

2021-22 SBAC Performance Rates

ELA Disaggregated by School Site

The number of students tested includes students enrolled during the testing window in grades 3-8 & grade 11 that tested in either the Smarter Balanced (SBAC) summative assessment or the California Alternate Assessments (CAA). Proficiency rates (% Met) include only students that took the SBAC test. Distance from Met (DFS) refers to the average distance in scaled score units from the minimum score considered at grade-level standard (i.e. the lower limit for level 3 – standard met).¹

Due to the Coronavirus pandemic, the California Department of Education suspended mandated CAASPP testing.²
