Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Schoolwide Program
 San Rafael will receive Title I monies for the 2021-2022 school year

Briefly describe the school’s plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

San Rafael's Staff, School Site Council, and varied stakeholders have analyzed key student achievement data to develop academic goals designed to increase student performance at the school-wide level as well as in identified student subgroups

Stakeholder Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

San Rafael has worked with our Staff, School Site Council, English Learner Advisory Council, and African American Parent Council to identify the academic needs of our diverse student population and to look at creative ways to leverage our extremely limited fiscal resources to meet these diverse needs. Student achievement and student attendance data have been shared in multiple ELAC, PTA, AAPC, and SSC meetings by the Principal on August 20, 2020, September 14, 2020, September 21, 2020, October 1, 2020, October 22, 2020, November 5, 2020, November 19, 2020, December 3, 2020, December 10, 2020, January 7, 2021, January 21, 2021, February 4, 2021, March 15, 2020, and April 22, 2021.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

San Rafael's Staff and our Parent community have made it a goal to meet the academic needs of our diverse student population in spite of receiving extremely minimal State and Federal funding with no Title I funds for the past couple of years. For the 2021-2022 school year, San Rafael's School Site Council will be charged with investing 29,050.00 in LCFF monies and 43,175.00 in High Needs monies. The funding for the 2021-2022 school year will better allow us to meet the academic and social needs of our diverse student community.

School Vision and Mission

San Rafael's Vision Statement

San Rafael Elementary School is a dual immersion Spanish and English language program that develops bi-cognitive students who meet high academic standards and are models for positive cross-cultural attitudes and behavior. Working together with a highly-engaged community of students, staff, and family, San Rafael creates lifelong learners who possess an expanded worldview and are prepared to be successful in a global society.

San Rafael's Mission Statement

The mission of San Rafael San Rafael Elementary School is to provide a child-centered academic program that meets the diverse needs of our community in an additive bilingual setting.

School Profile

San Rafael Elementary School is located on the western side of the Pasadena Unified School District in a quiet residential neighborhood. The school serves students from Preschool through Fifth grade. The continuous improvement of San Rafael's Dual Language Immersion program in Spanish has sparked an increase in student enrollment from families in the residential area that are now starting to view San Rafael Elementary School as a viable public school option for them. San Rafael staff and community members continue to develop working partnerships with the Pasadena Educational Foundation, the West Pasadena Residents Association, and members of the San Rafael Neighborhood Association in order to secure additional resources for our school, enrichment opportunities for our students, and mutually beneficial volunteer opportunities.

San Rafael currently has 401 students in our Kindergarten through Fifth grade plus an additional 14 students in our Preschool program. This enrollment data has been adversely affected by recent COVID-19 restrictions and guidelines as San Rafael is usually enrolled at full-capacity across all grade levels. As San Rafael works on strengthening our Dual Language Immersion Program, the 2021-2022 school year will mark the thirteenth year of our Dual Language Immersion Program for our Preschool students in Spanish. The goal is to better prepare our incoming Kindergarten students for the academic and linguistic rigor of the DLIP program at San Rafael.

The student body at San Rafael is currently comprised of 65% Hispanic, 23% White, 6% African American, 3% Asian, 1% Filipino, and 2% Other. 39% of the students at San Rafael receive free/reduced lunch and are identified as economically disadvantaged. At San Rafael, 12% of our students are identified as English Learners, 11% of our students are identified as Students with Disabilities, and 12% of our students have qualified for the Gifted and Talented Education Program.

Notwithstanding recent COVID-19 enrollment shifts, San Rafael has seen a significant increase in student enrollment largely attributed to the success and popularity of our Dual Language Immersion Program. One of the challenges and obstacles that our DLIP still faces is the recruitment and retention of native Spanish-speaking students which are critical to the success of our Dual Language Immersion program. As our staff and community members try and develop creative recruitment and retention strategies for our native Spanish-speaking families, limited transportation options, distance, and an ever-decreasing school budget are real concerns for us to contend with. A silver lining to note is that San Rafael's recent academic success has garnered us the honor of being selected as a California Gold Ribbon School

and a California Title I Academic Achievement School. Now we have native Spanish-speaking families coming to us and showing great interest in enrolling their student(s) at San Rafael.

Currently, the school has 17 general education classroom teachers, 1 Teacher on Special Assignment-Dual Language Immersion Program, 1 Resource Specialist Teacher, 1 Speech Pathologist, and 1 Preschool Teacher. Classroom teachers are supported by our DLIP-TOSA. In addition to the credentialed staff, the school is also served by a Principal, 1 Office Manager, 1 Clerk Typist, 2 custodians, a part-time School Nurse, a Health Clerk, and 6 Classroom/Project Aides. Hillside Agency provides school-based mental health services to students who qualify. Special education students receive services according to their Individualized Education Programs (IEP) which include, but are not limited to, speech and language therapy, occupational therapy, behavioral services, and adapted physical education. San Rafael also has a special education instructional assistant that helps support the educational program of students within the general education setting.

San Rafael School is a gorgeous facility nestled in a highly desirable section of Pasadena. San Rafael's grounds include 17 permanent classrooms, 5 temporary classrooms (bungalows), cafeteria, auditorium, health office, and various small office spaces to accommodate administrative, resource, and itinerant staff. A Pasadena City library is located down the block from the school and provides additional library services and story-time for our classes.

San Rafael Elementary School has the distinguished privilege of having a highly active and involved African American Parent Council (AAPC), Annual Fund (AF), English Learner Advisory Council (ELAC), Parent Teacher Association (PTA), and highly-effective School Site Council (SSC). San Rafael Elementary School provides its parent community with constant updates and information in both English and Spanish through the use of weekly newsletters, weekly phone calls to each family through our Blackboard Connect service, notices and messages on our school website, and through e-blasts (e-mails sent to each family that has signed up for this service). Report cards, updates on Performance Tasks and Trimester Assessments, and teacher-generated reports are provided in English and Spanish as well. Parent conferences and meetings are done annually as well as on an as-needed basis. Conferences include information on student academic performance and needs. All parent meetings and conferences are conducted in English and Spanish.

San Rafael Elementary School's ability to build and sustain working relationships with varied community groups has allowed us to design our "HeART & Sol Cultural Art Center." This was made possible through a very generous donation from a neighbor to our school. HeART & Sol focuses on integrating language, culture, and history through the arts and bringing classroom learning to life for our students and staff. San Rafael will continue to develop partnerships in the Pasadena community so that the HeART & Sol Cultural Art Center can be fiscally sustainable. San Rafael also continues to collaborate with the Armory Center for the Arts and this has led to the creation of a Math-Art program for Fourth grade students which has proven successful in helping students make academic gains.

The goal for the 2021-2020 school year will be to enhance our instructional delivery through a series of professional development opportunities and staff collaboration to constantly use student achievement data to drive our instructional goals and objectives. San Rafael is committed to constantly communicating with our students and parents so that together, we can strengthen our partnership focused on student achievement and hence, meet all of our California Dashboard targets for the 2021-2022 school year and continue to be a shining star in the Pasadena Unified School District !

Grade 5	87	64	57
Total Enrollment	440	407	400

Conclusions based on this data:

1. Significant staffing adjustments need to be made to serve the students entering Fourth and Fifth Grade for the 2021-2022 school year as they represent a "bubble" cohort that may need to have a Combination Classroom.
2. San Rafael must maintain a limit of only three classes enrolling in Kindergarten to keep within school-wide capacity limits long-term.
3. Classrooms in Kindergarten through Third grade are maintained below the 24:1 ratio that is required by the most recent Collective Bargaining Agreement.

Reclassified Fluent English Proficient (RFEP)	10	18	1	31.3%	56.3%	3.6%

Conclusions based on this data:

1. Recently, San Rafael has experienced a noticeable increase in English Learner students enrolling in our Dual Language Immersion Program for the 2021-022 school year.
2. English Learner and Hispanic families have indicated that with the current state of national politics and lack of transportation (buses were eliminated a few years ago), they are only interested in enrolling their students in English-only academic programs.
3. The loss of transportation services has adversely affected San Rafael's ability to recruit Hispanic and English Learner families that reside in the Northwest Pasadena area.

Conclusions based on this data:

1. Dual Language Immersion research states that students will demonstrate higher rates of achievement over time which is what San Rafael's student performance documents in the areas of English Language Arts.
2. In the area of Writing, students in Third through Fifth grade matches research on Dual Language Immersion Programs indicating that students will gain mastery in the partner language (English) if taught with fidelity.

3. Over 85% of San Rafael's students in Third through Fifth grade are reading Near, At, or Above grade level expectations in English which is not the primary language of instruction for Language Arts in our Dual Immersion Program.

Conclusions based on this data:

1. Although San Rafael's school-wide attendance rate qualifies us for the Blue category, which is exceptional, specific attention has to be paid to the students and families that have been identified as Chronically Absent.
2. Chronically Absent students and their families must be met with (surveyed) to help the school identify strategies which will encourage these students and their families to improve their attendance. Ideas need to be generated by the student and his/her family to make the strategies more authentic and realistic.
3. Staff must be provided with staff development opportunities focusing on enhancing the culture of every classroom in order to promote student attendance and to create learning environments where all students feel included.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

LCAP Goal # 1

Students will demonstrate grade-level knowledge in all core subjects and graduate in four years, in line with the PUSD Graduate Profile. All students, English Learners, Foster Youth, students eligible for Free/Reduced Meal Program and others who have been less academically successful in the past, will have access to a robust course selection and will show academic achievement.

Goal 1

CAASPP ELA: Average Distance From Standard for All Students will increase from the baseline of 25.3 points Above Standard (Green) in 2019 by a total of 15 points or more to end at 40.3 points Above Standard or higher (to reach Blue) by the end of the 2021-2022 school year (if applicable). iReady ELA Diagnostic: San Rafael's ELA scores in the iReady Diagnostic assessment will increase from 61% at the Early on Grade Level mark or Mid or Above Grade Level mark as identified in the 2020-2021 Diagnostic II assessment to 65%.

Identified Need

Distance From Met identifies the "average" performance of the school. Although San Rafael's performance data is positive, we still have students that need specific academic support and intervention in order to achieve grade level standards in the area of English Language Arts.

Annual Review

SPSA Year Reviewed: 2020-21

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

iReady ELA Diagnostic Assessments demonstrated growth in the area of English Language Arts proficiency from the first to the second trimester in the 2020-2021 school year.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

There were no major differences in relation to budget expenditures to address these strategies.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

English Language Arts baselines will need to be reestablished post-COVID in our iReady ELA Diagnostic and DRA Diagnostic assessments at the beginning of the 2021-2022 school year to inform staff as to real-time proficiency levels for each student. This will need to be done to better address the predictable academic slide due to the COVID-19 school closures in the 2020-2021 school year.

iReady Math Diagnostic assessment and iReady Pass Data demonstrated growth in the area of Math proficiency from first trimester to the second trimester in the 2020-2021 school year

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

There were no major differences in relation to budget expenditures to address these strategies but the 2019-2020 California Assessment of Student Performance and Progress (CAASPP) was cancelled due to COVID-19 school closures

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Math baselines will need to be re-established by employing both the iReady Diagnostic assessments and iReady Pass Data at the beginning of the 2021-2022 school year to inform staff as to real-time proficiency levels for each student. This way, our staff can identify the extent of the academic slide caused by the COVID-19 school closures and lack of direct instruction for the last year of school

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

i-Ready Reading Diagnostic assessments, iReady Math Diagnostic assessment, and iReady Pass Data demonstrated student academic growth in the areas of English Language Arts and Math proficiency from the first trimester to the second trimester in the 2020-2021 school year

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

There were no major differences in relation to budget expenditures to address these strategies

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

English Language Arts, Math, and ELD baselines will need to be established using formative assessments such as i-Ready Reading Diagnostic and i-Ready Math Diagnostic at the beginning of the 2020-2021 school year to inform staff as to real time proficiency levels for each student. Data points will need to be compared at the second trimester to demonstrate growth and to identify instructional needs to move forward.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

LCAP Goal # 3

Students will be in school every day in an environment that is safe, caring, clean, and conducive to learning. All facilities will be in good repair and equipped for 21st century learning.

Goal 4

San Rafael's Suspension Rate for Socioeconomically Disadvantaged students will decrease from the baseline of 0.6% (Green) in 2019 by a total of -0.6% or more (to reach Blue) by the end of the 2021-2022 school year. San Rafael will also seek to implement prevention strategies to support social-emotional wellness and mental health by securing mental health professionals to provide professional development and curricular support for staff. Students will receive consistent and regular instruction to facilitate the development of tools necessary to identify emotions and enhance student well-being and wellness.

Identified Need

Although San Rafael has minimal suspension incidents, post COVID-19 in-person instruction can bring with it a variety of social-emotional support needs for students. San Rafael's goal is to focus resources on developing a school-wide PBIS system of behavior support and intervention to maximize student well-being and minimize student suspensions.

- Have students scoring At-Risk on the Universal Screener to serve as classroom "helpers" with partner teachers as positive reinforcement when they are meeting desired behavior expectations
- Contract with outside mental health professionals trained in child development to provide professional development, training, and support for staff to learn intentional ways in which to support the emotional well-being of

all students

- Contract with outside mental health professionals trained in child development to provide regular and consistent in-class, small group, and one-on-one instruction and support for students to develop tools in which to identify and process emotions to enhance student well-being
- Hiring of Classroom/Instructional/Project Aides to assist with student supervision and behavioral intervention
- Provide Staff Development in the area of effective Second Steps/PBIS strategies to build capacity, proficiency, consistency, and fluency focused on mental health and student well-being

Annual Review

SPSA Year Reviewed: 2020-21

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Review 360 data indicates that San Rafael improved from the Spring 2019 report of 10% of our students identified as At-Risk to only 8% in the Fall of 2019

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Review 360 is fiscally supported by PUSD so it will be a very reliable source of information to assist staff in supporting identified students

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

San Rafael will complete the Review 360 External and Internal student screeners early in the 2021 Fall semester and again before the Fall semester ends to identify growth and needs that have developed after the twelve-month plus (12+) absence from a structured school environment for students due to the COVID-19 school closures

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

LCAP Goal # 3

Students will be in school every day in an environment that is safe, caring, clean, and conducive to learning. All facilities will be in good repair and equipped for 21st century learning.

Goal 5

Chronic Absenteeism for All Students will decrease from the baseline of 4.5% (Yellow) in 2019 by a total of -0.5% or more to end at 4% or lower (to reach Green) by the end of the 2020-2021 school year with a stretch goal of reducing by -3% or more to end at 1.5% or lower (to reach Blue) by the end of the 2020-2021 school year.

Identified Need

San Rafael needs to decrease the amount of students that are chronically absent by 0.5%.

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
2020-2021 California Dashboard	Chronically Absent Rate at 4.5%	Chronically Absent Rate to decrease to 4.0% as measured by the 2020-2021 California Dashboard
2020-2021 Monthly Attendance Reports	Chronically Absent Rate at 4.5%	Chronically Absent Rate to decrease by 0.5% as measured by PUSD monthly Attendance Reports for the 2021-2022 school year

Strategy/Activity 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

All Students

Strategy/Activity

- Staff to make personal contact with families of students that are Chronically Absent
- Staff to design personal plans for each student that is Chronically Absent to assist them in being more engaged in school
- Staff to conduct weekly check-ins with students to monitor their attendance
- Design school-wide Perfect Attendance Assemblies instead of only at the grade level

- Partner with different community businesses to provide incentives for students that improve daily school attendance
- Work with families and teachers of students that are chronically absent to develop individual plans/strategies to encourage daily attendance

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

San Rafael's school-wide student attendance rate demonstrated a steady number at just under 97%

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Will need to allocate Categorical monies to purchase incentives for students to be recognized at our Monthly Perfect Attendance Awards Assemblies for "Most Improved Attendance" which has never been done before

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Staff members will be assigned to make personal contact with the families of students that are chronically absent to develop a personalized support plan for each student to be more engaged in school

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

LCAP Goal # 4

Parents and guardians feel welcomed at their school, have sufficient two-way communication with their school and are provided with knowledge and skills to successfully support and advocate for their child.

Goal 6

By the end of the 2021-2022 school year, San Rafael will experience an increase in the % of parents agreeing that school/district encourages parent involvement by 5% as identified in the California Healthy Kids Survey.

Identified Need

Hispanic and African American parents have raised concerns that parental involvement at San Rafael is very "cliquish" and not inclusive of all voices. Administration will need to work with parent leadership to ensure that all voices are being heard at San Rafael as all people are capable of bringing a wealth of cultural capital to the table.

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
2020-2021 California Healthy Kids Survey	Cancelled due to COVID-19 school closure	Results to be shared in the 2021-2022 school year.
Parent Pulse Survey	Will need to established our baseline in the Fall of 2021	To increase parental engagement by comparing results of the Fall 2021 Parent Pulse Survey to the results of the the Spring 2022 semester

Strategy/Activity 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

African American and Hispanic Parents

Strategy/Activity

- Conduct parent Pulse Survey in the Fall of 2021 and the Spring of 2022
- Make personal contact with parents inviting them to different meetings
- Send out information, newsletters, e-blasts, and phone calls in both English and Spanish
- Design events that are culturally relevant and celebrate the cultural diversity of the San Rafael community
- Continue to work with San Rafael's AAPC and ELAC to ensure that they are an integral part of San Rafael's planning process

- Provide opportunities for San Rafael parents to attend workshops, seminars, conferences, etc. to enhance their understanding as to how to better support their students
- Provide opportunities for Staff to secure presentations and workshops for our parents in response to our Parent Pulse Surveys
- Allow for the purchasing of instructional materials, supplies, food, snacks, and incentives to encourage parent participation at all events

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Throughout the entire COVID-19 school closure, San Rafael's parent community has rallied together to demonstrate our overall togetherness and willingness to work together for a common cause, our students.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Unfortunately, San Rafael has not been allocated the necessary funds to support having a Community Assistant which will make it more challenging to make personal contact with varied members of our parent community in order to better engage them in our school activities and procedures in both Spanish and English.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

San Rafael's Parent Pulse Survey will provide us with a baseline to better inform our Staff, School Site Council, English Learner Advisory Committee, Annual Fund, PTA, and African American Parent Council of the necessary next steps to take to engage more of our Hispanic and African American parents

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 65001, the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below:

Instructions: Linked Table of Contents

The SPSA template meets the requirements of schoolwide planning (SWP). Each section also contains a notation of how to meet CSI, TSI, or ATSI requirements.

Purpose and Description

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI may delete the Purpose and Description prompts.

Purpose

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Description

Briefly describe the school's plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Stakeholder Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

[This section meets the requirements for TSI and ATSI.]

[When completing this section for CSI, the LEA shall partner with the school in the development and implementation of this plan.]

Resource Inequities

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]

Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **S**pecific, **M**easurable, **A**chievable, **R**ealistic, and **T**ime-bound. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the “Goal #” for ease of reference.

[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

[Completing this section fully addresses all relevant federal planning requirements]

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school’s identification.]

[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school’s identification.]

Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the “Strategy/Activity #” for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency’s budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]

[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]

Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating “All Students” or listing one or more specific student group(s) to be served.

[This section meets the requirements for CSI.]

[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA’s budgeting, its LCAP, and school-level budgeting, if applicable.

[This section meets the requirements for CSI, TSI, and ATSI.]

[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Annual Review

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

- Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]

Budget Summary

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- Total Funds Provided to the School Through the Consolidated Application: This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

- Total Federal Funds Provided to the School from the LEA for CSI: This amount is the total amount of funding provided to the school from the LEA.

[NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC. The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need); and
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to—
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved; and
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards; and
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.

- B. Evidence-based strategies, actions, or services (described in Strategies and Activities)
1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will--
 - a. provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. use methods and instructional strategies that:
 - i. strengthen the academic program in the school,
 - ii. increase the amount and quality of learning time, and
 - iii. provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. strategies to improve students' skills outside the academic subject areas;
 - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the local educational agency (may include funds allocated via the ConApp, federal funds for CSI, any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Stakeholder Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

2019–2020 School Accountability Report Card

School Accountability Report Card Reported Using Data from the 2019–2020 School Year California Department of Education

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sar/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataguest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

School Facility Conditions and Planned Improvements

San Rafael Elementary School was originally constructed in 1915 and is currently comprised of 21 classrooms, a staff lounge, a multipurpose room, two playgrounds, a cafeteria, and an auditorium. Recent facility improvements include installing ceiling-mounted projectors in every classroom, a new audio-visual system in the auditorium, replacing the roof of the auditorium, placing backpack "hooks" outside of every classroom, replacement of ceiling tiles in the main building and Building C, replacement of some windows in Building B, and a new shade structure in the Pergola area.

San Rafael Elementary School provides a safe and clean environment for students, staff, and volunteers. The district governing board has adopted cleaning standards for all schools in the district. Basic cleaning operations are performed on a daily basis throughout the school year with an emphasis on classrooms and restrooms. A joint effort between students and staff helps keep the campus clean and litter-free. The Principal works daily with the custodians to develop sanitation schedules that ensure a clean, safe, and functional learning environment.

A scheduled maintenance program is administered by San Rafael Elementary School's custodial staff on a regular basis, with heavy maintenance functions occurring during vacation periods. Additionally, a scheduled maintenance program is administered by the Pasadena Unified School District to ensure that school grounds and facilities remain in excellent repair. A work order process is used when issues arise that require immediate attention. Emergency repairs are given the highest priority; repair requests are completed efficiently and in the order in which they are received.

PUSD maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

PUSD has adopted cleaning standards for all schools in the District.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Note: Cells with N/A values do not require data.

Note: The 2019–2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the

2019–2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

School Safety Plan (School Year 2020–2021)

The safety of students and staff is a primary concern of Altadena Arts Magnet. All visitors to the campus must sign in at the office and wear a visitor's pass at all times. Students are monitored before, during, and after school by supervision aides, resource teachers, and the principal. Teachers help supervise students during recess. There are designated areas for student drop-off and pick-up. The School Site Safety Plan is revised annually by the Leadership Team and School Site Council. The Safety Plan is reviewed with all staff members and modified based on student data at the beginning of each school year. The plan was most recently updated and reviewed with school staff in 2020. Key elements of the Safety Plan include the maintenance of a safe, orderly, and drug-free school. The school is in compliance with the laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. The school's disaster preparedness plan includes steps for ensuring student and staff safety during an emergency. Fire, disaster, and lockdown drills are conducted on a regular basis throughout the school year. District support teams have worked together with the Pasadena Public Health Department to develop school safety plans that address and minimize the potential spread of COVID-19 as a separate school re-opening plan.

Types of Services Funded (Fiscal Year 2019–2020)

San Rafael Elementary School is a dual immersion Spanish and English language program that develops bi-cognitive students who meet high academic standards and are models for positive cross-cultural attitudes and behavior. Working together with a highly engaged community of students, staff, and family, San Rafael creates lifelong learners who possess an expanded worldview and are prepared to be successful in a global society.

Classroom teachers are supported by our DLIP-TOSA and our Literacy Coach. In addition to the credentialed staff, the school is also served by a Principal, Office Manager, Clerk Typist, custodians, part-time School Nurse, Health Clerk, and Project Aides. San Rafael no longer receives Title I funding so fundraising efforts have been ramped up to allow our school to provide our students and staff with a full-time Physical Education Teacher, a full-time Artist in Residence, a part-time Music Teacher, and to pay for our Instructional aides.

Hillsides Agency provides school-based mental health services to students who qualify. Special education students receive services according to their Individualized Education Programs (IEP) which include, but are not limited to, speech and language therapy, occupational therapy, behavioral services, and adapted physical education. San Rafael also has a special education instructional assistant that helps support the educational program of students within the general education setting.
