themselves to the course of study and put forth their best effort for scholastic achievement.
2. Conform to school rules, be respectful to teachers, administrators and other school employees, and conduct themselves in a manner which will not obstruct the teaching process nor prevent other students from benefiting from school attendance.
3. Attend all classes regularly and punctually, leaving campus only after checking out with the attendance office.
4. Maintain high personal standards of courtesy, decency, and morality.
5. Maintain personal cleanliness and be dressed in compliance with established school board policy on dress and grooming.

Respect For Others

Students will conform to school rules, be respectful of teachers, administrators and other school employees and respect the rights of fellow students. The following are considered violations of others' rights:

1. Defiance or insolence to a teacher, administrator or other school employee.
2. Fist-fighting or assault on another.
3. Stealing.
4. Use of profane or obscene language.
5. Deliberate disruption of classroom instruction.
6. Harassment of any kind directed toward a teacher, administrator, staff member, or student.

Disciplinary Action may include a detention, work detail, parent conference, police intervention, in-school suspension, suspension and/or expulsion.

Parent Responsibility

We ask that parents work cooperatively with school personnel in order to provide a successful experience for their student(s). The parent has the ultimate responsibility for their student's welfare. Parents are asked to help their student learn and develop socially acceptable standards of behavior in accordance with school policy.

Student Fines Or Fees Responsibility

No student will be denied an education because of their inability to pay supplementary fees. No student, however, is exempt from charges for lost or damaged books, locks, materials, supplies and equipment. Fee structures and consequences of non-payment will be communicated to the students and the community.

Students or parents owing money to the District will receive written notice that includes the reason the student owes money to the District, an itemization of the fees, fines or damages owed and the right to request a hearing. The principal or designee may waive all or part of the standard fees for students who are members of a low- income family; upon finding that the payment of the fee would impose a hardship on the student's family; or if the health or safety of the student is impacted. All student fines and fees may be paid at your student's school.

Right To Petition

Students have the right to petition for a change in school policies and regulations; circulation of petition is subject to individual building rules.

Enrollment

Residents and Transfers

In the State of Oregon, a student's residence is described as that place where a student resides with some degree of permanency. The following students shall be considered residents for attendance purposes:

1. Those students living within the district with their parents or legal guardians.
2. Those students living within the district with someone other than a parent or guardian, who has parental responsibility for the student (Loco Parentis). District forms shall be completed for the recording of this circumstance.
3. An emancipated minor living within the district. The minor must submit proof of such emancipation. Continued enrollment of the individual shall be dependent upon satisfactory attendance and behavior of the individual. It is the desire of the Board that unless circumstances justify exception, a minor shall reside with a parent, guardian, or some other adult responsible for the student.

Attendance Area

It is the policy of the school district to accept in its school only those pupils who are residents of the district. In addition, attendance areas or zones are established for elementary, junior high, and senior high schools in the district, and a pupil is required to attend the school serving their place of residence. This is done so that class loads may be balanced equitably among the various schools.

Exceptions to this policy may be granted, at the discretion of the Superintendent, under the following conditions:

1. A pupil changing their place of residence during the school year may continue in their school of attendance until the end of the current semester or school term.
2. A pupil who anticipates establishing residence in a different school zone may be admitted in that school on submission of satisfactory evidence that the move will be made within the semester during which admission is requested.
3. A pupil who is an established resident student in a senior high school of the district may continue attending that high school even if the parents move into the attendance area of the other senior high school.
4. Exception may also be made (a) to serve the educational interest of the pupil as judged by school officials or (b) due to physical or emotional conditions as judged by competent medical or psychological authority.

Any exception granted is contingent upon adequate facilities and staff in the school of requested attendance, and upon maintenance of satisfactory performance and behavior by the pupil. The school district is not responsible for transportation nor are they responsible for providing on-site parking of students attending schools outside the normal attendance area.

Transfers

Students who move into the district during the school year should register immediately at the high school.

Withdrawal

1. A student withdrawing from school should contact the counseling office for appropriate forms and for assistance in completing the withdrawal process.
2. The student must present the withdrawal form to classroom teachers for their signatures, return all textbooks, pay any outstanding fees, obtain remaining designated signatures, and return completed form to the counseling office.
3. A student withdrawing and not attending another school must attend an options conference with their counselor.
4. Parent or guardian signature is required for withdrawal.

Academic Integrity

We believe honesty and integrity to be important and necessary traits in all areas of life including a student's academic pursuits. Faculty members have an obligation to educate students to standards of academic integrity and to report violations of those standards. Academic integrity is the cornerstone of a successful education and a valuable life skill. As high school students, it is important to understand and adhere to the principles of academic integrity in order to maintain the trust and respect of your peers, teachers, and the greater academic community. By upholding the standards of academic integrity, students will develop the skills necessary for a lifetime of learning and responsible citizenship.

Definition

The principle of academic integrity shall be that a student's submitted work, examinations, reports or projects must be that student's own work. Students shall not:

1. Represent the work of others as their own
2. Use unauthorized assistance in any academic work.
3. Give unauthorized assistance to other students.
4. Modify, without faculty approval, an examination, paper record, or report for the purpose of obtaining additional credit.
5. Fail to meet other conditions for academic integrity as required by a faculty member for a specific course.

Expectations

1. Do not let other students in your class diminish the value of your achievement by taking unfair advantage. Report dishonesty you see.
2. Use quotation marks where appropriate and cite your source whenever you use words or ideas that are not your own when writing a paper.
3. In examinations, do not allow your neighbors to see what you have written; you are the only one who should receive credit for what you know.
4. Do not put yourself in a position where you can be suspected of having copied another person's work or of having used unauthorized notes in an examination. Even the appearance of dishonesty may undermine your instructor's confidence in your work.
5. The purpose of assignments is to develop your skills and measure your progress. Letting someone else do your work defeats the purpose of your education.
6. Never falsify a record or permit another person to do so. Academic records are regularly audited and students whose grades have been altered put their transcript at risk.
7. Never fabricate data, citations or experimental results.
8. Never take test materials and/or answer keys from an instructor for the purpose of duplicating or using the material on a quiz or exam. Stealing test materials may result in removal from class with an "F" grade.

The following actions constitute violations of academic integrity:

- Cheating on exams, quizzes, tests, assignments, or any other academic work;
- Plagiarism, including the use of another person's ideas, words, or work without proper citation;
- Falsifying or fabricating data or research results;
- Collaborating or copying from another student's work without appropriate permission;
- Giving unauthorized assistance to other students;
- Using unauthorized notes, texts, or other aids during exams;
- Submitting the same or substantially similar work in more than one class;
- Modify, without faculty approval, an examination, paper record, or report for the purpose of obtaining additional credit;
- Letting someone else do your work;
- Engaging in any other activity that results in misrepresenting your skills and/or knowledge, including the unauthorized use of Artificial Intelligence (Chat GPT)

All students found to be in violation of academic integrity in any form should expect the following:

- Disciplinary actions may affect their grade on an assignment/assessment or course based upon the severity of the incident.
- The student may be asked to complete the assignment again to demonstrate their ability.
- Violations remain permanently in a student's cumulative school record and will be considered when applying for any school-related leadership position such as membership in National Honor Society, ASB, Laker Crew, etc.
- Additional infractions will result in increased disciplinary response.
- Parents or guardians will be notified.
- All incidents of academic dishonesty will be reported to school administration.

Turnitin.Com Policy

Dear Parent/Guardian:

In order to be effective writers, in any subject area, students need to be able to read, analyze and effectively use other people's ideas in an honest and academic manner. These skills are essential skills to formulate strong, logical, and cohesive arguments to support their thesis statements. Given their access to electronic resources, students navigate through more information than ever before. While classroom instruction provides research methods and strategies, students continue to need additional tools and support to develop as writers in different content areas. The school district has found **Turn-it-in.com** to be a valuable learning tool in the writing process.

Turnitin.com is a web-based program in which students can submit their papers to create a color-coded report that will show:

- Total percentage of their paper that is attributable to other sources
- The extent to which they have used each source
- Whether or not they have correctly attributed the information they have taken from their sources.

Teachers then use this report to determine whether:

- A large percentage of the paper is shown to be from other sources, or whether they are formulating their own ideas or creating a mosaic of materials from other people's ideas?
- The preponderance of source material is from one source, or have they inadvertently followed an argument developed by someone else rather than framing and supporting their own thoughts?
- They selectively used wording from sources or are they dropping in big blocks of information from other sources?
- They inadvertently plagiarized by not citing their sources correctly?

Having this type of report from **Turnitin.com** allows students the opportunity to revise their paper before turning it in as a final draft. If students follow the writing process and use **Turnitin.com** as a resource, there should not be any plagiarism issues due to the opportunity for students to correct any material in their paper that might be questionable. In addition, this tool allows students the opportunity to strengthen their writing and thinking skills, and to develop stronger, well-supported arguments in their papers.

Because **Turnitin.com** is a web-based resource, there are certain precautions the company has taken to ensure student anonymity. Student information is secured through SSL (Secure Sockets Layer) encryption, and **Turnitin.com** is in compliance with privacy laws such as the Family Educational Rights and Privacy Act (FERPA), Children's Online Privacy Protection Act (COPPA), Personal Information Protection and Electronic Documents Act (PIPEDA), and others.

Students using **Turnitin.com** will be asked to sign an agreement that states they understand their paper will be checked against "both current and archived instances on the internet, millions of student papers previously submitted to **Turnitin**, and commercial databases of journal articles and periodicals", and that their paper will be added to the paper database that will be used in the future. It is important to note that if a student does not use **Turnitin.com** to submit their papers, teachers will still check student work for accuracy and academic honesty.

If you have questions about how this resource works, please visit the **Turnitin.com** website at <http://turnitin.com>, or contact your child's teacher or principal. If you would like to have your child use **Turnitin.com**, you do not need to return this form. If you do not want your child to use this resource during this school year, please fill out and return the bottom of this form to the main office **no later than the end of the second week of classes**.

I do not give permission for my child to use **Turnitin.com** as a resource this year. I understand that by not using turnitin.com my child is not taking advantage of this opportunity to learn to use resources appropriately and to make corrections before turning in papers. I also understand this choice does not preclude any of my child's assignments being checked for plagiarism by other methods.

Attendance Policies & Procedures

Compulsory School Attendance

339.020 DUTY TO SEND CHILDREN TO SCHOOL

Except as provided in ORS 339.030, every person having control of any child between the ages of 7 and 18 years who has not completed the 12th grade is required to send such child to and maintain such child in regular attendance at a public full-time school during the entire school year.

Oregon State Law requires school districts to drop a student from enrollment if at any point the student is absent (unexcused /excused) for 10 consecutive school days during a school year. The student can be re-enrolled at parent request to the current school with the proper registration materials.

Exemptions From Compulsory School Attendance

1. In the following cases, children shall not be required to attend full-time public schools:
 - Children being taught in a private or parochial school in the courses of study usually taught in grades 1 – 12 in the public schools and in attendance for a period equivalent to that required of children attending public schools during the school year.
 - Children proving to the satisfaction of the district school board that they have acquired equivalent knowledge to that acquired in the courses of study taught in grades 1 – 12.
 - Children being taught for a period equivalent to that required of children attending public schools by a private teacher the courses of study usually taught in grades 1 – 12.
 - Children being educated in the children's home by a parent or legal guardian.
 - Children excluded from attendance as provided by law.
2. The State Board of Education by rule shall establish procedures whereby, on a semiannual basis, an exemption from compulsory attendance may be granted to the parent or legal guardian of any child 16 or 17 years of age who is lawfully employed full time, lawfully employed part-time and enrolled in school, a community college or an alternative education programs defined in ORS 336.615. An exemption also may be granted to any child who is an emancipated minor or who has initiated the procedure for emancipation under ORS 419B.550 to 410B.558.

Exemptions From Instruction

Students are required to participate in State and District required programs and learning activities. Students may seek an exemption from units of instruction or learning activities if such request is based on grounds of religious belief, disability as defined in IDEA, or other identified reasons. Inquiries should be addressed to the principal.

Philosophy

Attendance policies and procedures are based upon Oregon State Law and upon the premise that excessive absence is detrimental to the educational process. Our commitment to the dignity and worth of the individual begins with an effort to have each student in class regularly. This effort is shared by the student, who has the primary responsibility to attend every class period each day, the staff members, who work together to monitor and encourage regular attendance, and the parents, who are legally accountable to uphold the compulsory attendance law. When irregular attendance patterns develop, a staff member (teacher, counselor, attendance secretary or vice principal) initiates communication with the student and parents.

Excused Absences

- For illness of the student or illness of a family member
- For emergencies
- For prearranged absence (if approved) i.e., medical, dental, orthodontic appointments, college visits

Excusing Absences:

- Students must have a parent phone the attendance office at 503-534-2329.
- The student is responsible to make up all missed work.
- Credit is given for work made up.
- **Absences must be cleared within 72 hours.**
- In the case of an extended excused absence, incompletes may be given.
- Students with excessive excused absences may be required to submit a physician's statement to the school for verification.

Absence Due To Illness (Excused)

Parents are urged to convince their children that although good attendance is important, the student that arrives at school ill may be endangering their own health and that of other students. Parents can help the school staff by carrying out the following program at home:

- Check on the health of students each morning before they leave for school and keep students home if they are seriously ill.
- Make careful plans for emergency care if parents are to be away from home.
- Be prepared to provide transportation home for students who become ill at school. The school can provide such transportation only in unusual emergencies.
- Many teachers now post homework on the high school website. You can also contact teachers by e-mail through this site. If homework is not available there or if you do not have internet access, you may request homework assignments through the Attendance Office **if your student has missed three consecutive days of school**. Please expect 24 hours for the assignments to be collected before you come to pick them up.
- Students are allowed the equal amount of time missed from school to make-up any missing work from an excused absence. For example, two days missed for an excused absence = two days to make-up any missing work from these absences.

If a student becomes ill or injured at school, the school contacts the parent through the information provided on the student registration form. It is especially important, therefore, that any changes in the family address or emergency phone number should be reported at once to the school. Students are also requested to list the name, address and telephone number of a family physician.

Unexcused Absence

- Parents/Guardians will be notified of any unexcused absences by our automated system (by email and phone).
- Unexcused absences: Will be handled on an individual basis. Students will be given CREW Time (detention) for an unexcused absence.
- When a student has a continued attendance problem a meeting may be held with the parents to discuss this issue, and the student may be placed on an attendance contract.
- If the student does not follow the contract an options conference may be held to discuss an alternative educational setting.

Other Consequences For Unexcused Absences:

- Class work or activities missed due to unexcused absences or unexcused extreme tardies may not be made up for credit.
- Skip Days: Lake Oswego High School DOES NOT condone "Senior Skip Days." Student absences for an unauthorized "Skip Day" will be considered Unexcused with NO opportunity to make-up missed work.

Prearranged Absences

Students must meet with their teachers prior to a prearranged absence to make arrangements for turning in assignments, gathering homework, and taking tests. A prearranged absence is separate and differs from an excused absence as it is teacher discretion for when all assignments are completed.

Procedure:

- A. Student obtains a prearranged absence form from the attendance office.
- B. Student fills in appropriate information and asks their teachers to sign the form. Each teacher may inform the parent (in the comment section) of any upcoming activities or problems the student may face.
- C. Student obtains parent signature once the form has been completed.
- D. Student returns completed form to the attendance office (for administrative approval) 24 hours prior to departure.
- E. All prearranged absence forms must contain teachers' signatures, and parent signature, or else the arrangement will be void.

Expectations:

- The student is responsible to make up all work.
- Generally, five days in any semester will be the maximum number of days allowed on a prearranged absence. Exceptions may be granted by the administration.
- Doctor and dental appointments may be classified as emergency provided neither student nor parent has enough advance notice to secure a prearranged absence. In such cases students must check in and/or out with the attendance office. A phone call from the parent is required to excuse emergency absences.
- Students should plan to be in school through the last day of the semester. Prearranged absences for the last few days of a semester are strongly discouraged.
- Prearranged absences for "senior skip" day will not be honored.
- **Note: Pre-arranged absences will not be approved on semester finals days. Students are expected to take finals at the appointed time. If there is an unavoidable conflict, parents are to contact the Assistant Principal.**

Tardiness & Checking Out

Because tardiness is disruptive to the educational process, the individual and the class, students should be on time to all classes. The staff will take the following approach to reduce tardies:

1. A student who is not in class by the final bell is tardy. If arriving five minutes or longer after the bell, the student will be sent to the attendance office for an admit slip. If the student is late more than three times they will be assigned detention.
2. A student who is leaving campus before the scheduled time **must check out through the attendance office or the absence will receive an unexcused absence.**

Participation In A School Activity Guidelines For Students

Students should make a decision at the beginning of the school year concerning the number of activities in which to participate. A realistic decision should support their academic goals.

- If, during the year, an opportunity arises for an unplanned vacation or if an unexpected illness takes its toll in absences, the student may need to forego some activities.
- Students who are scheduled to be absent for an activity on a day when an assignment, graded activity or test is due should (prior to the activity) make arrangements with the teacher(s) to complete the work. If this procedure is not followed, the absence may be considered unexcused.
- Students must take the initiative in arranging to make up missed assignments and explanations.
- Students are expected to remain in class until the time established for leaving for an activity.
- Students must attend all their classes on the day of an activity or practice in which they are involved. They are also expected to be in attendance the day following the activity.
- A student with excessive absences may be refused permission to leave to participate in an activity.

These removals are not considered a change in placement.

Disciplinary Removals Of More Than Ten School Days (Consecutive Or Cumulative) – Students With Disabilities

The District may remove students with disabilities from their current educational placement to an appropriate interim alternative educational setting, another setting or suspension for additional periods of up to 10 days in a school year to the same extent, and with the same notice as for students without disabilities, if the removals do not constitute a pattern. These removals do not constitute a change in placement. Additional considerations apply when making this determination. The determination regarding whether a series of removal constitutes a pattern is subject to review in an expedited due process hearing.

Manifestation Determination – Students With Disabilities

Within 10 days of any decision to initiate a disciplinary change in placement of a student with a disability, the District convenes a manifestation determination meeting. The District follows all required special education procedures for determining whether a student's conduct that led to a disciplinary removal from school was caused by, or had a substantial relationship to, the student's disability or was a direct result of the District's failure to implement the student's IEP.

Student Driver's License - Forfeiture

A meeting with the parent or guardian will be held prior to submitting such request to the Department of Transportation. A student may appeal district decisions regarding driving privileges under established due process procedures for suspension and expulsion.

Denial Of Admission To Regular School Program

The District will provide an alternative learning environment for the student with the exception of a weapons violations, pursuant to section (10) of ORS 339.250 for at least one calendar year from the date of the expulsion subject to modifications by the Superintendent on a case-by-case basis.

Law Enforcement Communication and Police Interviews

Relationship With Law Enforcement Personnel

School personnel are responsible for cooperating and not interfering with law enforcement personnel. The school district must also make it possible for law enforcement officials to have access to students during school time.

Guidelines For Police Interviews At School

When a police officer initiates a request to speak with a student, the administrator will contact the parent/guardian to seek permission for the interview.

If the law enforcement officer determines that the police have the right and authority to conduct an interview of the student under applicable law without parent contact and consent, the officer will proceed after informing the administrator.

Student Rights

Students have a choice to speak with the officer or to refuse to speak and return to class. School personnel have no authority to waive the student's constitutional or statutory rights, including the right to remain silent or have an attorney.

School Communication With Law Enforcement Personnel

School rule violations that will be reported to the police include possession or use of a weapon; alcohol or other drug use, possession, or sale; arson; serious assault; or threats of harm to other students, staff, or individuals. Other school rule violations may also be reported if the principal or designee determines there is a compelling reason to do so. Students have the RIGHT to attend school in an environment free of tobacco, tobacco smoke and tobacco refuse.

Students have the **RESPONSIBILITY** to not use tobacco, either smoking, chewing, or possession of a vaporizer. ORS 167.000 states: "It is unlawful for any person under 18 years of age to possess tobacco products..."

- No students may possess, use, sell, or distribute tobacco in any form on any school grounds, at school-sponsored activities, or in school-provided transportation. The School Board has established the Lake Oswego School District and its facilities as being tobacco-free for all staff, students, visitors, and community members. (District Policy #5230). Students possessing or using tobacco products may be subject to suspension.
- "Vaping" or use of tobacco, smokeless tobacco, tobacco-like products, nicotine or nicotine delivering devices, chemicals or devices that produce the physical effect of nicotine substances or any other tobacco substitute (e.g., e-cigarettes, smokeless inhalers or vaporizer pens) is prohibited.

- The school has a responsibility to diligently and regularly inform all students that tobacco use is hazardous to their health.
- Information on additional counseling, assessment services, and rehabilitation is available through the counseling office.
- There are some additional guidelines regarding tobacco use listed in the Athletic Contract and Guidelines that apply to all student athletes.

Drug And Alcohol Free Campus

Alcohol

The Oregon State Law (Oregon Revised Statutes Chapter 471) prohibits the possession, including evidence of use or sale of, any alcoholic beverage on or about the school premises or while attending or being transported to a school-sponsored activity. Under Oregon law, coming to school or to a school event, on or off campus, having consumed alcohol prior to arrival at the event, constitutes "consumption" and is a violation of this rule.

Drugs

Oregon State Law (Oregon Revised Statutes, Chapters 474 and 475) prohibits the possession, use or sale of narcotics and habit-forming drugs. This obligates the school district to enforce a policy prohibiting the possession, use, sale, or supply of any narcotic or dangerous drug at any school-sponsored function either on or off the grounds, at any time students are going to and from school, or while being transported to any school-sponsored activity.

Procedures

Student Use or Possession of Alcohol and Drugs: A student who has violated the policy on alcohol and drug use shall be notified of the procedural rights guaranteed and suspended by the investigating school administrator. If an appeal is made, the suspension shall be stayed until the appeal is heard and a decision is rendered. All illegal substances will be confiscated and disposed of or turned over to law enforcement agencies. A first offense will result in up to a seven-calendar day suspension and may include an expulsion hearing. The investigating administrator who believes the seven-day suspension to be too severe for the violation may recommend a reduced suspension to the hearings officer. The recommendation and reasons shall be made in writing in time for the hearings officer to consider it in their deliberations. A second offense within a 12-month period will result in a seven-calendar-day suspension and an expulsion hearing with probable recommendation to expel. A second offense outside a 12-month period will result in a seven-calendar day suspension and a mandatory expulsion hearing. A third offense within four years will result in a seven-calendar-day suspension and an expulsion hearing with probable recommendation to expel. Violators shall be referred to legal authorities or to the appropriate law enforcement agency unless there is a compelling reason not to refer. (Regulation 524OR)

Students selling, supplying, using or being under the influence of narcotics or habit-forming drugs will be subject to disciplinary action commensurate with the seriousness of the act. Students possessing drug paraphernalia are subject to discipline by the school.

Search & Seizure

The Board of Education seeks to ensure a climate in the schools which is appropriate for institutions of learning and which ensures the safety and welfare of personnel and students. To assist the Board of Education in obtaining these goals, school officials may search the person and the personal property, including that property or facility provided by the school, and seize any property deemed injurious or detrimental to the safety and welfare of the students and personnel if the school officials have reasons to

believe that an illegal act or a violation of school rules and regulations is being committed or is about to be committed.

The superintendent, ensuring that the rights of the individuals are balanced with the larger needs of the schools, has developed procedures for the implementation of this policy.

Guidelines For Implementation Of District Procedure:

Search And Seizure

1. A search of a student's person and/or property shall be limited to a situation where there is reason to believe the particular student is secreting evidence of an illegal act or school regulation violation.
2. Illegal items (firearms, weapons, drugs, alcohol, etc.) or other possessions reasonably determined to be a threat to the safety or security of others may be seized by other school officials.
3. Items which may be used to disrupt or interfere with the educational process may be temporarily removed from the student's possession.
4. General search of school properties assigned to students for their use may occur at any time. Items belonging to the school, as well as items mentioned in 2 and 3 above may be seized. Student lockers, desks, P.E. baskets are examples of school property.
5. School officials shall notify students that searches of school properties have been conducted and of items seized.
6. All items seized shall be turned over to the proper authorities or returned to the true owner.
7. Upon enrollment, students shall be notified that lockers, desks, P.E. baskets and similar items of school property are subject to routine search.

Weapons In The School

Weapons, including firearms and knives, are forbidden on District property and at District events.

1. Students bringing a weapon to or possessing a weapon on District property or at District events will be expelled for a period of not less than one year. For purposes of determining if a mandatory weapons expulsion is required, the following definitions and circumstances will be applied:
2. A dangerous weapon as defined by Oregon law (ORS 161.015) means any weapon, device, instrument, material or substance which, under the circumstances in which it is used, attempted to be used or threatened to be used is readily capable of causing death or serious physical injury.
3. A deadly weapon as defined by (ORS 161.015) is any instrument, article or substance specifically designed for and presently capable of causing death or serious physical injury.
4. A firearm as defined by Federal law (Title 18 United States Code Section 921) is any weapon or combination of parts which will or is designed to or may readily be converted to expel a projectile by the action of an explosive. This includes the frame or receiver of any such weapon, any firearm muffler or silencer, or any explosives, incendiary devices, poison gases, or other such destructive devices.
5. Further, a weapon may also include, but not be limited to, a knife, metal knuckle, straight razor, irritating gas, replica of a weapon, or another similar item possessed by an individual with the intent to use, harm, threaten or harass students, staff members, parents and patrons.

Students who significantly influence the bringing or possessing of a weapon on District property or at District events by aiding and abetting another student shall also be expelled for no less than a year.

The superintendent may, on a case-by-case basis, modify the expulsion requirement of any student expelled under the conditions of this policy. Students subject to mandatory expulsion required by this policy will be reported to the police pursuant to Regulation 5240R.

Replica Weapons: The possession of any replica weapon or nuisance object which potentially could endanger people in the school setting is prohibited. The principal may approve the possession of a replica of a weapon or nuisance object if it is to be used for educational purposes. Approval must be granted in advance of the event for which the replica or object is to be used. Approval shall be for a specific and limited time only, as determined by the principal. No student shall possess or carry any dagger, sword, knife or other instrument with a blade. Replica weapons or other disruptive objects discovered at school shall be confiscated, and parents will be notified. Violation will result in disciplinary action, which may include suspension or expulsion. Law enforcement agencies may be notified.

General Safety Precautions

Our school regulations are devised to protect the safety of everyone. Common courtesy dictates that we observe those regulations. Running in the halls, congregating in large groups and/or sitting on the hall floors may hamper traffic flow and constitute a safety hazard. All students are urged to use discretion about such behavior.

Fire Drill

In case of fire, all personnel must follow the procedure prescribed by the Assistant Principal. Monthly fire drills will permit all Lakers to achieve rapid and orderly evacuation of the buildings and free access to hydrants and buildings for the personnel and engines of the Lake Oswego Fire Department. BALLOONS are not allowed in the building due to the smoke sensors.

Whoever discovers a fire will pull the alarm at the nearest red alarm box. At the sound of the resulting siren, everyone will immediately prepare to evacuate the buildings under the instructions and through the routes published by the Assistant Principal. On command of your teacher or supervisor, groups, in good order, will then leave the buildings, away from hydrant and from fire-engine access routes; groups will remain together for roll-taking. School routine will resume promptly after a signal from your safe zone administrator.

Deliberately turning in a false alarm is a violation of Oregon Law and will result in disciplinary action.

Earthquake

In case of an earthquake, all personnel must follow the procedure prescribed by the District's Safety Programs and Emergency Procedures. In advance of an earthquake drill, teachers will identify with students "safety spots" in the classroom. Good examples may include under a sturdy desk or table, in a corner, or against an interior wall that is away from windows or other dangers.

Student will practice "Drop, Cover and Hold On" and should remain in that position until they are sure the earthquake is over. Students not in a conventional classroom will be in-serviced on "safe zone" areas that are nearby. At a designated time, teacher and students will evacuate the building to "safe zone" areas and remain outside until the building is deemed "safe" to re-enter.

Lockdown

The Lockdown is to provide for the safety of students and staff in a time of emergency. The staff and students will rehearse the drill once or twice a year so that we can implement the plan effectively in a real emergency. Upon hearing the signal "Lockdown" announced over the Public Address system, students should sit down on

the floor away from windows while the teacher ensures that the classroom door is locked and the lights are turned off.

Secure Drill

A Secure drill is different from a Lockdown. If there is a threat outside of campus, and not an immediate threat to the safety of students (on campus), then the school will go into a secure condition. Doors are locked (outside and classroom doors) and class continues. Movement in and around campus may be limited depending on situation. A secure drill will be practiced at least once a year.

Food And Drinks

The Lake Oswego High School campus is one of which every Laker can be proud. To maintain this pride, every student should help to keep the buildings and grounds neat and clean.

1. Students are asked to put recyclable plastic bottles and cans in the proper containers. Do not throw garbage in containers for recycling.
2. No food or drink is allowed in the library.

Athletics

Inter-Scholastic Activities

Lake Oswego High School belongs to the Three Rivers League which sponsors competition in speech, drama, choir, band, orchestra, chess, dance, football, cross-country, swimming, skiing, basketball, wrestling, track, baseball, tennis, soccer, volleyball, softball and golf.

Athletic Programs Policy

We believe that a strong athletic program at the secondary level complements, reinforces and extends academic programs by offering unique opportunities for students to grow and develop intellectually, physically, emotionally, socially and ethically. We also believe that in addition to providing a constructive arena for exercising the competitive spirit, athletics fosters a sense of both school and community pride. Participants, school personnel, parents and the community at large all contribute to creating the conditions for the success of the athletic program.

We consider participation in athletics to be a privilege offered to an individual athlete, who then becomes accountable for fulfilling the related responsibilities. Participation in competitive athletics is a valued life experience where both success and failure can make positive contributions to human growth in self-discipline, emotional maturity and self-respect. Athletics should stress fairness in human relationships, commitment to doing one's best, respect for others and humility in victory and graciousness in defeat. In addition, athletics should contribute to the development of lifelong health habits in exercise and nutrition.

The opportunity to participate in interscholastic sports programs shall be available to all students. Comparable programs shall be available for men and women, funding shall be equitable and facilities and equipment shall be substantially equal. Participants are entitled to skilled instruction, a safe competitive environment, respect as individuals and personal dignity.

Health Services

Medications – Administrative Procedure

1. Prescription and nonprescription medications may be administered by school personnel as necessary. The following procedures must be completed as outlined in District Policy #5302R:
2. Prescription or nonprescription medication must be delivered to the school office by the parent or legal guardian. The medication must be in its original container with the student's name, name of the medication, dosage, administration instructions (route and frequency), and any special instructions.
3. An Authorization for Medication Administration by School Personnel must be completed and signed by the parent or legal guardian.
4. Students may be allowed to be in possession of medication and medicate themselves at school if the procedures as outlined in District Policy #5302R are followed:

The student's name, name of the medication, dosage, administration instructions (with route and frequency), and any special instructions must be shown on the container. The amount of medication to be in the student's possession will depend on the type of medication and will be determined through an approval process.
6. A Self-Medication Agreement must be completed and signed by the principal, parent or legal guardian, and, in the case of prescription medication, the physician.
7. Sharing or borrowing prescription or nonprescription medication is strictly prohibited. If a student violates this rule, permission to self-medicate may be revoked and the student may be subject to discipline up to and including expulsion.

Any student who has become injured or is feeling ill should tell the instructor and the instructor will send them to the health room (located in the main office). Students will remain in the health room for a maximum of 20 minutes, after which a staff member will determine if the student is to be sent home, to a doctor, or back to class.

When the parent or family physician can't be contacted by the school, during an extreme emergency, the student is taken to a local physician's clinic or emergency room at Meridian Park Hospital. The school nurse or a certified school employee accompanies the student to the clinic or hospital and transfers the responsibility for the student and their care to the physician on duty there.

Health Room

When a student becomes ill or injured at school, the following procedure will be followed.

1. The teacher will send the student to the health room with a pass.
2. Health room personnel will evaluate the student's illness or injury.

The recommendation of a doctor and completion of District paperwork is necessary to qualify a student for this service.

The district provides a testing service. A district psychologist divides their time among the schools of the district working with counselors on special testing needs. In addition, the school district works closely with local referral agencies in the field of mental health.

Speech & Hearing Therapy Program

The district provides services for evaluation and therapy in the areas of speech and hearing. Both district-employed specialists and outside referral sources are made available to high school students through this program.

Transportation

Due to budgetary challenges the District has privately contracted bus service through Student Transportation, Inc. in order to continue to provide free transportation for students who live at least one and a half miles from school. Since it is a costly operation, complete cooperation is required of everyone at all times to continue providing transportation and to keep the equipment in good condition. The driver has the authority to deny rides to anyone who misbehaves. Bus rules are posted in each bus. The routes have been planned for the efficiency of students, families, and buses. Schedules and routes are printed in the Lake Oswego Review and posted in the school and on the school website.

Cafeteria

These services include morning snack and lunch for all students through the USDA National School Lunch and Breakfast programs, morning break and lunch services on an a la carte basis for all students, vending services and catering services for all functions outside the regular meal schedule (special events, class parties, etc.). The lunch "meal deal" includes an entree', 2 servings of fruit and/or vegetable, starch and milk. Lunches may be purchased at school daily. Additional items may be purchased a la carte. The purchase of a lunch ticket ensures that your child will receive a well-balanced meal (1/3 RDA) according to USDA guidelines. If a student doesn't want what is included in a meal deal or wants more food than is included in the meal deal, they may purchase items a la carte. For more information on prices and the lunch program please visit:

Lockers

Students are not allowed to place decals and signs that will deface the locker. The cost of removing such signs or repairing other damage to the locker will be charged to the student. Students shall use the lockers assigned to them unless a change is approved through the attendance secretary. Lockers remain the property of the Lake Oswego School District and may be opened at any time by the administration. Only instructional materials issued to students and their personal property, which is appropriate to school use, may be kept in the lockers.

Books

Textbooks in good condition, paperback books and pamphlets are loaned to students.
