

High School + College + Industry = P-TECH

Judson High School

Mission

In partnership with Alamo Colleges and industry professionals, our school will create industry and college pathways for students focused on in demand careers.

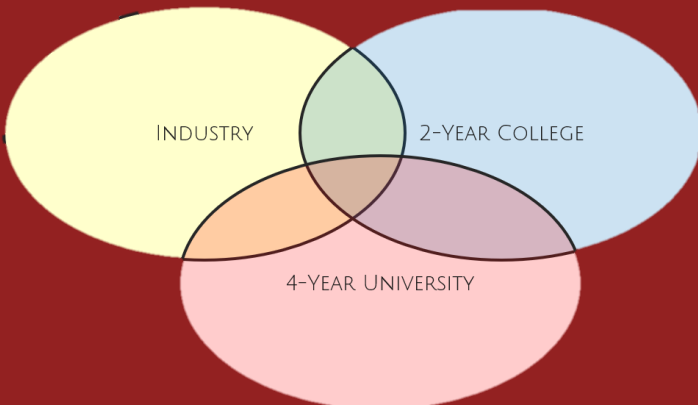

Vision

We strive to improve lives through a free, industry and college preparatory program driven by a high-quality education that provides top quality candidates that are ready to contribute to society.

What is P-TECH

Pathways to Technology Early College High School is a bridge between high school, college, and industry career

"The P-TECH 9-14 model addresses postsecondary degree completion and career readiness by smoothing the transitions between high school, college, and the professional world."

P-TECH:

- Is a 4-year program that requires a long-term commitment from the student and parent/guardian
- Provides a no-cost opportunity to earn college credit
- Is rigorous and requires active participation in the classroom and dedication outside of school
- Requires the student to work cooperatively with teachers and students on projects
- Expects students to meet attendance, behavior, and credit requirements and demonstrate maturity and self-discipline
