## INDEPENDENT AUDITORS' REPORT

Members of the Board  
Satsuma City Board of Education  
Satsuma, Alabama

### Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Satsuma City Board of Education as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the Satsuma City Board of Education basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Satsuma City Board of Education, as of September 30, 2022, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Satsuma City Board of Education, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Satsuma City Board of Education's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Satsuma City Board of Education's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Satsuma City Board of Education's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the budgetary comparison information on pages 36-37, schedule of proportionate share of the net pension liability, and schedule of Board contributions on pages 39-40, schedule of proportionate share of net OPEB liabilities and schedule of contributions on pages 41-42, respectively, to be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

**Other Information**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Satsuma City Board of Education's basic financial statements. The Schedule of Expenditures of Federal Awards and Schedule of Findings and Questioned Costs, as required by Title 2 *U.S. Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated April 18, 2023, on our consideration of Satsuma City Board of Education's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Satsuma City Board of Education's internal control over financial reporting and compliance.

**Satsuma City Board of Education**  
**Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances to the Statement of Activities**  
**For the Year Ended September 30, 2022**

Net Changes in Fund Balances - Total Governmental Funds		\$ 401,542
Amounts reported for governmental activities in the Statement of Activities are different because:		
Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation expense exceeds capital outlays in the period.		
Capital Outlays	\$ 836,434	
Depreciation Expense	<u>(1,244,295)</u>	(407,861)
Repayment of debt principal is an expenditure in the governmental funds, but it reduces long-term liabilities in the Statement of Net Position and does not affect the Statement of Activities.		
		406,758
Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.		
Accrued Interest Payable, Current Year Increase/(Decrease)	4,392	
Amortization of Bond Discounts/Premiums/Gain or Loss on Refunding/Issuance Costs (Prepaid Insurance)	(16,885)	
Pension Expense, Current Year Increase/(Decrease)	131,350	
OPEB Expense, Current Year Increase/(Decrease)	<u>(440,921)</u>	<u>322,064</u>
Change in Net Position of Governmental Activities		<u><u>\$ 722,503</u></u>

The accompanying notes are an integral part of these financial statements.

**Satsuma City Board of Education  
Notes to the Financial Statements  
September 30, 2022**

**NOTE 1      SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The financial statements of the Satsuma City Board of Education (the "Board"), a component unit of the City of Satsuma, Alabama have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The more significant of the Board's accounting policies are described below.

**A. REPORTING ENTITY**

The financial statements of the Satsuma City Board of Education (the Board) have been prepared in conformity with the accounting principles generally accepted in the United States of America as specified by the Governmental Accounting Standards Board (GASB).

For financial reporting purposes and in conformance with the criteria set forth by GASB Statement No. 61, the Board includes those funds, account groups, agencies, boards, commissions and authorities for which the Board has the ability to exercise its oversight responsibility and provides financial and managerial assistance.

**B. BASIS OF PRESENTATION—GOVERNMENT-WIDE AND FUND LEVEL**

Government-wide

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of the timing of the related cash flows. Nonexchange transactions, in which the Board gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, entitlements and donations. On an accrual basis, revenue from grants entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Revenue from property taxes is recognized in the fiscal year for which the taxes are levied.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

Fund Level

The government fund level financial statements are reported using the current financial resource measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Board considers revenues to be available if they are collected within 60 days of the end of the current fiscal year. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, which are

(continued)

10  
Satsuma City Board of Education  
Notes to the Financial Statements  
September 30, 2022

**NOTE 1      SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. General long-term debt issued and acquisitions under capital leases are reported as other financing sources. Since governmental fund level financial statements are presented on a different basis of accounting and measurement focus than governmental activities in the government-wide presentation, a summary is presented to explain adjustments necessary to reconcile fund level statements to the government-wide presentation.

The accounts of the Board are organized on the basis of funds which are each considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds are grouped into broad fund categories as follows:

Governmental Funds:

**General Fund**—The General Fund is used to account for all revenues and expenditures applicable to the general operations of the Board which are not properly accounted for in another fund. All general operating revenues which are not restricted or designated as to use by outside sources are recorded in the General Fund.

**Special Revenue Fund**—Special revenue funds are operating funds for which the use of revenues is restricted or designated by outside sources.

**Capital Project Fund**—Capital project funds are used to account for the financial resources used to construct or acquire major capital items.

**C. CAPITAL ASSETS**

The accounting treatment over capital assets depends on whether the assets are used by fund level or government-wide reporting.

In government-wide reporting, all capital assets are reported as capital assets for governmental-type activities. The Board has established a minimum capitalization threshold of \$5,000 for personal property and \$50,000 for real property. Depreciation is provided on all capital assets at the government-wide level.

In fund level reporting, capital assets are reported as expenditures by governmental funds. Depreciation is not provided at the fund level.

(continued)

11  
Satsuma City Board of Education  
Notes to the Financial Statements  
September 30, 2022

**NOTE 1      SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

Capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated capital assets are valued at acquisition value on the date donated.

Depreciation is allocated as an expense in the Statement of Activities (government-wide level) and accumulated depreciation is reflected in the Statement of Net Position (government-wide level). Depreciation has been provided over the estimated useful lives using the straight-line rates as follows:

Buildings	25-50 years
Vehicles and equipment	5-20 years

**D. BASIS OF ACCOUNTING**

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

All governmental funds are accounted for using the modified accrual basis of accounting. Under the modified accrual basis, revenues are recognized when they become susceptible to accrual, that is when they become both “measurable” and “available” to finance expenditures of the current period. Ad valorem and other taxes collected by an intermediary are considered “measurable” when in the hand of the intermediary collecting governments and may be recognized as revenue at that time. Expenditures, generally, are recorded at the time liabilities are incurred. Revenues susceptible to accrual are: property taxes and federal financial assistance programs, which are measurable and available to finance expenditures of the current period.

**E. IMPACT OF RECENTLY ISSUED ACCOUNTING PRINCIPLES**

*Recently Issued and Adopted Accounting Principles*

GASB Statement No. 87 *Leases* was issued to improve the consistency of accounting and financial reporting for leases by governments by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. The requirements of GASB Statement No. 87 are effective for the fiscal year 2022. . The Board has implemented GASB Statement No. 87 and no additional leases were required to be included in the current year due to immateriality.

September 30, 2022

**NOTE 1      SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

GASB Statement 92, Omnibus 2020, was issued as guidance addressing various accounting and financial reporting issues identified during the implementation and application of GASB Statement No. 87, Leases, GASB Statement No. 73, Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68, as amended, Statement No. 74, Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans, as amended, GASB Statement No. 84, Fiduciary Activities, and the measurement of liabilities and assets, if any, related to asset retirement obligations in a government acquisition. The various requirements of GASB Statement No. 92 are effective as early as fiscal year 2022. The Board has evaluated the impact that this statement has on its financial statements and has determined the effect is immaterial.

GASB Statement 93, Replacement of Interbank Offered Rate, was issued as result of global reference rate reform, in which LIBOR is expected to cease to exist, prompting governments to amend or replace financial instruments for the purpose of replacing LIBOR with other reference rates, by either changing the reference rate or adding or changing fallback provisions related to the reference rate. The requirements of GASB Statement No. 93 are effective for the fiscal year 2022. The Board has evaluated the impact that this statement has on its financial statements and has determined the effect is immaterial.

*Recently Issued Accounting Principles*

GASB Statement 96, Subscription-Based Information Technology Arrangements, was issued to provide guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end by (1) defining a SBITA, (2) establishing that a SBITA results in a right-to-use subscription asset—an intangible asset—and a corresponding subscription liability, (3) provide the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA, and (4) note disclosures regarding a SBITA. The requirements of GASB Statement No. 96 are effective for the fiscal year 2023. The Board is currently evaluating the impact that this statement may have on its consolidated financial statements.

GASB Statement No. 100, *Accounting Changes and Error Corrections*—an amendment of GASB Statement No. 62, was issued to define *accounting changes* as changes in accounting principles, changes in accounting estimates, and changes to or within the financial reporting entity and describes the transactions or other events that constitute those changes, along with the accounting, reporting, and disclosures relating to these changes. The requirements of GASB Statement No. 100 are effective for the reporting periods beginning after June 15, 2023. The Board is currently evaluating the impact that this statement may have on its financial statements.

**Satsuma City Board of Education**  
**Notes to the Financial Statements**  
**September 30, 2022**

**NOTE 1      SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

GASB Statement No. 101, *Compensated Absence*, requires that liabilities for compensated absences be recognized for (1) leave that has not been used and (2) leave that has been used but not yet paid in cash or settled through noncash means. The requirements of GASB Statement No. 101 are effective for the reporting periods beginning after June 15, 2023. The Board is currently evaluating the impact that this statement may have on its financial statements.

**F. CASH AND INVESTMENTS**

Cash includes amounts in demand deposits as well as short-term investments. The State Attorney General has issued a legal opinion that boards of education may not put public funds at risk by investing in companies not insured by the federal government.

**G. INVENTORIES**

Inventories are valued at cost, which approximates market, using the first-in/first-out (FIFO) method. Inventories consist of food products purchased to be sold in the cafeteria facilities. The costs of governmental fund inventories are recorded as expenditures when purchased, except commodities donated by the federal government, which are expensed when consumed.

**H. RECEIVABLES**

Millage rates for property taxes are levied by the City of Satsuma. Property is assessed for taxation as of October 1 of the preceding year based on the millage rates established by the City of Satsuma. Property taxes are due and payable the following October 1 and are delinquent after December 31. Amounts receivable, net of estimated refunds and estimated uncollectible amounts, are recorded for the property taxes levied in the current year. However, since the amounts are not available to fund current year operations, the revenue is deferred and recognized in the subsequent fiscal year when the taxes are both due and collectible and available to fund operations. Property tax revenue deferred is reported as a deferred inflow of resources.

**I. USE OF ESTIMATES**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Satsuma City Board of Education  
Notes to the Financial Statements  
September 30, 2022

**NOTE 1      SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**C. NET ASSET AND EQUITY CLASSIFICATIONS**

Government-wide Financial Statements

The Board adopted GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*, which superseded GASB Statement No. 34, *Basic Financial Statements – and Management’s Discussion and Analysis – for State and Local Government*. Equity is classified as net position and displayed in three components:

- Net investment in capital assets—Consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt also should be included in this component of net position. If there are significant unspent related debt proceeds or deferred inflows of resources at year-end, the portion of the debt or deferred inflows of resources attributable to the unspent proceeds is not included in the calculation of invested in capital assets, net of the related debt. Rather, that portion of the debt or deferred inflows of resources is included in the same net position as the unspent proceeds.
- Restricted net position—Consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets.
- Unrestricted net position—The net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted component of net position.

Fund Financial Statements

The fund equity of the governmental fund financial statements is classified as fund balance. In March 2009, GASB adopted a standard that establishes a hierarchy based on the extent to which a government is bound to observe constraints imposed on the use of the resources reported in governmental funds.

Fund balance is classified into one of the following five components:

- Nonspendable fund balance—Consists of amounts that are not in a spendable form or are required to be maintained intact.
- Restricted fund balance—Consists of fund balances with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) the Board’s own laws through its enabling legislation and other provisions of its laws and regulations.

(continued)

15  
**Satsuma City Board of Education**  
**Notes to the Financial Statements**  
**September 30, 2022**

**NOTE 1      SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

- Committed fund balance—Consists of fund balances that are subject to a purpose constraint imposed by formal action or resolution of the Board, which is the highest level of decision-making authority, before the end of the fiscal year and that require the same level of formal action to remove or modify the constraint.
- Assigned fund balance—Consists of fund balances that are intended to be used by the school system for specific purposes. The Board authorized the Superintendent or Chief School Finance Officer to make a determination of the assigned amounts of fund balance. Such assignments may not exceed the available (spendable, unrestricted, uncommitted) fund balance in any particular fund. Assigned fund balances require the same level of authority to remove the constraint.
- Unassigned fund balance—All other fund balances that do not meet the definition of “restricted, committed or assigned fund balances.” This portion of the total fund balance in the general fund is available to finance operating expenditures.

When an expenditure is incurred for purposes for which both restricted and unrestricted (committed, assigned or unassigned) amounts are available, it shall be the policy of the Board to consider restricted amounts to have been reduced first. When an expenditure is incurred for the purposes for which amounts in any of the unrestricted fund balance classification could be used, it shall be the policy of the Board that committed amounts would be reduced first, followed by assigned amounts and then unassigned amounts.

**D. ENCUMBRANCES**

Encumbrances represent commitments related to underperformed contracts for goods or services. Encumbrances accounting—under which purchase orders, contracts and other commitments for the expenditure or resources are recorded to reserve that portion of the applicable appropriation—is utilized in the governmental funds. Encumbrances outstanding at year end are reported as reservations of fund balances and do not constitute expenditures or liabilities because the commitments will be honored during the subsequent year.

**E. DEFERRED INFLOWS AND OUTFLOWS OF RESOURCES RELATED TO PENSIONS AND OTHER POST-EMPLOYMENT BENEFITS (OPEB)**

Deferred inflows and outflows relating to pensions and OPEB are derived from the difference between expected and actual experience, changes of assumptions, net difference between projected and actual earnings on plan investments, and changes in proportion. These outflows or inflows are amortized to pension expense over a closed five-year period. Contributions to the pension and OPEB plans from the employer subsequent to the measurement date of net pension liability and net OPEB liability and before the end of the reporting period are reported as a deferred outflow of resources and is amortized over a twelve month period. This contribution is included as an increase in the respective plan fiduciary net position in the subsequent fiscal year.

(continued)

16  
**Satsuma City Board of Education**  
**Notes to the Financial Statements**  
**September 30, 2022**

**NOTE 1       SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**F. DEFERRED OUTFLOWS OF RESOURCES FROM DEBT REFUNDING**

In the Government-wide statements, the difference between the reacquisition price (new debt) and the carrying value of the old debt on refunded debt transactions is recorded as a deferred outflow of resources and amortized over the shorter of the remaining life of the old debt or the life of the new debt.

**G. PENSIONS**

The Teachers' Retirement System of Alabama (the Plan) financial statements are prepared using the economic resources measurement focus and accrual basis of accounting. Contributions are recognized as revenues when earned, pursuant to plan requirements. Benefits and refunds are recognized as revenues when due and payable in accordance with the terms of the plan. Expenses are recognized when the corresponding liability is incurred, regardless of when the payment is made. Investments are reported at fair value. Financial statements are prepared in accordance with requirements of the Governmental Accounting Standards Board (GASB). Under these requirements, the Plan is considered a component unit of the State of Alabama and is included in the State's Comprehensive Annual Financial Report.

**H. SUBSEQUENT EVENTS**

The Board has evaluated subsequent events through April 18, 2022, the date which the financial statements were available to be issued. There were no material subsequent events which require disclosure at September 30, 2022.

**NOTE 2       DEPOSITS AND INVESTMENTS**

**Interest Rate Risk**

The Board does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

**Credit Risk**

State statutes authorize the Board's investments. The Board is authorized to invest in U.S. Government obligations and its agencies or instrumentalities. The Board has no investment policy that further limits investment choices.

**Custodial Credit Risk**

The Board is a participant in the Security for Alabama Funds Enhancement (SAFE) Program, a multiple financial institution collateral pool, administered by the State of Alabama. The program, by law, provides administration of pledged collateral coverage for all governments and agencies in the state and requires qualified financial institutions to provide collateral to the administrator adequate to secure all deposits of public funds in that financial institution. The State guarantees deposits identified as "public funds" will be adequately secured by insurance or collateral. Any collateral shortages of one financial institution are assessed to other member financial institutions.

17  
**Satsuma City Board of Education**  
**Notes to the Financial Statements**  
**September 30, 2022**

**NOTE 3            COMPENSATED ABSENCES**

For vacation leave and other compensated absences with similar characteristics, GASB Statement No. 16 requires the accrual of liabilities as the benefits are earned by the employees if both of these conditions are met:

- 1) The employees' right to receive compensation is attributable to services already rendered.
- 2) It is probable that the employer will compensate the employees for the benefits through paid time off or some other means, such as cash payments at termination or retirement.

An accrual for earned sick leave should be made only to the extent it is probable that the benefits will result in termination payments, rather than be taken as absences due to illness or other contingencies, such as medical appointments and funerals.

Professional and support employees earn non-vesting sick leave at the rate of one day per month worked. Employees may accumulate an unlimited number of sick leave days. Employees may use their accrued sick leave as membership service in determining the total years of creditable service in the teachers' retirement system, with no additional cost to the Board. Because employees do not receive compensation for unused sick leave at termination, no liability is recorded on the financial statements.

Professional and support personnel are provided 2 days of personal leave per year with pay. The State provides funding, at the substitute rate, for up to 2 days of personal leave per employee per year. Professional employees are paid, at the Board's substitute rate, for up to 2 days of unused personal leave. Professional and support personnel may convert unused; unreimbursed personal leave to sick leave at the end of the scholastic year. Because unused personal leave cannot be carried over to succeeding years, no liability for unpaid leave is accrued in the financial statements

Employees are allowed 2 weeks of vacation per year with pay. Because unused vacation leave cannot be carried over to succeeding years, no liability for unpaid leave is accrued in the financial statements.

18  
**Satsuma City Board of Education**  
**Notes to the Financial Statements**  
**September 30, 2022**

**NOTE 4      RISK MANAGEMENT**

Rather than finance various risks through self-insurance, the Board has elected to carry traditional insurance coverage.

The Board is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; and natural disasters. The Board has insurance for its building and contents through an insurance company. The insurance company provides coverage up to \$78,547,587.

Errors and omissions insurance and vehicle liability insurance is purchased from the Alabama Trust for Boards of Education (ATBE), a public entity risk pool. The ATBE collects the premiums and purchases excess insurance for any amount of coverage requested by pool participants in excess of the coverage provided by the pool. The Board purchases commercial insurance for fidelity bonds. Settled claims in the past three years have not exceeded the commercial insurance coverage. Also, there have been no significant reductions in insurance coverage from the prior year.

Employee health insurance is provided through the Public Education Employees' Health Insurance Fund (PEEHIF), a public entity risk pool, administered by the Public Education Employees' Health Insurance Board. The fund was established to provide a uniform plan of health insurance for current and retired employees of state educational institutions and is self-sustaining. Monthly premiums for employee and dependent coverage are set annually by the Alabama Legislature based on the amounts necessary to fund coverage. The Board contributes the specified monthly amount to the PEEHIF for each employee.

The State Board of Adjustments is a state agency with which people can file against the Board to collect reimbursement for damages when all other means have been exhausted. The Board does not have insurance coverage for job-related injuries. Employees may, however, file claims for job-related injuries with the State Board of Adjustments. The Board of Adjustments determines if a claim is valid and determines the proper amount of compensation. Payments are made from state appropriated funds at no cost to the Board.

**Satsuma City Board of Education**  
**Notes to the Financial Statements**  
**September 30, 2022**

**NOTE 5 CONTINGENT LIABILITIES**

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditure which may be disallowed by the grantor cannot be determined at this time although the Board expects such amounts, if any, to be immaterial.

**NOTE 6 INTERFUND TRANSACTIONS**

During the course of normal operations, the Board has numerous transactions between funds to provide services, construct assets, etc. These transactions are generally reflected as operating transfers or receivables and liabilities. Transactions reimbursing a fund for expenditures are recorded as expenditures in the disbursing fund and as revenues in the receiving fund. Remaining fund balances in discontinued funds and non-recurring, non-routine transfers are accounted for as residual equity transfers. The Board typically used transfers to fund ongoing operating subsidies and to recoup certain expenditures paid on-behalf of the local schools.

20  
Satsuma City Board of Education  
Notes to the Financial Statements  
September 30, 2022

**NOTE 7      DEFINED BENEFIT PENSION PLAN**

Plan Description

The Board contributes to the Teachers' Retirement System of Alabama (TRS), a cost-sharing multiple-employer public employee retirement plan for the various state-supported educational agencies and institutions. The TRS was established as of September 15, 1939, under the provisions of Act 419 of the Legislature of 1939 for the purpose of providing retirement allowances and other specified benefits for qualified persons employed by State-supported educational institutions. The responsibility for the general administration and operation of the TRS is vested in its Board of Control. The TRS Board of Control consists of 15 trustees. The plan is administered by the Retirement Systems of Alabama (RSA). Title 16-Chapter 25 of the Code of Alabama grants the authority to establish and amend the benefit terms to the TRS Board of Control. The Plan issues a publicly available financial report that can be obtained at [www.rsa-al.gov](http://www.rsa-al.gov).

Benefits Provided

State law establishes retirement benefits as well as death and disability benefits and any ad hoc increase in postretirement benefits for the TRS. Benefits for TRS members vest after 10 years of creditable service. TRS members who retire after age 60 with 10 years or more of creditable service or with 25 years of service (regardless of age) are entitled to an annual retirement benefit, payable monthly for life. Service and disability retirement benefits are based on a guaranteed minimum or a formula method, with the member receiving payment under the method that yields the highest monthly benefit. Under the formula method, members of the TRS are allowed 2.0125% of their average final compensation (highest 3 of the last 10 years) for each year of service.

Act 377 of the Legislature of 2012 established a new tier of benefits (Tier 2) for members hired on or after January 1, 2013. Tier 2 TRS members are eligible for retirement after age 62 with 10 years or more of creditable service and are entitled to an annual retirement benefit, payable monthly for life. Service and disability retirement benefits are based on a guaranteed minimum or a formula method, with the member receiving payment under the method that yields the highest monthly benefit. Under the formula method, Tier 2 members of the TRS are allowed 1.65% of their average final compensation (highest 5 of the last 10 years) for each year of service. Members are eligible for disability retirement if they have 10 years of credible service, are currently in-service, and determined by the RSA Medical Board to be permanently incapacitated from further performance of duty. Preretirement death benefits equal to the annual earnable compensation of the member as reported to the Plan for the preceding year ending June 30 are paid to a qualified beneficiary.

(continued)

21  
Satsuma City Board of Education  
Notes to the Financial Statements  
September 30, 2022

**NOTE 7      DEFINED BENEFIT PENSION PLAN (continued)**

Contributions

Covered members of the TRS contributed 5% of earnable compensation to the TRS as required by statute until September 30, 2011. From October 1, 2011 to September 30, 2012, covered members of the TRS were required by statute to contribute 7.25% of earnable compensation. Effective October 1, 2012, covered members of the TRS are required by statute to contribute 7.50% of earnable compensation. Certified law enforcement, correctional officers, and firefighters of the TRS contributed 6% of earnable compensation as required by statute until September 30, 2011. From October 1, 2011, to September 30, 2012, certified law enforcement, correctional officers, and firefighters of the TRS were required by statute to contribute 8.25% of earnable compensation. Effective October 1, 2012, certified law enforcement, correctional officers and firefighters are required by statute to contribute 8.50% of earnable compensation.

Effective 10/1/2021, the covered Tier 2 members contribution rate increased from 6.0% to 6.2% of earnable compensation to the TRS as required by statute. Effective 10/1/2021, the covered Tier 2 certified law enforcement, correctional officers, and firefighters contribution rate increased from 7.0% to 7.2% of earnable compensation to the TRS as required by statute.

Participating employers' contractually required contribution rate for the year ended September 30, 2021 was 12.36% of annual pay for Tier 1 members and 11.22% of annual pay for Tier 2 members. These required contribution rates are a percent of annual payroll actuarially determined as an amount that, when combined with member contributions, is expected to finance the costs of benefits earned by members during the year, with an additional amount to finance any unfunded accrued liability. Total employer contributions to the pension plan from the Board were \$973,707 for the fiscal year ended September 30, 2022.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At September 30, 2022, the System reported a liability of \$9,779,000 for its proportionate share of the collective net pension liability. The collective net pension liability was measured as of September 30, 2021 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of September 30, 2020. The Board's proportion of the collective net pension liability was based on the employers' shares of contributions to the pension plan relative to the total employer contributions of all participating TRS employers. At September 30, 2021, the Board's proportion was 0.103803 percent, which was an increase of 0.003348 percent from its proportion measured as of September 30, 2020.

(continued)

**Satsuma City Board of Education**  
**Notes to the Financial Statements**  
**September 30, 2022**

**NOTE 7**      **DEFINED BENEFIT PENSION PLAN (continued)**

For the year ended September 30, 2022, the Board recognized pension expense of \$1,105,057. At September 30, 2022, the Board reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows Resources	Deferred Inflows of Resources
	<u>                    </u>	<u>                    </u>
Differences between expected and actual experience	\$ 453,000	\$ 570,000
Changes of assumptions	1,026,000	-
Net difference between projected and actual earnings on pension plan investments	-	2,308,000
Changes in proportion and differences between Employer contributions and proportionate share of contributions	944,000	97,000
Employer contributions subsequent to the measurement date	<u>973,707</u>	<u>-</u>
 Total	 <u><u>\$ 3,396,707</u></u>	 <u><u>\$ 2,975,000</u></u>

Deferred outflows of resources related to pensions resulting from Board contributions subsequent to the measurement date was reported at \$973,707 and will be recognized as a reduction to the net pension liability in the year ended September 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended September 30:	
2023	\$ 154,000
2024	72,000
2025	(165,000)
2026	(613,000)
2027	-
	<u><u>\$ (552,000)</u></u>

(continued)

23  
**Satsuma City Board of Education**  
**Notes to the Financial Statements**  
**September 30, 2022**

**NOTE 7      DEFINED BENEFIT PENSION PLAN (continued)**

Actuarial Assumptions

The total pension liability as of September 30, 2021 was determined by an actuarial valuation as of September 30, 2020 using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.50%
Investment rate of return*	7.45%
Projected salary increases	3.25% -5.00%

\*Net of pension plan investment expense

The actuarial assumptions used in the actuarial valuation as of September 30, 2020, were based on the results of an investigation of the economic and demographic experience for the TRS based upon participant data as of September 30, 2020. The Board of Control accepted and approved these changes in September 2021 which became effective at the beginning of fiscal year 2021.

Mortality rates were based on the Pub-2010 Teacher tables with the following adjustments, projected generationally using scale MP-2020 adjusted by 66-2/3% beginning with year 2019:

Group	Membership Table	Set Forward (+)/ Set Back (-)	Adjustment to Rates
Service Retirees	Teacher Retiree - Below Median	Male:+2 Female:+2	Male: 108% ages <63, 96% ages >67; Phasing down 63-67 Female: 112% ages <69, 98% ages >74; Phasing down 69-74
Beneficiaries	Contingent Survivor Below Median	Male:+2 Female:None	None
Disabled Retirees	Teacher Disability	Male:+8 Female:+3	None

The long-term expected rate of return on pension plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimates of geometric real rates of return for each major asset class are as follows:

U.S. Large Stocks	9.00%	10.00%
U.S. Mid Stocks	4.00%	11.00%
U.S. Small Stocks	12.00%	9.50%
International Developed Market Stocks	3.00%	11.00%
International Emerging Market Stocks	10.00%	9.00%
Alternatives	10.00%	6.50%
Real Estate	5.00%	2.50%
Cash	100.00%	
Total		

\*Includes assumed rate of inflation of 2.00%

Discount Rate

The discount rate used to measure the total pension liability was 7.45%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that the employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, components of the pension plan's fiduciary net position were projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Board's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following table presents the Board's proportionate share of the net pension liability calculated using the discount rate of 7.45%, as well as what the Board's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (6.45%) or 1-percentage point higher (8.45%) than the current rate:

	1% Decrease (6.45%)	Current Rate (7.45%)	1% Increase (8.45%)
Board's proportionate share of collective net pension liability	\$ 14,393,000	\$ 9,779,000	\$ 5,892,000

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued RSA Comprehensive Annual Report for the fiscal year ended September 30, 2021. The supporting actuarial information is included in the GASB Statement No. 67 Report for the TRS prepared as of September 30, 2021. The auditor's report on the Schedule of Employer Allocations and Pension Amounts by Employer and accompanying notes detail by employer and in aggregate information needed to comply with GASB 68. The additional financial and actuarial information is available at <http://www.rsa-al.gov>.

**NOTE 8            OTHER POST-EMPLOYMENT BENEFITS**

Plan Description

The Board contributes to the Alabama Retired Education Employees' Health Care Trust (the "Trust"), a cost-sharing multiple-employer defined benefit postemployment healthcare plan that administers healthcare benefits to the retirees of participating state and local educational institutions. The Trust was established under the Alabama Retiree Health Care Funding Act of 2007 which authorized and directed the Public Education Employees' Health Insurance Board (PEEHIB) to create an irrevocable trust to fund postemployment healthcare benefits to retirees participating in PEEHIP. Active and retiree health insurance benefits are paid through the Public Education Employees' Health Insurance Plan (PEEHIP). In accordance with GASB, the Trust is considered a component unit of the State of Alabama (State) and is included in the State's Comprehensive Annual Financial Report.

The PEEHIP was established in 1983 pursuant to the provisions of the *Code of Alabama 1975, Title 16, Chapter 25A* (Act 83-455) to provide a uniform plan of health insurance for active and retired employees of state and local educational institutions which provide instruction at any combination of grades K-14 (collectively, eligible employees), and to provide a method for funding the benefits related to the plan. Responsibility for the establishment of the health insurance plan and its general administration and operations is vested in the Board. The Board is a corporate body for purposes of management of the health insurance plan. The *Code of Alabama 1975, Section 16-25A-4* provides the Board with the authority to amend the benefit provisions in order to provide reasonable assurance of stability in future years for the plan. All assets of the PEEHIP are held in trust for the payment of health insurance benefits. The Teachers' Retirement System of Alabama (TRS) has been appointed as the administrator of the PEEHIP and, consequently, serves as the administrator of the Trust.

Benefits Provided

PEEHIP offers a basic hospital medical plan to active members and non-Medicare eligible retirees. Benefits include inpatient hospitalization for a maximum of 365 days without a dollar limit, inpatient rehabilitation, outpatient care, physician services, and prescription drugs.

(continued)

26  
**Satsuma City Board of Education**  
**Notes to the Financial Statements**  
**September 30, 2022**

**NOTE 8      OTHER POST-EMPLOYMENT BENEFITS (continued)**

Active employees and non-Medicare eligible retirees who do not have Medicare eligible dependents can enroll in a health maintenance organization (HMO) in lieu of the basic hospital medical plan. The HMO includes hospital medical benefits, dental benefits, vision benefits, and an extensive formulary. However, participants in the HMO are required to receive care from a participating physician in the HMO plan.

The PEEHIP offers four optional plans (Hospital Indemnity, Cancer, Dental, and Vision) that may be selected in addition to or in lieu of the basic hospital medical plan or HMO. The Hospital Indemnity Plan provides a per-day benefit for hospital confinement, maternity, intensive care, cancer, and convalescent care. The Cancer Plan covers cancer disease only and benefits are provided regardless of other insurance. Coverage includes a per-day benefit for each hospital confinement related to cancer. The Dental Plan covers diagnostic and preventative services, as well as basic and major dental services. Diagnostic and preventative services include oral examinations, teeth cleaning, x-rays, and emergency office visits. Basic and major services include fillings, general aesthetics, oral surgery not covered under a Group Medical Program, periodontics, endodontics, dentures, bridgework, and crowns. Dental services are subject to a maximum of \$1,250 per year for individual coverage and \$1,000 per person per year for family coverage. The Vision Plan covers annual eye examinations, eyeglasses, and contact lens prescriptions.

PEEHIP members may opt to elect the PEEHIP Supplemental Plan as their hospital medical coverage in lieu of the PEEHIP Hospital Medical Plan. The PEEHIP Supplemental Plan provides secondary benefits to the member's primary plan provided by another employer. Only active and non-Medicare retiree members and dependents are eligible for the PEEHIP Supplemental Plan. There is no premium required for this plan, and the plan covers most out-of-pocket expenses not covered by the primary plan. The plan cannot be used as a supplement to Medicare, the PEEHIP Hospital Medical Plan, or the State or Local Governmental Plans administered by the State Employees' Insurance Board (SEIB).

Effective January 1, 2017, Medicare eligible members and Medicare eligible dependents who are covered on a retiree contract were enrolled in the United Healthcare Group Medicare Advantage plan for PEEHIP retirees. The MAPDP plan is fully insured by United Healthcare and members are able to have all of their Medicare Part A, Part B, and Part D (prescription drug coverage) in one convenient plan. With the United Healthcare plan for PEEHIP, retirees can continue to see their same providers with no interruption and see any doctor who accepts Medicare on a national basis. Retirees have the same benefits in and out-of-network and there is no additional retiree cost share if a retiree uses an out-of-network provider and no balance billing from the provider.

Contributions

The *Code of Alabama 1975, Section 16-25A-8* and the *Code of Alabama 1975, Section, 16-25A-8.1* provide the Board with the authority to set the contribution requirements for plan members and the authority to set the employer contribution requirements for each required class, respectively. Additionally, the Board is required to certify to the Governor and the Legislature, the amount, as a monthly premium per active employee, necessary to fund the

(continued)

**Satsuma City Board of Education  
Notes to the Financial Statements  
September 30, 2022**

**NOTE 8 OTHER POST-EMPLOYMENT BENEFITS (continued)**

coverage of active and retired member benefits for the following fiscal year. The Legislature then sets the premium rate in the annual appropriation bill.

For employees who retired after September 30, 2005, but before January 1, 2012, the employer contribution of the health insurance premium set forth by the Board for each retiree class is reduced by 2% for each year of service less than 25 and increased by 2% percent for each year of service over 25 subject to adjustment by the Board for changes in Medicare premium costs required to be paid by a retiree. In no case does the employer contribution of the health insurance premium exceed 100% of the total health insurance premium cost for the retiree.

For employees who retired after December 31, 2011, the employer contribution to the health insurance premium set forth by the Board for each retiree class is reduced by 4% for each year of service less than 25 and increased by 2% for each year over 25, subject to adjustment by the Board for changes in Medicare premium costs required to be paid by a retiree. In no case does the employer contribution of the health insurance premium exceed 100% of the total health insurance premium cost for the retiree.

For employees who retired after December 31, 2011, the employer contribution to the health insurance premium set forth by the Board for each retiree class is reduced by 4% for each year of service less than 25 and increased by 2% for each year over 25, subject to adjustment by the Board for changes in Medicare premium costs required to be paid by a retiree. In no case does the employer contribution of the health insurance premium exceed 100% of the total health insurance premium cost for the retiree. For employees who retired after December 31, 2011, who are not covered by Medicare, regardless of years of service, the employer contribution to the health insurance premium set forth by the Board for each retiree class is reduced by a percentage equal to 1% multiplied by the difference between the Medicare entitlement age and the age of the employee at the time of retirement as determined by the Board. This reduction in the employer contribution ceases upon notification to the Board of the attainment of Medicare coverage.

**OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB**

At September 30, 2022, the Satsuma City Board of Education reported a liability of \$5,933,362 for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of September 30, 2021 and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of September 30, 2020. The Satsuma City Board of Education's proportion of the net OPEB liability was based on a projection of the Satsuma City Board of Education's long-term share of contributions to the OPEB plan relative to the projected contributions of all participating employers, actuarially determined. At September 30, 2021, the Satsuma City Board of Education's proportion was 00.114836 percent, which was an increase of 00.003676 percent from its proportion measured as of September 30, 2020.

For the year ended September 30, 2022, the System recognized OPEB expense of \$(378,890), with no special funding situations. At September 30, 2022, the System reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

(continued)

**Satsuma City Board of Education**  
**Notes to the Financial Statements**  
**September 30, 2022**

**NOTE 8 OTHER POST-EMPLOYMENT BENEFITS (continued)**

	Deferred Outflows Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 140,384	\$ 2,064,228
Changes of assumptions	2,113,110	2,299,822
Net difference between projected and actual earnings on OPEB plan investments	-	185,082
Changes in proportion and differences between Employer contributions and proportionate share of contributions	726,103	520,791
Employer contributions subsequent to the measurement date	241,996	-
Total	\$ 3,221,593	\$ 5,069,923

Deferred outflows of resources related to OPEB resulting from the Satsuma City Board of Education's contributions subsequent to measurement date was report as \$241,996 and will be recognized as a reduction of the net OPEB liability in the year ended September 30, 2023.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year ended September 30:	
2023	\$ (700,139)
2024	(545,190)
2025	(667,197)
2026	(32,099)
2027	(3,517)
Thereafter	(142,184)
	\$ (2,090,326)

***Actuarial assumptions***

The total OPEB liability was determined by an actuarial valuation as of September 30, 2020, using the following actuarial assumptions, applied to all periods included in the measurement:

Single equivalent interest rate the prior measurement date	3.05%
Healthcare cost trend rate	
Pre-medicare eligible	6.50%
Medicare eligible	**
Ultimate trend rate	
Pre-medicare eligible	4.50 in 2028
Medicare eligible	4.50 in 2025

<sup>1</sup> Includes 2.75% wage inflation.

<sup>2</sup> Compounded annually, net of investment expense and includes inflation

\*\*Initial Medicare claims are set based on schedule increases through plan year 2022

The rates of mortality are based on the Pub-2010 Public Mortality Plans Mortality Tables, adjusted generationally based on scale MP-2020, with an adjustment of 66-2/3% to the table beginning in year 2019. The mortality rates are adjusted forward and/or back depending on the plan and group covered, as shown in the table below.

Group	Membership Table	Set Forward (+)/ Set Back (-)	Adjustment to Rates
Active Member	Teacher Employee Below Median	None	65%
Service Retiree	Teacher Below Median	Male:+2 Female:+2	Male: 108% ages <63, 96% ages >67; Phasing down 63-67 Female: 112% ages <69, 98% ages >74; Phasing down 69-74
Disabled Retiree	Teacher Disability	Male:+8 Female:+3	None
Beneficiaries	Teacher Contingent Survivor Below Median	Male:+2 Female:None	None

The decremental assumptions used in the valuation were selected based on the actuarial experience study prepared as of September 30, 2020, submitted to and adopted by the Teachers' Retirement System of Alabama Board on September 13, 2021.

(continued)

30  
**Satsuma City Board of Education**  
**Notes to the Financial Statements**  
**September 30, 2022**

**NOTE 8 OTHER POST-EMPLOYMENT BENEFITS (continued)**

The remaining actuarial assumptions (e.g. initial per capita costs, health care cost trends, rate of plan participation, rates of plan election, etc.) used in the September 30, 2020 valuation.

The long-term expected return on plan assets is to be reviewed as part of regular experience studies prepared every five years in conjunction with similar analysis for the Teachers' Retirement System of Alabama. Several factors should be considered in evaluating the long-term rate of return assumption, including long-term historical data, estimates inherent in current market data, and a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected return, net of investment expense and inflation), as developed for each major asset class. These ranges should be combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation. The assumption is intended to be a long-term assumption and is not expected to change absent a significant change in the asset allocation, a change in the inflation assumption, or a fundamental change in the market that alters expected returns in future years.

The long-term expected rate of return on the OPEB plan investments is determined based on the allocation of assets by asset class and by the mean and variance of real returns.

The target asset allocation and best estimates of expected geometric real rates of return for each major asset class is summarized below:

	Target Allocation	Long-Term Expected Rate of Return
Fixed Income	30.00%	4.40%
U.S. Large Stocks	38.00%	8.00%
U.S. Mid Stocks	8.00%	10.00%
U.S. Small Stocks	4.00%	11.00%
International Developed Market Stocks	15.00%	9.50%
Cash	5.00%	1.50%
Total	100.00%	

\*Geometric mean, includes 2.5% inflation

***Discount Rate***

The discount rate (also known as the Single Equivalent Interest Rate (SEIR), as described by GASB 74) used to measure the total OPEB liability was 3.97%. Premiums paid to the Public Education Employees' Health Insurance Board for active employees shall include an amount to partially fund the cost of coverage for retired employees. The projection of cash flows used to determine the discount rate assumed that plan contributions will be made at the current contribution rates. Each year, the State specifies the monthly employer rate that participating school systems must contribute for each active employee. Currently, the monthly employer rate is \$800 per non-university active member. Approximately, 12.990% of the employer contributions were used to assist in funding retiree benefit

(continued)

31  
**Satsuma City Board of Education**  
**Notes to the Financial Statements**  
**September 30, 2022**

**NOTE 8 OTHER POST-EMPLOYMENT BENEFITS (continued)**

payments in 2021 and it is assumed that the 12.990% will increase at the same rate as expected benefit payments for the closed group reaching 20.00%. It is assumed the \$800 rate will increase with inflation at 2.50% starting in 2024. Retiree benefit payments for University members are paid by the Universities and are not included in the cash flow projections. The discount rate determination will use a municipal bond rate to the extent the trust is projected to run out of money before all benefits are paid. Therefore, the projected future benefit payments for all current plan members were projected through 2119. The long-term rate of return is used until the assets are expected to be depleted in 2051, after which the municipal bond rate is used.

***Sensitivity of the Satsuma City Board of Education’s proportionate share of the net OPEB liability to changes in the healthcare cost trends rate.***

The following table presents the Satsuma City Board of Education’s proportionate share of the net OPEB liability of the Trust calculated using the current healthcare trend rate, as well as what the net OPEB liability would be if calculated using one percentage point lower or one percentage point higher than the current rate:

	1% Decrease (5.50% decreasing to 3.50% for pre- Medicare, Known decreasing to 3.50% for Medicare Eligible)	Current Healthcare Trend Rate (6.75% decreasing to 4.75% for pre- Medicare, Known decreasing to 4.75% for Medicare Eligible)	1% Increase (7.75% decreasing to 5.75% for pre- Medicare, Known decreasing to 5.75% for Medicare Eligible)
Board's proportionate share of collective net OPEB liability	\$ 4,655,747	\$ 5,933,362	\$ 7,579,445

The following table presents the Satsuma City Board of Education’s proportionate share of the net OPEB liability of the Trust calculated using the discount rate of 3.97%, as well as what the net OPEB liability would be if calculated using one percentage point lower or one percentage point higher than the current rate:

	1% Decrease 2.97%	Current Rate 3.97%	1% Increase 4.97%
Board's proportionate share of collective net OPEB liability	\$ 7,298,297	\$ 5,933,362	\$ 4,838,533

***OPEB plan fiduciary net position***

Detailed information about the OPEB plan’s fiduciary net position is located in the Trust’s financial statements for the fiscal year ended September 30, 2021. The supporting actuarial information is included in the GASB Statement No. 74 Report for PEEHIP prepared as of September 30, 2021. Additional financial and actuarial information is available at [www.rsa-al.gov](http://www.rsa-al.gov).

**For the Year Ended September 30, 2022**

**NOTE 1 BUDGETS AND BUDGETARY ACCOUNTING**

On or before October 1 of each year, the Board is required to prepare and submit to the state superintendent of education the annual budget to be adopted by the Board. Neither the superintendent of education nor the Board can approve any budget for operations of the school system for a fiscal year which shows expenditures in excess of income estimated to be available plus any balances on hand. The superintendent, with the approval of the Board, has the authority to make changes within the approved budget provided that a deficit is not incurred by such changes.

Budgeted amounts are as originally adopted by the Board on September 15, 2021. Final budgeted amounts were adopted by the Board on July 14, 2022.

Except for the following items in Note 2, the Board budgets on the modified accrual basis of accounting. Annual appropriated budgets are adopted for the general and special revenue funds. All annual appropriations lapse at fiscal year-end. Project-length financial plans are adopted for all capital project funds.

**NOTE 2 EXPLANATION OF DIFFERENCE BETWEEN ACTUAL AMOUNTS ON BUDGETARY BASIS AND ACTUAL AMOUNTS GAAP BASIS:**

	<b>(11) - General Fund</b>	<b>(12) - Special Revenue Fund</b>
<b>Sources/inflows of resources</b>		
Actual amounts (budgetary bases) available for appropriation shown as Total Revenues on the budgetary comparison schedule	\$ 13,843,306	\$ 3,602,034
Total revenues as reported on the statement of revenues, expenditures and changes in fund balances--governmental funds	\$ 13,843,306	\$ 3,602,034
<b>Uses/outflows of resources</b>		
Actual amounts (budgetary basis) available for expenditures shown as Total Expenditures on the budgetary comparison schedule	\$ 13,689,027	\$ 3,491,055
Difference--budget to GAAP Salaries of teachers and other personnel with contracts of less than 12 months are paid over a 12 month period. Expenditures for salaries (and related fringe benefits) are budgeted based on the amount that will be paid from budgeted revenues. However, salaries (and related benefits) earned but not paid are recorded as expenditures on the financial statements	157,693	(159)
Total expenditures are reported on the statement of revenues, expenditures and changes in fund balances--governmental funds	\$ 13,846,720	\$ 3,490,896

**NOTE 1*****Changes in actuarial assumptions***

Changes to the actuarial assumptions as a result of the experience study for the five-year period ending June 30, 2020 are summarized below.

<b>Assumption</b>	<b>Description</b>
Price Inflation	2.50%
Investment Return	7.00%
Wage Inflation	2.75%
Mortality Rates (Pre-Retirement, Post-Retirement Healthy and Disabled)	Update to Pub-2010 Public Mortality Plans Mortality Tables. For future mortality improvement, generational mortality improvement with mortality improvement scale MP-2020, with an adjustment of 66-2/3% to the table beginning in year 2019.
Retirement Rates	Decreased rates of retirement at most ages and extended retirement rates at age 80.
Withdrawal Rates	Changed from an age-based table broken down by service bands to a pure service-based table. Used a liability weighted methodology in analyzing rates.
Disability Rates	Lowered rates of disability retirement at most ages.
Salary Increases	No change to total assumed rates of salary increases, but increased merit salary scale by 0.25% to offset the recommended decrease in the wage inflation assumption by 0.25%.

In 2019, the anticipated rates of participation, spouse coverage, and tobacco use were adjusted to more closely reflect actual experience.

***Recent Plan Changes***

Beginning in plan year 2021, the MAPD plan premium rates exclude the ACA Health Insurer Fee which was repealed on December 20, 2019.

Effective January 1, 2017, Medicare eligible medical and prescription drug benefits are provided through the MAPD plan.

The Health Plan is changed each year to reflect the Affordable Care Act (ACA) maximum annual out-of-pocket amounts.

 Note to Required Supplementary Information  
 Alabama Retired Education Employees' Health Care Trust  
 For the Fiscal Year Ended September 30, 2022**

**NOTE 1 (continued)***Methods and assumptions used in calculations of actuarially determined contributions*

The actuarially determined contribution rates in the schedule of employer contributions are calculated as of September 30, 2017 three years prior to the end of the fiscal year in which contributions are reported. The following actuarial methods and assumptions were used to determine the most recent contribution rate reported in that schedule:

Actuarial Cost Method	Entry Age Normal
Amortization Method	Level percent of pay
Remaining Amortization Period	23 years, closed
Asset Valuation Method	Market Value of Assets
Inflation	2.75%
Healthcare Cost Trend Rate:	
Pre-Medicare Eligible	6.75%
Medicare Eligible*	5.00%
Ultimate Trend Rate:	
Pre-Medicare Eligible	4.75%
Medicare Eligible	4.75%
Year of Ultimate Trend Rate	2026 for Pre-Medicare Eligible 2024 for Medicare Eligible
Optional Plans Trend Rate	2.00%
Investment Rate of Return	5.00% , including inflation

\*\*Initial Medicare claims are set based on scheduled increases through plan year 2019.

## **COMPLIANCE SECTION**

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL  
STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Members of the Board  
Satsuma City Board of Education  
Satsuma, Alabama

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Satsuma City Board of Education as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise Satsuma City Board of Education's basic financial statements, and have issued our report thereon dated April 18, 2023.

**Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Satsuma City Board of Education's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Satsuma City Board of Education's internal control. Accordingly, we do not express an opinion on the effectiveness of Satsuma City Board of Education's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

**Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Satsuma City Board of Education's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM  
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

Members of the Board  
Satsuma City Board of Education  
Satsuma, Alabama

**Opinion on Each Major Federal Program**

We have audited the Satsuma City Board of Education's compliance with the types of compliance requirements identified as subject to audit in the OMB Compliance Supplement that could have a direct and material effect on each of the Satsuma City Board of Education's major federal programs for the year ended September 30, 2022. The Satsuma City Board of Education's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Satsuma City Board of Education complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2022.

**Basis for Opinion on Each Major Federal Program**

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Satsuma City Board of Education and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the Satsuma City Board of Education's compliance with the compliance requirements referred to above.

**Responsibilities of Management for Compliance**

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the Satsuma City Board of Education's federal programs.

## **Auditors' Responsibilities for the Audit of Compliance**

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Satsuma City Board of Education's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Satsuma City Board of Education's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Satsuma City Board of Education's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Satsuma City Board of Education's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Satsuma City Board of Education's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

## **Report on Internal Control over Compliance**

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**Satsuma City Board of Education**  
**Note to the Schedule of Expenditures of Federal Awards**  
**September 30, 2022**

**NOTE 1           SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Presentation**

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal activity of Satsuma City Board of Education under the programs of the federal government for the year ended September 30, 2021. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the Board, it is not intended to and does not present the financial position or changes in net position of Satsuma City Board of Education.

**Basis of Accounting**

The Schedule of Expenditures of Federal Awards is presented based on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). “Measurable” means the amount of the transaction can be determined and “available” means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. A one-year availability period is used for revenue recognition for all governmental fund revenues. Expenditures are recorded when the related liability is incurred.

**Indirect Cost Rate**

The Board has elected not to use the 10% de minimis indirect cost rate allowed under the Uniform Guidance

**Satsuma City Board of Education  
Schedule of Findings and Questioned Costs  
For the Year Ended September 30, 2022**
