

Judson Independent School District

**Board Approved
Local Innovation Plan Renewal
2023-2028**

VISION

Judson ISD is Producing Excellence!

MISSION

All Judson ISD students will receive a quality education enabling them to become successful in a global society.

INTRODUCTION

House Bill (HB) 1842, passed during the 84th Legislative Session, permits Texas public school districts to become Districts of Innovation and to obtain exemption from certain provisions of the Texas Education Code.

On November 16, 2017, the Judson Independent School District's Board of Trustees ("Board") passed a Resolution to explore the development of the first District of Innovation Plan to increase local control over District operations and to support innovation and local initiatives. Renewing this Plan will ensure the District maintains flexibility in order to improve educational outcomes for the benefit of students and the community. The District Site Based Committee, comprised of diverse leaders representing a cross-section of the District's stakeholders, including teachers, principals, parents, community members, and administrators, met to initiate conversations regarding the renewal of the DoI Plan. The Committee met on January 25 and February 13, 2023, to discuss and draft the Local Innovation Plan Renewal. The Board approved the plan on Thursday, March 23, 2028.

TERM

The term of the Plan is for five years, beginning March 23, 2023 and ending March 23, 2028, unless terminated or amended earlier by the Board of Trustees in accordance with the law. If, within the term of this Plan, other areas of operations are to be considered for flexibility as part of HB 1842, the District and Board may consider and propose additional exemptions in the form of an amendment to the Plan. Any amendment adopted by the Board will not extend the term of this Plan. The District may not implement two separate plans at any one time.

AREAS OF INNOVATION

With regard to each area of innovation, the District declares exemption from the listed statutory provisions, as well as any rules or regulations promulgated pursuant to those statutory provisions by any state agency or entity, including but not limited to, the Commissioner of Education, Texas Education Agency, State Board for Educator Certification, and State Board of Education.

1. School Start Date

Sec. 25.0811. FIRST DAY OF INSTRUCTION. *Except as provided by this section, a school district may not begin instruction for students for a school year before the fourth Monday in August.*

Exemption from: TEC §25.0811

Related Board Policies; EB (Legal)

Manner in which statute inhibits the goals of the Plan

The statute allows no flexibility in the design of annual calendars to fit the needs of all Judson ISD stakeholders and the wishes of the local Board of Trustees who represent community interests in this matter. Historically, districts had the option of applying to TEA for a waiver to start earlier, even as early as the 2nd Monday of August. Several years ago, the legislature took away all waivers and dictated that districts may not begin until the 4th Monday of August, with no exceptions.

Innovation Strategies

- a. Increased local control of the instructional calendar allow the District to be responsive to community needs.
- b. Relief from the statue will allow the JISD to develop a calendar that addresses student instruction and focused professional development in conjunction with the new instructional minutes requirement rather than days. (75,600 minutes per year).
- c. Alignment of the district calendar with local universities, local districts with shared service arrangements, etc., will be possible.
- d. Completion of first semester at Christmas Break is more beneficial for instructional pacing.
- e. Provides additional days of instruction and planning for local, state, and national assessments.
- f. Flexibility by considering the start date to begin no earlier than the second week of August.

2. Certifications

TEC Sec. 21.003. CERTIFICATION REQUIRED. *A person may not be employed as a teacher, teacher intern or teacher trainee, librarian, educational aide, administrator, educational diagnostician, or school counselor by a school district unless the person holds an appropriate certificate or permit issued as provided by the appropriate state agency.*

TEC Sec. 21.053. PRESENTATION AND RECORDING OF CERTIFICATES. *A person who desires to teach in a public school shall present the person's certificate for filing with the employing district before the person's contract with the board of trustees of the district is binding.*

Exemption from: TEC §21.003 and TEC §21.053

Related Board Policies: DK (LEGAL), DBA (Local) DK (Local), and DK Exhibit

Manner in which statute inhibits the goals of the Plan

The current process does not allow the District flexibility for administrators or local Board of Trustees to hire knowledgeable, experienced, and qualified individuals who would normally be able to fill hard to fill vacancies.

Innovation Strategies

- a. The District will maintain its current expectations for employee certification. The District will make every attempt to hire individuals with appropriate certification for the position in question; however, where that is not reasonably possible, the District will have the flexibility to hire individuals who are knowledgeable in the area and equipped to effectively perform the duties of the position in question.
- b. Whenever possible, instructional planning for the uncertified teacher's course will be created in partnership with certified teachers in the same field. Uncertified teachers will be provided teacher mentoring, and may be subject to increased observations and feedback, professional development or instructional resources, or other supports.
- c. Flexibility to establish hiring requirements affords the District the opportunity to be responsive to campus needs for teachers and librarians.
- d. Relief from the statute allows JISD to fill vacancies in specific settings, including advanced academic and CTE settings, librarians, and hard-to-fill core content areas.
- e. Exemption from the statute grants educators who wish to teach outside of their certification area the opportunity to succeed in other contents.
- f. Teacher certification waiver requests, state permit applications, or other paperwork will not be submitted to the Texas Education Agency. The District will ensure that all individuals assigned to teach have the knowledge and resources necessary to be successful.

3. **Admission, Transfer and Attendance**

TEC Sec. 25.036. TRANSFER OF STUDENT. (a) Any child, other than a high school graduate, who is younger than 21 years of age and eligible for enrollment on September 1 of any school year may transfer annually from the child's school district of residence to another district in this state if both the receiving district and the applicant parent or guardian or person having lawful control of the child jointly approve and timely agree in writing to the transfer. (b) A transfer agreement under this section shall be filed and preserved as a receiving district record for audit purposes of the agency.

Exemption from: TEC 25.036

Related Board Policies: FDA: Admissions: Interdistrict Transfers and FDB: Admissions: Intradistrict Transfers and Classroom Assignments

Manner in which the statute inhibits the goals of the Plan

For students who use our school of choice and out of district process, Judson ISD seeks to ensure that students adhere to all expectations set forth in the student code of conduct. When a student does not meet the grades, discipline and attendance requirements, the current statute does not allow the administrators the flexibility to revoke a transfer when a student's behavior is detrimental to the Judson ISD learning environment.

Innovation Strategies

Judson ISD is seeking to eliminate the provision of a one-year commitment in accepting transfer applicants.

- a. Nonresident students who have been accepted as inter- or intradistrict transfer students **may** have such transfer status revoked by the superintendent or designee at any time during the year if:
 - i. the student is assigned discipline consequences of suspension (out of school)
 - ii. student is placed in a disciplinary alternative program, or expulsion
 - iii. student is not meeting the State's 90% attendance standard
 - iv. student has failed a course within a nine-week grading period
- b. In order to proceed with revocation of transfer, administration will provide evidence of:
 - i. behavioral, attendance, or grade non-compliance
 - ii. parent and student conference warning of revocation
 - iii. complete a Revocation of Transfer Form

4. **Local School Health Advisory Council**

TEC Sec. 28.004 SHAC *The board of trustees of each school district shall establish a local school health advisory council to assist the district in ensuring that local community values are reflected in the district's health education instruction.*

Exemption from: TEC §28.004

Related Board Policies: BDF (LEGAL)

Manner in which statute inhibits the goals of the Plan

Sec. 28.004 of this code requires The Board of Trustees of each school district shall establish a local school health advisory council to assist the district in ensuring that local community values are reflected in the district's health education instruction. This section requires the establishment of a School Health Advisory Council and outlines the duties of this council.

Innovation Strategies

- a. The District takes exemption from the requirement to establish a School Health Advisory Council and the subsequent duties of that council.
- b. The District will appoint a District Health Coordinator. The District Health Coordinator will collaborate with the district and campus improvement committees to seek feedback regarding health-related curriculum, food service, budget, and other related items as needed.

5. **DAEP for E-cigarettes**

TEC Texas Education Code §37.006: *Provides that a student must be removed from class and placed in a disciplinary alternative education program if the student has an e-cigarette. This will certainly lead the DAEP to become filled by non-violent mandatory offenses, unnecessarily increases discipline of students found in possession of an e-cigarette, and removes campus discretion regarding appropriate discipline for student behavior. Further, it is important for school safety that the DAEP have capacity for students who commit more serious infractions.*

Exemption from: TEC §37.006 related to HB 114

*Related Board Policies: FNCD(LEGAL): Student Code of Conduct: Tobacco Use and Possession
FO (LEGAL, LOCAL) – Student Discipline*

Manner in which statute inhibits the goals of the Innovation Plan

The current law does not allow the District flexibility to address the growing concern of e-cigarette usage at the core. The district would like to meet the needs of students and their families by promoting a sustainable, healthier lifestyle for students and a safer environment for all members of the school community. We are particularly committed to helping students receive in-depth interventions when a substance abuse problem is identified.

Innovation Strategies

- a. District will be exempt from mandatory removal to DAEP based on possession, use, gifting or sale of e-cigarettes.
- b. Mandatory DAEP placement will be assigned for e-cigarettes containing THC or other substances qualifying for mandatory placement.
- c. For e-cigarettes containing nicotine, the following will occur:
 - i. First offense consequence will range from a minimum of 3 days in-school suspension to DAEP placement with counseling.
 - ii. Second offenses will be automatically sent to DAEP.
 - iii. On or off campus interventions, such as education modules and counseling services will be offered to students and parents.

Innovation District Checklist**

Innovation District

A local innovation plan must be developed for a school district before the district may be designated as an Innovation District. A local plan must provide for a comprehensive educational program for the district, which may include:

- 1) Innovative Curriculum
- 2) Instructional Methods
- 3) Community Participation
- 4) Governance of Campuses
- 5) Parental Involvement
- 6) Modifications to the school year
- 7) Provisions regarding the district budget and sustainable program funding
- 8) Accountability and assessment measures that exceed the requirements of state and federal law; and
- 9) Any other innovations prescribed by the board of trustees.

A local innovation plan must identify requirements imposed by the Education Code that inhibit the goals of the plan from which the district should be exempted on adoption of the plan. The local innovation plan should specify the manner in which a particular statute inhibits one or more goals of the plan. Please use the form below to check the statutes specifically identified in your district's local innovation plan as inhibiting a goal of the plan. Checking a specific statute does not necessarily indicate eligibility for an exemption from all subsections of the statute. The form below provides a reporting mechanism to fulfill the reporting requirements of the statute. Entire sections of code may not be eligible for exemption and each district should consult its legal counsel in developing its innovation plan.

Exemptions claimed for an Innovation District apply only to the specific provision of the Texas Education Code (TEC) cited, which may or may not be governed by a separate legal requirement. The exemption does not relieve the district of any requirement imposed by other state or federal law or a duty imposed under federal regulation, grant compliance, agency rule applicable to a charter school or a local legal requirement. Each district should consult its legal counsel to ensure adoption of necessary local policies to ensure compliance with all applicable legal requirements.

Please note that this is not an exhaustive list of exemptions.
