

Lakeview FFA Update

January 2020

Poinsettias

December 4th our chapter received its order of poinsettias. Several members and chapter officers helped to unload the plants that morning. Following this, students sorted through pre-orders and arranged the other plants. Through the next few weeks, members worked to continue delivering and selling the remaining plants.

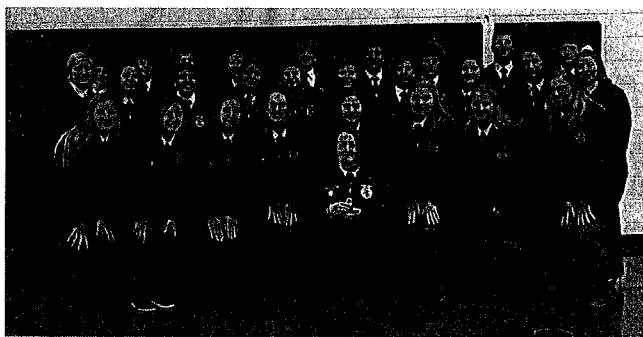

Fruit Sales

In the month of December Lakeview FFA finished up its biggest fundraiser of the year. After selling fruit in October, our shipment was received on December 6. Many members helped to arrange orders and to put together fruit boxes. By working together we were able to raise funds that will support our chapter throughout the rest of the year. Lakeview FFA would like to send a warm thank you to all who helped to support fruit sales.

District LDEs

On December 9th District 2, of which Lakeview is a part held its District Leadership Development Events. Lakeview FFA took 28 of its members to compete. Prior to contest members put in countless hours to better themselves. At the end of the day, Lakeview FFA walked away with three state-bound events and two state alternates. More importantly than the outcome of the contests, though, members grew as individuals and leaders, the ultimate goal.

Rescue Mission Meal

On the 16th of December, our chapter completed a community service event. Together we prepared a meal for the Columbus Living Water Rescue Mission. Through this event, members were able to learn the importance of giving to those less fortunate than themselves. Our chapter serves a meal at the Mission every month.
