

2018-19 Average Student Attendance Rate

Disaggregated by Student Ethnicity and Student Group

Reflecting the CDE Dataquest and CA Dashboard inclusion criteria, the “eligible” sample below includes only K-12 students who were enrolled with the school/district at least 31 days and did not attend zero days (i.e., at least a partial day attended).

Average attendance rates are computed for each student by dividing the students’ total number of days attended divided by the total number of days enrolled.
